

11 January 2021

Russell Rolls  
National Secretary-Treasurer  
The Australian Industry Group

Dear Sir,

**Re: – Financial reporting – The Australian Industry Group – for year ending 30 June 2020 (FR2020/195)**

I refer to the financial report of The Australian Industry Group in respect of the year ending 30 June 2020. The documents were lodged with the Registered Organisations Commission ('the ROC') on 7 December 2020.

The financial report has been filed. The financial report was filed based on a primary review. This involved confirming whether the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements. Please note the report for year ending 30 June 2021 may be subject to an advanced compliance review.

You are not required to take any further action in respect of the report lodged. However I make the following comments to assist when preparing the next report.

Auditor's report - Audit scope to include subsection 255(2A) report

A general purpose financial report prepared under section 253 of the RO Act also includes the expenditure report required to be prepared under subsection 255(2A) as prescribed by reporting guideline 22.

A subsection 255(2A) report was included in the copy of the documents lodged with the ROC but the auditor did not refer to the statement in the auditor's report.

The subsection 255(2A) report must be identified by title in the auditor's statement in accordance with paragraph 24(c) of Australian Auditing Standard ASA 700 Forming an Opinion and Reporting on a Financial Report.

Auditor's report - Other Information

The auditor's report stated that "*(T)he other information comprises the information included in the annual report*" (sic). The reference to "annual report" should be to "Operating report".

Reporting requirements

The ROC website provides a number of factsheets in relation to the financial reporting process and associated timelines. The website also contains the section 253 reporting guidelines and a model set of financial statements. The ROC recommends reporting units use these model financial

statements to assist in complying with the RO Act, the section 253 reporting guidelines and Australian Accounting Standards. Access to this information is available via [this link](#).

Yours faithfully

A handwritten signature in black ink that reads "Stephen Kellett". The signature is written in a cursive style with a long horizontal stroke extending to the right.

Financial Reporting  
Registered Organisations Commission

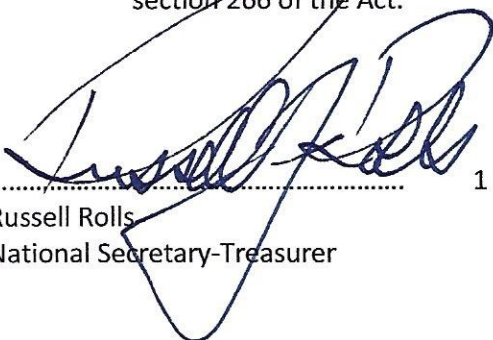

**REGISTERED ORGANISATIONS COMMISSION**

**In the matter of:  
The Australian Industry Group  
and  
Fair Work (Registered Organisations) Act 2009**

**Designated Officer's Certificate  
For the financial year ended 30 June 2020  
Section 268**

I, RUSSELL ROLLS, National Secretary-Treasurer of The Australian Industry Group (the Organisation) certify in accordance with section 268 of the *Fair Work (Registered Organisations) Act 2009* (the Act):

- (1) that the document lodged herewith is a copy of the full financial report of the Organisation comprising the auditor's report, the general-purpose financial report to which the auditor's report relates and the operating report in relation to the financial year ending 30 June 2020; and
- (2) that the full financial report was provided to Members of the Organisation on 6 November 2020; and
- (3) that the full financial report was presented to the Annual General Meeting of Members of the Organisation (as the sole reporting unit) on 1 December 2020 in accordance with section 266 of the Act.

  
..... 1 December 2020  
Russell Rolls  
National Secretary-Treasurer

## Annual report - 30 June 2020

### Contents

|  | Page |
|--|------|
| Operating report                               | 1    |
| Financial statements                           |      |
| Statements of comprehensive income             | 4    |
| Balance sheets                                 | 5    |
| Statements of changes in members' funds        | 6    |
| Statements of cash flows                       | 8    |
| Notes to the consolidated financial statements | 9    |
| Committee of management's statement            | 53   |
| Officer declaration statement                  | 54   |
| Independent auditor's report to the members    | 55   |
| Report Required Under Subsection 255(2A)       | 59   |

These financial statements are the consolidated financial statements of the consolidated entity consisting of The Australian Industry Group and its subsidiaries. The consolidated entity is also referred to as Ai Group in these financial statements. A list of the major subsidiaries is included in note 27. The financial statements are presented in the Australian currency.

The Australian Industry Group is an organisation registered under the Fair Work (Registered Organisations) Act 2009 and is domiciled in Australia. Its registered office and principal place of business is:

51 Walker Street  
North Sydney NSW 2060

A description of the nature of the consolidated entity's operations and its principal activities is included in the review of operations and activities in the operating report on page 1 and 3, which is not part of these financial statements.

A report required under subsection 255(2A) of the Fair Work (Registered Organisations) Act 2009 is on page 57, which is not part of these financial statements.

The financial statements were authorised for issue by the committee of management on 26 August 2020. The committee of management has the power to amend and reissue the financial statements.

The Committee of Management (National Executive) present their Operating Report on The Australian Industry Group for the year ended 30 June 2020 (the reporting period).

### **Committee of Management**

On 31 December 2018, the members of the Committee of Management for the ensuing 2 years were re-elected as follows, and, subject to resignation or retirement, are entitled to remain as Officers on the Committee of Management until 31 December 2020. On 17 June 2020, a Special General Meeting of Members altered the Rules of the Organisation to extend the current term of office to 31 December 2021. The alteration was certified by the Fair Work Commission 29 July 2020.

