Registered Organisations Commission

23 March 2022

Mr Elwin Bell
President
Victorian Showmen's Guild

By e-mail: vicshowmen@gmail.com

Dear Mr Bell

Victorian Showmen's Guild
Financial Report for the year ended 30 June 2021 - FR2021/52

I acknowledge receipt of the amended financial report for the year ended 30 June 2021 for the Victorian Showmen's Guild (**the reporting unit**). The financial report was lodged with the Registered Organisations Commission (**ROC**) on 23 March 2022.

The financial report has now been filed. You are not required to take any further action in respect of the report lodged.

Should you wish to discuss the matters raised in this letter, or if you require further information on the financial reporting requirements of the Act, I may be contacted on (03) 9603 0707 or by email at ken.morgan@roc.gov.au

Yours faithfully

A handwritten signature in black ink, appearing to read 'K. Morgan'.

Independent Audit report

Independent Audit Report to the Members of THE VICTORIAN SHOWMEN'S GUILD

Report on the Audit of the Financial Report

Opinion

I have audited the financial report of THE VICTORIAN SHOWMEN'S GUILD (the reporting unit), which comprises the statement of financial position as at 30 June 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended 30 June 2021, notes to the financial statements, including a summary of significant accounting policies, the committee of management statement and the subsection 255(2A) report.

In my opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of THE VICTORIAN SHOWMEN'S GUILD as at 30 June 2021, and its financial performance and its cash flows for the year ended on that date in accordance with:

- a) the Australian Accounting Standards; and
- b) any other requirements imposed by the reporting guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the **RO Act**).

I declare that management's use of the going concern basis in the preparation of the financial statements of the reporting unit is appropriate.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the reporting unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the **Code**) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The committee of management is responsible for the other information. The other information obtained at the date of this auditor's report is in the operating report accompanying the financial report.

My opinion on the financial report does not cover the other information and accordingly I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a

material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The committee of management of the reporting unit is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the committee of management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee of management is responsible for assessing the reporting unit's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee of management either intend to liquidate the reporting unit or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objective is to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the reporting unit's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee of management.
- Conclude on the appropriateness of the committee of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the reporting unit's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future

events or conditions may cause the reporting unit to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the reporting unit to express an opinion on the financial report. I am responsible for the direction, supervision and performance of the reporting unit audit. I remain solely responsible for my audit opinion.

I communicate with the committee of management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I declare that I am an auditor registered under the RO Act.

.....

Dated: 28th September 2001

Operating report

for the year ended 30 June 2021

The committee of management presents its operating report on the reporting unit for the year ended 30 June 2021.

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

For the financial year ended 30th June 2021, the net operating profit was \$11,458. There were some challenges and expenditure that occurred, which are outlined as follows:

1. In this financial year the Victorian Showmen's Guild, members and the amusement industry continued to be impacted by the coronavirus global pandemic.

There has been an unprecedented impact across all sectors of business including the amusement industry. Due to COVID-19 and the government-imposed restrictions on social gatherings resulted in majority of events in Victoria and across Australia cancel for the financial year 2020/2021.

This included the cancellation many agricultural shows in Australia, capital Royal Shows and major events. In the rare event that an event was permitted to go ahead there was density quotients imposed in attendance and stringent COVIDSafe measures implemented, which in some instances made the events commercially and financially unviable.

2. Due to the continued cancellation of agricultural shows and events in Victoria in 2020/2021, income from ground administration fees collected at these shows ceased.
3. The continued challenge to increase revenue through the Annual Guild fees, Ground Administration fees, and CPI increases, especially during a pandemic when members require support due to loss of income and limited to no business activity since March 2020, with the exception of Christmas and some school holiday carnivals with limited capacities.
4. The continued challenge of sponsorship and advertising revenues to support the "Outdoor Showman Magazine".
5. Increase in costs associated with day-to-day operating costs including accounting and auditors' fees to ensure compliance with the FairWork Commission (ROC) and the ATO, insurance/s, utilities, postage, body corporate fees and council rates.
6. The office continues to absorb the ever-increasing costs to the overall office management and operation of the organisation, with no ongoing review process in place to increase revenue to compensate for these increased costs. These costs also relate to the office being temporarily relocated to a 'work from home' situation for many months, due to Victorian lockdown restrictions. The lockdown measures increased some administrative costs and forced the organisation to establish updated methods of communication such as a website. There was also an increase in accounting fees to lodge JobKeeper reports, telephone and call forwarding services, internet and mail redirection, etc.

To assist the organisation the following cost saving measures were implemented and support accessed through government schemes and guild advocacy:

7. The Executive Officer claimed the government's JobKeeper allowance to supplement salary expenses for 9 months of the financial year, until the conclusion of the scheme on 28 March 2021.
8. Successful applicant of the Business Victoria Grants to assist with day-to-day operating costs.
9. The organisation actively advocated for members, not only Victorian but Australian travelling Showmen and women. The Guild appealed to the federal government for assistance in the form of rent relief to support the operating costs associated with attending agricultural shows and a moratorium on annual guilds fees for members of all Guilds and Associations across Australia.

These efforts were successful and the federal government, through the outstanding bipartisan support of the Hon. Bill Shorten MP and the Minister for Agriculture, Drought and Emergency Management David Littleproud we were delighted to announce on 21st May 2021 that the budget confirms Australian Government's continued support for agriculture shows and the people who make them possible.

The Australian Government committed \$4.3 million in the 2021-22 Budget to ensure that agricultural showmen and women can continue to provide their services at agricultural shows across Australia.

Minister for Agriculture, Drought and Emergency Management David Littleproud said the Supporting Agricultural Showmen and Women Program would be integral to the success of Australia's agricultural shows as the show circuit recommences.

Whilst the funding support will not be reflected until the 2021/22 budget, it is important to note that the moratorium on annual guilds fees is to be applied to 2021 Annual Guild Member Fees, essentially the support package will refund financial members relief from paying annual Guilds fees for 2021.

10. The Victorian Showmen's Guild was delighted to secure primary producers discounts on amusement vehicles for Victorian members through the support of the Hon. Bill Shorten MP and Minister for Transport, the Hon. Ben Carroll MP. The primary producer discount was applied to member's vehicles through VicRoads, effective 23 February 2021 – 30 June 2021.

This discount supported many members during the pandemic, enabling them to maintain vehicle registrations with a concession of up to 50% off the registration costs, whilst unable to work. This was a significant saving for our members during difficult times.

11. Embracing social media and technology and adapting to our new environment was critical in 2020/21, not only as a cost saving measure but also a way of instantly communicating with our members and community.
 - The newly developed website provides instant updates and a source for industry and guilds news for members. It also offers a 'members only' area for general members and the Executive Committee to access documents such as meeting agendas, minutes, financial reports and audited statements along with AGM papers.

Whilst there was an initial establishment costs to setting up the website, the savings long-term will be significant, especially in print and post for important documents for members.

- The 'members only' area also featured the Outdoor Showman magazine in the form of an e-book, digital magazine.
- Meetings were able to be held via video conferencing allowing the organisation to continue to function as normally as possible, maintaining critical meeting dates for the Executive Committee, General Meeting and AGM.

The use of video conferencing meant that members could meet online from remote areas across Australia, which also assisted in costs saving measures versus traditional face to face meetings.

It is evident that government support, federal, state, and local has been essential to the Guild, and will be essential into the future.

Whilst applications for some grants with the City of Melbourne and Moonee Valley City Council were unsuccessful in this financial year, the organisation will continue to apply for grants in the next round offer/s to attempt to secure funding to further assist with costs associated with the Guild adapting to change to face this new climate.

It is also evident that the annual guild membership fees and ground administration fees are vital to the organisation and is proposed that these fees be reviewed again at the next General Meeting of Members in November 2021.

It should be noted that any change that occurs as a result of the decision process being made by the Committee of Management needs to be ratified by its Members at the Annual General Meeting and to include a consideration for the membership fees to be increased to place the Guild in a positive financial position.

