WESTERN AUSTRALIA BRANCH

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2014

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the *Fair Work* (*Registered Organisations*) Act 2009.

The reporting guidelines made under Section 255 of the Fair Work (Registered Organisations) Act 2009 (the RO Act) require all reporting units to apply the Tier 1 reporting requirements as per Australian Accounting Standard AASB 1053 – Application for Tiers of Australian Accounting Standards. As such the State Council has prepared a full set of financial statements with all disclosure requirements. In the prior year the state council had early adopted Australian Accounting Standards – Reduced Disclosure Requirements but this is no longer permissible. This has had no material impact on amounts recognised in the financial statements and related notes because it merely requires more detailed note disclosures on financial risk management than if these financial statements were prepared using Australian Accounting Standards – Reduced Disclosure Requirements.

BASIS OF PREPARATION

The financial report is for the Automotive, Food, Metals, Engineering, Printing and Kindred Industries Union, Western Australia Branch. The Automotive, Food, Metals, Engineering, Printing and Kindred Industries Union is an organisation registered under the *Fair Work (Registered Organisations) Act 2009.* The Automotive, Food, Metals, Engineering, Printing and Kindred Industries Union, Western Australia Branch is a Branch of the registered organisation. In accordance with the Act the Union is a body corporate and has perpetual succession. By virtue of this method of incorporation, the Union and the State Branch are not subject to the Corporations Act 2001.

The financial report has been prepared on the basis of historical costs modified by the revaluation of selected financial assets and liabilities for which the fair basis of accounting has been applied. Cost is based on fair values of the consideration given in exchange for assets. The accounting policies have been consistently applied, unless otherwise stated.

1. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

The following is a summary of significant accounting policies adopted by the Western Australia Branch in the preparation of the financial report:

(a) (i) Revenue

All members' contributions are paid direct to the National Council. Remittances from National Council are the amounts reimbursed by the National Council to cover Branch expenses and are recognised when received by the Branch.

(ii) Expenditure

Expenses represent amounts paid directly by the Branch for operational costs. Other operational expenses eg salaries which relate to the Branch are paid for by the National Council and are included in the financial report of the National Council only.

(iii) Employee Entitlements

Provision for employee benefits in the form of Long Service Leave and Accrued Annual Leave have been made for the estimated accrued entitlements of all employees on the basis of their terms of employment in the financial report of the National Council.

(iv) Property, Plant & Equipment

All fixed assets are recorded in the financial reports of the National Council and the depreciation regarding those assets is charged in the National Council accounts.

(v) Income Tax

No provision for income tax is necessary as Trade Unions are exempt from income tax under Section 50-15 of the *Income Tax Assessment Act 1997*.

(vi) Accounting Standards Issued but not yet Effective

There has been no accounting standards issued which will have a financial impact on the financial report in future periods and which are not yet effective.

(vii) Goods and Services Tax (GST)

Revenues and expenses are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or part of the item of expense. Receivables and payables on the balance sheet are shown inclusive of GST.

The net amount of GST recoverable from, or payable to the taxation authority is included as part of receivables or payables as appropriate.

Cash flows are included in the cash flow statement on a gross basis.

WESTERN AUSTRALIA BRANCH

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2014 (Continued)

1. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(b) Going Concern Basis of Accounting

The financial report has been prepared on the basis that the Branch is a going concern, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The State Council believes it is appropriate to adopt the going concern basis for preparing the report on the grounds that the National Council has made an undertaking to provide financial support to the Branch.

2. ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical accounting estimates and assumptions

The Western Australian Branch makes estimates and assumptions concerning the future. The resulting accounting estimates by definition seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amount of the asset and liabilities.

(b) Critical judgements in applying the Western Australian Branch's accounting principles

There are no critical judgements that have a significant risk of causing a material adjustment to the carrying amount of the assets and liabilities.

3. INFORMATION TO BE PROVIDED TO MEMBERS OR GENERAL MANAGER OF FAIR WORK AUSTRALIA

- 1) A member of a reporting unit, or the General Manager of Fair Work Australia, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application;
- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must be not less than 14 days after the application is given to the reporting unit;

(a) General objectives, policies and processes

The Branch is exposed to risks that arise from its use of financial instruments. This note describes the Branch's objectives, policies and processes for managing those risks and the methods used to measure them.

There have been no substantive changes in the Branch's exposure to financial instruments risk, its objective, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated in this note.

The Branch's financial instruments consist mainly of deposits with banks and receivables. The main risks the Branch is exposed to through its financial instruments are interest rate risk (see section (e) below), liquidity risk and credit risk.

The State Council has overall responsibility for the determination of the Branch's risk management objectives and policies.

(b) Credit Risk

Credit risk is the risk that the other party to a financial instrument will fail to discharge their obligation resulting in the Branch incurring a financial loss. This usually occurs when debtors fail to settle their obligations owing to the Branch.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount to those assets, net of any provision for doubtful debts, as disclosed below:

	2014	2013
	\$	\$
Cash and cash equivalents	13,081	16,204
The cash and cash equivalents are held in a high quality	Australian financi	al institution
Prepaid expenses	13,465	14,493
Total receivables	13,465	14,493

There has been no history of default, no amounts are past due and all receivables are likely to be repaid within the expected terms.

(c) Liquidity Risk

Liquidity risk is the risk that the Branch may encounter difficulties raising funds to meet commitments associated with financial instruments.

The Branch is not significantly exposed to this risk, as at 30 September 2014 it had \$13,465 of cash and cash equivalents to meet these obligations as they fall due. Financial liabilities at 30 September 2014 totalled \$49,039.

The Branch manages liquidity risk by monitoring cash flows. Further the National Council has made an undertaking to provide financial support to the Branch.

(d) Market Risk
