

10 July 2025

Mark Richards District Secretary Mining and Energy Union - Victorian District Branch Sent via email: <u>mrichards@meuvic.org.au</u> CC: <u>smilgate@daley.com.au</u>

Dear Mark Richards

Mining and Energy Union - Victorian District Branch Financial Report for the year ended 31 December 2024 – (FR2024/268)

I acknowledge receipt of the financial report for the year ended 31 December 2024 for the Mining and Energy Union - Victorian District Branch (the reporting unit). The documents were lodged with the Fair Work Commission (the Commission) on 16 June 2025. I also acknowledge receipt of the Designated Officer's Certificate which was lodged with the Commission on 26 June 2025.

The financial report has now been filed. You are not required to take any further action in respect of the report lodged.

The financial report was filed based on a primary review. This involved confirming that the financial reporting timelines required under sections 253, 265, 266 and 268 of the Fair Work (Registered Organisations) Act 2009 (RO Act) have been satisfied, all documents required under section 268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements. Please note that next year's financial report may be subject to an advanced compliance review.

#### **Reporting Requirements**

The Commission's website provides a number of factsheets in relation to the financial reporting process and associated timelines. The website also contains the section 253 reporting guidelines and a model set of financial statements.

The Commission recommends that reporting units use these model financial statements to assist in complying with the RO Act, the section 253 reporting guidelines and Australian Accounting Standards. Access to this information is available via this link.

If you have any queries regarding this letter, please call 1300 341 665 or email regorgs@fwc.gov.au.

Yours sincerely
Fair Work Commission

### **MINING & ENERGY UNION, Victorian District**

### **DESIGNATED OFFICER CERTIFICATE**

### Certificate for the period ended 31 December 2024

I, Mark Richards, being the District Secretary of the Mining & Energy Union, Victorian District Branch, certify:

- That the documents lodged herewith are copies of the full report for the Mining & Energy Union, Victorian District Branch, for the period ended 31<sup>st</sup> December 2024, referred to in s.268 the Fair Work (Registered Organisations) Act 2009; and
- That the full report was provided to members of the reporting unit through the Union website and circulation at work sites on 16<sup>th</sup> June 2025, and
- That the full report was presented to the Committee of Management of the reporting Unit on 11<sup>th</sup> June 2025; in accordance with section 266 of the Fair Work (Registered Organisations) Act 2009.

Mark Richards District Secretary

#### **Operating Report**

#### For the Year Ended 31 December 2024

The Board of Management present their report on the Mining and Energy Union - Victorian District Branch ("the Union") for the financial year ended 31 December 2024.

#### Names of Board of Management members and period positions held during the financial year

The names of each person who has been on the Board of Management ("BOM") during the year are:

Name	Position	Period of Appointment
Mr A Smith	District President	1/3/2024 - 31/12/2024
Mr A Schoer	District Vice President	1/1/2024 - 31/12/2024
Mr M Richards	District Secretary	1/1/2024 - 31/12/2024
Mr R Barber	BOM Member	1/1/2024 - 31/12/2024
Mr M Karabadjak	BOM Member	1/1/2024 - 31/12/2024
Mr M Micallef	BOM Member	1/1/2024 - 31/12/2024
Mr J Pedemont	BOM Member	1/1/2024 - 31/12/2024
Mr C Savage	BOM Member	1/7/2024 - 31/12/2024
Mr A Halsall	BOM Member	1/7/2024 - 31/12/2024
Mr B Leighton	BOM Member	1/1/2024 - 30/6/2024
Mr T Jongerious	BOM Member	1/1/2024 - 30/6/2024

# Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

A review of the operations and results of the Union is performed at meetings of the Board of Management.

The principal activities of the Union during the financial year were:

- conducting activities for Parliamentary, Divisional and District elections, including assisting with statutory requirements;
- co-ordinating seminars/education courses for Lodge Officers to inform them of current developments or to seek collective input in the development of national policies;
- representing the District's interest on various national committees and organisations;
- responsibility for servicing national awards and enterprise agreements and maintaining related information services, including District Office advising Lodges on industrial matters;
- provision to Lodges with economic and industrial research;
- provision to Lodges of a National Library including information service/library through an electronic data base;
- co-ordinating Occupational Health and Safety nationally and maintaining a national policy database and information service;
- leading the conduct of legal action launched in defence of the District's constitutional work; and
- provision of a National Training Agenda by representing the Union on various Boards and Committees.

