Ian Horne General Manager, South Australian Branch Australian Hotels Association

cc. Christopher Clarke, Auditor

Dear Ian Horne

Re: – Financial reporting – Australian Hotels Association, South Australian Branch - for year ending 31 December 2020 (FR2020/284)

I refer to the financial report of the South Australian Branch of the Australian Hotels Association in respect of the year ending 31 December 2020. The documents were lodged with the Registered Organisations Commission ('ROC') on 12 May 2021.

The financial report has been filed. The financial report was filed based on a primary review. This involved confirming whether the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements. Please note the report for year ending 31 December 2021 may be subject to an advanced compliance review.

You are not required to take any further action in relation to the 2020 report. However I make the following comments to assist when preparing the next report.

Partial disclosure - accounting policies note

Note 1 of the financial report for the previous year ending 31 December 2019 stated that Australian Accounting Standard AASB 1058 *Income of Not-for-Profit Entities* had been adopted. However, the accounting policy information disclosed in note 1.7 *Revenue* in the financial report for 2020 did not appear to have been updated to cover 'Covid-19 government assistance' of \$341,500 which might be considered to be a material "Other Income" item.

I draw your attention to illustrative policy wording on pages 29-30 of the model financial statements 2019-2020 and pages 24-25 of the model financial statements 2020-2021 (see attached) which may provide applicable guidance.

Reporting Requirements

The ROC website provides a number of factsheets in relation to the financial reporting process and associated timelines. The website also contains the s.253 reporting guidelines and a model set of financial statements. The ROC recommends that reporting units use these model financial statements to assist in complying with the RO Act, the s.253 Reporting Guidelines and Australian Accounting Standards. Access to this information is available via <u>this link</u>.

Yours faithfully

Kiplen Kellet

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE AUSTRALIAN HOTELS ASSOCIATION (SOUTH AUSTRALIAN BRANCH)

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of the Australian Hotels Association (South Australian Branch) (the "Parent Entity") and the Australian Hotels Association (South Australian Branch) and Controlled Entity (the "Consolidated Group"), which comprises the statement of financial position as at 31 December 2020, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements comprising a summary of significant accounting policies and other explanatory information, the committee of management statement, the subsection 255(2A) report and the officer declaration statement.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of both the Parent Entity and the Consolidated Group as at 31 December 2020, and their financial performance and cash flows for the year then ended in accordance with:

- a) Australian Accounting Standards; and
- b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

Also, in our opinion, management's use of the going concern basis of accounting in the preparation of the financial report is appropriate.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Consolidated Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The committee of management is responsible for the other information. The other information obtained at the date of this auditor's report is in the operating report (included in the 2020 annual report) accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The committee of management of the Parent Entity is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the committee of management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee of management is responsible for assessing the Consolidated Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee of management either intend to liquidate the Consolidated Group or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE AUSTRALIAN HOTELS ASSOCIATION (SOUTH AUSTRALIAN BRANCH)

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Consolidated Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee of management.
- Conclude on the appropriateness of the committee of management's use of the going concern basis of
 accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to
 events or conditions that may cast significant doubt on the Consolidated Group's ability to continue as a
 going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our
 auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to
 modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's
 report. However, future events or conditions may cause the Consolidated Group to cease to continue as a
 going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Consolidated Group to express an opinion on the financial report. We are responsible
 for the direction, supervision and performance of the Consolidated Group audit. We remain solely
 responsible for our audit opinion.

We communicate with the committee of management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We declare that Christopher R Clarke is a registered company auditor (number 5024) and an auditor registered under the RO Act (number AA2017/184).

Committee of management statement

for the year ended 31 December 2020

On 7 April 2021, the committee of management of the Australian Hotels Association (South Australian Branch) passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 31 December 2020:

The committee of management declares that in its opinion:

- the financial statements and notes comply with the Australian Accounting Standards;
- the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act);
- the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Australian Hotels Association (South Australian Branch) and Controlled Entity for the financial year to which they relate;
- there are reasonable grounds to believe that Australian Hotels Association (South Australian Branch) and Controlled Entity will be able to pay their debts as and when they become due and payable; and
- during the financial year to which the GPFR relates and since the end of that year:
 - meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned;
 - the financial affairs of the Australian Hotels Association (South Australian Branch) have been managed in accordance with the rules of the organisation including the rules of a branch concerned;
 - the financial records of the Australian Hotels Association (South Australian Branch) have been kept and maintained in accordance with the RO Act;
 - where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation;
 - where information has been sought in any request by a member of the organisation or the Commissioner duly made under section 272 of the RO Act, that information has been provided to the member or the Commissioner; and
 - where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the committee of management.

