Dear Andrew Davey,

Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy Division - South Western District Branch

Financial Report for the year ended 31 December 2021 - (FR2021/264)

I acknowledge receipt of the financial report for the year ended 31 December 2021 for the Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy Division – South Western District Branch. The documents were lodged with the Registered Organisations Commission (the ROC) on 14 June 2022.

The financial report has now been filed.

The financial report was filed based on a primary review. This involved confirming that the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (**RO Act**) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines (**RGs**) have been complied with. A primary review does not examine all disclosure requirements.

Please note that the financial report for the year ending 31 December 2022 may be subject to an advanced compliance review.

You are not required to take any further action in respect of the report lodged. I make the following comments to assist you when you next prepare a financial report.

You must rotate your registered auditor

Correspondence was provided to the reporting unit on 7 December 2021, which alerted you that your registered auditor is approaching their statutory limit on how many consecutive financial years they are permitted to audit your financial report. The financial report lodged identifies that Michael Mundt was the reporting unit's registered auditor for this financial year. Our records indicate that you have now used your current registered auditor for five consecutive financial years, which is the statutory limit under section 256A.

Please ensure that Michael Mundt is not assigned to audit the financial report of the reporting unit for at least the following two financial years. Further information on the rotation of registered auditor requirement can be found via this <u>link</u>.

Reporting Requirements

The ROC website provides a number of factsheets in relation to the financial reporting process and associated timelines. The website also contains the s.253 reporting guidelines and a model set of financial statements.

The ROC recommends that reporting units use these model financial statements to assist in complying with the RO Act, the s.253 reporting guidelines and Australian Accounting Standards. Access to this information is available via this link.

If you have any queries regarding this letter, please contact me on (03) 9603 0988 or by email at Madeleine.Hurrell@roc.gov.au.

Yours sincerely

Madeleine Hurrell

Financial Reporting Officer

Madeleine Hurrell

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activities of the Union during the financial year were:

- Implementation of Divisional Executive Decisions;
- Maintenance of Union Rules, registrations and affiliations;
- Organising Executive Meetings and Divisional Conferences as well as National Safety Officer Meetings;
- Conducting Activities for Parliamentary, Divisional and Divisional Branch elections, including assisting with statutory requirements;
- Co-ordinating seminars/education courses for Lodge Officers to inform them of current developments or to seek collective input in the development of national policies;
- Representing the Division's interest on various national committees and organisations;
- Co-ordinating the involvement of the Union in relevant international trade union bodies and conferences;
- Responsibility for servicing national awards and enterprise agreements and maintaining related information services. Divisional Office also advises Lodges on industrial matters;
- · Provision to Lodges with economic and industrial research;
- Provision to Lodges of assistance with administration and financial management;

ABN: 49 954 293 181

Operating Report

31 December 2021

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

- Co-ordinating Occupational Health & Safety nationally and maintaining a national policy database and information service;
- Leading the conduct of legal action launched in defence of the Division's constitutional work; and
- Provision of a National Training Agenda by representing the Union on various Boards and Committees.

No significant changes in the nature of the Union's activity occurred during the current financial year.

The surplus of the Union amounted to \$374,517 (2020: \$388,531).

A review of the operations and results of the Union is performed in the meetings of the Executive Officers and also at each meeting of the Divisional Executive. Additionally, such matters are considered at the regular meeting of the General Officers of the Union.

Significant changes to financial affairs

During the year the Mining and Energy Division, including South Western District Branch; made an application for a ballot of members to decide whether to withdraw from the Construction, Forestry, Maritime, Mining and Energy Union (CFMMEU). The application was heard by the Fair Work Commission and a decision was issued in September 2021 dismissing the application on jurisdictional grounds. The Mining and Energy division; including the South Western District Branch has applied to the Federal Court of Australia for a judicial review of the Fair Work Commission decision. On 1 March 2022, a Full Court of the Federal Court heard the application for judicial review. As of the date of this report, the decision of the Federal Court is reserved.

The Committee of Management do not believe that this application, or any subsequent application related to withdrawal from the CFMMEU will have any impact on the Union's ability to continue as a going concern.

There have been no other significant changes in the state of financial affairs of the Union during the year.

Right of members to resign

All members of the Union have the right to resign in accordance with Rule 5(iv)(a) of the Union Rules [and section 174 of the Fair Work (Registered Organisations) Act 2009], namely, by providing written notice addressed and delivered to either the District Secretary, or a Lodge Secretary or authorised delegate.