There were no other changes in the nature of the Union's activity during the year.

ABN: 38 442 492 093

#### **Operating Report**

For the Year Ended 31 December 2024

#### **Results of activities**

The result of the Union was a deficit of \$43,815 (2023: deficit of \$35,376). The Board of Management believe that they have furthered the interests of their members throughout the financial year through conducting the Union's principal activities.

#### Significant changes in financial affairs

There have been no other significant changes in the state of financial affairs of the Union during the year.

#### Right of members to resign

All members of the Union have the right to resign in accordance with Rule 5(iv)(a) of the Union Rules [and section 174 of the *Fair Work (Registered Organisations) Act 2009*], namely, by providing written notice addressed and delivered to either the District Secretary, or a Lodge Secretary or authorised delegate.

#### Number of members

There were 1,038 members of the Union as at 31 December 2024 (2023: 951).

#### Number of employees

As at 31 December 2024 the Union had 3 full time equivalent employees (2023: 3).

Officers or members who are superannuation fund trustee(s) or director of a Company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

No officer or member of the Union acts:

- i) as a trustee of a superannuation entity or an exempt public sector superannuation scheme; or
- ii) as a director of a Company that is trustee of a superannuation entity or an exempt public sector superannuation scheme.

Signed in accordance with a resolution of the Board of Management.

Mark Richards District Secretary

District President

Dated: 11 June 2025

ABN: 38 442 492 093

#### **Board of Management Statement**

For the Year Ended 31 December 2024

On the 11 June 2025 the Board of Management of the Mining and Energy Union - Victorian District Branch ("the Union") passed the following resolution in relation to the general purpose financial report for the year ended 31 December 2024:

The Board of Management declares that in its opinion:

- (a)the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 ("the RO Act");
- the financial statements and notes give a true and fair view of the financial performance, financial (c) position and cash flows of the Union for the financial year to which they relate;
- (d)there are reasonable grounds to believe that the Union will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the general purpose financial report relates and since the end of that vear:
  - meetings of the board of management were held in accordance with the rules of the (i) organisation including the rules of a branch concerned; and
  - the financial affairs of the Union have been managed in accordance with the rules of the (ii) organisation including the rules of a branch concerned; and
  - (iii) the financial records of the Union have been kept and maintained in accordance with the RO Act; and
  - where the organisation consists of two or more reporting units, the financial records of the (iv)Union, have been kept, as far as practicable, in a manner consistent with each of the other reporting units of the organisation; and
  - (v)where information has been sought in any request by a member of the Union or General Manager duly made under section 272 of the RO Act; that information has been provided to the member or General Manager; and
  - (vi) where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution by the Board of Management.

**District President** 

Dated: 11 June 2025

**District Secretary**

### Notes to the Financial Statements

For the Year Ended 31 December 2024

The financial report covers Mining and Energy Union - Victorian District Branch ("the Union") as an individual entity.

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisations) Act 2009.* For the purpose of preparing the general purpose financial statements, the Union is a not-for-profit entity.

The financial statements, except for cash flow information, have been prepared using the accrual basis of accounting. The financial statements have been prepared on a historical cost basis except for certain classes of property, plant and equipment and investment properties, as explained in the accounting policies below.

Historical cost is generally based on the fair values of the consideration given in exchange for assets. The financial statements are presented in Australian dollars.

#### **Comparative Amounts**

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

#### 1 Basis of Preparation

By way of order dated 20 November 2023, Justice Shariff of the Federal Court of Australia in the matter of Grahame Patrick Kelly v Construction, Forestry, Maritime, Mining and Energy Union [NSD1120/2023] made an order pursuant to s.109(1)(a) of the Fair Work (Registered Organisations) Act 2009 ("RO Act") that the withdrawal of the Mining and Energy Division from the Construction, Forestry, Maritime, Mining and Energy Union was to take effect on 1 December 2023.

On 1 December 2023, the Mining and Energy Union ("the Reporting Unit") was registered as an organisation under subsection 26(1) of the RO Act. Up to the withdrawal date of 1 December 2023, the Reporting Unit was a division of the then Construction, Forestry, Maritime, Mining and Energy Union ("CFMMEU") and known as the CFMMEU Mining and Energy Division ("the Former Reporting Unit").