Notation to the Statement of Comprehensive Income for the financial year ending 30th June 2021.

During this financial year the Committee of Management maintained their efforts with respect to expenditure control and continual monitoring. However, the above expense items 1 to 8 impacted the organisation financial position.

The Committee of Management has been vigilant in curtailing its expenditure, however this financial report highlight the need to address the income streams, including the review of Membership and Ground Administration fees and all other associated income and outgoing costs, to secure the future financial success of the Victorian Showmen's Guild.

Operating time of the office 01 July 2020 – 30 June 2021.

Days: Monday to Thursday

Hours: 9.00am – 4.00pm

Significant changes in financial affairs

As aforementioned, due to COVID-19 the last 12 months have been challenging, as there has been very limited revenue received by the Guild. Without the government support in the form of JobKeeper and the Business Victoria grant the Guild would be in a difficult financial position and would show a much greater loss this year.

It is recommended that the Guild focus on reviewing the status of its income stream to highlight the significant challenge facing the organisation.

Right of members to resign

Under the rules of the Victorian Showmen's Guild a member may resign his/her membership of the Guild by giving 2 weeks' notice in writing. The notice of resignation shall be addressed to the Secretary and shall be delivered to him/her. A resignation from the membership of the Guild is valid even if it is not affected in accordance with sub rule 10.1 of the Guild Rules if the member is informed in writing by or on behalf of the Guild that the resignation has been accepted.

There have been two resignations recorded in this financial year.

Removal of Financial Members

During this financial year there was one Member "struck off" the Register of Members as a result of the person being un-financial.

Officers or members who are superannuation fund trustee(s) (include position details) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

No Officers or Employees are trustees of any superannuation fund nor are any of its officers or employees or director of a company that is a superannuation fund trustee.

Number of members

The Victorian Showmen's Guild as at 30th June 2021 has a total membership of 328.

The Membership includes:	Financial Members	276
	Life Members	4
	50 Year Members	17
	Honorary Members	22
	Affiliate Members	9

Number of employees

There is one employee, being the Executive Officer, employed on a 4-day basis.

Names of committee of management members and period positions held during the financial year

On 19 October 2020, The Victorian Showmen's Guild (the Guild) lodged with the Fair

Work Commission a notice and declaration setting out particulars of an alteration to the rules of the Guild.

The particulars set out an alteration to rule 16 – *Election of Committee* and entail the insertion of a new sub-rule 16.8. The effect of the alteration is to extend the current term of all offices within the Guild by one year for a total term of two years.

This alteration was necessitated by the impact of COVID-19 on the conduct of the election for offices within the Guild which would otherwise have occurred this year.

The alteration to the rules of the organisation was granted on 12th November 2020; therefore, the persons who held office as Members of the Committee of Management of the Guild were carried forward for a further term.

The Committee of Management for **1 July 2020 to 30 June 2021** being the financial year of operation is as follows:

PRESIDENT

Committee of management statement

for the year ended 30 June 2021

On 28/09/ 2021 the Committee of Management of The Victorian Showmen's Guild passed the following resolution in relation to the general purpose financial report (**GPFR**) for the year ended 30 June 2021:

The Committee of Management declares that in its opinion:

- a) the financial statements and notes comply with the Australian Accounting Standards;
- b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the **RO Act**);
- c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- e) during the financial year to which the GPFR relates and since the end of that year:
 - i. meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
 - ii. the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - iii. the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
 - iv. where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation; and
 - v. where information has been sought in any request by a member of the reporting unit or the Commissioner duly made under section 272 of the RO Act, that information has been provided to the member or the Commissioner; and
 - vi. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the committee of management.

Note 18	Section 272 <i>Fair Work (Registered Organisations) Act 2009</i>

Note 1 Summary of significant accounting policies

1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (**AASB**) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009 (RO Act)*. For the purpose of preparing the general purpose financial statements, The Victorian Showmen's Guild is a not-for-profit entity.

The financial statements, except for cash flow information, have been prepared using the accrual basis of accounting. The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 Significant accounting judgements and estimates

The following accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standards and amendments

The accounting policies adopted are consistent with those of the previous financial year except for the following accounting standards and amendments, which have been adopted for the first time this financial year:

- *AASB 2018-7 Amendments to Australian Accounting Standards – Definition of Material*
- *AASB 2020-4 Amendments to Australian Accounting Standards – Covid-19-Related Rent Concessions*
- *AASB 2019-1 Amendments to Australian Accounting Standards – References to the Conceptual Framework*
- *AASB 2018-6 Amendments to Australian Accounting Standards - Definition of a Business*

No accounting standard has been adopted earlier than the application date stated in the standard.

Impact on adoption of AASB 2018-7 *Amendments to Australian Accounting Standards - Definition of Material*

The amendments provide a new definition of material that states, “information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.” The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

These amendments had no impact on the financial statements of, nor is there expected to be any future impact to The Victorian Showmen’s Guild.

Future Australian Accounting Standards

New standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a future financial impact on The Victorian Showmen’s Guild:

AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current

This Standard amends AASB 101 *Presentation of Financial Statements* to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. This Standard applies to annual reporting periods beginning on or after 1 January 2023. Earlier application is permitted. [The reporting unit does not expect the adoption of this amendment to have an impact on its financial statements.]

1.5 Investment in associates and joint arrangements

An associate is an entity over which The Victorian Showmen’s Guild has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

A joint operation is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the individual assets and obligations for the liabilities of the joint operation.

The results and assets and liabilities of associates and its joint ventures are incorporated in these financial statements using the equity method of accounting, except when the investment is classified as held for sale, in which case it is

accounted for in accordance with AASB 5 *Non-current Asset Held for Sale and Discontinued Operations*. Under the equity method, an investment in an associate or joint venture is initially recognised in the statement of financial position at cost and adjusted thereafter to recognise the share of the profit or loss and other comprehensive income of the associate. When the share of losses of an associate or joint venture exceeds the interest in that associate, *The Victorian Showmen's Guild* discontinues recognising its share of further losses. Additional losses are recognised only to the extent that it has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

Any excess of the cost of acquisition over the share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associate recognised at the date of acquisition is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in profit or loss.

1.6 Acquisition of assets and or liabilities that do not constitute a business combination

The Victorian Showmen's Guild did not acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of the organisation, a determination or revocation by the General Manager of the Fair Work Commission under subsections 245(1) or 249(1) of the RO Act.

1.7 Current versus non-current classification

The Victorian Showmen's Guild presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Victorian Showmen's Guild classifies all other liabilities as non-current.

1.8 Revenue

The Victorian Showmen's Guild enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, capitation fees, levies, grants, and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

Revenue from contracts with customers

Where The Victorian Showmen's Guild has a contract with a customer, The Victorian Showmen's Guild recognises revenue when or as it transfers control of goods or services to the customer. The Victorian Showmen's Guild accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined when the performance obligation has been satisfied.

Membership subscriptions

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of The Victorian Showmen's Guild.

If there is only one distinct membership service promised in the arrangement, The Victorian Showmen's Guild recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect The Victorian Showmen's Guild's promise to stand ready to provide assistance and support to the member as required.

If there is more than one distinct good or service promised in the membership subscription, The Victorian Showmen's Guild allocates the transaction price to each performance obligation based on the relative standalone selling price of each promised good or service. In performing this allocation, standalone selling prices are estimated if there is no observable evidence of the price that The Victorian Showmen's Guild charges for that good or service in a standalone sale. When a performance obligation is satisfied, which is either when the customer obtains control of the good (for example, books or clothing) or as the service transfers to the customer (for example, member services or training course), The Victorian Showmen's Guild recognises revenue at the amount of the transaction price that was allocated to that performance obligation.

For member subscriptions paid annually in advance, The Victorian Showmen's Guild has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the

customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from The Victorian Showmen's Guild at their standalone selling price, The Victorian Showmen's Guild accounts for those sales as a separate contract with a customer.

