

25 November 2022

Paul Guerra Secretary Victorian Chamber of Commerce and Industry Sent via email: <u>PGuerra@victorianchamber.com.au</u> CC: <u>bmorgan@sw-au.com</u>

Dear Paul Guerra,

Victorian Chamber of Commerce and Industry Financial Report for the year ended 30 June 2022 – (FR2022/59)

I acknowledge receipt of the financial report for the year ended 30 June 2022 for the Victorian Chamber of Commerce and Industry. The documents were lodged with the Registered Organisations Commission (**the ROC**) on 18 November 2022.

The financial report has now been filed. The financial report was filed based on a primary review. This involved confirming that the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (**RO Act**) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements.

You are not required to take any further action in respect of the report lodged. Please note that the financial report for the year ending 30 June 2023 may be subject to an advanced compliance review.

Reporting Requirements

The ROC website provides a number of factsheets in relation to the financial reporting process and associated timelines. The website also contains the section 253 reporting guidelines and a model set of financial statements. The ROC recommends that reporting units use these model financial statements to assist in complying with the RO Act, the section 253 reporting guidelines and Australian Accounting Standards. Access to this information may be obtained via this link.

If you have any queries regarding this letter, please contact me on (03) 9603 0841 or by email at <u>Mihiri.jayawardane@roc.gov.au</u>.

Yours sincerely,

M

Mihiri Jayawardane Registered Organisations Commission

Mr Paul Guerra							

Superannuation Trustees

Name of Officer or Member	Position Held	Superannuation Fund	Nominated by Victorian Chamber or other Body
Mr Graham Sherry	Member	Vision Super	Victorian Chamber
Mr Jeremy Johnson	Member	CARE Super	Victorian Chamber

Principal Activities

The principal activities of the Victorian Chamber during the financial year were to assist the interests of Victorian business members and contributors via representation and advocacy to Government and policy makers along with providing membership services primarily involving industrial relations, information, advice, networking and value-added professional services. The Victorian Chamber makes a positive difference to Victoria's economy, environment and ultimately the community. There was no significant change in the nature of these activities during the period.

Review and Results of Operations

The Victorian Chamber recorded a consolidated operating profit for the year ended 30 June 2022 of \$1,879,618 (2021: \$6,564,613). The consolidated net assets at 30 June 2022 totaled \$93,443,356 (2021: \$91,563,738).

Membership of Victorian Chamber

In the 2022 calendar year the Victorian Chamber continued to embark on a significant support program for Victorian businesses through membership of VCCI. During the COVID-19 health pandemic where hardship and economic impact were experienced, businesses were actively encouraged to join VCCI who provided discounts and fee waivers amounting to \$1,158,923 (2021: \$6,292,814).

As at 30 June 2022, the Victorian Chamber had 20,479 members (2021: 16,178).

Employees of Victorian Chamber

As at 30 June 2022, the total number of employees was 202 (2021: 184).

For the Year Ended 30 June 2022

Board Committees:

The following Board Committees operated during the reporting period:

Audit and Risk Committee

Kylie Warne (Chair)	
Karyn Sobels	
Robert van Stokrom	(resigned 11.03.2022)
Don Rankin	(resigned 09.12.2021)
Carlene Wilson	(appointed 31.03.2021)

Investment Committee

Adrian Kloeden (Chair) Karyn Sobels Brian Negus Jeremy Blackshaw

HR & Remuneration Committee

Helen Fairclough (Chair) Karyn Sobels Adrian Kloeden

Events after the Consolidated Balance Sheet Date

No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Victorian Chamber in future financial years.

Manner of Resignation

Rule 10 provides for the process of resignations.

- (a) (i) A member may resign from membership of the Victorian Chamber by written notice addressed and delivered to the Secretary. Such notice shall be taken to have been received by the Victorian Chamber when delivered to the Secretary.
 - (ii) A notice of resignation that has been received by the Victorian Chamber is not invalid because it was not addressed and delivered to the Secretary.
 - (iii) A resignation from membership of the Victorian Chamber is valid even if it is not effected in accordance with paragraph (i) hereof if the member is informed in writing by or on behalf of the Victorian Chamber that the resignation has been accepted.
- (b) A notice of resignation from membership of the Victorian Chamber takes effect:
 - (i) where the member ceases to be eligible to become a member of the Victorian Chamber:
 - 1. on the day on which the notice is received by the Victorian Chamber; or
 - 2. on the day specified in the notice, which is a day not earlier than the day when the member ceases to be eligible to become a member;
 - whichever is later; or
 - (ii) in any other case:
 - 1. at the expiration of 2 weeks after the notice is received by the Victorian Chamber; or
 - 2. on the day specified in the notice; whichever is later.