The Reporting Unit is a separate legal entity and a separate Organisation under the RO Act from the Former Reporting Unit, which (at that date) ceased to exist. The Reporting Unit carries on the same business as the Former Reporting Unit. Accordingly, there have been no changes in the rights or obligations attached to any assets, liabilities or capital of the Reporting Unit, with all being transferred (or in the process of being transferred) from the formal title of the Former Reporting Unit to the Reporting Unit, at their carrying amounts as at 1 December 2023, and under the same accounting policies referred to in the notes to these financial statements. Similarly, all membership, workplace and District structures have also remained unchanged and have been transferred over to the Reporting Unit.

ABN: 38 442 492 093

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### **1** Basis of Preparation (continued)

Accordingly, for financial reporting purposes, with the agreement of the Fair Work Commission, it is appropriate that, having regard to sections 35 and 93 of the Act, that in practical terms the reporting requirements are continuous for the financial year for the various units, as if the Former Reporting Unit and the Reporting Unit were the same reporting entity.

That is, the Union/Reporting Unit shall report to members with one financial report as at and for the year ending 31 December 2023, as if it were the same reporting unit for the entirety of that period.

Refer to note 2(o) for further information.

#### 2 Material Accounting Policy Information

#### (a) Revenue and other income

#### Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promise services to customers at an amount that reflects the consideration the Union expects to receive in exchange for those services.

Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer;
- 2. Identify the performance obligations;
- 3. Determine the transaction price;
- 4. Allocate the transaction price to the performance obligations; and
- 5. Recognise revenue as and when control of the performance obligations is transferred.

Generally the timing of the payment for rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

None of the revenue streams of the Union have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (a) Revenue and other income (continued)

The revenue recognition policies for the principal revenue streams of the Union are:

#### Membership subscriptions

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Union.

There is only one distinct membership service promised in the arrangement. Accordingly, the Union recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Union's promise to stand ready to provide assistance and support to the member as required.

For member subscriptions paid annually in advance, the Union has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from the Union at their standalone selling price, the Union accounts for those sales as a separate contract with a customer.

#### Rental income

Rental income is recognised on a straight-line basis over a period of the lease term so as to reflect a constant periodic rate of return on the net investment.

#### Interest revenue

Interest revenue is recognised using the effective interest rate method.

#### (b) Income tax

The Union is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997;* however still has an obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

#### (c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (c) Goods and services tax (GST) (continued)

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the balance sheet.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

#### (d) Leases

At inception of a contract, the Union assesses whether a lease exists - i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration.

This involves an assessment of whether:

- The contract involves the use of an identified asset this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right then there is no identified asset.
- The Union has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.
- The Union has the right to direct the use of the asset i.e. decision making rights in relation to changing how and for what purpose the asset is used.

#### Lessee accounting

The non-lease components included in the lease agreement have been separated and are recognised as an expense as incurred.

#### (i) Right-of-use asset

At the lease commencement, the Union recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Union believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

#### Notes to the Financial Statements For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (d) Leases (continued)

#### (ii) Lease liability

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Union's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Union's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

#### (e) Cash and cash equivalents

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

#### (f) Financial instruments

Financial instruments are recognised initially using trade date accounting, i.e. on the date that the Union becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs.

ABN: 38 442 492 093

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (f) Financial instruments (continued)

#### Financial assets

All recognised financial assets are subsequently measured at amortised cost.

#### Classification

On initial recognition, the Union classifies its financial assets as those measured at amortised cost.

The classification depends on the Union's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets are not reclassified subsequent to their initial recognition unless the Union changes its business model for managing financial assets.

#### Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Union's financial assets measured at amortised cost comprise trade and other receivables, cash and cash equivalents and financial assets in the balance sheet.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income and impairment are recognised in profit or loss.

#### Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for financial assets measured at amortised cost.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Union considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Union's historical experience and informed credit assessment, including forward looking information.

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (f) Financial instruments (continued)

#### Financial assets (continued)

The Union uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

Credit losses are measured as the present value of the difference between the cash flows due to the Union in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

#### Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Union has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in bad debts expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Union renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

#### Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

#### Financial liabilities

The Union measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Union comprise trade and other payables and lease liabilities.

ABN: 38 442 492 093

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (g) Impairment of non-financial assets

At the end of each reporting period the Union determines whether there is evidence of an impairment indicator for non-financial assets.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss.

#### (h) Property, plant and equipment

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment.