Capitation fees

The Victorian Showmen's Guild does not have an arrangement with a branch or another reporting unit which meets the criteria to be a contract with a customer. The Victorian Showmen's Guild therefore does not have any capitation fees to be recognised.

Levies

Levies paid by a member (or other party) in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue. The Victorian Showmen's Guild does not have any such contracts.

Income of The Victorian Showmen's Guild as a Not-for-Profit Entity

Consideration is received by The Victorian Showmen's Guild to enable the entity to further its objectives, The Victorian Showmen's Guild recognises each of these amounts of consideration as income when the consideration is received (which is when *The Victorian Showmen's Guild* obtains control of the cash) because, based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- *The Victorian Showmen's Guild's* recognition of the cash contribution does not give rise to any related liabilities.

The Victorian Showmen's Guild receives cash consideration from the following arrangements whereby that consideration is recognised as income upon receipt:

- donations and voluntary contributions from members (including whip rounds); and
- government grants.

Volunteer services

The Victorian Showmen's Guild receives volunteer services. In those circumstances where the fair value of the volunteer services can be measured reliably, *The Victorian Showmen's Guild* recognises the fair value of volunteer services received as income together with a corresponding expense where the economic benefits of the volunteer services are consumed as the services are acquired. Where the volunteer services contribute to the development of an asset, the fair value is included in the carrying amount of that asset.

During the year, *The Victorian Showmen's Guild* did not recognise any volunteer services as revenue because it could not reliably measure the fair value of those services.

Income recognised from transfers to acquire or construct a non-financial asset

Where, as part of an enforceable agreement, *The Victorian Showmen's Guild* receives consideration to acquire or construct a non-financial asset such as property, plant and equipment to an identified specification and for *The Victorian Showmen's Guild's* own use, a liability is recognised for the obligation to acquire or construct the asset. Income is recognised as the obligation to acquire or construct the asset is satisfied, which is typically at a point in time for acquired assets and over time for constructed assets. The asset that is being acquired or constructed is recognised in accordance with the policy on property, plant and equipment.

Gains from sale of assets

An item of property, plant and equipment is derecognised upon disposal (which is at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of comprehensive income when the asset is derecognised.

Interest income

Interest revenue is recognised on an accrual basis using the effective interest method.

Rental income

Leases in which *The Victorian Showmen's Guild*, as a lessor, do not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the relevant lease term. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as income in the period in which they are earned.

1.9 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required, and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts.

The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by *The Victorian Showmen's Guild* in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Provision is made for separation and redundancy benefit payments. *The Victorian Showmen's Guild* recognises a provision for termination as part of a broader restructuring when it has developed a detailed formal plan for the terminations and has informed those employees affected that it will carry out the terminations. A provision for voluntary termination is recognised when the employee has accepted the offer of termination.

1.10 Leases

The Victorian Showmen's Guild assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

***The Victorian Showmen's Guild* as a lessee**

The Victorian Showmen's Guild applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. *The Victorian Showmen's Guild* recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Lease liabilities

At the commencement date of the lease, *The Victorian Showmen's Guild* recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by *The Victorian Showmen's Guild* and payments of penalties for terminating the lease, if the lease term reflects *The Victorian Showmen's Guild* exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, *The Victorian Showmen's Guild* uses the implicit interest rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Victorian Showmen's Guild's short-term leases are those that have a lease term of 12 months or less from the commencement. It also applies the lease of low-value

assets recognition exemption to leases of the Sharp printer/photocopier that are below \$10,000. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

1.11 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.12 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

1.13 Financial instruments

Financial assets and financial liabilities are recognised when *The Victorian Showmen's Guild* becomes a party to the contractual provisions of the instrument.

1.14 Financial assets

Contract assets and receivables

A contract asset is recognised when *The Victorian Showmen's Guild's* right to consideration in exchange goods or services that has transferred to the customer when that right is conditioned on *The Victorian Showmen's Guild's* future performance or some other condition.

A receivable is recognised if an amount of consideration that is unconditional is due from the customer (i.e. only the passage of time is required before payment of the consideration is due).

Contract assets and receivables are subject to impairment assessment. Refer to accounting policies on impairment of financial assets below.

Initial recognition and measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income, or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and *The Victorian Showmen's Guild's* business model for managing them. With the exception of trade receivables that do not contain a significant financing component, *The Victorian Showmen's Guild* initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are 'solely payments of principal and interest' (**SPPI**) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Victorian Showmen's Guild's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that *The Victorian Showmen's Guild* commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified into five categories:

- (Other) financial assets at amortised cost
- (Other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (Other) financial assets at fair value through profit or loss
- (Other) financial assets designated at fair value through profit or loss.

Financial assets at amortised cost

The Victorian Showmen's Guild measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (**EIR**) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Victorian Showmen's Guild's financial assets at amortised cost includes trade receivables and loans to related parties.

Financial assets at fair value through other comprehensive income

The Victorian Showmen's Guild measures debt instruments at fair value through other comprehensive income (**OCI**) if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in profit or loss and computed in the same manner as for financial assets measured at amortised cost.

The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

The Victorian Showmen's Guild's debt instruments at fair value through other comprehensive income includes investments in quoted debt instruments included under other non-current financial assets.

Investments in equity instruments designated at fair value through other comprehensive income

Upon initial recognition, *The Victorian Showmen's Guild* can elect to classify irrevocably its equity investments as equity instruments designated at fair value through other comprehensive income when they meet the definition of equity under AASB 132 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in profit or loss when the right of payment has been established, except when *The Victorian Showmen's Guild* benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through other comprehensive income are not subject to impairment assessment.

The Victorian Showmen's Guild elected to classify irrevocably its listed and non-listed equity investments under this category.

Financial assets at fair value through profit or loss (including designated)

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through other comprehensive income, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

Derecognition

A financial asset is derecognised when:

- The rights to receive cash flows from the asset have expired; or
- *The Victorian Showmen's Guild* has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - a) *The Victorian Showmen's Guild* has transferred substantially all the risks and rewards of the asset; or
 - b) *The Victorian Showmen's Guild* has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When *The Victorian Showmen's Guild* has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, *The Victorian Showmen's Guild* continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment

Expected credit losses

Receivables for goods and services, which have 30-day terms, are recognised at the nominal amounts due less any loss allowance due to expected credit losses (**ECLs**) at each reporting date. A provision matrix that is based on historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment has been established.

(i) Trade receivables

For trade receivables that do not have a significant financing component, *The Victorian Showmen's Guild* applies a simplified approach in calculating ECLs which requires lifetime ECLs to be recognised from initial recognition of the receivables.

Therefore, *The Victorian Showmen's Guild* does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. *The Victorian Showmen's Guild* has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Debt instruments other than trade receivables

For all debt instruments other than trade receivables and debt instruments not held at fair value through profit or loss, *The Victorian Showmen's Guild* recognises an allowance for ECLs using the general approach. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that *The Victorian Showmen's Guild* expects to receive, discounted at an approximation of the original EIR.

ECLs are recognised in two stages:

- Where there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses from possible default events within the next 12-months (a 12-month ECL).
- Where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the debt, irrespective of the timing of the default (a lifetime ECL).

The Victorian Showmen's Guild considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, *The Victorian Showmen's Guild* may also consider a financial asset to be in default when internal or external information indicates that *The Victorian Showmen's Guild* is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

1.15 Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, at amortised cost or at fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Victorian Showmen's Guild's financial liabilities include trade and other payables.

Subsequent measurement

Financial liabilities at fair value through profit or loss (including designated)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Gains or losses on liabilities held for trading are recognised in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in AASB 9 *Financial Instruments* are satisfied.

Financial liabilities at amortised cost

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

1.16 Liabilities relating to contracts with customers

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before *The Victorian Showmen's Guild* transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when *The Victorian Showmen's Guild* performs under the contract (i.e. transfers control of the related goods or services to the customer).