Notes to the financial statements for the year ended 31 December 2020

Note 1: Summary of significant accounting policies

This consolidated financial report represents that of the Australian Hotels Association (South Australian Branch) and Controlled Entity (the "consolidated group" or "group"). The Australian Hotels Association (South Australian Branch) (AHA|SA) is an organisation operating pursuant to the *Fair Work (Registered Organisations) Act 2009* (RO Act), incorporated and domiciled in South Australia.

The separate financial report of the parent entity, AHA|SA, has also been presented within this financial report.

The financial report was authorised for issue on 7 April 2021 by the members of the committee of management of the AHA|SA.

1.1 Basis of preparation of the financial report

The financial report is a general purpose financial report and has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the RO Act. For the purpose of preparing the general purpose financial report, the AHA|SA is a not-for-profit entity.

The financial report, except for the cash flow information, has been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The amounts presented in the financial report have been rounded to the nearest Australian dollar.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

The statement of profit or loss and other comprehensive income and the statement of financial position have been restated during the current financial year for the following reasons:

- The presentation as per the model set of financial statements issued by the Registered Organisations Commission has been fully adopted; and
- More comprehensive disclosure as required by AASB 15: *Revenue from Contracts with Customers* has been provided as follows:
 - Revenue from contracts with customers is shown and disaggregated by type of arrangements in the statement of profit or loss and other comprehensive income; and

Notes to the financial statements for the year ended 31 December 2020

1.2 Comparative amounts (cont'd)

 Revenue from contracts with customers received in advance is shown as contract liabilities rather than in trade and other payables in current liabilities in the statement of financial position.

1.3 Significant accounting judgements and estimates

In applying the group's accounting policies, the committee of management continually evaluates judgements and estimates based on experience and other factors including expectations of future events that may have an impact on the group. All judgments and estimates made are believed to be reasonable based on the most current set of circumstances available to the committee of management. Actual results may differ under different conditions from when the judgements and estimates were made. Significant judgements and estimates made by the committee of management in the preparation of this financial report are described in the various notes:

•	Revenue	Note 1.7
•	Employee and office holder benefits	Note 1.8
•	Financial instruments	Notes 1.11 to 1.13
•	Depreciation	Note 1.16
•	Impairment of non-financial assets	Note 1.18
•	Provisions	Note 1.21

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standard requirements

The accounting policies adopted are consistent with those of the previous financial year except for the following standards and amendments, which have been adopted for the first time this financial year:

AASB 2018-7: Amendments to Australian Accounting Standards – Definition of Material (AASB 2018-7)

AASB 2018-7 principally amends AASB 101: *Presentation of Financial Statements* and AASB 108: *Accounting Policies, Changes in Accounting Estimates and Errors.* The amendments refine the definition of material in AASB 101 with the intention of making it easier to understand without altering the underlying concept of materiality in AASB Standards. The amendments clarify the definition of material and its application by improving the wording and aligning the definition across AASB Standards and other publications. The amendment also includes some supporting requirements in AASB 101 in the definition to give it more prominence and clarifies the explanation accompanying the definition of material.

Notes to the financial statements for the year ended 31 December 2020

1.4 New Australian Accounting Standards (cont'd)

AASB 2018-7 has been adopted from 1 January 2020 however it did not materially impact the financial statements.

No accounting standard has been adopted earlier than the application date stated in the standard.

Future Australian Accounting Standards Requirements

There are no new standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a future financial impact on the group.

1.5 Principles of consolidation

The consolidated financial statements incorporate all of the assets, liabilities and results of the parent entity (AHA|SA) and its controlled entity (subsidiary). The AHA|SA achieves control when it is exposed to, or has rights to, variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. Information regarding the AHA|SA's subsidiary is provided in Note 6C.