Under the cost model, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

#### Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Union, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings	2.5%
Plant and Equipment	5 - 50%
Motor Vehicles	25%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

ABN: 38 442 492 093

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (i) Investment property

Investment property is held at cost less depreciation and impairment.

#### (j) Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

Assets classified as held for sale are not amortised or depreciated.

Non-current assets classified as held for sale and any associated liabilities are presented separately in the balance sheet.

#### (k) Employee benefits

#### Defined contribution contributions

Obligations for contributions to defined contribution superannuation plans are recognised as an employee benefit expense in profit or loss in the periods in which services are provided by employees.

#### Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits and accumulating sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### Other long-term employee benefit obligations

The liabilities for long service leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (k) Employee benefits (continued)

Expected future payments are discounted using market yields at the end of the reporting period of high-quality corporate bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Union does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### (I) Capitation fees and levies expense

Capitation fees and levies are recognised on an accrual basis and recorded as an expense in the year to which it relates.

#### (m) Adoption of new Australian Accounting Standards and amendments

The Union has adopted all standards which became effective for the first time during the year, the adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Union.

#### (n) Future Australian Accounting Standards

Certain new accounting standards have been published that are not mandatory for 31 December 2024 reporting periods and have not been early adopted by the Branch. These standards are not expected to have a material impact on the Branch in the current or future reporting periods and on foreseeable future transactions.

#### (o) Withdrawal from the CFMMEU

By way of order dated 20 November 2023, Justice Shariff of the Federal Court of Australia in the matter of Grahame Patrick Kelly v Construction, Forestry, Maritime, Mining and Energy Union [NSD1120/2023] made an order pursuant to s.109(1)(a) of the Fair Work (Registered Organisations) Act 2009 ("RO Act") that the withdrawal of the Mining and Energy Division from the Construction, Forestry, Maritime, Mining and Energy Union was to take effect on 1 December 2023.

As referred to above at note 1, on 1 December 2023, the Mining and Energy Union was registered as an organisation under subsection 26(1) of the RO Act. Up to the withdrawal date of 1 December 2023, the Mining and Energy Union was a division of the then Construction, Forestry, Maritime, Mining and Energy Union ("CFMMEU") and known as the CFMMEU Mining and Energy Division.

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (o) Withdrawal from the CFMMEU (continued)

Similarly, up to the withdrawal date of 1 December 2023, the Construction, Forestry, Maritime, Mining and Energy Union, Mining and Energy Division, Victorian District Branch was a District Branch of the CFMMEU Mining and Energy Division and from that date is now known as the Mining and Energy Union Victorian District Branch, being a District branch of the Mining and Energy Union.

Accordingly, the Committee of Management do not believe that this application will have any impact on the Union's ability to continue as a going concern.

#### 3 Critical Accounting Estimates and Judgements

The Board of Management make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below:

#### Key estimates - impairment of investment property

The Union assesses impairment at the end of each reporting period by evaluating conditions specific to the Union that may be indicative of impairment triggers.

#### Key estimates - receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. The impairment provision is based on the best information at the reporting date.

#### Key estimates - useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain property, plant and equipment.

### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 3 Critical Accounting Estimates and Judgements (continued)

Key estimates - employee entitlements

As described in the accounting policies, provisions for employee entitlements are measured at management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. These estimates are made after taking into account a range of possible outcomes, probabilities and assumptions and will vary as further information is obtained.

#### 4 Revenue and other income

	2024	2023
	\$	\$
Revenue from contracts with customers		
Membership subscriptions	1,009,293	961,776
Other income		
Reimbursements	4,691	3,380

This balance has been deemed not to be impaired.

#### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 7 Trade and other receivables (continued)

#### (b) Impairment of receivables

The Union applies the simplified approach to providing for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The loss allowance provision as at 31 December 2024 is determined as follows and the expected credit losses incorporate forward looking information.

31 December 2024	< 90 days overdue	< 180 days overdue	Total
Expected loss rate (%)	60%	80%	
Gross carrying amount (\$)	14,991	293	15,284
ECL provision (\$)	8,994	235	9,229
31 December 2023			
Expected loss rate (%)	60%	80%	
Gross carrying amount (\$)	19,893	110	20,003
ECL provision	11,936	88	12,024

The Union measures the loss allowance for trade receivables at an amount equal to lifetime expected credit loss (ECL). The ECL on trade receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

Balance at beginning of the period Transfers from property, plant and equipment			884,767	_
Impairment		_	(109,767)	
Balance at end of the period			775,000	_

An independent valuation of property (land and buildings) carried at fair value was obtained, effective 31 December 2024. The valuation is an estimation which would only be realised if the property is sold. The critical assumptions adopted in determining the valuation included the location of the land and buildings, current demand and recent sales data for similar properties. The valuation resulted in \$109,767 being debited to the profit or loss in the 2024 financial year, and is considered by the Union to remain appropriate for the recording of this asset at its carrying value, net of depreciation and impairment, as at 31 December 2024.