Chris Jenkins (National President)  
John Dixon (Deputy National President)  
Russell Rolls (National Secretary-Treasurer)  
Anthony Kittel (National Vice President SA)  
Martin Monro (National Vice President QLD) resigned 31 October 2019  
Ken Bridges (National Vice President QLD) appointed 6 November 2019  
Ashley Mason (National Vice President NSW)  
Jeff Connolly (National Vice President VIC)

### **Remuneration report**

During the financial year, Mr. John Dixon, a member of the Committee of Management received relevant remuneration relating to his appointment as an Ai Group employer nominated director of the trustee of a superannuation entity. Other than the above, no other member of the Committee of Management of the reporting unit received directly or indirectly, any payment or any benefit in relation to their duties performed as an Officer of Ai Group.

### **Principal activities**

During the financial year, the principal continuing activities of the reporting unit as a registered employer organisation consisted of:

- (a) representing its membership in manufacturing, construction, engineering, automotive, telecommunications, IT, transport, labour hire and other industries,
- (b) providing assistance, advice and information to its membership in the areas of workplace relations and human resource management; OHS and workers' compensation management; innovation, policy and development networks; international trade development and promotion; and business regulation,
- (c) conducting comprehensive training workshops, seminars and related programs.

### **Review of principal activities**

The Organisation continued to represent its members and industries interests in respect to workplace relations and other matters. This included representational activities to Government and Opposition parties on key policy issues affecting our membership, regulatory submissions and appearances before the Fair Work Commission, and involvement in numerous industry or regulatory inquiries. The Australian Industry Group continued to deliver quality workplace relations and other services to its membership with strategic new services being developed to meet their needs. The Organisation remains an effective and financially strong representative body for industry.

There have been no significant changes to the principal activities of the Organisation in the financial year ended 30 June 2020, nor are changes anticipated for 2021.

### **Results of operations**

The Australian Industry Group and its subsidiaries reported a consolidated loss from ordinary activities amounting to \$443,901 (2019 loss: \$3,516,240) for the year ending 30 June 2020.

Total income of \$69,267,765 (2019: \$71,862,306) was less than the previous year by \$2,594,541 (3.6%).

Total expenditure of \$69,666,966 (2019: \$75,442,771) was less than the previous year by \$5,775,805 (7.7%).

### **Significant changes in the state of affairs**

In early 2020 there was an outbreak of Coronavirus Disease 2019 (“COVID-19” or “the coronavirus”). There have been unprecedented measures put in place by the Australian Government, as well as governments across the globe, to contain the coronavirus which have had a significant impact on the economy. Management continues to consider the potential implications of coronavirus, which includes provision of advice to many members with regard to their staff health and operational concerns, through on-line engagement and transitioning to on-line events.

In August 2020 Victoria introduced Stage 4 restrictions for metropolitan Melbourne, while other states re-introduced or strengthened cross border travelling restrictions. The impact on the consolidated entity has been increased activity and engagement with members seeking current information regarding the various rules imposed and implications for their businesses. Initial impact has resulted in increased consulting activity as members seek advice regarding their workforce. However, there are areas of the consolidated entity's businesses that are negatively impacted by governments' responses to the coronavirus, and there is an expectation that the consulting opportunities may ease.

The consolidated entity is monitoring the development of the coronavirus and the measures taken to control it and will continue to evaluate its impact on the financial position and operating results of the consolidated entity.

There is no indication of increased risk to the consolidated entity's ability to continue as a going concern. However, the coronavirus is unprecedented and as such the consolidated entity will pay close attention to the development of the situation and continue to assess the impact on its operations.

There have been no other significant changes in the state of affairs of the consolidated entity during the year.

### **Event since the end of the financial year**

The Committee of Management has endorsed the AiGTS Board decision to cease operation of the Registered Training Organisation in The Australian Industry Group Training Services Trust during the next financial year. The cessation will be actioned over several months in 2020-21 while all students are transferred over to a different Registered Training Organisation.

Except as noted above, no other matter or circumstance has arisen since 30 June 2020 that has significantly affected the consolidated entity's operations, results or state of affairs, or may do so in future years.

### **Likely developments and expected results of operations**

The officers expect that the consolidated entity will continue to carry out its principal activities as detailed above. At the present time the officers are reviewing the optimal legal and governance structure in which to conduct the principal activities of the organisation. Any significant changes enacted which impact members and stakeholders will be advised at the appropriate time.

### **Number of Recorded Members**

The number of persons recorded in the Membership Register of the Organisation as at 30 June 2020 for the purposes of section 254 (2) (f) of the Act was 3,195 (2019: 3,286).

### **Number of Employees**

The number of persons who were employees in the parent entity (equivalent full time employee basis) as at 30 June 2020 was 198 (2019: 240).

### **Rights of Members to resign**

In accordance with section 174 of the Act, a Member may resign from membership of the Organisation by written notice addressed and delivered to the Secretary-Treasurer of any Branch of the Organisation to which such Member belongs.

### **Details of Trustee of Superannuation Entities**

On 26 September 2019, Mr. John Dixon, an Officer of the Organisation, was appointed as a director of a company that is a trustee of a superannuation entity as a representative of the Organisation.

Other than the above, no Officer or Member of the Organisation was:

- (a) a trustee of a superannuation entity or an exempt public sector superannuation scheme; or
- (b) a director of a company that is a trustee of a superannuation entity or an exempt public sector superannuation scheme

where a criterion for the Officer or Member being a trustee or director is that the Officer or Member is an officer or member of a registered organisation under the Act.

### **Other relevant information of the reporting unit**

There is no other information which the committee of management of the reporting unit considers relevant under section 254 of the Act.

This statement is signed by the National Secretary-Treasurer being the authorised Designated Officer under the Rules within the meaning of section 243 of the Act; and is dated the date on which the Designated Officer signs this statement.