The assets, liabilities and results of subsidiaries are fully consolidated into the financial statements of the group from the date on which control is obtained by the AHA|SA. Consolidation of a subsidiary is discontinued from the date that control ceases. Intercompany transactions and balances are fully eliminated on consolidation. Accounting policies of subsidiaries have been changed and adjustments made where necessary to ensure uniformity of the accounting policies adopted by the group.

1.6 Investment in associates

An associate is an entity over which the AHA|SA has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. Information regarding the AHA|SA's associate is provided in Note 6D.

The assets, liabilities and results of associates are incorporated into the financial statements of the group using the equity method of accounting. Under the equity method, an investment in an associate is initially recognised in the statement of financial position at cost and adjusted thereafter to recognise the share of the profit or loss and other comprehensive income of the associate.

The AHA|SA does not have any joint ventures or joint operations.

Notes to the financial statements for the year ended 31 December 2020

1.7 Revenue

The AHA|SA enters into various arrangements where it receives consideration from another party. The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

Revenue from contracts with customers

Revenues are recognised when the following steps have been satisfied:

- 1. Identify contract with the customer
- 2. Identify the performance obligations in the contract
- 3. Determine the transaction price
- 4. Allocate the transaction price to each performance obligation
- 5. Recognise revenue when (or as) performance obligations are satisfied

Membership subscriptions

The AHA|SA's membership subscription year is 1 January to 31 December with subscriptions payable annually in advance. Only those membership subscription receipts that are attributable to the current financial year are recognised as revenue. Membership subscription receipts for periods beyond the current financial year are included, excluding goods and services tax, in the statement of financial position under the headings of current liabilities and contract liabilities.

For membership subscriptions paid annually in advance, the AHA|SA has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the member pays and the goods or services will transfer to the member will be one year or less.

Sponsorship benefits revenue

The AHA|SA receives revenue from sponsor generated activity through its Corporate Partnership program. This revenue is recognised over the respective period of service.

Other revenue-generating activities

The AHA|SA undertakes certain other revenue-generating activities which are accounted for when the performance obligation is satisfied including:

- Advocacy services
- Training
- Conferences, seminars and events

Revenue is recognised for these activities depending on when the performance obligation is satisfied:

• Over a period of time – if the performance obligation is satisfied over a period of time, revenue will be recognised by being spread over this period.

Notes to the financial statements for the year ended 31 December 2020

1.7 Revenue (cont'd)

• At a point in time – if the performance obligation is satisfied at a point in time, for example, when an event is delivered, revenue is recognised at this point.

Sale of goods

Revenue from the sale of goods is recognised when physical control of the goods passes to the buyer pursuant to an enforceable sales contract as it is at this point the performance obligation has been satisfied.

Interest income

Interest income is recognised on an accrual basis using the effective interest method.

Rental income from properties

Leases in which the AHA|SA as a lessor, does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the relevant lease term.

1.8 Employee and office holder benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119: *Employee Benefits*) which are expected to be settled within twelve months of the end of the reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the AHA|SA in respect of services provided by employees up to reporting date.

Long service leave is provided for in respect of employees with more than 5 years of service.

Office holders do not earn any benefits from services rendered, except current financial year's allowances, hence no provision is made for a liability for annual or long service leave for them.

1.9 Leases

All leases of low value assets are expensed on a straight-line basis which is representative of the pattern of benefits derived from the leased asset.

Notes to the financial statements for the year ended 31 December 2020

1.10 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

1.11 Financial instruments

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the instrument.

1.12 Financial assets

Contract assets and receivables

A contract asset is recognised when the group has satisfied a performance obligation but cannot recognise a receivable until other obligations are satisfied.

While a contract asset represents a right to payment that is conditional on further performance, a receivable represents an unconditional right to payment.

Contract assets and receivables are subject to impairment assessment. Refer to accounting policies on impairment of financial assets below.

Initial recognition and measurement

Financial assets are classified at initial recognition and subsequently measured at amortised cost, fair value through other comprehensive income (OCI) or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Notes to the financial statements for the year ended 31 December 2020

1.12 Financial assets (cont'd)

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date i.e. the date that the group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in five categories:

- (Other) financial assets at amortised cost
- (Other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (Other) financial assets at fair value through profit or loss
- (Other) financial assets designated at fair value through profit or loss

Financial assets at amortised cost

The group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The group's financial assets at amortised cost include trade receivables and loans to related parties.