Refund liabilities

A refund liability is recognised for the obligation to refund some or all of the consideration received (or receivable) from a customer. *The Victorian Showmen's Guild's* refund liabilities arise from customers' right of return. The liability is measured at the amount *The Victorian Showmen's Guild's* ultimately expects it will have to return to the customer. *The Victorian Showmen's Guild* updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

1.17 Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets

are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.18 Land, buildings, plant and equipment

Asset recognition threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the statement of financial position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Revaluations — land and buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight-line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

	2021	2020
Land & buildings		
Plant and equipment	4 to 20 years	4 to 20 years

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

1.19 Investment property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in the fair value of investment properties are included in profit or loss in the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

1.20 Intangibles

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful life. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The useful life of *The Victorian Showmen's Guild's* intangible assets are:

	2021	2020
Intangibles		

Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

1.21 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated, and an impairment adjustment made if the asset's recoverable amount is less than the carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if *The Victorian Showmen's Guild* were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

1.22 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable, and the non-current asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

1.23 Taxation

The Victorian Showmen's Guild is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997* however still has an obligation for Fringe Benefits Tax (**FBT**) and the Goods and Services Tax (**GST**).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office (**ATO**); and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the ATO is classified within operating cash flows.

1.24 Fair value measurement

The Victorian Showmen's Guild measures financial instruments, such as, financial assets as at fair value through profit or loss, financial assets at fair value through other comprehensive income, and non-financial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 16A *Financial assets and liabilities*.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by *The Victorian Showmen's Guild*. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Victorian Showmen's Guild uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, *The Victorian Showmen's Guild* determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, *The Victorian Showmen's Guild* has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

1.25 Going concern

The Victorian Showmen's Guild is not reliant on the agreed financial support of another entity to continue on a going concern basis.

The Victorian Showmen's Guild has not agreed to provide financial support to another entity to ensure they can continue on a going concern basis.

Note 2 Events after the reporting period

As a result of the evolving nature of the COVID-19 outbreak and the rapidly evolving government policies of restrictive measures put in place to contain it, as at the date of these financial statements, *The Victorian Showmen's Guild* is not in a position to reasonably estimate the financial effects of the COVID-19 outbreak on the future financial performance and financial position of *The Victorian Showmen's Guild*. Other than the current disclosures, there has not been any other matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of *The*

Victorian Showmen's Guild, the results of those operations, or the state of affairs of The Victorian Showmen's Guild in subsequent financial periods.

Note 15D: Credit risk

The management of the entity believe that credit risk of the Accounts Receivable and Accounts Payable does not pose a material risk to the going concern of the entity.

Note 15E: Liquidity risk

The entities non-derivative financial liabilities are current liabilities for trade debtors, which do not pose a material risk to the liquidity of the entity.

Note 15F: Market risk**Interest rate risk**

The management of the entity believe that volatility in interest rates does not pose a material risk to the going concern of the entity.

Note 15G: Asset pledged/or held as collateral

The entity does not recognise in the financial accounts any asset pledged or held as collateral.

Note 15H: Changes in liabilities arising from financing activities

The entity does not recognise in the financial accounts any changes in liabilities arising from financing activities.

Note 16 Fair value measurement**Note 16A: Financial assets and liabilities**

Management of *The Victorian Showmen's Guild* assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of *The Victorian Showmen's Guild's* interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at [year-end date] was assessed to be insignificant.
- Fair value of equity securities are derived from quoted market prices in active markets.

- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by *The Victorian Showmen's Guild* based on parameters such as interest rates and individual credit worthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at [year-end date] the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The following table contains the carrying amounts and related fair values for *The Victorian Showmen's Guild's* financial assets and liabilities:

	Carrying amount 2021 \$	Fair value 2021 \$	Carrying amount 2020 \$	Fair value 2020 \$
Financial assets				
Cash	12,684	12,684	14,956	14,956
Receivables	9,148	9,148	8,273	8,273
Total	21,832	21,832	22,229	22,229
Financial liabilities				
Payables	9,609	9,609	30,437	30,437
Total	9,609	9,609	30,437	30,437

Note 17 Administration of financial affairs by a third party

There is no administration of financial affairs by a third party.

Note 18 Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009*, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- 1) A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3) A reporting unit must comply with an application made under subsection (1).

17 January 2022

Mr Elwin Bell
President
Victorian Showmen's Guild

By e-mail: vicshowmen@gmail.com

Dear Mr Bell

Victorian Showmen's Guild
Financial Report for the year ended 30 June 2021 - FR2021/52

I acknowledge receipt of the financial report for the year ended 30 June 2021 for the Victorian Showmen's Guild (**the reporting unit**). The financial report was lodged with the Registered Organisations Commission (**ROC**) on 16 December 2021.

The financial report has not been filed. I have examined the report and identified a number of matters, the details of which are set out below, that you are required to address before the report can be filed.

The general purpose financial report (GPFR) and auditor's statement will require amendments. The amended report will need to be approved by the committee of management, provided to members and lodged with the ROC with a new designated officer's certificate.

The matters identified should be read in conjunction with the *Fair Work (Registered Organisations) Act 2009* (the RO Act), *Fair Work (Registered Organisations) Regulations 2009* (the RO Regs), the 5th edition of the reporting guidelines (RG) made under section 255 of the RO Act and Australian Accounting Standards.

To assist with the preparation of financial reports, organisations should consult the template model financial statements which is available from the ROC website.

1. Timescale requirements

Documents must be lodged with ROC within 14 days after general meeting

Section 268 of the RO Act requires a copy of the full report and the designated officer's certificate to be lodged with the ROC within 14 days after the general meeting of members referred to in section 266.

The designated officer's certificate indicates that this meeting occurred on 30 November 2021. If this is correct the documents should have been lodged with the ROC by 14 December 2021.

The full report was not lodged until 16 December 2021.

If this date is correct, the organisation/branch should have applied to the Commissioner for an extension of time to allow a longer period to lodge the required documents.

Please note that section 268 is a civil penalty provision.

Committee of management statement must be audited/committee of management meeting must be prior to audit

The committee of management statement lodged with the financial report was dated 7 October 2021, which is after the statements were audited. Section 257(1) of the RO Act requires the full report, which includes the committee of management statement, to be audited.

After the GPFR has been prepared, but before it has been audited, the reporting unit's committee of management is required to meet and pass a resolution that contains certain declarations as specified in reporting guideline 26. The reporting unit is required to ensure that the committee of management meets prior to the audit of the GPFR.

If the dates specified on the committee of management statement and the auditor's statement are correct, the reporting unit is required to resubmit the financial statements, the notes to the statements and the committee of management statement to audit. The audit report is required to include the committee of management statement in its scope. The full report is required to be provided to members after the revised audit report is made. The full report is to be presented to a meeting of members and then a fresh designated officer's certificate and the full report must be lodged with the ROC within 14 days of the meeting.

2. General Purpose Financial Report (GPFR)

Nil disclosures disclosed more than once

The **officer's declaration statement (ODS)** provides reporting units with an option to disclose nil activities not reported elsewhere within the financial report.

Reporting guideline 21 states that if any activity described within items 10-20 of the reporting guidelines has not occurred in the reporting period, a statement to this effect must be included in the financial statements, the notes **or** in an ODS. Nil activities should be disclosed only **once**.

I note that every item in the reporting unit's ODS has been disclosed elsewhere within the financial report except for "make a payment to a former related party of the reporting unit".

Please remove the items in the ODS that have been disclosed elsewhere and resubmit the statement to audit.

Statement of changes in equity

The statement of changes in equity incorrectly discloses the closing balance as at 30 June 2021 as \$348,652 instead of \$701,120.

Please amend the statement of changes in equity accordingly.

Use of model financial statements

I note that the reporting unit has prepared its general purpose financial report using the model financial statements available on the ROC website. Please note the introduction on page 2 of the model financial statements which states:

A reporting unit will need to ensure that, with the exception of the mandatory disclosures for the activities set out in the reporting guidelines, only disclosures that are applicable to their individual circumstances are included in the audited financial report distributed to members and lodged with the Registered Organisations Commission.

The audited financial report lodged with the ROC contains disclosures and accounting policies that are NOT applicable to the reporting unit. This has led to the financial report being longer than necessary.