For the Year Ended 30 June 2022

Manner of Resignation (continued)

- (c) If a member ceases to be engaged in or as an employer in the industry the membership of such member may, subject to the member being accorded natural justice, be determined summarily by resolution of the Executive Council, provide however that such determination shall not affect the liability of the member to pay all monies owing by the member to the Victorian Chamber.
- (d) Any dues payable but not paid by a former member of the Victorian Chamber, in relation to a period before the member's resignation or termination from the Victorian Chamber took effect, may be sued for and recovered in the name of the Victorian Chamber in a court of competent jurisdiction, as a debt due to the Victorian Chamber.
- (e) If a member becomes unfinancial in accordance with Rule 9 his/her name may be struck off the Register of Members by Order of the Executive Council. Any member shall cease to be a member of the Victorian Chamber as soon as his/her name shall have been struck off the Register of Members by Order of the Executive Council and not sooner. Provided that where a member has become unfinancial and at least fourteen (14) days before the Executive Council orders that the member be struck off the Register of Members, the Secretary shall advise the person, in writing, that if he/she fails to pay the outstanding subscriptions within fourteen (14) days of the date of the letter then he/she will be struck off the Register of Members without further notice. If the person pays the outstanding subscriptions within that time then he/she shall not be struck off the Register of Members.
- (f) Any member who shall be expelled from the Victorian Chamber under the Provisions of Rule 40 hereof shall thereupon cease to be a member.
- (g) Members ceasing to be such from any cause whatsoever have no claim of any kind monetary or otherwise on the Victorian Chamber or its assets.

Signed in accordance with a resolution of the Committee of Management.

Paul Guerra Secretary and Chief Executive at Melbourne, <u>18 November 2022</u>7 October 2022

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

1 Summary of Significant Accounting Policies

This financial report includes the consolidated financial statements and notes of the Victorian Chamber of Commerce and Industry ("Victorian Chamber") and controlled entities ('Consolidated Group' or 'Group'). The consolidated financial statements were authorised for issue on 19 October 2022 by the Board of Directors.

Entity information

The Victorian Chamber is a registered Employer Association under the *Fair Work (Registered Organisations)* Act 2009, unincorporated and domiciled in Australia. The Victorian Chamber is considered a 'reporting unit' for the purposes of section 242 of the *Fair Work (Registered Organisations)* Act 2009.

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009*, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

- 1. A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application;
- 2. The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit: and
- 3. A reporting unit must comply with an application made under subsection (1).

Information prescribed by the Fair Work (Registered Organisations) Regulations 2009 is available to members on request.

Basis of Preparation

Reporting Basis and Conventions

The consolidated financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009.* For the purpose of preparing the general purpose financial statements, the Victorian Chamber is a not-for-profit entity.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The consolidated financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The consolidated financial statements are presented in Australian dollars have been rounded to the nearest dollar.

(a) Principles of Consolidation

The consolidated financial statements incorporate all of the assets, liabilities and results of the parent (Victorian Chamber) and all of the subsidiaries (including any structured entities). Subsidiaries are entities the parent's controls. The parent controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns from its power over the entity. The controlling entities contained in the consolidated financial statements are the CCI Victoria Legal Pty Ltd as trustee for the CCI-Victoria Legal Trust (CCI Victoria Legal), VECCI Business Brokers Pty Ltd as trustee for VECCI Business Brokers Trust and VECCI Export Services Pty Ltd.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

1. Summary of Significant Accounting Policies (continued)

(a) Principles of Consolidation (continued)

The assets, liabilities and results of all subsidiaries are fully consolidated into the consolidated financial statements of the Group from the date on which control is obtained by the Group. The consolidation of a subsidiary is discontinued from the date of control ceases. Intergroup transactions, balances and unrealized gains and losses on transactions between group entities are fully eliminated on consolidation. Accounting policies of subsidiaries have been changed and adjustments made where necessary to ensure uniformity of the accounting policies adopted by the Group.

(b) Income Tax

As a registered Employer Association, the Victorian Chamber is exempt from income tax in accordance with Section 50-15 of the *Income Tax Assessment Act 1997*.

(c) Property, Plant and Equipment

Each class of Leasehold Improvements, Plant and Equipment is carried at cost less any accumulated depreciation, where applicable.