Derecognition

A financial asset is derecognised when:

- · The rights to receive cash flows from the asset have expired; or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - the group has transferred substantially all the risks and rewards of the asset; or

Notes to the financial statements for the year ended 31 December 2020

1.12 Financial assets (cont'd)

• the group has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

Impairment

Expected credit losses

Receivables for goods and services are recognised at the nominal amounts due less any loss allowance due to expected credit losses at each reporting date.

Trade receivables

For trade receivables that do not have a significant financing component, the group applies a simplified approach in calculating expected credit losses (ECLs) which requires lifetime expected credit losses to be recognised from initial recognition of the receivables. Therefore, the group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

1.13 Financial liabilities

Initial recognition and measurement

Financial liabilities are classified at initial recognition and subsequently measured at amortised cost or fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The group's financial liabilities include trade payables, other payables and contract liabilities.

Subsequent measurement

Financial liabilities at amortised cost

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Notes to the financial statements for the year ended 31 December 2020

1.13 Financial liabilities (cont'd)

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

1.14 Liabilities relating to contracts with customers

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the AHA|SA transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when the AHA|SA performs under the contract i.e. transfers control of the related goods or services to the customer.

1.15 Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain and contingent liabilities are disclosed when settlement is greater than remote.

1.16 Land, buildings, plant and equipment

Land, buildings, plant and equipment are measured on the cost basis in the statement of financial position and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of land, buildings, plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present. Information regarding details of impairment is provided in Note 1.18.

Notes to the financial statements for the year ended 31 December 2020

1.16 Land, buildings, plant and equipment (cont'd)

Depreciation

Depreciable buildings, plant and equipment assets, including building improvements, are written-off to their estimated residual values over their estimated useful life using the diminishing value method of depreciation except for buildings which are depreciated using the straight line method. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the useful lives and are as follows:

	2020	2019
Buildings	1%	1%
Plant and equipment	7 to 40%	7 to 40%
Motor vehicles	22.5%	22.5%

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of land, buildings, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

1.17 Intangibles

Intangible assets consist of formation expenses and are deemed to have an indefinite useful life. They are carried at cost less accumulated impairment losses. Impairment testing is performed annually.

Derecognition

An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit and loss when the asset is derecognised.

Notes to the financial statements for the year ended 31 December 2020

1.18 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the group were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

1.19 Taxation

The AHA|SA is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligations for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the ATO is classified within operating cash flows.

1.20 Inventory

Inventories are measured at the lower of cost and replacement cost. Costs are assigned on a specific identification basis.

1.21 Provisions

Provisions are recognised when the group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Note 2: Events after the reporting period

There has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the group, the results of those operations or the state of affairs of the group in subsequent financial periods.

Notes to the financial statements for the year ended 31 December 2020

Note 3: Revenue

Disaggregation of revenue from contracts with customers

A disaggregation of revenue by type of arrangements is provided in the statement of profit or loss and other comprehensive income. The table below also sets out a disaggregation of revenue by timing.

	Total contract liabilities (current)	1,436,449	845,761	1,436,449	845,761

The significant changes between opening and closing balances of contract liabilities are detailed in the table above.

Revenue recognised in the reporting period that was included in the contract liability balance at the beginning of the period was \$845,761.

There was no revenue recognised in the reporting period from performance obligations satisfied (or partially satisfied) in previous periods.

Information regarding the performance obligations in contracts with customers is provided in Note 1.7.

Note 6C: Investment in subsidiary

The parent entity of the consolidated group is the Australian Hotels Association (South Australian Branch) (AHA|SA). The principal activity of the AHA|SA during the reporting period was being a registered employer industrial relations organisation with objectives to promote and protect the interests of its members. The AHA|SA is incorporated in Australia. The AHA|SA has an interest in AHA Properties Pty Ltd, a non-listed subsidiary. The interest is held as follows:

	Owr	nership	Voting	power	am	arrying ount of stment
	2020	2019	2020	2019	2020	2019
	%	%	%	%	\$	\$
AHA Properties Pty Ltd	100	100	100	100	10	10

The principal activity of AHA Properties Pty Ltd during the reporting period was being the registered owner of premises occupied by the AHA|SA and Gaming Care Ltd. AHA Properties Pty Ltd is incorporated in Australia.