Number of members

There were 3,347 members of the Union as at 31 December 2021 (2020; \$ 3,332).

ABN: 49 954 293 181

Operating Report

31 December 2021

Number of employees

As at 31 December 2021 the Union had 10 full time equivalent employees (2020: 9).

Officers or members who are superannuation fund trustee(s) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

Graeme Osborne is a director of NMEAF Pty Ltd and Coal Services Pty Ltd.

Signed in accordance with a resolution of the Board of Management:

Andrew Davey
District Secretary

Dated 28 March 2022

ABN: 49 954 293 181

Board of Management Statement

31 December 2021

On 28 March 2022 the Board of Management of the Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy Division South Western District Branch ("the Union") passed the following resolution in relation to the general purpose financial report for the year ended 31 December 2021:

The Board of Management declares that in its opinion:

- a) the financial statements and notes comply with the Australian Accounting Standards;
- b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 ("RO Act");
- the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Union for the financial year to which they relate;
- d) there are reasonable grounds to believe that the Union will be able to pay its debts as and when they become due and payable; and
- e) during the financial year to which the general purpose financial report relates and since the end of that year:
 - i. meetings of the Board of Management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
 - ii. the financial affairs of the Union have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - iii. the financial records of the Union have been kept and maintained in accordance with the RO Act; and
 - iv. where the organisation consists of two or more reporting units, the financial records of the Union, have been kept, as far as practicable, in a manner consistent with each of the other reporting units of the organisation; and
 - v. where information has been sought in any request by a member of the Union or Commissioner duly made under section 272 of the RO Act; that information has been provided to the member or Commissioner; and
 - vi. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution by the Board of Management.

Graeme Osborne

, District President

Notes to the Financial Statements

For the Year Ended 31 December 2021

The financial report covers Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy, South Western District ("the Union") as an individual entity.

Comparative Amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1. Basis of Preparation

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisations) Act 2009*. For the purpose of preparing the general purpose financial statements, the Union is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

2. Summary of Significant Accounting Policies

(a) Revenue and other income

Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Union expects to receive in exchange for those goods or services.

Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer;
- 2. Identify the performance obligations;
- 3. Determine the transaction price;
- 4. Allocate the transaction price to the performance obligations; and
- 5. Recognise revenue as and when control of the performance obligations is transferred.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(a) Revenue and other income

Revenue from contracts with customers

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

None of the revenue streams of the Union have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

The revenue recognition policies for the principal revenue streams of the Union are:

Membership subscriptions and levies

Membership subscriptions and levies contain promises to provide various services over a specified period of time. Revenue is recognised over time during the period of membership.

For membership subscription and levies arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Union.

There is only one distinct membership service promised in the arrangement. Accordingly, the Union recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Union's promise to stand ready to provide assistance and support to the member as required.

For member subscriptions paid annually in advance, the Union has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from the Union at their standalone selling price, the Union accounts for those sales as a separate contract with a customer.

Government COVID-19 stimulus income

Income is recognised in the period it is earned. This is generally consistent with when the payment was received.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(a) Revenue and other income

Lodge contributions

Lodge contributions are recognised when the Union's right to receive payment is established and the amount of the revenue can be measured reliably and it is probable that economic benefits associated with the transaction will flow to the Union.

Interest revenue

Interest revenue is recognised using the effective interest rate method.

Rental income

Rental revenue is recognised on a straight-line basis over a period of the lease term so as to reflect a constant periodic rate of return on the net investment.

Grant received

Grants received are not recognised until there is reasonable assurance that the Union will comply with the conditions attaching to them and it is probable the grants will be received.

Grants are recognised in profit or loss on a systematic basis over the periods in which the Union recognises as expenses the related costs for which the grants are intended to compensate. Specifically, grants whose primary condition is that the Union should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Union with no future related costs are recognised in profit or loss in the period in which they become receivable.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(b) Leases

At inception of a contract, the Union assesses whether a lease exists - i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration.

This involves an assessment of whether:

- The contract involves the use of an identified asset this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right then there is no identified asset.
- The Union has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.
- The Union has the right to direct the use of the asset i.e. decision making rights in relation to changing how and for what purpose the asset is used.

Lessee accounting

The non-lease components included in the lease agreement have been separated and are recognised as an expense as incurred.