Please ensure in future years that the financial report contains only information that is applicable to the reporting unit's circumstances and that is mandatory according to the reporting guidelines.

3. Rotation of registered auditor

You must rotate your registered auditor

Correspondence was provided to the reporting unit on 24 June 2021, which alerted you that your registered auditor is approaching their statutory limit on how many consecutive financial years they are permitted to audit your financial report. The financial report lodged identifies that Stephen Le Couilliard was the reporting unit's registered auditor for this financial year. Our records indicate that you have now used your current registered auditor for five consecutive financial years, which is the statutory limit under section 256A.

Please ensure that Stephen Le Couilliard is not assigned to audit the financial report of the reporting unit for at least the following two financial years. Further information on the rotation of registered auditor requirement can be found on the ROC website.

Should you wish to discuss the matters raised in this letter, or if you require further information on the financial reporting requirements of the Act, I may be contacted on (03) 9603 0707 or by email at ken.morgan@roc.gov.au

Yours faithfully

KEN MORGAN

Financial Reporting Specialist

Registered Organisations Commission

THE VICTORIAN SHOWMEN'S GUILD

s.268 *Fair Work (Registered Organisations) Act 2009*

Certificate by prescribed designated officer

Certificate for the year ended 30 June 2021

I Elwin Leroy Bell Jnr being the President of THE VICTORIAN SHOWMEN'S GUILD certify:

- that the documents lodged herewith are copies of the full report for THE VICTORIAN SHOWMEN'S GUILD for the period ended referred to in s.268 of the *Fair Work (Registered Organisations) Act 2009*; and
- that the full report was provided to members of the reporting unit on 01/11/2021 and
- that the full report was presented to a general meeting of members of the reporting unit on 30/11/2021 in accordance with s.266 of the *Fair Work (Registered Organisations) Act 2009*.

INDEPENDENT AUDIT REPORT TO MEMEBERS OF THE VICTORIAN SHOWMEN'S GUILD

Report on the Audit of the Financial Report

Opinion

I have audited the financial report of the Victorian Showmen's Guild (the Reporting Unit), which comprises the statement of financial position as at 30 June 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended 30 June 2021, note to the financial statements, including a summary of significant account policies; the Committee of Management Statement, the subsection 255(2A) report and the Officer Declaration Statement.

In my opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of the Victorian Showmen's Guild as at 30 June 2021, and its financial performance and its cash flows for the year ended on that date in accordance with:

- a) the Australian Accounting Standards; and
- b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

I declare that management's use of the going concern basis in the preparation of the financial statements of the Reporting Unit is appropriate.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the Reporting Unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Information Other than the financial report and auditor's Report Thereon

The committee of Management is responsible for the other information. The other information obtained at the date of this auditor's report is in the Operating Report accompanying the financial report.

My opinion on the financial report does not cover the other information and accordingly I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The Committee of Management of the Reporting Unit is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Committee of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management is responsible for assessing Reporting Unit's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Reporting Unit or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objective is to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reporting Unit's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management.
- Conclude on the appropriateness of the Committee of Management's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Reporting Unit's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Reporting Unit to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Reporting Unit to express an opinion on the financial report. I am responsible for the direction, supervision and performance of the Reporting Unit audit. I remain solely responsible for my audit opinion.
- I communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I declare that I am an auditor registered under the RO Act.

.....

Dated: 28th September 2021

Operating report

for the year ended 30 June 2021

The committee of management presents its operating report on the reporting unit for the year ended 30 June 2021.

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

For the financial year ended 30th June 2021, the net operating profit was \$11,458. There were some challenges and expenditure that occurred, which are outlined as follows:

1. In this financial year the Victorian Showmen's Guild, members and the amusement industry continued to be impacted by the coronavirus global pandemic.

There has been an unprecedented impact across all sectors of business including the amusement industry. Due to COVID-19 and the government-imposed restrictions on social gatherings resulted in majority of events in Victoria and across Australia cancel for the financial year 2020/2021.

This included the cancellation many agricultural shows in Australia, capital Royal Shows and major events. In the rare event that an event was permitted to go ahead there was density quotients imposed in attendance and stringent COVIDSafe measures implemented, which in some instances made the events commercially and financially unviable.

2. Due to the continued cancellation of agricultural shows and events in Victoria in 2020/2021, income from ground administration fees collected at these shows ceased.
3. The continued challenge to increase revenue through the Annual Guild fees, Ground Administration fees, and CPI increases, especially during a pandemic when members require support due to loss of income and limited to no business activity since March 2020, with the exception of Christmas and some school holiday carnivals with limited capacities.
4. The continued challenge of sponsorship and advertising revenues to support the "Outdoor Showman Magazine".
5. Increase in costs associated with day-to-day operating costs including accounting and auditors' fees to ensure compliance with the FairWork Commission (ROC) and the ATO, insurance/s, utilities, postage, body corporate fees and council rates.
6. The office continues to absorb the ever-increasing costs to the overall office management and operation of the organisation, with no ongoing review process in place to increase revenue to compensate for these increased costs. These costs also relate to the office being temporarily relocated to a 'work from home' situation for many months, due to Victorian lockdown restrictions. The lockdown measures increased some administrative costs and forced the organisation to establish updated methods of communication such as a website. There was also an increase in accounting fees to lodge JobKeeper reports, telephone and call forwarding services, internet and mail redirection, etc.

To assist the organisation the following cost saving measures were implemented and support accessed through government schemes and guild advocacy:

7. The Executive Officer claimed the government's JobKeeper allowance to supplement salary expenses for 9 months of the financial year, until the conclusion of the scheme on 28 March 2021.
8. Successful applicant of the Business Victoria Grants to assist with day-to-day operating costs.
9. The organisation actively advocated for members, not only Victorian but Australian travelling Showmen and women. The Guild appealed to the federal government for assistance in the form of rent relief to support the operating costs associated with attending agricultural shows and a moratorium on annual guilds fees for members of all Guilds and Associations across Australia.

These efforts were successful and the federal government, through the outstanding bipartisan support of the Hon. Bill Shorten MP and the Minister for Agriculture, Drought and Emergency Management David Littleproud we were delighted to announce on 21st May 2021 that the budget confirms Australian Government's continued support for agriculture shows and the people who make them possible.

The Australian Government committed \$4.3 million in the 2021-22 Budget to ensure that agricultural showmen and women can continue to provide their services at agricultural shows across Australia.

Minister for Agriculture, Drought and Emergency Management David Littleproud said the Supporting Agricultural Showmen and Women Program would be integral to the success of Australia's agricultural shows as the show circuit recommences.

Whilst the funding support will not be reflected until the 2021/22 budget, it is important to note that the moratorium on annual guilds fees is to be applied to 2021 Annual Guild Member Fees, essentially the support package will refund financial members relief from paying annual Guilds fees for 2021.

10. The Victorian Showmen's Guild was delighted to secure primary producers discounts on amusement vehicles for Victorian members through the support of the Hon. Bill Shorten MP and Minister for Transport, the Hon. Ben Carroll MP. The primary producer discount was applied to member's vehicles through VicRoads, effective 23 February 2021 – 30 June 2021.

This discount supported many members during the pandemic, enabling them to maintain vehicle registrations with a concession of up to 50% off the registration costs, whilst unable to work. This was a significant saving for our members during difficult times.

11. Embracing social media and technology and adapting to our new environment was critical in 2020/21, not only as a cost saving measure but also a way of instantly communicating with our members and community.
 - The newly developed website provides instant updates and a source for industry and guilds news for members. It also offers a 'members only' area for general members and the Executive Committee to access documents such as meeting agendas, minutes, financial reports and audited statements along with AGM papers.

Whilst there was an initial establishment costs to setting up the website, the savings long-term will be significant, especially in print and post for important documents for members.

- The 'members only' area also featured the Outdoor Showman magazine in the form of an e-book, digital magazine.
- Meetings were able to be held via video conferencing allowing the organisation to continue to function as normally as possible, maintaining critical meeting dates for the Executive Committee, General Meeting and AGM.