Russell Rolls (National Secretary-Treasurer)  
Officer

Melbourne

## 1 Summary of significant accounting policies

The Australian Industry Group is a Tier 1 reporting entity and not for profit organisation incorporated and governed by the Fair Work (Registered Organisations) Act 2009. Rule 37 of the Rules of The Australian Industry Group (the reporting unit) provides that the funds of The Australian Industry Group and its income and property shall be under the control of the National Executive as the reporting unit's committee of management. The assets, liabilities and reserves included in these financial statements as at 30 June 2020 are reported in accordance with the Rules and the reporting unit's governing legislation - the Fair Work (Registered Organisations) Act 2009 (the Act).

The reporting unit is the sole reporting unit for the purposes of the Act. However, these financial statements and the accounting policies applied in their preparation are governed by the Australian Accounting Standards (Tier 1 reporting entities) and Reporting Guidelines issued by the Registered Organisation Commission or its delegate. As a result, the financial solvency of the reporting unit's subsidiary operations, namely the Australian Industry Group Training Services Trust has been assured by the National Executive which confirms that the Organisation has guaranteed the trustees and the trust against any shortfall in the assets of the trust.

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements include separate financial statements for The Australian Industry Group as the parent entity and sole reporting unit and the consolidated entity consisting of The Australian Industry Group and its subsidiaries ("the consolidated entity").

### (a) Basis of preparation

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009*, including the Reporting Guidelines issued by the Commissioner of Registered Organisations Commission under the Act (the Guidelines). For the purpose of preparing the general purpose financial statements, The Australian Industry Group is a not-for-profit entity.

Under the Act, The Australian Industry Group is referred to as the "reporting unit". Under the Standards, the reporting unit is called the "reporting entity". The terms are interchangeable in these Notes.

#### (i) Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and liabilities at fair value through profit or loss and certain classes of property, plant and equipment. Unless otherwise stated, the accounting policies adopted are consistent with those of the previous year. Comparative information is reclassified where appropriate to enhance comparability.

#### (ii) Critical accounting estimates

The preparation of financial statements in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in process of applying the consolidated entity's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of certain assets and liabilities include those in relation to the valuation of other financial assets at fair value through profit or loss and to valuation of land and buildings and to the weighted average lessee's incremental borrowing rate and option periods used to calculate the lease liability and right of use asset under AASB 16. The related estimates and assumptions are discussed in note 1(m), 2, 3, 13 and 14 respectively.

#### (iii) Reclassification

Where relevant, comparative figures have been reclassified to conform with changes in presentation in the current year to enhance comparability.

## **1 Summary of significant accounting policies (continued)**

### **(b) Principles of consolidation**

#### *Subsidiaries*

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of The Australian Industry Group ("parent entity") as at 30 June 2020 and the results of all subsidiaries for the year then ended. The Australian Industry Group and its subsidiaries together are referred to in this financial report as the consolidated entity and Ai Group. The terms are interchangeable in these Notes.

Subsidiaries are all those entities (including special purpose entities) over which the consolidated entity has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the consolidated entity controls another entity.

Intercompany transactions, balances and unrealised gains on transactions between consolidated entity companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the consolidated entity. The effects of all transactions between entities in the consolidated entity are eliminated in full.

### **(c) Revenue recognition**

As explained in note 1(r), the consolidated entity has changed its accounting policy for recognition of revenue from contracts with customers.

The AASB has issued a new standard AASB 15 *Revenue from Contracts with Customers* and AASB 1058 *Income for not-for-profit entities* for the recognition of revenue. This will replace AASB 118 and AASB 1004, respectively which covers revenue arising from the provision of service. AASB 15 is applied where there is an enforceable, sufficiently specific obligation to provide goods or service. AASB 15 is based on the principle that revenue is recognised when the customer gains control of the good or service rather than the previous model of risks and rewards. When revenue is appropriately classified within the provisions of AASB 1058, the revenue is recognised upon receipt of the consideration given that there is no obligation to fulfill the performance in order to retain the contribution. The standard permits either a full retrospective or a modified retrospective approach for the adoption. Management has assessed the effects of applying the new standards on the parent and consolidated financial statements and there is no material impact.

Revenue is measured at the fair value of the consideration received or receivable in the accounting period in which services are rendered. Amounts disclosed as revenue are net of returns, trade allowances and amounts collected on behalf of third parties. Revenue is recognised for the major business activities as follows:

#### *(i) Membership subscription income*

Membership subscription income is brought to account on a pro-rata basis over the period to which it relates and as service to members is provided throughout the period.

#### *(ii) Chargeable services and consulting income*

Chargeable services and consulting income is brought to account when the service is provided.

#### *(iii) Interest income*

Interest income is recognised on a time proportionate basis using the effective interest method, see note 1(l).

#### *(iv) Dividends*

Dividends are recognised as revenue when the right to receive payment is established.

#### *(v) Lease income*

Lease income from operating leases is recognised in income on a straight-line basis over the lease term.

## **1 Summary of significant accounting policies (continued)**

### **(c) Revenue recognition (continued)**

#### *(vi) Government contracts*

Contracts from government are recognised at their fair value where there is a reasonable assurance that the contract revenue will be received and the consolidated entity will comply with all attached conditions.

Government contracts relating to costs are deferred and recognised in the statements of comprehensive income over the period necessary to match them with the costs that they are intended to compensate as disclosed in note 16 and note 18. Contracts and related costs are accounted for in the statements of comprehensive income at the respective gross amounts.

### **(d) Income tax**

No provision for income tax is made as the parent entity, being an organisation of employers registered under the Act, is exempt from income tax under Section 50-15 of the Income Tax Assessment Act. All trusts in the AI Group distribute their profits to the parent entity and the other entities in the group do not trade.