At the lease commencement, the Union recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Union believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Union's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Union's assessment of lease term.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(b) Leases

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

(c) Capitation fees and levies

Capitation fees and levies are recognised on an accrual basis and recorded as an expense in the year to which it relates.

(d) Borrowing costs

All borrowing costs are recognised as an expense in the period in which they are incurred.

(e) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the balance sheet.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(f) Income tax

The Union is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997* however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(g) Cash and cash equivalents

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

(h) Financial instruments

Financial instruments are recognised initially on the date that the Union becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

(i) Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

The Union classifies its financial assets in the following measurement categories:

- financial assets at fair value through profit or loss ('FVTPL'); and
- financial assets at amortised cost.

The classification depends on the Union's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets are not reclassified subsequent to their initial recognition unless the Union changes its business model for managing financial assets.

Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments
 of principal and interest on the principal amount outstanding.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(h) Financial instruments

(i) Financial assets

The Union's financial assets measured at amortised cost comprise trade and other receivables, cash and cash equivalents and financial assets in the balance sheet.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Financial assets through profit or loss

All financial assets not classified as measured at amortised cost are measured at fair value through profit or loss.

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for financial assets measured at amortised cost.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Union considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Union's historical experience and informed credit assessment including forward looking information.

The Union uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Union uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Union in full, without recourse to the Union to actions such as realising security (if any is held); or
- the financial assets is more than 90 days past due.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(h) Financial instruments

(i) Financial assets

Credit losses are measured as the present value of the difference between the cash flows due to the Union in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Union has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in bad debt expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Union renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

(ii) Financial liabilities

The Union measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Union comprises of trade and other payables and lease liabilities.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(i) Impairment of non-financial assets

At the end of each reporting period the Union determines whether there is evidence of an impairment indicator for non-financial assets.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss.

(j) Property, plant and equipment

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(j) Property, plant and equipment

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Union, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings	2.5 - 10%
Office Equipment	15 - 50%
Motor Vehicles	25%
Caravan Park Equipment	2.5 - 10%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

(k) Employee benefits

Short term obligations

Liabilities for wages and salaries, including non-monetary benefits and accumulating sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

2. Summary of Significant Accounting Policies

(k) Employee benefits

Other long-term employee benefit obligations

The liabilities for long service leave and employee redundancy are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

Expected future payments are discounted using market yields at the end of the reporting period of high-quality corporate bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Union does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(I) Adoption of new and revised accounting standards

The Union has adopted all standards which became effective for the first time during the year, the adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Union.

(m) Future Australian Accounting Standards

Certain new accounting standards have been published that are not mandatory for 31 December 2021 reporting periods and have not been early adopted by the Union. These standards are not expected to have a material impact on the Union in the current or future reporting periods and on foreseeable future transactions.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

3. Critical Accounting Estimates and Judgements

The Board of Management make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below:

Key estimates - impairment of property, plant and equipment

The Union assesses impairment at the end of each reporting period by evaluating conditions specific to the Union that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Key estimates - useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain property, plant and equipment.

Key estimates - receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

Key estimates - employee entitlements

As described in the accounting policies, provisions are measured at management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. These estimates are made after taking into account a range of possible outcomes, probabilities and assumptions and will vary as further information is obtained.

Total	275,964	186,569

(b) Impairment of receivables

The Union applies the simplified approach to providing for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected credit losses incorporate forward looking information.

14. Financial risk management

The main risks the Union is exposed to through its financial instruments are credit risk, liquidity risk and market risk consisting of interest rate risk.

The Union's financial instruments consist mainly of deposits with banks, short-term investments, accounts receivable and payable.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

14. Financial risk management

The totals for each category of financial instruments, measured in accordance with AASB 9 as detailed in the accounting policies to these financial statements, are as follows:

		2021	2020
	Note	\$	\$
Financial Assets			
Cash and cash equivalents	6	2,474,563	2,124,589
Financial assets - at amortised cost	8	4,426,089	4,522,971
Financial assets - Fair value through profit and loss	8	249,546	913
Trade and other receivables	7 _	282,427	203,952
Total financial assets	=	7,432,625	6,852,425
Financial Liabilities			
Financial liabilities at amortised cost			
- Trade and other payables		552,820	456,856
- Lease liabilities	9 _	467,997	523,904
Total financial liabilities		1,020,817	980,760

(a) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Union.

Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, as well as credit exposure to customers, including outstanding receivables and committed transactions.