The use of video conferencing meant that members could meet online from remote areas across Australia, which also assisted in costs saving measures versus traditional face to face meetings.

It is evident that government support, federal, state, and local has been essential to the Guild, and will be essential into the future.

Whilst applications for some grants with the City of Melbourne and Moonee Valley City Council were unsuccessful in this financial year, the organisation will continue to apply for grants in the next round offer/s to attempt to secure funding to further assist with costs associated with the Guild adapting to change to face this new climate.

It is also evident that the annual guild membership fees and ground administration fees are vital to the organisation and is proposed that these fees be reviewed again at the next General Meeting of Members in November 2021.

It should be noted that any change that occurs as a result of the decision process being made by the Committee of Management needs to be ratified by its Members at the Annual General Meeting and to include a consideration for the membership fees to be increased to place the Guild in a positive financial position.

Notation to the Statement of Comprehensive Income for the financial year ending 30th June 2021.

During this financial year the Committee of Management maintained their efforts with respect to expenditure control and continual monitoring. However, the above expense items 1 to 8 impacted the organisation financial position.

The Committee of Management has been vigilant in curtailing its expenditure, however this financial report highlight the need to address the income streams, including the review of Membership and Ground Administration fees and all other associated income and outgoing costs, to secure the future financial success of the Victorian Showmen's Guild.

Operating time of the office 01 July 2020 – 30 June 2021.

Days: Monday to Thursday

Hours: 9.00am – 4.00pm

Significant changes in financial affairs

As aforementioned, due to COVID-19 the last 12 months have been challenging, as there has been very limited revenue received by the Guild. Without the government support in the form of JobKeeper and the Business Victoria grant the Guild would be in a difficult financial position and would show a much greater loss this year.

It is recommended that the Guild focus on reviewing the status of its income stream to highlight the significant challenge facing the organisation.

Right of members to resign

Under the rules of the Victorian Showmen's Guild a member may resign his/her membership of the Guild by giving 2 weeks' notice in writing. The notice of resignation shall be addressed to the Secretary and shall be delivered to him/her. A resignation from the membership of the Guild is valid even if it is not affected in accordance with sub rule 10.1 of the Guild Rules if the member is informed in writing by or on behalf of the Guild that the resignation has been accepted.

There have been two resignations recorded in this financial year.

Removal of Financial Members

During this financial year there was one Member "struck off" the Register of Members as a result of the person being un-financial.

Officers or members who are superannuation fund trustee(s) (include position details) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

No Officers or Employees are trustees of any superannuation fund nor are any of its officers or employees or director of a company that is a superannuation fund trustee.

Number of members

The Victorian Showmen's Guild as at 30th June 2021 has a total membership of 328.

The Membership includes:	Financial Members	276
	Life Members	4
	50 Year Members	17
	Honorary Members	22
	Affiliate Members	9

Number of employees

There is one employee, being the Executive Officer, employed on a 4-day basis.

Names of committee of management members and period positions held during the financial year

On 19 October 2020, The Victorian Showmen's Guild (the Guild) lodged with the Fair

Work Commission a notice and declaration setting out particulars of an alteration to the rules of the Guild.

The particulars set out an alteration to rule 16 – *Election of Committee* and entail the insertion of a new sub-rule 16.8. The effect of the alteration is to extend the current term of all offices within the Guild by one year for a total term of two years.

This alteration was necessitated by the impact of COVID-19 on the conduct of the election for offices within the Guild which would otherwise have occurred this year.

The alteration to the rules of the organisation was granted on 12th November 2020; therefore, the persons who held office as Members of the Committee of Management of the Guild were carried forward for a further term.

The Committee of Management for **1 July 2020 to 30 June 2021** being the financial year of operation is as follows:

PRESIDENT

Elwin Leroy Bell Jnr.

VICE PRESIDENT

Aaron Pink
John Roberts
Adam Reardon
Bob Brown Jnr.

Committee of management statement

for the year ended 30 June 2021

On 07 / 10 / 2021 the Committee of Management of The Victorian Showmen's Guild passed the following resolution in relation to the general purpose financial report (**GPFR**) for the year ended 30 June 2021:

The Committee of Management declares that in its opinion:

- a) the financial statements and notes comply with the Australian Accounting Standards;
- b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the **RO Act**);
- c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- e) during the financial year to which the GPFR relates and since the end of that year:
 - i. meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
 - ii. the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - iii. the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
 - iv. where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation; and
 - v. where information has been sought in any request by a member of the reporting unit or the Commissioner duly made under section 272 of the RO Act, that information has been provided to the member or the Commissioner; and
 - vi. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the committee of management.

Note 1 Summary of significant accounting policies

1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (**AASB**) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009 (RO Act)*. For the purpose of preparing the general purpose financial statements, The Victorian Showmen's Guild is a not-for-profit entity.

The financial statements, except for cash flow information, have been prepared using the accrual basis of accounting. The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 Significant accounting judgements and estimates

The following accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standards and amendments

The accounting policies adopted are consistent with those of the previous financial year except for the following accounting standards and amendments, which have been adopted for the first time this financial year:

- *AASB 2018-7 Amendments to Australian Accounting Standards – Definition of Material*
- *AASB 2020-4 Amendments to Australian Accounting Standards – Covid-19-Related Rent Concessions*
- *AASB 2019-1 Amendments to Australian Accounting Standards – References to the Conceptual Framework*
- *AASB 2018-6 Amendments to Australian Accounting Standards - Definition of a Business*

No accounting standard has been adopted earlier than the application date stated in the standard.

Impact on adoption of AASB 2018-7 Amendments to Australian Accounting Standards - Definition of Material

The amendments provide a new definition of material that states, “information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.” The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

These amendments had no impact on the financial statements of, nor is there expected to be any future impact to The Victorian Showmen's Guild.

Future Australian Accounting Standards

New standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a future financial impact on The Victorian Showmen's Guild:

AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current

This Standard amends AASB 101 *Presentation of Financial Statements* to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. This Standard applies to annual reporting periods beginning on or after 1 January 2023. Earlier application is permitted. [The reporting unit does not expect the adoption of this amendment to have an impact on its financial statements.]

1.5 Investment in associates and joint arrangements

An associate is an entity over which The Victorian Showmen's Guild has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

A joint operation is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the individual assets and obligations for the liabilities of the joint operation.

The results and assets and liabilities of associates and its joint ventures are incorporated in these financial statements using the equity method of accounting, except when the investment is classified as held for sale, in which case it is

accounted for in accordance with AASB 5 *Non-current Asset Held for Sale and Discontinued Operations*. Under the equity method, an investment in an associate or joint venture is initially recognised in the statement of financial position at cost and adjusted thereafter to recognise the share of the profit or loss and other comprehensive income of the associate. When the share of losses of an associate or joint venture exceeds the interest in that associate, *The Victorian Showmen's Guild* discontinues recognising its share of further losses. Additional losses are recognised only to the extent that it has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

Any excess of the cost of acquisition over the share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associate recognised at the date of acquisition is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in profit or loss.

1.6 Acquisition of assets and or liabilities that do not constitute a business combination

The Victorian Showmen's Guild did not acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of the organisation, a determination or revocation by the General Manager of the Fair Work Commission under subsections 245(1) or 249(1) of the RO Act.

1.7 Current versus non-current classification

The Victorian Showmen's Guild presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Victorian Showmen's Guild classifies all other liabilities as non-current.

1.8 Revenue

The Victorian Showmen's Guild enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, capitation fees, levies, grants, and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

Revenue from contracts with customers

Where The Victorian Showmen's Guild has a contract with a customer, The Victorian Showmen's Guild recognises revenue when or as it transfers control of goods or services to the customer. The Victorian Showmen's Guild accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined when the performance obligation has been satisfied.

Membership subscriptions

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of The Victorian Showmen's Guild.