#### 13 Trade and other payables

- Loan payable	14 _	525,000	565,000
Total financial liabilities	=	612,967	729,240

#### (a) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Union.

Credit risk arises from cash and cash equivalents arising from deposits with banks and financial institutions, as well as credit exposure to retail customers, including outstanding receivables and committed transactions.

The Union has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit rating funds.

### Notes to the Financial Statements

For the Year Ended 31 December 2024

#### 18 Financial risk management (continued)

#### (b) Credit risk - Trade and Other Receivables

The Union's trade and other receivables exposure to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon is recorded at note 7.

Amounts are considered as 'past due' when the debt has not been settled, within the terms and conditions agreed between the Union and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there is objective evidence indicating that the debt may not be fully repaid to the Union.

The balances of receivables that remain within initial trade terms (note 7) are considered to be of high credit quality.

The Union does not hold any financial assets with terms that have been renegotiated, but which would otherwise be past due or impaired.

The other classes of receivables do not contain impaired assets.

There are no balances within trade receivables that contain assets that are not impaired and are past due. It is expected that these balances will be received when due.

#### (c) Liquidity risk

Liquidity risk arises from the Union's management of working capital. It is the risk that the Union will encounter difficulty in meeting its financial obligations as they fall due.

The Union's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due.

At the reporting date, these reports indicate that the Union expected to have sufficient liquid resources to meet its obligations under all reasonably expected circumstances.

The table below reflects an undiscounted contractual maturity analysis for financial liabilities.

The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward. The amounts disclosed in the table are the undiscounted contracted cash flows and therefore the balances in the table may not equal the balances in the balance sheet due to the effect of discounting.

#### **Notes to the Financial Statements**

For the Year Ended 31 December 2024

#### **18** Financial risk management (continued)

#### (c) Liquidity risk (continued)

Financial liability maturity analysis

		<1 year		>1 year	
		2024	2023	2024	2023
	Note	\$	\$	\$	\$
Trade and other payables	13	137,327	195,904	-	-
Lease liabilities	10	1,447	1,323	3,617	5,064
Loan payable	14	525,000	565,000	-	
Total		663,774	762,227	3,617	5,064

#### (d) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (interest rate risk).

The Union is exposed to interest rate risk as it holds term deposits and bank account balances.

Exposure to interest rate risk arises on financial assets recognised at the end of the reporting period, whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments.

Given the value of financial instruments held, the Union is not exposed to material interest rate risk.

#### (e) Net income/(expense) from financial assets/financial liabilities

ABN: 38 442 492 093

## Notes to the Financial Statements

For the Year Ended 31 December 2024

## 21 Fair Value Measurement

## Net fair values

The fair values of financial assets and financial liabilities are consistent with their carrying values as presented in the balance sheet. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair values derived may be based on information that is estimated or subject to judgement, where changes in assumptions may have a material impact on the amounts estimated. Areas of judgement and the assumptions have been detailed below. Where possible, valuation information used to calculate fair value is extracted from the market, with more reliable information available from markets that are actively traded. In this regard, fair values for listed securities are obtained from quoted market bid prices. Where securities are unlisted and no market quotes are available, fair value is obtained using discounted cash flow analysis and other valuation techniques commonly used by market participants.

## Fair value hierarchy

AASB 13 Fair Value Measurement requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

Level 1	Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

The Union has no financial assets or liabilities at fair value.

# 22 Related party transactions

## **Related Parties**

## (a) Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Union, directly or indirectly, including any Board of Management member (whether executive or otherwise) of that Union is considered key management personnel.

For details of disclosures relating to key management personnel, refer to Note 19: Key Management Personnel Compensation.

ABN: 38 442 492 093

# Notes to the Financial Statements

For the Year Ended 31 December 2024

## 24 Events after the end of the Reporting Period

The financial report was authorised for issue on 11 June 2025 by the Board of Management.