### **(e) Business combinations**

The acquisition method of accounting is used to account for all business combinations, including business combinations involving entities or businesses under common control, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the fair values of the assets transferred, the liabilities incurred and the equity interest issued by the parent entity. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values on acquisition date. On an acquisition-by-acquisition basis, the parent entity recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the parent entity's share of the net identifiable assets is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the subsidiary acquired and the measurement of all amounts has been reviewed, the difference is recognised directly in profit or loss as a bargain purchase.

If it is determined that the combination results in mutual benefit to both the members of the acquirer and the acquiree, the surplus of the fair value of the net identifiable assets acquired over the consideration paid will be recognised in members' funds as a business combination reserve to be recognised in retained earnings.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

### **(f) Impairment of assets**

Property, plant and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and depreciated replacement cost. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

## **1 Summary of significant accounting policies (continued)**

### **(g) Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, deposits held with financial institutions that are security deposits for various durations, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheets.

### **(h) Trade receivables**

All trade debtors are recognised at the amounts receivable, as they are generally due for settlement no more than 60 days from the date of invoice. Collectability of trade receivables is reviewed on an ongoing basis. Non-recoverable subscriptions are written off against Members' Subscriptions income account. A provision for doubtful receivables is established when there is objective evidence that the consolidated entity will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is recognised in the statements of comprehensive income and deferred income as applicable. Refer also to note 1(l)(iv) for further details of the expected credit loss element of the impairment assessment.

### **(i) Inventories**

#### *Property held for resale*

Property held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development. When development is completed borrowing costs and other holding charges are expensed as incurred. Inventory is related to property purchased with the intent to sell.

### **(j) Property, plant and equipment**

Land and buildings are shown at fair value, based on annual valuations by external independent valuers, less subsequent depreciation for buildings. To the extent any revaluation increases the value of the building, accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. All other property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Effective date of revaluation is 30 June 2020.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the consolidated entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Increases in the carrying amounts arising on revaluation of land and buildings are recognised, net of tax, in other comprehensive income and accumulated in reserves in members' funds. To the extent that the increase reverses a decrease previously recognised in profit or loss, the increase is first recognised in profit or loss. Decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the income statement and depreciation based on the asset's original cost, net of tax, is transferred from the property, plant and equipment revaluation reserve to retained earnings.

## **1 Summary of significant accounting policies (continued)**

### **(j) Property, plant and equipment (continued)**

Land is not depreciated. Depreciation on the following assets is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives, as follows:

|                                     |               |
|-------------------------------------|---------------|
| • Buildings                         | 33 - 42 years |
| • Computer hardware                 | 3 - 5 years   |
| • Leasehold improvements            | 5 - 10 years  |
| • Motor vehicles                    | 4 years       |
| • Furniture, fittings and equipment | 2 - 10 years  |

Depreciation on the following assets is calculated using the diminishing value method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives, as follows:

|                      |              |
|----------------------|--------------|
| • Property equipment | 4 - 20 years |
|----------------------|--------------|

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting year.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss. When revalued assets are sold, it is consolidated entity policy to transfer any amounts included in other reserves in respect of those assets to retained earnings.

### **(k) Intangible assets**

#### *IT development and software*

Costs incurred in developing products or systems and costs incurred in acquiring software and licenses that will contribute to future period financial benefits through revenue generation and/or cost reduction are capitalised to software and systems.

Costs capitalised include external direct costs of materials and service and employee costs. IT development costs include only those costs directly attributable to the development phase and are only recognised following completion of technical feasibility and where the group has an intention and ability to use the asset.

At each reporting date the group reviews the carrying value of its intangible assets to determine whether there is any indication that those assets have been impaired.

#### *Amortisation methods and useful lives*

The consolidated entity amortises intangible assets with a limited useful life using the straight-line method over the following periods:

IT development and software 3-10 years

### **(l) Investments and other financial assets**

#### *(i) Classification*

The consolidated entity classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income "OCI" or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

## **1 Summary of significant accounting policies (continued)**

### **(l) Investments and other financial assets (continued)**

#### *(i) Classification (continued)*

For assets measured at fair value, gains and losses will be recorded in profit or loss.

#### *(ii) Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the consolidated entity commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership.

#### *(iii) Measurement*

At initial recognition, the consolidated entity measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### *Equity instruments*

The consolidated entity subsequently measures all equity investments at fair value. Where the group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognised in other gains/(losses) in the statement of profit or loss as applicable.

#### *(iv) Impairment*

For trade receivables, the consolidated entity applies the simplified approach permitted by AASB 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables, see note 8 for further details.

### **(m) Leases**

As explained in note 1(r), the consolidated entity has changed its accounting policy for leases where the consolidated entity is the lessee. The impact of the change in note 2.

Until 30 June 2019, leases in which a significant portion of the risks and rewards of ownership were not transferred to the consolidated entity as lessee were classified as operating leases (note 25). Payments made under operating leases (net of any incentives received from the lessor) were charged to profit or loss on a straight-line basis over the period of the lease. From 1 July 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the consolidated entity.

The consolidated entity leases various offices and equipment. Rental contracts are typically made for fixed periods of 24 months to 7 years, but may have extension options as described below.

Contracts may contain both lease and non-lease components. The consolidated entity allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the consolidated entity is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

## **1 Summary of significant accounting policies (continued)**

### **(m) Leases (continued)**

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable,
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date,
- amounts expected to be payable by the consolidated entity under residual value guarantees,
- the exercise price of a purchase option if the consolidated entity is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the consolidated entity exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the consolidated entity, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the consolidated entity:

- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by The Australian Industry Group, which does not have recent third party financing.

The consolidated entity is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability,
- any lease payments made at or before the commencement date less any lease incentives received,
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

#### *Extension and termination options*

Extension and termination options are included in a number of property and equipment leases across the consolidated entity. These are used to maximise operational flexibility in terms of managing the assets used in the consolidated entity's operations. The majority of extension and termination options held are exercisable only by the consolidated entity and not by the respective lessor.