Leasehold Improvements

Leasehold Improvements are measured on the cost basis less depreciation and impairment losses. The carrying amount of leasehold improvements is reviewed annually by directors to ensure it is not in excess of the recoverable amount from those assets. If any impairment indicators exist, the recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows are discounted to present values in determining the recoverable amount.

Plant and Equipment

Plant and equipment is measured on the cost basis less depreciation and impairment losses. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from those assets.

If any impairment indicators exist, the recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows are discounted to present values in determining the recoverable amount.

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight line basis over their useful lives to the Group commencing from the time the asset is held ready for use. The depreciation rates used for each class of depreciable asset are:

Class of fixed asset	Useful life
Leasehold Improvements	10 years
Plant and Equipment	4 - 5 years

Assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

1. Summary of Significant Accounting Policies (continued)

(d) Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Group commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified at fair value through profit or loss ("FVTPL"), in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Financial Assets measured at Amortised Cost

The Group classifies its financial assets at amortised cost only if both of the following criteria are met:

- (a) The asset is held within a business model with the objective of collective the contractual cash flows; and
- (b) The contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding.

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and initial measurement of financial assets

Financial assets are classified according to their business model and the characteristics of their contractual cash flows. Except for those trade receivables that do not contain a significant financing component and are measured at the transaction, all financial assets are initially measured at fair value adjusted for transaction costs where applicable.

Subsequent measurement of financial assets

For the purpose of subsequent measurement, financial assets, other than those designated and effective as hedging instruments, are classified into the following two categories:

- Financial assets at amortised cost, and
- FVTPL.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within other income (note 2 c), except for impairment of trade receivables which is presented in provision for expected credit loss as well as the impairment of related part loans.

Financial assets at amortised cost

Financial assets with contractual cash flows representing solely payments of principal and interest and held within a business model of 'hold to collect' contractual cash flows are accounted for at amortised cost using the effective interest method. The Group's trade and most other receivables fall into this category of financial instruments.

Financial assets at FVTPL

The Group's investment in equity instruments are through a managed fund. The Group does not have the option to irrevocably elect to account for these as Equity FVTOCI (see below) due to the limited life of a managed fund.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

1. Summary of Significant Accounting Policies (continued)

(d) Financial Instruments (continued)

Impairment of financial assets

AASB 9's forward looking impairment model applies to the Group's investments at amortised cost. The application of the impairment model depends on whether there has been a significant increase in credit risk.

Trade and other receivables and contract assets

The Group makes use of a simplified approach in accounting for impairment of trade and other receivables as well as contract assets and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Group uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix. At 30 June 2021, the Group applies a standardised percentage across all debtors under the expected credit loss model.

(e) Leases

At inception of a contract, the Group assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability are recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (i.e. a lease with a remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expenses on a straight-line basis over the term of the lease.

Initially the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options;
- lease payments under extension options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability (and makes corresponding adjustment to the related right-ofuse asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used). The lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification
- The Group did not make any such adjustments during the periods presented. The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Victorian Chamber of Commerce and Industry ABN 37 650 959 904 Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

- 1 Summary of Significant Accounting Policies (continued)
 - (e) Leases (continued)

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as a separate line in the statement of financial position.

The Group applies AASB 136 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in the 'Property, Plant and Equipment' policy.

Variable rents that do not depend on an index or rate are not included in the measurement the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments.

(f) Employee Benefits

Short-term employee benefits

Provision is made for the Group's obligation for short-term employee benefits (as defined in *AASB 119: Employee Benefits*). Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Group's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Group's obligations for employees' leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations.

Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Group's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(g) Cash and cash equivalents

Cash and cash equivalents include: cash on hand, deposits held at call with banks, and other short-term highly liquid investments which are readily convertible to cash and are subject to an insignificant risk of changes in value. Cash and cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment purposes.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

1 Summary of Significant Accounting Policies (continued)

(h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities, which are recoverable from or payable to the ATO, are presented as operating cash flows included in receipts from customers or payments to suppliers.

(i) Trade and Other Receivables

Trade and other receivables include amounts due from customers for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade and other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Refer to Note 1(d) for further discussion on the determination of impairment losses.

(j) Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(k) Revenue

The Group enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, capitation fees, levies, grants, and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

(i) Revenue from contracts with customers

Where the Group has a contract with a customer, the Group recognises revenue when or as it transfers control of goods or services to the customer. The Group accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined when the performance obligation has been satisfied.

Victorian Chamber of Commerce and Industry

ABN 37 650 959 904

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

- 1 Summary of Significant Accounting Policies (continued)
 - (k) Revenue (continued)

(ii) Membership revenue

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Victorian Chamber.