There has not been any matters or circumstances occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Union, the results of those operations, or the state of affairs of the Union in subsequent financial periods.

## 25 Section 272 Fair Work (Registered Organisation) Act 2009

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009,* the attention of the members is drawn to the provisions of Subsections [1] to [3] of Section 272 which reads as follows:

Information to be provided to members or the General Manager:

- 1. A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2. The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3. A reporting unit must comply with an application made under subsection (1).

- -receive cash flows from another reporting units and/or controlled entity
- have another entity administer the financial affairs of the reporting unit
- make a payment to a former related party of the reporting unit

District President

Dated: 11 June 2025

#### **Report on the Audit of the Financial Report**

We have audited the financial report of Mining and Energy Union - Victorian District Branch ("the Union"), which comprises the balance sheet as at 31 December 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information, the board of management statement, the subsection 255 (2A) report and the Officer Declaration Statement.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the Union as at 31 December 2024 and of their performance and cashflows for the year then ended in accordance with:

- (a) the Australian Accounting Standards; and
- (b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work* (*Registered Organisations*) *Act 2009* (the "RO Act").

We declare that management's use of the going concern basis in preparation of the financial statements of the Union is appropriate.

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described as in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Union in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Information Other than the Financial Report and Auditor's Report Thereon

The Board of Management is responsible for the other information. The other information comprises the Directors' Report for the year ended 31 December 2024, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Board of Management for the Financial Report**

The Board of Management of the Union are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Board of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Board of Management are responsible for assessing Mining and Energy Union - Victorian District Branch's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Management either intend to liquidate the Union or to cease operations, or have no realistic alternative but to do so.

### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud or error is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Union's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Management.
- Conclude on the appropriateness of the Board of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Union's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Union to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

I declare that I am an auditor registered under the RO Act.

4 June 2025

Mark Richards District Secretary Mining and Energy Union - Victorian District Branch Sent via email: mrichards@meuvic.org.au

## **Dear Mark Richards**

# Mining and Energy Union - Victorian District Branch Request for extension of time to provide members with a copy of the financial Report for the year ended 31 December 2024 – (FR2024/268)

I acknowledge receipt on 3 June 2025 of a request for extension of time to provide copies of the full report of the Mining and Energy Union - Victorian District Branch (the reporting unit) for the financial year ended 31 December 2024 to the members of the reporting unit.

According to our records, the reporting unit has a 5% rule (Rule 10(O)(2)) and has used this rule in previous years to present its full financial reports to a committee of management meeting as required under subsection 266(3) of the *Fair Work (Registered Organisations) Act 2009* (the RO Act). Where the financial report is to be presented to a meeting of the committee of management, subsection 265(5)(b) of the RO Act requires that copies of the full or concise report be provided to members within 5 months of the end of the financial year, that is by 31 May 2025. Subsection 265(5) enables the General Manager, upon application by a reporting unit, to extend the period by no more than one month.

As the Delegate of the General Manager, I have carefully considered this application and the circumstances in which it has been made.

## Reasons for extension of time

Your email advises that due to unexpected events, the reporting unit has been unable to hold the committee of management meeting to pass the resolution relating to the financial report within the required timeframe. This meeting is required to finalise the financial reporting process and enable members to be provided with a copy of the full report. You have advised that the first committee of management meeting was originally scheduled for 30 April 2025, but a delay in the audit process due to the reporting unit requiring an independent valuation of its building, deferred this meeting. You have also advised that due to the unavailability of some members of the committee of management, the rescheduled committee of management meeting could not be conducted on 4 June 2025 and has been further postponed to 11 June 2025.

## Decision to grant the extension of time to provide members with a copy of the full or concise report

Having considered your reasons, I allow an extension of time for a period of one month, until **30 June 2025**, to provide members with the financial report of the reporting unit for the year ended 31 December 2024.

Please note that in future, if the reporting unit wishes to apply for an extension of time, an application must be submitted before the statutory timeframe has passed, that is within 5 months of the end of the financial year (before 31 May).

If you believe that the reporting unit may still have difficulty meeting the obligation under subsection 265(5) by 30 June 2025 or you have further questions on the financial reporting process, please do not hesitate to contact me or our financial specialists on 1300 341 665 or email <u>regorgs@fwc.gov.au</u>.

Yours sincerely

Chris Enright Delegate of the Fair Work Commission