#### *Residual value guarantees*

To optimise lease costs during the contract period, the consolidated entity sometimes provides residual value guarantees in relation to equipment leases.

## **1 Summary of significant accounting policies (continued)**

### **(n) Trade and other payables**

These amounts represent financial liabilities for goods and services provided to the consolidated entity prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### **(o) Provisions**

Provisions for lease make good obligations are recognised when the consolidated entity had entered into a lease agreement specifying the requirement for the tenant to make good the premises on vacating that premises.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting year. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

### **(p) Employee benefits**

#### *(i) Short-term obligations*

Liabilities for wages and salaries, including non-monetary benefits expected to be settled within 12 months of the end of each reporting period are recognised in other payables in respect of employees' services up to the end of each reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

#### *(ii) Other long-term employee benefit obligations*

The liabilities for long service leave and annual leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period of national government bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows.

The obligations are presented as current liabilities in the balance sheets if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

#### *(iii) Retirement benefit obligations*

All employees of the consolidated entity are entitled to benefits from the consolidated entity's superannuation plan on retirement, disability or death or can direct the consolidated entity to make contributions to a defined contribution plan of their choice. The consolidated entity's legal or constructive obligation is limited to these contributions.

### **(q) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the balance sheets.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

## **1 Summary of significant accounting policies (continued)**

### **(r) New accounting standards**

The consolidated entity has applied the following standards and amendments for the first time for their annual reporting period commencing 1 July 2019:

- *AASB 15 Revenue from Contracts with Customers*
- *AASB 16 Leases*
- *AASB 1058 Income of Not-for-Profit Entities*

The consolidated entity had to change its accounting policies as a result of adopting AASB 16. The consolidated entity elected to adopt the new rules retrospectively but recognised the cumulative effect of initially applying the new standard on 1 July 2019. This is disclosed in note 2. The other amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect on the current or future periods.

## 2 Changes in accounting policies

This note explains the impact of the adoption of AASB 16 *Leases* on the consolidated entity's financial statements.

As indicated in note 1(a) above, the consolidated entity has adopted AASB 16 *Leases* retrospectively from 1 July 2019, but has not restated comparatives for the 2019 reporting year, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1 July 2019. The new accounting policies are disclosed in note 1(m).

On adoption of AASB 16, the consolidated entity recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of AASB 117 *Leases*. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of 1 July 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on 1 July 2019 was 4.11%.

The net impact on retained earnings on 1 July 2019 was a decrease of \$606,458.

### (i) Practical expedients applied

In applying AASB 16 for the first time, the consolidated entity has used the following practical expedients permitted by the standard:

- applying a single discount rate to a portfolio of leases with reasonably similar characteristics,
- relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review - there were no onerous contracts as at 1 July 2019,
- accounting for operating leases with a remaining lease term of less than 12 months as at 1 July 2019 as short-term leases,
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The consolidated entity has also elected not to reassess whether a contract is, or contains, a lease at the date of initial application. Instead, for contracts entered into before the transition date the consolidated entity relied on its assessment made applying AASB 117 and Interpretation 4 *Determining whether an Arrangement contains a Lease*.

### (ii) Measurement of lease liabilities

|  | 2020                    |
|--|-------------------------|
|  | \$                      |
| Operating lease commitments disclosed as at 30 June 2019                                       | 8,728,276               |
| Discounted using the lessee's incremental borrowing rate of at the date of initial application | 47,632                  |
| <b>Lease liability recognised as at 1 July 2019</b>  | <b><u>8,775,908</u></b> |
| Of which are:  |                         |
| Current lease liabilities  | 1,428,272               |
| Non-current lease liabilities  | 7,347,636               |
|  | <u>8,775,908</u>        |

### 3 Financial risk management

The consolidated entity's activities expose it to a variety of financial risks; market risk (including interest rate risk and price risk), credit risk and liquidity risk. The consolidated entity's financial risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects of the financial performance of the consolidated entity. The consolidated entity uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and other price risks, aging analysis for credit risk and beta analysis in respect of investment portfolios to determine market risk.

Financial risk management for the consolidated entity's investments is carried out by the National Executive. The National Executive identifies, evaluates and hedges financial risks in close co-operation with the consolidated entity's external portfolio manager. It has agreed on strategic asset allocations with that external portfolio manager to maximise returns but minimising financial risk. The National Executive has provided written principles for overall risk management, which are applied in consultation with the consolidated entity's investment consultant, J B Were.

#### (a) Market risk

##### (i) Price risk

The consolidated entity is exposed to equity securities' price risk. This arises from investments held by the consolidated entity and classified on the balance sheets as fair value through profit or loss. The consolidated entity is not exposed to commodity price risk. To manage its price risk arising from investments in equity securities, the consolidated entity diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Investment Committee.

The majority of the consolidated entities equity investments are publicly traded and are included in the MSCI World ex Australia Index, Bloomberg AusBond Composite 0+Y TR AUD Index, ASX 200 TR AUD Index and RBA Bank Accepted Bills 90 Days Index. The table below summarises the impact of the increase/decrease of this index on the consolidated entity's surplus for the year and on equity. The analysis is based on the assumption that the equity indexes had increased/decreased by 10% and 10% respectively (2019 :10% to 10%) with all other variables held constant and all the consolidated entity equity instruments moved according to the historical correlation with the index.