Where there is more than one distinct good or service promised in the membership subscription, the Group allocates the transaction price to each performance obligation based on the relative standalone selling prices of each promised good or service. In performing this allocation, standalone selling prices are estimated if there is no observable evidence of the price that the Group charges for that good or service in a standalone sale.

When a performance obligation is satisfied, which is either when the customer obtains control of the good (for example, event tickets) or as the service transfers to the customer (for example, member services or training course), the Group recognises revenue at the amount of the transaction price that was allocated to that performance obligation.

For member subscriptions paid annually in advance, the Group has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from the Group at their standalone selling price, the Group accounts for those sales as a separate contract with a customer.

(iii) Dividend and interest revenue

Dividends, distribution and interest revenue is recognised when the right to receive a dividend has been established. Dividends received from associates are accounted for in accordance with the equity method of accounting.

(iv) Government subsidies

Government subsidies (ie. JobKeeper) are recognised as income when the Group is reasonably assured that it will comply with the conditions attached to it, and the subsidy will be received. The subsidy is recognised as a receivable when the associated wage payments to employees are made.

(v) Federal and State Government program revenue (including grants)

Grants received are accounted for under AASB 15: Revenue from Contracts with Customers when there are enforceable and sufficiently specific performance obligations embedded in the grant arrangement. Revenue is recognised from each grant as the Group satisfies each relevant performance obligation.

Grants that are not recognised under AASB 15: Revenue from Contracts with Customers are recognised under AASB 1058: Income for not-for-profit entities, whereby consideration is received by the Group to enable the entity to further its objectives. The Group recognises each of these amounts of consideration as income when the consideration is received (which is when the Group obtains control of the cash) because, based on the rights and obligations in each arrangement the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer.

(vi) Other revenue

Training and professional service revenue is for scheduled courses is recognised on an accruals basis when the performance obligation being delivering the course and/or service to the customer has occurred.

Rental income whereby the Group as a lessor, does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the relevant lease term. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

All revenue is stated net of the amount of GST.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

- 1 Summary of Significant Accounting Policies (continued)
 - (I) Impairment of Assets

At each reporting date, the Group reviews the carrying values of its tangible and Software to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to profit or loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(m) Intangible assets

Software

Software with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Software with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Assets are amortised between 3-5 years.

Expenditure on research activities is recognised as an expense when incurred.

(n) Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(o) Investments

Investments in Associates

An associate is an entity that the Group has significant influence but not control or joint control. Investments in associate companies are recognised in the consolidated financial statements by applying the equity method of accounting. The equity method of accounting recognises the Group's share of post-acquisition reserves of its associates. When the Group's share of losses in an associate equals or exceeds its interest, which includes any long-term interest that, in substance, form part of the Group's net investment in the associate, the Group does not recognize any further losses, unless it has incurred a contractual obligation to contribute further funds.

Investments in Subsidiaries

Subsidiaries are entities over which the Victorian Chamber has power to govern the financial and operating policies so as to gain benefit from its activities, generally by a shareholding, giving rise to a majority of voting rights. Subsidiaries are consolidated from the date on which control is transferred and deconsolidated from the date control ceases. In preparing the consolidated financial statements transactions, balances and unrealised gains on transactions between groups are eliminated.

Victorian Chamber of Commerce and Industry ABN 37 650 959 904 Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

1. Summary of Significant Accounting Policies (continued)

(p) Critical Accounting Estimates and Judgments

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group. Management is required to exercise judgment in the process of applying accounting policies. In preparing the financial statement the following key judgements were made:

Key estimates - provision for expected credit loss

Included in Note 7, the trade receivables at the end of the reporting period is an amount receivable from customers during the current financial year amounting to \$6,105,698 (2021: \$8,841,444) for the Group. Management have examined doubtful debts provision, which is determined based on the expected credit loss model as defined under AASB 9. This takes into effect the historical losses over the past years on relative debtors, and is then adjusted for current and potential future events.

Key judgements - lease term and option to extend under AASB 16

The lease term is defined as the non-cancellable period of a lease together with both periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and also periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option. The decision on whether or not the options to extend are reasonably going to be exercised is a key management judgement that the Group will make. The Group determines the likeliness to exercise on a lease-by-lease basis, looking at various factors such as which assets are strategic and which are key to the future strategy of the Group.

(q) New Accounting Standards issued, but not effective

AASB 2020-1: Amendments to Australian Accounting Standards – Classifications of Liabilities as Current or Non-Current and associated amending standards

This Standard amends AASB 101 to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current.