If there is only one distinct membership service promised in the arrangement, The Victorian Showmen's Guild recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect The Victorian Showmen's Guild's promise to stand ready to provide assistance and support to the member as required.

If there is more than one distinct good or service promised in the membership subscription, The Victorian Showmen's Guild allocates the transaction price to each performance obligation based on the relative standalone selling price of each promised good or service. In performing this allocation, standalone selling prices are estimated if there is no observable evidence of the price that The Victorian Showmen's Guild charges for that good or service in a standalone sale. When a performance obligation is satisfied, which is either when the customer obtains control of the good (for example, books or clothing) or as the service transfers to the customer (for example, member services or training course), The Victorian Showmen's Guild recognises revenue at the amount of the transaction price that was allocated to that performance obligation.

For member subscriptions paid annually in advance, The Victorian Showmen's Guild has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the

customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from The Victorian Showmen's Guild at their standalone selling price, The Victorian Showmen's Guild accounts for those sales as a separate contract with a customer.

Capitation fees

The Victorian Showmen's Guild does not have an arrangement with a branch or another reporting unit which meets the criteria to be a contract with a customer. The Victorian Showmen's Guild therefore does not have any capitation fees to be recognised.

Levies

Levies paid by a member (or other party) in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue. The Victorian Showmen's Guild does not have any such contracts.

Income of The Victorian Showmen's Guild as a Not-for-Profit Entity

Consideration is received by The Victorian Showmen's Guild to enable the entity to further its objectives, The Victorian Showmen's Guild recognises each of these amounts of consideration as income when the consideration is received (which is when *The Victorian Showmen's Guild* obtains control of the cash) because, based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- *The Victorian Showmen's Guild's* recognition of the cash contribution does not give rise to any related liabilities.

The Victorian Showmen's Guild receives cash consideration from the following arrangements whereby that consideration is recognised as income upon receipt:

- donations and voluntary contributions from members (including whip rounds); and
- government grants.

Volunteer services

The Victorian Showmen's Guild receives volunteer services. In those circumstances where the fair value of the volunteer services can be measured reliably, *The Victorian Showmen's Guild* recognises the fair value of volunteer services received as income together with a corresponding expense where the economic benefits of the volunteer services are consumed as the services are acquired. Where the volunteer services contribute to the development of an asset, the fair value is included in the carrying amount of that asset.

During the year, *The Victorian Showmen's Guild* did not recognise any volunteer services as revenue because it could not reliably measure the fair value of those services.

Income recognised from transfers to acquire or construct a non-financial asset

Where, as part of an enforceable agreement, *The Victorian Showmen's Guild* receives consideration to acquire or construct a non-financial asset such as property, plant and equipment to an identified specification and for *The Victorian Showmen's Guild's* own use, a liability is recognised for the obligation to acquire or construct the asset. Income is recognised as the obligation to acquire or construct the asset is satisfied, which is typically at a point in time for acquired assets and over time for constructed assets. The asset that is being acquired or constructed is recognised in accordance with the policy on property, plant and equipment.

Gains from sale of assets

An item of property, plant and equipment is derecognised upon disposal (which is at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of comprehensive income when the asset is derecognised.

Interest income

Interest revenue is recognised on an accrual basis using the effective interest method.

Rental income

Leases in which *The Victorian Showmen's Guild*, as a lessor, do not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the relevant lease term. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as income in the period in which they are earned.

1.9 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required, and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts.

The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by *The Victorian Showmen's Guild* in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Provision is made for separation and redundancy benefit payments. *The Victorian Showmen's Guild* recognises a provision for termination as part of a broader restructuring when it has developed a detailed formal plan for the terminations and has informed those employees affected that it will carry out the terminations. A provision for voluntary termination is recognised when the employee has accepted the offer of termination.

1.10 Leases

The Victorian Showmen's Guild assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

***The Victorian Showmen's Guild* as a lessee**

The Victorian Showmen's Guild applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. *The Victorian Showmen's Guild* recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Lease liabilities

At the commencement date of the lease, *The Victorian Showmen's Guild* recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by *The Victorian Showmen's Guild* and payments of penalties for terminating the lease, if the lease term reflects *The Victorian Showmen's Guild* exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, *The Victorian Showmen's Guild* uses the implicit interest rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Victorian Showmen's Guild's short-term leases are those that have a lease term of 12 months or less from the commencement. It also applies the lease of low-value

assets recognition exemption to leases of the Sharp printer/photocopier that are below \$10,000. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

1.11 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.12 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

1.13 Financial instruments

Financial assets and financial liabilities are recognised when *The Victorian Showmen's Guild* becomes a party to the contractual provisions of the instrument.

1.14 Financial assets

Contract assets and receivables

A contract asset is recognised when *The Victorian Showmen's Guild's* right to consideration in exchange goods or services that has transferred to the customer when that right is conditioned on *The Victorian Showmen's Guild's* future performance or some other condition.

A receivable is recognised if an amount of consideration that is unconditional is due from the customer (i.e. only the passage of time is required before payment of the consideration is due).

Contract assets and receivables are subject to impairment assessment. Refer to accounting policies on impairment of financial assets below.

Initial recognition and measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income, or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and *The Victorian Showmen's Guild's* business model for managing them. With the exception of trade receivables that do not contain a significant financing component, *The Victorian Showmen's Guild* initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are 'solely payments of principal and interest' (**SPPI**) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Victorian Showmen's Guild's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that *The Victorian Showmen's Guild* commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified into five categories:

- (Other) financial assets at amortised cost
- (Other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (Other) financial assets at fair value through profit or loss
- (Other) financial assets designated at fair value through profit or loss.

Financial assets at amortised cost

The Victorian Showmen's Guild measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (**EIR**) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Victorian Showmen's Guild's financial assets at amortised cost includes trade receivables and loans to related parties.

Financial assets at fair value through other comprehensive income

The Victorian Showmen's Guild measures debt instruments at fair value through other comprehensive income (**OCI**) if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in profit or loss and computed in the same manner as for financial assets measured at amortised cost.

The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

The Victorian Showmen's Guild's debt instruments at fair value through other comprehensive income includes investments in quoted debt instruments included under other non-current financial assets.

Investments in equity instruments designated at fair value through other comprehensive income

Upon initial recognition, *The Victorian Showmen's Guild* can elect to classify irrevocably its equity investments as equity instruments designated at fair value through other comprehensive income when they meet the definition of equity under *AASB 132 Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in profit or loss when the right of payment has been established, except when *The Victorian Showmen's Guild* benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through other comprehensive income are not subject to impairment assessment.

The Victorian Showmen's Guild elected to classify irrevocably its listed and non-listed equity investments under this category.

Financial assets at fair value through profit or loss (including designated)

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through other comprehensive income, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

Derecognition

A financial asset is derecognised when:

- The rights to receive cash flows from the asset have expired; or
- *The Victorian Showmen's Guild* has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - a) *The Victorian Showmen's Guild* has transferred substantially all the risks and rewards of the asset; or
 - b) *The Victorian Showmen's Guild* has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When *The Victorian Showmen's Guild* has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, *The Victorian Showmen's Guild* continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment

Expected credit losses

Receivables for goods and services, which have 30-day terms, are recognised at the nominal amounts due less any loss allowance due to expected credit losses (**ECLs**) at each reporting date. A provision matrix that is based on historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment has been established.

(i) Trade receivables

For trade receivables that do not have a significant financing component, *The Victorian Showmen's Guild* applies a simplified approach in calculating ECLs which requires lifetime ECLs to be recognised from initial recognition of the receivables.

Therefore, *The Victorian Showmen's Guild* does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. *The Victorian Showmen's Guild* has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Debt instruments other than trade receivables

For all debt instruments other than trade receivables and debt instruments not held at fair value through profit or loss, *The Victorian Showmen's Guild* recognises an allowance for ECLs using the general approach. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that *The Victorian Showmen's Guild* expects to receive, discounted at an approximation of the original EIR.

ECLs are recognised in two stages:

- Where there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses from possible default events within the next 12-months (a 12-month ECL).
- Where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the debt, irrespective of the timing of the default (a lifetime ECL).