### 3 Financial risk management (continued)

#### (a) Market risk (continued)

##### (i) Price risk (continued)

|   | Impact on surplus |         | Impact on equity |         |
|---|-------------------|---------|------------------|---------|
|   | 2020              | 2019    | 2020             | 2019    |
|   | \$                | \$      | \$               | \$      |
| ASX 200   | -                 | 446,028 | -                | 446,028 |
| MSCI World ex Australia Index                   | 96,600            | 419,028 | 96,600           | 419,028 |
| ASX 200 TR AUD                                  | 32,600            | -       | 32,600           | -       |
| ASX Small Ordinaries TR AUD                     | 4,653             | -       | 4,653            | -       |
| Bloomberg Barclays Global Aggregate ex Treasury | 19,850            | -       | 19,850           | -       |
| Bloomberg AusBond Composite 0+Y TR AUD          | 74,007            | -       | 74,007           | -       |
| RBA Bank Accepted Bills 90 Days                 | 34,008            | -       | 34,008           | -       |

The consolidated entity has no significant concentration of foreign currency risk.

Surplus for the year would increase/decrease as a result of gains/losses on equity securities classified as at fair value through profit or loss. The price risk for the unlisted securities is immaterial in terms of the possible impact on profit or loss or total equity. It has therefore not been included in the sensitivity analysis.

##### (ii) Cash flow and fair value interest rate risk

The consolidated entity's interest rate risk arises mainly from its cash enhanced portfolio, which is managed by the consolidated entity's external portfolio manager, under the guidelines set out by the Investment Committee.

#### (b) Credit risk

The consolidated entity has no significant concentrations of credit risk. Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, as well as credit exposures to the sales of services to members and customers, including outstanding receivables and committed transactions.

For banks and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted. The consolidated entity has procedures in place to ensure that sales of services are made to members and customers with an appropriate credit history. The maximum exposure to credit risk at the end of each reporting period is the carrying amount of the financial assets in this note.

Cash and cash equivalent and credit exposures to the sales of services to members and customers, including outstanding receivables are subject to the expected credit loss model. While cash and cash equivalents are also subject to the impairment requirements of AASB 9, the identified impairment loss was immaterial.

The consolidated entity applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

The impact of expected credit losses to previous period was immaterial based on the assessment over a period of 36 months before 1 July 2018 and the corresponding historical credit losses experienced within this period were immaterial. Management's assessment of the credit loss provision includes consideration of forward looking macroeconomic factors, including the impacts of COVID-19.

To measure the expected credit losses, trade and other receivables have been grouped based on the days past due. Trade receivables are generally due for settlement within 60 days and the receivables aged more than 90 days are determined to be credit impaired assets. Loss allowance of the credit impaired assets are individually assessed by the management at the end of each reporting period.

### 3 Financial risk management (continued)

#### (b) Credit risk (continued)

Credit quality of trade and other receivables based on expected credit loss or to historical information about counterparty default rates at 30 June 2020 are follows:

|                                    | Consolidated<br>entity<br>2020<br>\$ | Parent entity<br>2020<br>\$ |
|------------------------------------|--------------------------------------|-----------------------------|
| <b>Trade and other receivables</b> |                                      |                             |
| Not impaired (aged < 90 days)      | 9,712,622                            | 59,007,016                  |
| Credit impaired (aged > 90 days)   | 882,629                              | 726,232                     |
| Less credit loss allowances        | <u>(529,426)</u>                     | <u>(445,269)</u>            |
|                                    | <b>10,065,825</b>                    | <b>59,287,979</b>           |

The consolidated entity is also exposed to credit risk in relation to investments that are measured at fair value through profit or loss. The maximum exposure at the end of the reporting period is the carrying amount of these investments \$2,686,967 (2019: \$9,660,640).

#### (c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities available for use. The consolidated entity manages liquidity risk by continuously monitoring forecast and actual cash flows and matching maturity profiles of financial assets and liabilities.

##### *Maturities of financial liabilities*

The tables below analyses the consolidated entity's financial liabilities into relevant maturity groupings based on the remaining period at the end of each reporting period to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

|  | Less than 6<br>months | Greater than<br>6 months | Total<br>contractual<br>cash<br>flows | Carrying<br>amount<br>(assets)/<br>liabilities |
|--|-----------------------|--------------------------|---------------------------------------|--|
|  | \$                    | \$                       | \$                                    | \$   |
| <b>Contractual maturities of financial liabilities</b> |                       |                          |                                       |  |
| <b>Consolidated entity - at 30 June 2020</b>           |                       |                          |                                       |  |

#### (d) Fair value estimation

##### *Summarised sensitivity analysis*

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

AASB 7 Financial Instruments: Disclosures requires disclosure of fair value measurement by level of the following fair value measurement hierarchy:

- a) Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
- b) Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2), and Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3)

The following tables present the consolidated and the parent entity's assets and liabilities measured and recognised at fair value at 30 June 2020 and 30 June 2019.

| Consolidated entity and parent entity - at 30<br>June 2020      | Level 1<br>\$    | Level 2<br>\$    | Level 3<br>\$ | Total<br>\$      |
|---|------------------|------------------|---------------|------------------|
| <b>Financial assets at fair value through profit or loss</b>    |                  |                  |               |                  |

### **3 Financial risk management (continued)**

#### **(d) Fair value estimation (continued)**

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and the fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the consolidated entity is the current bid price. These instruments are included in level 1.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques. The consolidated entity uses a variety of methods and makes assumptions that are based on market conditions existing at the end of each reporting period. Quoted market prices or dealer quotes for similar instruments are used to estimate fair value for long-term debt for disclosure purposes. In the circumstances where a valuation technique for these instruments is based on significant unobservable inputs, such instruments are included in level 3.

There were no level 3 financial instruments for the year ended 30 June 2020 and 30 June 2019.

The carrying amounts of cash and cash equivalents, trade and other receivables and payables are assumed to approximate their fair values due to their short-term nature.