For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. The meaning of settlement of a liability is also clarified.

Effective for annual reporting periods beginning on or after 1 January 2023.

No impact is expected but the Group will reassess the appropriate classification of liabilities as current or non-current on application.

2014–10: Sale or contribution of Assets between an Investor and its Associate or Joint Venture and associated amending standards

The amendments address an acknowledged inconsistency between the requirements in AASB 10 and those in AASB 128 (2011), in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

The main consequence of the amendments is that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary. Effective for annual reporting periods beginning on or after 1 January 2025.

No impact is expected but the Group will consider and take the amendments into consideration going forward.

AASB 2020-3: Amendments to Australian Accounting Standards – Annual Improvements 2018-2020 and Other Amendments

This Standard amends a number of standards as follows:

 <u>AASB 1: First-time Adoption of Australian Accounting Standards</u> to simplify the application of AASB 1 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences;

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

- 1. Summary of Significant Accounting Policies (continued)
 - (q) New Accounting Standards issued, but not effective (continued)
 - <u>AASB 3: Business Combinations</u> to update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations;
 - <u>AASB 9: Financial Instruments</u> to clarify the fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability;
 - <u>AASB 116: Property, Plant and Equipment</u> to require an entity to recognise the sales
 proceeds from selling items produced while preparing property, plant and equipment for its
 intended use and the related cost in profit or loss, instead of deducting the amounts received
 from the cost of the asset;
 - <u>AASB 137: Provisions, Contingent Liabilities and Contingent Assets</u> to specify the costs that an entity includes when assessing whether a contract will be loss-making; and
 - <u>AASB 141: Agriculture</u> to remove the requirement to exclude cash flows from taxation when measuring fair value, thereby aligning the fair value measurement requirements in AASB 141 with those in other Australian Accounting Standards.

Annual reporting periods beginning on or after 1 January 2022. The Group is not expecting a material impact from the above amendments to Australian Accounting Standards.

<u>AASB 2021-2: Amendments to Australian Accounting Standards – Disclosure of Accounting Policies</u> and Definition of Accounting Estimates

This Standard amends a number of standards as follows:

- <u>AASB 7: Financial Instruments: Disclosures</u> to clarify that information about measurement bases for financial instruments is expected to be material to an entity's financial statements;
- <u>AASB 101: Presentation of Financial Statements</u> to require entities to disclose their material accounting policy information rather than their significant accounting policies;
- <u>AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors</u> to clarify how entities should distinguish changes in accounting policies and changes in accounting estimates;
- <u>AASB 134: Interim Financial Reporting</u> to identify material accounting policy information as a component of a complete set of financial statements; and
- AASB Practice Statement 2, to provide guidance on how to apply the concept of materiality to accounting policy disclosures.

Effective for annual reporting periods beginning on or after 1 January 2023.

No impact is expected on reported financial performance or position. Reductions in quantum of accounting policies disclosures to focus on key decision areas and material policies only.

(r) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(t) Prior period restatement

The Group hold cash and cash equivalents which is considered liquid and not restricted under AASB 107: Statement of Cash Flows. As such it has been determined by management that it should be reclassified in the prior period to better reflect the financial position of the Group. As a result of this, the Consolidated Group has reclassified \$10,524,266 from non-current financial assets to cash and cash equivalents in the prior period balance sheet. Additionally, the opening and closing cash and cash equivalents including the net movement in investing activities has been grossed up to reflect this reclassification.

As a result of this there has been no impact to the Consolidated Statement of Profit or Loss and Other Comprehensive Income and net assets within the Consolidated Statement of Financial Position has not been impacted.

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

2. Revenue and Other Income (continued)

f. Significant performance obligations

Membership subscriptions

There are two performance obligations within each membership subscription.

Firstly the performance obligation attached with granting the member access to membership benefits including price list. This performance obligation is satisfied over time and payment is generally received either in advance or on a monthly basis in line with the membership.

The second performance obligation is surrounding membership entitlement credits granted to each member in the form of either tickets to future events or credits to offset future services. The performance obligation is satisfied upon delivery of the event or future service.

Membership entitlements are fair valued at the end of each reporting period. Management take into account the timing and probability of unused membership entitlements being used over the coming period prior to their expiration.

Federal and State Government programs (including grants)

Each federal and state government program including any grants that the Group receives is treated according to the performance obligations embedded in each program and/or grant.

Where there are sufficiently specific performance obligations, revenue is allocated and recognised in line with each performance obligation over time.

Where grants do not contain sufficiently specific performance obligations they are treated under AASB 1058: Income for not-for-profit entities and are then accounted in line with Note 1(I)(v).