Note 6D: Investment in associate

The AHA|SA has an interest in Gaming Care Ltd, a non-listed associate. The interest is held as follows:

	Owr	nership	Voting	power	am	arrying ount of stment
	2020	2019	2020	2019	2020	2019
	%	%	%	%	\$	\$
Gaming Care Ltd	100	100	40	40		-

Notes to the financial statements for the year ended 31 December 2020

Note 6D: Investment in associate (cont'd)

The principal activities of Gaming Care Ltd during the reporting period were to provide venue-based assistance to licensees, managers, gaming managers and staff in the early identification of and support for problem gamblers and regulatory compliance requirements including the Responsible Gambling and Advertising Codes of practice. The company is incorporated in Australia. Gaming Care Ltd commenced registration as a company on 16 November 2005 and is a public company limited by guarantee.

Equity accounted investment in associate

The AHA|SA holds 40% of the voting power of Gaming Care Ltd hence exerts significant influence over it. Gaming Care Ltd is therefore considered to be an associate of the AHA|SA.

The cost of the AHA|SA's investment in Gaming Care Ltd is \$nil because Gaming Care Ltd is limited by guarantee and does not have any share capital. The AHA|SA's share of the post-acquisition surplus or deficit of Gaming Care Ltd is also \$nil due to a clause in the constitution of Gaming Care Ltd as detailed below.

In light of the above, the AHA|SA's investment in Gaming Care Ltd, when equity accounted for, is \$nil.

Significant restrictions on the ability of Gaming Care Ltd to transfer funds to the AHA|SA

The constitution of Gaming Care Ltd states that no portion of the income, property, profits and financial surplus of the company may be paid, distributed to or transferred directly, indirectly, by way of dividend, property, bonus or otherwise by way of profit, to the members or directors of the company, or their related parties except as provided for by the constitution. Nothing in the constitution prevents the payment in return for services rendered or for goods supplied in the ordinary and usual course of business, the payment of interest or the payment of rent.

Amount owed by Gaming Care Ltd (included in trade receivables)	39,769	33,336	39,769	33,336

Office holders of the parent entity

Some office holders of the parent entity are licensees of hotels that are members of the AHA|SA. Membership fees and other charges such as training and advocacy are paid by these hotels to the AHA|SA on normal terms and conditions no more favourable than those available to other members.

Terms and conditions of transactions with related parties

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated. Outstanding balances at the year-end are unsecured and interest free. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 December 2020, the AHA|SA has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Note 14: Financial instruments

In common with all other businesses, the organisation is exposed to risks that arise from its use of financial instruments. This note describes the organisation's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout the financial report.

There have been no substantive changes in the organisation's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them from previous reporting periods unless otherwise stated in this note.

It is the organisation's policy to monitor interest rate risks through the Treasurer. The organisation has fixed and floating interest deposits with a number of financial institutions and for varying terms and aims to obtain the best available interest rate at the time of investment. Risk management policies for the above mentioned financial instruments as well as all other financial instruments are detailed further below.

Other payables	242,222	196,980	242,222	196,980
Contract liabilities	1,436,449	845,761	1,436,449	845,761
Total	1,715,029	1,092,603	1,715,029	1,092,603
Carrying amount of financial liabilities	1,715,029	1,092,603	1,715,029	1,092,603

Note 14B: Credit risk

Credit risk is the risk that the other party to a financial instrument will fail to discharge their obligation resulting in the organisation incurring a financial loss. This usually occurs when debtors fail to settle their obligations owing to the organisation. There is no concentration of credit risk with respect to current trade receivables as the organisation has a large number of customers. The organisation's policy is that sales are only made to customers that are credit worthy. The maximum exposure to credit risk at the end of the reporting period is as follows:

	Consolidated group		Parent entity	
	2020	2019	2020	2019
	\$	\$	\$	\$
Financial assets				
Cash and cash equivalents	6,112,364	4,845,323	6,112,354	4,845,313
Trade and other receivables	274,182	82,352	792,340	620,510
Total	6,386,546	4,927,675	6,904,694	5,465,823

Notes to the financial statements for the year ended 31 December 2020

Note 14C: Liquidity risk

Liquidity risk is the risk that the organisation may encounter difficulties raising funds to meet commitments associated with financial instruments e.g. borrowing repayments. It is the policy of the organisation that forecast cash flows are monitored to ensure that the organisation's operations are adequate to meet liabilities due. The organisation does not currently have any financial instruments such as borrowings or other long term financial instruments.