#### 4 Revenue

|  | Consolidated entity |                   | Parent entity     |                   |
|--|---------------------|-------------------|-------------------|-------------------|
|  | 2020                | 2019              | 2020              | 2019              |
|  | \$                  | \$                | \$                | \$                |

| Publications - over time and point in time                             | 431,333             | 402,661           | 431,333           | 402,661           |
| Other - point in time  | 3,461,965           | 1,829,482         | 3,387,252         | 1,711,064         |
| Interest earned on cash and cash equivalents - AASB 9 - amortised cost | 16,131              | 108,187           | 15,958            | 106,447           |
| Distributions and dividends - AASB 9 - FVTPL                           | 193,553             | 784,255           | 193,553           | 784,255           |
| Rents - over time  | 1,641,621           | 1,203,108         | 1,294,033         | 1,203,108         |
| <b>Total revenue from continuing operations</b>                        | <b>69,267,765</b>   | <b>71,862,306</b> | <b>42,190,838</b> | <b>45,438,284</b> |

Publications revenues were based on sales of publications, with revenue recognised at a point in time, plus publication updating subscription service for which the revenue is recognised over time.

There were no revenues during the reporting period in relation to capitation fees (save for membership subscriptions as noted), compulsory fees, donations or grants to The Australian Industry Group and it was also not in receipt of any other financial support from another reporting unit under the Act. Similarly, The Australian Industry Group did not provide any financial support to any other reporting unit under the Act.

During the year, the government provided a wage support subsidy to employers of \$1,500 per fortnight per employee. The parent entity was eligible for this subsidy and received \$1,950,658. The subsidy is included in "Other".

#### 5 Other income

|                                   | Consolidated entity |        | Parent entity |        |

| Cash not available for use (note d) | <b>762,381</b>      | 762,381 | <b>762,381</b> | 762,381 |

### (a) Reconciliation to cash flow statement

The above figures reconcile to the amount of cash shown in the statements of cash flows at the end of the financial year as shown in the statement of cash flows.

### (b) Interest rate risk exposure

The consolidated entity's exposure to interest rate risk is discussed in note 3.

### (c) Cash at bank and on hand

Contract funds unexpended at year end amounting to \$3,474,480 (2019: \$3,467,027) which are included in the balances above (refer to notes 16 & 18), can only be used for the purposes of the contract.

### (d) Cash not available for use

The above figures represent a security deposit relating to three lease agreements. This balance is restricted for use until expiration of the leases.

### (e) Deposits at call

The deposits are bearing fixed interest rates between 0.15% p.a. and 0.20% p.a. (2019: 0.75% p.a. and 2.45% p.a.). Included in this balance is \$949,480 (2019: \$1,029,970) that will be utilised for future purchases of growth portfolio and liquidity requirements.

### (f) Recovery of wages

No recovery of wages activities has occurred in the reporting period.

## 8 Current assets - Trade and other receivables

|  | Consolidated entity |            | Parent entity     |           |
|--|---------------------|------------|-------------------|-----------|
|  | 2020                | 2019       | 2020              | 2019      |
|  | \$                  | \$         | \$                | \$        |

### **13 Non-current assets - Property, plant and equipment (continued)**

#### **(a) Significant estimates - valuations of land and buildings**

The consolidated entity obtains independent valuations for its land and buildings (non-financial assets) at least annually. At the end of each reporting period, the Officers update their assessment of the fair value of land and buildings, taking into account the most recent independent valuations. The Officers determine a property's value within a range of reasonable fair value estimates.

The best evidence of fair value is current prices in an active market for similar land and buildings. Where such information is not available the Officers consider information from a variety of sources including:

- (i) current prices in an active market for land and buildings of different nature or recent prices of similar land and buildings in less active markets, adjusted to reflect those differences
- (ii) discounted cash flow projections based on reliable estimates of future cash flows
- (iii) capitalisation income projections based upon the land and building's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair value measurement of investment property has been classified as a level 3 fair value as it is derived from valuation techniques that include inputs that are not based on observable market data (unobservable inputs).

At 30 June 2020, the Adelaide and Brisbane properties have been valued using the capitalisation method and direct comparison approach. The most relevant assumption under this method is the market capitalisation rate. The rate applied at 30 June 2020 was 7% (2019: 7%).

Given the unknown future impact COVID-19 might have on the commercial real estate market, coupled with a lower interest rate environment, a higher degree of judgement is required in assessing the inputs that determine property valuations. The Officers and independent specialist valuers acknowledge current valuations are subject to "significant valuation uncertainty" as a consequence of this. A reduction in transaction volumes has made direct comparison as a method more difficult. To date, there has been little evidence to suggest that capitalisation and discount rates have softened since the onset of COVID-19. As COVID-19 has progressed, Ai Group has continued to reassess the valuations to ensure they remain appropriate and that no other market information has become available to indicate a material change to the assumptions applied. However, the fair values are a best estimate and may differ to the actual sales price if the properties were to be sold.

## 14 Leases

This note provides information for leases where the consolidated entity is a lessee.

### (a) Amounts recognised in the balance sheet

The balance sheets show the following amounts relating to leases:

|                            | <b>Consolidated entity</b> |                    | <b>Parent entity</b> |                    |
|----------------------------|----------------------------|--------------------|----------------------|--------------------|
|                            | <b>30 June 2020</b>        | <b>1 July 2019</b> | <b>30 June 2020</b>  | <b>1 July 2019</b> |

| <b>Right-of-use assets</b> |                            |                    |                      |                    |
| Buildings                  | <b>6,715,480</b>           | 7,938,141          | <b>6,715,480</b>     | 7,938,141          |
|                            | <b>6,715,480</b>           | 7,938,141          | <b>6,715,480</b>     | 7,938,141          |
| <b>Lease liabilities</b>   |                            |                    |                      |                    |
| Current                    | <b>1,432,625</b>           | 1,428,272          | <b>1,432,625</b>     | 1,428,272          |
| Non-current                | <b>6,250,461</b>           | 7,347,636          | <b>6,250,461</b>     | 7,347,636          |
|                            | <b>7,683,086</b>           | 8,775,908          | <b>7,683,086</b>     | 8,775,908          |

Additions to the right-of-use assets during the 2020 financial year were \$nil.