Professional services

The performance obligation is satisfied upon delivery of the services and payment is generally received either in advance or due within the Group's standard credit terms.

Training

The performance obligation is satisfied upon delivery of the services and payment is generally received either in advance or due within the Group's standard credit terms.

Outstanding performance obligations at year-end

At 30 June 2022 the aggregate amount of the transaction price allocated to the performance obligations that are unsatisfied is \$7,780,323 (2021: \$12,654,364) as per Note 12. The Group expects that these performance obligations will be satisfied and recognised as revenue over the coming 12 months.

3. Surplus before tax

Victorian Chamber of Commerce and Industry ABN 37 650 959 904 Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

13. Provisions (continued)

Annual Leave

Full time equivalent staff within the Group are entitled to 20 days of Annual leave per year, with unused leave remaining at balance date recognise as a liability to the Group. It is expected the staff will continue to utilise their accrued annual leave in the following 12-month period.

Long Service Leave

Full time equivalent staff within the Chamber are entitled to Long Service leave after 10 years of service within the Group, and a pro rata payment of unused leave should they terminate their employment after 7 years. The group has reviewed their liability in this area and assessed, using probability of service records, a liability that reflects the probable future cash outflow to the Group. A portion has been recognised as non-current to reflect the requirement to reach the minimum 7 years of service.

Make Good Provisions

The Group operates several regional offices which have varying degrees of Make Good Provisions built into contractual lease arrangements. It has been assessed that the Group will be likely to incur these liabilities beyond the next 12 months.

Provision for Restructure

The organisation recorded a restructuring provision in 2021. The provision relates principally to the corporate restructure surrounding downsizing staffing requirements. The restructuring plan was drawn up and announced to the employees of before year-end when the provision was recognised in its consolidated financial statements.

Bonus Provisions

Within the Group, designated staff have short term incentive arrangements included in their employment agreements. A review of these bonus arrangements has seen the Group recognise a liability which will be discharged fully within the next 12 months.

20. Financial Risk Management

Financial Risk Management Policies

The Group's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments in term-deposits, managed investments portfolios, accounts receivable and payable, loans to and from subsidiaries, and leases. The Group does not speculate in the trading of financial instruments.

Investment Risk Management

The Investment Committee, consisting of directors and executives of the Group, engaged independent external consultants Pitcher Partners and Emerge Capital as its investment managers during the financial year to provide professional advice with respect to the Group's investments. The Committee and investment manager meet on a regular basis to analyze financial risk exposure and to evaluate investment management strategies in the context of the most recent economic conditions and forecasts.

The Committee's overall risk management strategy seeks to assist the Group in meeting its financial targets, whilst minimizing potential adverse effects on financial performance. The Investment Committee operates under policies approved by the Board of Directors. Risk management policies are approved and reviewed by the Board of Directors on a regular basis.

The current investment strategy is conservative focused on achieving medium to long term investment gains.

(i) Financial Risk Exposures and Management

The main risks the Group is exposed to through its financial instruments are market risk, interest rate risk, price risk and credit risk.

a. Interest Rate Risk

The Group's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the weighted average interest rate for classes of financial assets and financial liabilities (calculated using the applicable interest rates and balances during the financial year), is set out below:

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

20. Financial Risk Management (continued)

Investment Risk Management (continued)

b. Market Risk

The maximum exposure to market risk, which is the risk that a financial instrument's fair value will fluctuate as a result of changes in the market price of the financial instruments, amounts to the value of the financial instrument as disclosed in the Statement of Financial Position. Refer to the sensitivity analysis below at note 20(f).

c. Credit Risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its investing activities primarily deposits with banks and financial institutions.

Trade receivables and contract assets

Customer credit risk is managed by the Group's finance team dictated by the Group's policies, procedures and controls relating to customer risk management.

An impairment analysis is performed at each reporting date using an expected credit loss model which is applied to all trade receivable and contract asset balances that are subject to credit risk. The Group considers the key revenue streams subject to credit risk being membership, professional service and training revenue. The Group looks at the 5 year rolling average of bad debts written off against these revenue streams adjusted for the following factors when calculating the expected credit loss model:

- Customer receivable balances over 365+ days, and
- Related party receivables whereby they have increased control on recoverability.