The Union has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

14. Financial risk management

(b) Liquidity Risk - Financial liability maturity analysis

Liquidity risk arises from the Union's management of working capital and the finance charges and principal repayments on its debt instruments. It is the risk that the Union will encounter difficulty in meeting its financial obligations as they fall due.

The Union's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due. The Union maintains cash and marketable securities to meet its liquidity requirements.

At the reporting date, these reports indicate that the Union is expected to have sufficient liquid resources to meet its obligations under all reasonably expected circumstances and will not need to draw down any of the financing facilities.

The Union's liabilities have contractual maturities which are summarised below:

	Less than 1 year		>1 year	
	2021	2020 2021	2021	2020
	\$	\$	\$	\$
Financial liabilities due for payment				
Trade and other payables	653,023	574,048	-	-
Lease liabilities	54,487	54,487	413,510	469,417
	707,510	628,535	413,510	469,417

(c) Market risk - Cash flow interest rate sensitivity

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (interest rate risk).

The Union is exposed to interest rate risk as it holds term deposits and bank account balances.

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period, whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The Union is also exposed to earnings volatility on floating rate instruments.

ABN: 49 954 293 181

Notes to the Financial Statements

For the Year Ended 31 December 2021

14. Financial risk management

(c) Market risk - Cash flow interest rate sensitivity

Sensitivity analysis

The following sensitivity analysis is based on the interest rate risk exposures in existence at the end of the reporting period.

A 1% increase or decrease in interest rates would impact equity and profit or loss by the amounts shown below. This analysis assumes that other variables are held constant.

	Surplus/	Surplus/(deficit)		Equity	
	1% increase	1% decrease	1% increase	1% decrease	
2021	44,261	(44,261)	44,261	(44,261)	
2020	45,230	(45,230)	45,230	(45,230)	

15. Fair Value Measurement

Net Fair Values

The fair values of financial assets and financial liabilities are consistent with their carrying values as presented in the balance sheet. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair values derived may be based on information that is estimated or subject to judgement, where changes in assumptions may have a material impact on the amounts estimated. Areas of judgement and the assumptions have been detailed below. Where possible, valuation information used to calculate fair value is extracted from the market, with more reliable information available from markets that are actively traded. In this regard, fair values for listed securities are obtained from quoted market bid prices. Where securities are unlisted and no market quotes are available, fair value is obtained using discounted cash flow analysis and other valuation techniques commonly used by market participants.

For the Year Ended 31 December 2021

21. Events Occurring After the Reporting Date

The financial report was authorised for issue on 28 March 2022 by the Board of Management.

There has not been any matters or circumstances occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Union, the results of those operations, or the state of affairs of the Union in subsequent financial periods.

22. Section 272 Fair Work (Registered Organisation) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of the members is drawn to the provisions of Subsections [1] to [3] of Section 272, which read as follows:

Information to be provided to members or the Commissioner:

- 1. A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2. The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3. A reporting unit must comply with an application made under subsection (1).

ABN: 49 954 293 181

Independent Audit Report to the members of Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy, South Western District

Report on the Audit of the Financial Report

We have audited the financial report of Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy, South Western District ("the Union"), which comprises the balance sheet as at 31 December 2021, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended 31 December 2021, and notes to the financial statements, including a summary of significant accounting policies, and the Board of Management Statement, the Subsection 255(2A) report and the Officer Declaration Statement.

In our opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of the Union as at 31 December 2021, and its financial performance and its cash flows for the year ended on that date in accordance with:

- (i) the Australian Accounting Standards; and
- (ii) any other reporting requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

We declare that management's use of the going concern basis in the preparation of the financial statements of the Union is appropriate.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Union in accordance with the auditor independence requirements with ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independent Audit Report to the members of Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy, South Western District

Information Other than the Financial Report and Auditor's Report Thereon

The Board of Management are responsible for the other information. The other information obtained at the date of this auditor's report is included in the Operating Report accompanying the Financial Report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Management for the Financial Report

The Board of Management of the Union are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Board of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Board of Management are responsible for assessing the Union's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Management either intend to liquidate the Union or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

Independent Audit Report to the members of Construction, Forestry, Maritime, Mining and Energy Union - Mining and Energy, South Western District

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness
 of the Union's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Management.
- Conclude on the appropriateness of the Board of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Union's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Union to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

I declare that I am an auditor registered under the RO Act.
