Dear Mr Richards,

E2013/101 – POST ELECTION REPORT

I refer to the Post Election Report concerning election E2013/101 received by the Automotive, Food, Metals, Engineering, Printing and Kindred Industry Union (the AMWU) on 6 August, 2013 (the Report).

The Report identifies a difficulty in complying with the rule governing the election of the Technical, Supervisory and Administrative (TSA) Division Delegate to State Council in Tasmania.

The Union concedes that due to the small number of TSA members in Tasmania, the Rule in question is unable to be complied with.

For your information, the AMWU is soon to consider rule amendments around the governance of our elections and we will ensure that the matter you have identified here will be rectified.

It is anticipated that the matter will be put to the National Council and National Conference in the not-to-distant future.

The AMWU will make available to its members the part of the Report dealing with the difficult rule and the AMWU's response to it in accordance with the union's obligations under Schedule 1 of the *Workplace Relations Act 1996*.

I further note the publication of the relevant extract of the Report and this response on the AMWU website at www.amwu.asn.au (under the heading "Regulatory Notices").

Yours faithfully,

Post Election Report For: Automotive, Food, Metals, Engineering, Printing And Kindred Industries Union
South Australian Branch Election E No.2013/101

I refer to the above election for your organisation.

Section 197(1) of the Fair Work (Registered Organisations) Act 2009 requires the AEC to provide a written report on the conduct of the election to the Industrial Registrar and to the organisation or branch for whom the election was conducted. A copy of the report in relation to this election is attached.

Section 198 of the Fair Work (Registered Organisations) Act 2009 requires that if an organisation or branch is given a post election report under section 197 that identifies a rule that was difficult to interpret or apply, the organisation or branch must, within 30 days, give a written response to the AEC on that aspect of the report. The response must specify whether the organisation or branch intends to take any action in relation to the rule, and if so, what action it intends to take.

If the attached Report identifies a rule that was difficult to interpret or apply, you should forward your response to the AEC by email to 'industrial.elections@aec.gov.au' within thirty days of the date of the report.

Section 198 and the regulations also require an organisation to make the post election report and the organisation's response to the report (if applicable) available to members.

Further, Regulation 141(4) of the Fair Work (Registered Organisations) Regulations 2009 requires an organisation or branch to publish a notice on its web site advising members that a copy of the post election report is available upon request. If a website is not available, publishing a notice in a journal or newsletter would be considered appropriate.