Based on this credit risk evaluation, the simplified expected credit loss model implies a loss rate of the revenue streams subject to credit at 30 June 2022 was 3.69 % (2021: 4.01 %)

The Group evaluates the concentration of risk with respect to trade receivables and contract assets as low.

d. Liquidity Risk

Liquidity risk arises from the possibility that the Group might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The Group does not have a significant liquidity risk. The only financial liabilities are trade and other payables to the value of \$5,111,754 (2021: \$4,303,088) which are due for payment within 1 year. With cash equaling \$18,571,338 (2021: \$19,475,354), and liquid assets of \$28,830,691 (2021: \$31,224,606) held in financial assets – managed investment, the Group has sufficient financial and liquid assets available to meet its debts as and when they fall due.

e. Sensitivity Analysis

The Group does not have any borrowings and therefore the main exposure would be in market risk due to price movements of investments. The following table summarizes the sensitivity of the Group's and the Parent's non-interest bearing financial assets to the movement in the market. Carrying value of non-current non-interest bearing financial assets at fair value at 30 June 2022 is \$63,959,448 (2021: \$59,962,889).

20. Financial Risk Management (continued)

Investment Risk Management (continued)

	Profit	Equity
	\$	\$
Year ended 30 June 2022		
Fair value on 3% movement	+/- 1,279,189	+/- 1,279,189
Fair value on 5% movement	+/- 3,197,972	+/- 3,197,972
Fair value on 10% movement	+/- 6,395,945	+/- 6,395,945
Year ended 30 June 2021		
Fair value on 3% movement	+/- 1,798,887	+/- 1,798,887
Fair value on 5% movement	+/- 2,998,144	+/- 2,998,144
Fair value on 10% movement	+/- 5,996,289	+/- 5,996,289

Price risk relates to the risk that the fair value of a financial instrument and future cash flows will fluctuate because of changes in market prices of securities held. Such risk is managed through diversification of investments across industries and geographic locations. The Group's managed investments are held in the following financial assets at the end of the reporting period.

	2022	2021
Cash	10%	13%
Fixed Interest	14%	16%
Australian Shares	12%	12%
Overseas Shares	9%	9%
Overseas Property	0%	0%
Unlisted Property	38%	38%
Alternatives	7%	7%

The following table illustrates sensitivities to the Group's exposures to changes in interest rates and equity prices. The table indicates the impact on how profit and equity values reported at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

	Profit	Equity
	\$	\$
Year ended 30 June 2022

2% in interest rate	+/- 408,391	+/- 408,391
10% in listed investments	+/- 5,996,289	+/- 5,996,289

For the Year Ended 30 June 2022

21. Fair Value Measurements

The Group measures and recognizes the following assets and liabilities at fair value on a recurring basis after initial recognition:

Financial assets at fair value through profit and loss

The Group does not subsequently measure any liabilities at fair value on a recurring basis, or any assets or liabilities at fair value on a non-recurring basis.

Fair Value Hierarchy a.

AASB 13: Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorizes fair value measurements into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorized into as follows:

Level 1	Level 2	Level 3
Measurements based on quoted prices (unadjusted) in active market for identical assets or liabilities that the entity can assess at the measurement date.	Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.	Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximize, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation Techniques

The Group selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Group are consistent with one or more of the following valuation approaches:

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Group gives priority to those techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

The following tables provide the fair values of the Group's assets and liabilities measured and recognized on a recurring basis after initial recognition and their categorization within the fair value hierarchy:

Victorian Chamber of Commerce and Industry

ABN 37 650 959 904

Notes to the Consolidated Financial Statements

For the Year Ended 30 June 2022

21. Fair Value Measurements (continued)

Recurring Fair Value Measurements

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
2022				
Financial assets				
 Managed investments at fair value through profit or loss 	82,048,479	-	-	82,048,479
2021				
Financial assets				
 Managed investments at fair value through profit or loss 	79,848,487	-	-	79,848,487

There has been no change in the valuation techniques used to calculate the fair values disclosed in the consolidated financial statements. There has been no transfer between fair value hierarchies during the year.

22. Parent Entity

23. Organisation Details

The registered office and principal place of business of the Victorian Chamber is:

Victorian Chamber of Commerce and Industry (Victorian Chamber)

150 Collins Street

MELBOURNE VIC 3000

The principal activities of the Victorian Chamber during the financial year were to assist the interests of Victorian business members and contributors via representation and advocacy to Government and policy makers along with providing membership services primarily involving Industrial Relations, information, advice, networking and value added professional services.

24. Additional Disclosures - S253 of Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- 1) A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3) A reporting unit must comply with an application made under subsection (1).