Note 14D: Market risk

Market risk arises from the use of interest bearing and tradable financial instruments. It is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in interest rates (interest rate risk) or other market factors (other price risk).

Interest rate risk

The organisation's exposure to interest rate risk is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on those financial assets and financial liabilities. It is the organisation's policy to monitor interest rate risks through regular board meetings where monthly management accounts are presented and analysed. The organisation's financial instruments consist of fixed and floating interest deposits.

The following sensitivity analysis of interest rate risk has assumed that the issuers' credit risk rating remains unchanged.

At 31 December 2020, investments in cash and cash equivalents amounted to \$6,112,364. A +/-1% change in interest rates during the year ended 31 December 2020 would have resulted in a +/- change in net interest income of \$646.

At 31 December 2019, investments in cash and cash equivalents amounted to \$4,845,323. A +/-1% change in interest rates during the year ended 31 December 2019 would have resulted in a +/- change in net interest income of \$1,019.

Currency risk

The organisation has no exposure to foreign currency risk. All transactions are made with local currency.

14E: Fair value measurements

The fair value of financial assets and financial liabilities approximates their carrying value. No financial assets or financial liabilities are readily traded on organised markets in standardised form. Financial assets where the carrying amount exceeds fair value have not been written down as the group intends to hold these assets to maturity.

The fair values and carrying amounts of financial assets and financial liabilities are disclosed in the statement of financial position and in the notes to the financial statements.

Notes to the financial statements for the year ended 31 December 2020

Note 15: Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- A member of the AHA|SA, or the Commissioner, may apply to the AHA|SA for specified prescribed information in relation to the AHA|SA to be made available to the person making the application.
- The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the AHA|SA.
- The AHA|SA must comply with an application made under subsection (1).

Note 16: Segment reporting

The AHA|SA operates predominantly in one business and geographical segment being the hospitality and tourism sector providing a variety of services to members of the organisation throughout South Australia.

Note 17: Organisation details

The registered office and principal place of business of the organisation is: Australian Hotels Association (South Australian Branch) Level 4, 60 Hindmarsh Square Adelaide SA 5000

Operating Report Requirements as per RAO Schedule – Fair Work (Registered Organisations) Act 2009

This operating report covers the results of those activities that were provided for the financial year ended 31 December 2020.

Review of the Principal activities of the Branch

The Branch operates as the South Australian Branch of the Australian Hotels Association, an organisation of employers registered under the Fair Work (Registered Organisations) Act 2009.

The principal activities of the Branch, as conducted through the Council and the Executive Committee of the Branch during the past year fell into the following categories:

- Provision of industrial support to members including advice on legal and legislative matters, contractual obligations and representation of individual members.
- Administration of Federal and State Awards and the variation of awards following major test cases.
- Media and communications to members and to the broader community via media releases in support of campaigns and targeted publications including national and state magazines.
- Provision of information to members providing up to date material relevant to hotels.

Finance & Administration

There were no significant changes in the Association's financial affairs during the year (see Financial Report for details).

Right of Members to Resign

Any member of AHA|SA may resign from membership by written notice delivered to the Secretary/Treasurer and delivered to the office of the Association as per AHA|SA Branch Rule 26 – Resignations.

Officers & employees who are superannuation fund trustee/s or director of a company that is a superannuation fund trustee

During 2020 no officer or member of the AHA|SA was:

A trustee of a superannuation entity or an exempt public sector superannuation scheme; or
 A director of a company that is a trustee of a superannuation entity or an exempt public sector superannuation scheme on behalf of the AHA|SA.

Number of Members

The AHA|SA recorded 526 members in 2020.

Number of Employees

As at 31 December 2020 staffing levels were AHA|SA 11.2 and Gaming Care 8. Total 19.2.