The Victorian Showmen's Guild considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, *The Victorian Showmen's Guild* may also consider a financial asset to be in default when internal or external information indicates that *The Victorian Showmen's Guild* is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

1.15 Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, at amortised cost or at fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Victorian Showmen's Guild's financial liabilities include trade and other payables.

Subsequent measurement

Financial liabilities at fair value through profit or loss (including designated)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Gains or losses on liabilities held for trading are recognised in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in AASB 9 *Financial Instruments* are satisfied.

Financial liabilities at amortised cost

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

1.16 Liabilities relating to contracts with customers

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before *The Victorian Showmen's Guild* transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when *The Victorian Showmen's Guild* performs under the contract (i.e. transfers control of the related goods or services to the customer).

Refund liabilities

A refund liability is recognised for the obligation to refund some or all of the consideration received (or receivable) from a customer. *The Victorian Showmen's Guild's* refund liabilities arise from customers' right of return. The liability is measured at the amount *The Victorian Showmen's Guild's* ultimately expects it will have to return to the customer. *The Victorian Showmen's Guild* updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

1.17 Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets

are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.18 Land, buildings, plant and equipment

Asset recognition threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the statement of financial position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Revaluations — land and buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight-line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

	2021	2020
Land & buildings		
Plant and equipment	4 to 20 years	4 to 20 years

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

1.19 Investment property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in the fair value of investment properties are included in profit or loss in the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

1.20 Intangibles

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful life. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The useful life of *The Victorian Showmen's Guild's* intangible assets are:

	2021	2020
Intangibles		

Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

1.21 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated, and an impairment adjustment made if the asset's recoverable amount is less than the carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if *The Victorian Showmen's Guild* were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

1.22 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable, and the non-current asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

1.23 Taxation

The Victorian Showmen's Guild is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997* however still has an obligation for Fringe Benefits Tax (**FBT**) and the Goods and Services Tax (**GST**).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office (**ATO**); and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the ATO is classified within operating cash flows.

1.24 Fair value measurement

The Victorian Showmen's Guild measures financial instruments, such as, financial assets as at fair value through profit or loss, financial assets at fair value through other comprehensive income, and non-financial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 16A *Financial assets and liabilities*.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by *The Victorian Showmen's Guild*. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Victorian Showmen's Guild uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, *The Victorian Showmen's Guild* determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, *The Victorian Showmen's Guild* has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

1.25 Going concern

The Victorian Showmen's Guild is not reliant on the agreed financial support of another entity to continue on a going concern basis.

The Victorian Showmen's Guild has not agreed to provide financial support to another entity to ensure they can continue on a going concern basis.

Note 2 Events after the reporting period

As a result of the evolving nature of the COVID-19 outbreak and the rapidly evolving government policies of restrictive measures put in place to contain it, as at the date of these financial statements, *The Victorian Showmen's Guild* is not in a position to reasonably estimate the financial effects of the COVID-19 outbreak on the future financial performance and financial position of *The Victorian Showmen's Guild*. Other than the current disclosures, there has not been any other matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of *The*

Victorian Showmen's Guild, the results of those operations, or the state of affairs of The Victorian Showmen's Guild in subsequent financial periods.

Change in fair value	-	-
Interest expense	-	-
Total designated as fair value through profit or loss	-	-
Net gain/(loss) at fair value through profit or loss	-	-
Net gain/(loss) from financial liabilities	-	-

Note 15D: Credit risk

The management of the entity believe that credit risk of the Accounts Receivable and Accounts Payable does not pose a material risk to the going concern of the entity.

Note 15E: Liquidity risk

The entities non-derivative financial liabilities are current liabilities for trade debtors, which do not pose a material risk to the liquidity of the entity.

Note 15F: Market risk

Interest rate risk

The management of the entity believe that volatility in interest rates does not pose a material risk to the going concern of the entity.

Note 15G: Asset pledged/or held as collateral

The entity does not recognise in the financial accounts any asset pledged or held as collateral.

Note 15H: Changes in liabilities arising from financing activities

The entity does not recognise in the financial accounts any changes in liabilities arising from financing activities.

Note 16 Fair value measurement

Note 16A: Financial assets and liabilities

Management of *The Victorian Showmen's Guild* assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of *The Victorian Showmen's Guild's* interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at [year-end date] was assessed to be insignificant.
- Fair value of equity securities are derived from quoted market prices in active markets.
- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by *The Victorian Showmen's Guild* based on parameters such as interest rates and individual credit worthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at [year-end date] the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The following table contains the carrying amounts and related fair values for *The Victorian Showmen's Guild's* financial assets and liabilities:

	Carrying amount 2021 \$	Fair value 2021 \$	Carrying amount 2020 \$	Fair value 2020 \$
Financial assets				
Cash	12,684	12,684	14,956	14,956
Receivables	9,148	9,148	8,273	8,273
Total	21,832	21,832	22,229	22,229
Financial liabilities				
Payables	9,609	9,609	30,437	30,437
Total	9,609	9,609	30,437	30,437

Note 17 Administration of financial affairs by a third party

There is no administration of financial affairs by a third party.

Note 18 Section 272 *Fair Work (Registered Organisations) Act 2009*

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009*, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- 1) A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3) A reporting unit must comply with an application made under subsection (1).

Officer declaration statement

I, Elwin Leroy Bell Jnr, being the President of The Victorian Showmen's Guild, declare that the following activities did not occur during the reporting period ending 30 June 2021.

The Victorian Showmen's Guild did not:

- agree to receive financial support from another reporting unit to continue as a going concern (refers to agreement regarding financial support not dollar amount)
- agree to provide financial support to another reporting unit to ensure they continue as a going concern (refers to agreement regarding financial support not dollar amount)
- acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of an organisation, a determination or revocation by the General Manager, Fair Work Commission
- receive capitation fees or any other revenue amount from another reporting unit
- receive revenue via compulsory levies
- receive revenue from undertaking recovery of wages activity
- incur fees as consideration for employers making payroll deductions of membership subscriptions
- pay capitation fees or any other expense to another reporting unit
- pay affiliation fees to other entity
- pay compulsory levies
- pay a grant that was \$1,000 or less
- pay a grant that exceeded \$1,000
- pay a donation that was \$1,000 or less
- pay a donation that exceeded \$1,000
- pay wages and salaries to holders of office
- pay superannuation to holders of office
- pay leave and other entitlements to holders of office
- pay separation and redundancy to holders of office
- pay other employee expenses to holders of office
- pay wages and salaries to employees (other than holders of office)
- pay superannuation to employees (other than holders of office)
- pay leave and other entitlements to employees (other than holders of office)
- pay separation and redundancy to employees (other than holders of office)
- pay other employee expenses to employees (other than holders of office)
- pay to a person fees or allowances to attend conferences or meetings as a representative of the reporting unit

- pay legal costs relating to litigation
- pay legal costs relating to other legal matters
- pay a penalty imposed under the RO Act or the *Fair Work Act 2009*
- have a receivable with other reporting unit(s)
- have a payable with other reporting unit(s)
- have a payable to an employer for that employer making payroll deductions of membership subscriptions
- have a payable in respect of legal costs relating to litigation
- have a payable in respect of legal costs relating to other legal matters
- have an annual leave provision in respect of holders of office
- have a long service leave provision in respect of holders of office
- have a separation and redundancy provision in respect of holders of office
- have other employee provisions in respect of holders of office
- have a long service leave provision in respect of employees (other than holders of office)
- have a separation and redundancy provision in respect of employees (other than holders of office)
- have a fund or account for compulsory levies, voluntary contributions or required by the rules of the organisation or branch
- transfer to or withdraw from a fund (other than the general fund), account, asset or controlled entity
- provide cash flows to another reporting unit and/or controlled entity
- receive cash flows from another reporting unit and/or controlled entity
- have another entity administer the financial affairs of the reporting unit
- make a payment to a former related party of the reporting unit