Victorian Chamber of Commerce and Industry ABN 37 650 959 904 Officer Declaration Statement

For the Year Ended 30 June 2022

I, Paul Guerra, being the Chief Executive Officer of the Group, declare that the following activities did not occur during the reporting period ending 30 June 2022:

The Group did not:

- agree to receive financial support from another reporting unit to continue as a going concern (refers to agreement regarding financial support not dollar amount)
- agree to provide financial support to another reporting unit to ensure they continue as a going concern (refers to agreement regarding financial support not dollar amount)
- acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of an organisation, a determination or revocation by the General Manager, Fair Work Commission
- receive capitation fees or any other revenue amount from another reporting unit
- receive revenue via compulsory levies
- receive revenue from undertaking recovery of wages activity
- incur fees as consideration for employers making payroll deductions of membership subscriptions
- pay capitation fees or any other expense to another reporting unit
- pay compulsory levies
- pay a grant that was \$1,000 or less
- pay a grant that exceeded \$1,000
- pay a donation that was \$1,000 or less
- pay a donation that exceeded \$1,000
- receive a donation that exceeded \$1,000
- pay other employee expenses to holders of office
- pay other employee expenses to employees (other than holders of office)
- pay to a person fees or allowances to attend conferences or meetings as a representative of the reporting unit
- incur expenses due to holding a meeting as required under the rules of the organisation
- pay legal costs relating to litigation
- pay a penalty imposed under the RO Act or the Fair Work Act 2009
- have a receivable with other reporting unit(s)
- have a payable with other reporting unit(s)
- have a payable to an employer for that employer making payroll deductions of membership subscriptions
- have a separation and redundancy provision in respect of holders of office
- have a fund or account for compulsory levies, voluntary contributions or required by the rules of the organisation or branch
- transfer to or withdraw from a fund (other than the general fund), account, asset or controlled entity
- have a balance within the general fund
- provide cash flows to another reporting unit and/or controlled entity
- receive cash flows from another reporting unit and/or controlled entity
- have another entity administer the financial affairs of the reporting unit
- make a payment to a former related party of the reporting unit
- receive or make payments to other reporting units

Date

Victorian Chamber of Commerce and Industry ABN 37 650 959 904 Committee of Management Statement

For the Year Ended 30 June 2022

On 4th October 2022, the Members of the Committee of Management (Board of Directors) of the Victorian Chamber passed the following resolution in relation to the general purpose financial report (GPFR) for the financial year ended 30 June 2022:

The Board of Directors declares in relation to the general purpose financial report that in its opinion:

- a) The consolidated financial statements and notes comply with the Australian Accounting Standards;
- b) The consolidated financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act* 2009 (the RO Act);
- c) the consolidated financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- d) There are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable;
- e) During the financial year to which the GPFR relates and since the end of that year:
 - i. meetings of the board of directors were held in accordance with the rules of the organisation including the rules of a branch concerned;
 - ii. the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned;
 - iii. the financial records of the reporting unit have been kept and maintained in accordance with the RO Act;
 - iv. where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation; and
 - v. where information has been sought in any request by a member of the reporting unit or Commissioner duly made under section 272 of the RO Act has been provided to the member or Commissioner;
 - vi. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the Committee of Management.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE VICTORIAN CHAMBER OF COMMERCE AND INDUSTRY

Opinion

We have audited the financial report of the Victorian Chamber of Commerce and Industry (Reporting Unit) and its controlled entities (Group) which comprises the Consolidated Statement of Financial Position as at 30 June 2022, the Consolidated Statement of Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and Notes to the Financial Statements, including a summary of significant accounting policies, the Committee of Management Statement, the Report required under subsection 255(2A) and the Officer Declaration Statement (the Financial Report).

In our opinion, the accompanying Financial Report presents fairly, in all material respects, the financial position of the Group as at 30 June 2022, and its financial performance and its cash flows for the year ended on that date in accordance with:

a) Australian Accounting Standards; and

b) any other requirements imposed by the reporting guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the Act).

I declare that management's use of the going concern basis in the preparation of the Financial Report of the Group is appropriate.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Reporting Unit in accordance with the relevant ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the Financial Report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The Committee of Management are responsible for the other information. The other information comprises the information included in the Group's Annual Report for the year ended 30 June 2022, but does not include the Financial Report and our auditor's report thereon.

Our opinion on the Financial Report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Committee of Management for the Financial Report

The Committee of Management of the Group is responsible for the preparation of the Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and the Act, and for such internal control as the Committee of Management determine is necessary to enable the preparation of the Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Financial Report, the Committee of Management are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Report, including the disclosures, and whether the Financial Report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Financial Report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

Take the lead

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

I declare that I am an auditor registered under the Act.