### (b) Amounts recognised in the statement of profit or loss

The income statements show the following amounts relating to leases:

|   | <b>Consolidated entity</b> |             | <b>Parent entity</b> |             |
|---|----------------------------|-------------|----------------------|-------------|
|   | <b>2020</b>                | <b>2019</b> | <b>2020</b>          | <b>2019</b> |
|   | \$                         | \$          | \$                   | \$          |
| <b>Depreciation charge of right-of-use assets</b> |                            |             |                      |             |
| Buildings   | <b>1,222,661</b>           | -           | <b>1,222,661</b>     | -           |
|   | <b>1,222,661</b>           | -           | <b>1,222,661</b>     | -           |
| Interest expense (included in finance cost)       | <b>340,867</b>             | -           | <b>340,867</b>       | -           |

The total cash outflow for leases in 2020 was \$1,433,689.

### (c) Significant estimates - options and incremental borrowing rate

The consolidated entity has assessed options for lease extensions based on individual leases. Where it is not reasonably certain that the option would be renewed, the option extension has been excluded from the lease liability.

The incremental borrowing rate of 4.11% was determined with the consolidated entity's current bank provider. It was agreed that a benchmark rate of 1.11% as at 1 July 2019 and a credit risk spread of 3% was considered reasonable for the consolidated entity's portfolio of leases.

## 15 Non-current assets - Intangible assets

## 16 Current liabilities - Trade and other payables

|  | Consolidated entity |                  | Parent entity    |                  |
|--|---------------------|------------------|------------------|------------------|
|  | 2020                | 2019             | 2020             | 2019             |
|  | \$                  | \$               | \$               | \$               |
| Trade payables   | 7,956,497           | 6,958,994        | 6,059,316        | 5,053,029        |
| Special contribution for defence of members' interests | -                   | 8,728            | -                | 8,728            |
| Unexpended government contracts                        | 3,132,961           | 2,858,286        | 3,132,565        | 2,858,287        |
|  | <b>11,089,458</b>   | <b>9,826,008</b> | <b>9,191,881</b> | <b>7,920,044</b> |

### (a) Unexpended government contracts

Under arrangements with the Commonwealth and various State Governments the consolidated entity was either given, or acted as custodian of, various contracts earmarked for specific purposes in the Manufacturing, Engineering, Construction, Information Technology and Telecommunications industries. Total government contracts received during the year amounts to \$10,961,628 (2019: \$12,259,982) for the consolidated entity. Contract funds not expended at the completion of the contract for the purposes of the contract are managed in accordance with the individual contract requirements. Unexpended government contracts represents contract liabilities. In 2020, \$2,858,286 revenue was recognised from performance obligation satisfied in previous periods.

### (b) Special contribution for defence of members' interest

Since 1995/96, special contributions of \$89,109 have been collected from members on several occasions to defend members' interests in relation to major union claims and campaigns. There were no further contributions, but expenses of \$8,728 were incurred during the year (2019: \$0).

### (c) Legal Liability

Included in trade payables is an amount for legal case liabilities of \$nil (2019: \$111,455). There are no litigation case liabilities.

## 17 Current liabilities - Borrowings

|                                  | Consolidated entity |      | Parent entity |      |
|----------------------------------|---------------------|------|---------------|------|
|                                  | 2020                | 2019 | 2020          | 2019 |
|                                  | \$                  | \$   | \$            | \$   |
| <b>Secured</b>                   |                     |      |               |      |
| Bank loans                       | 5,000,000           | -    | -             | -    |
| Total secured current borrowings | <b>5,000,000</b>    | -    | -             | -    |

The bank loan becomes due and payable on 13 January 2020 and has been classified as a current liability.

## 18 Current liabilities - Deferred revenue

|                       | Consolidated entity |           | Parent entity |           |
|-----------------------|---------------------|-----------|---------------|-----------|
|                       | 2020                | 2019      | 2020          | 2019      |
|                       | \$                  | \$        | \$            | \$        |
| Other deferred income | 11,222,821          | 7,512,241 | 11,222,821    | 7,512,241 |

### (a) Deferred income

Membership subscription income is brought to account on a pro-rata basis over the period to which it relates. The other deferred income account relates to the amounts received.

## 19 Current liabilities – Provisions

|                   | Consolidated entity |           | Parent entity    |           |
|-------------------|---------------------|-----------|------------------|-----------|
|                   | 2020                | 2019      | 2020             | 2019      |
|                   | \$                  | \$        | \$               | \$        |
| Employee benefits | <b>5,337,749</b>    | 5,278,730 | <b>4,063,538</b> | 3,893,379 |

There are no employee benefit provisions in respect of officeholders of the reporting unit. There was a provision of \$85,160 (2019: \$19,484) for annual leave in relation to separation and redundancy and other employee provisions at the end of the reporting period.

### Amounts not expected to be settled within the next 12 months

The current provision for employee benefits includes accrued annual leave, long service leave. For long service leave it covers all unconditional entitlements where employees have completed the required period of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount of the provision is presented as current, since the group does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not to be expected to be taken or paid within the next 12 months.

|  | Consolidated entity |           | Parent entity    |           |
|--|---------------------|-----------|------------------|-----------|
|  | 2020                | 2019      | 2020             | 2019      |
|  | \$                  | \$        | \$               | \$        |
| Current leave obligations expected to be settled after 12 months | <b>2,319,070</b>    | 2,352,491 | <b>2,133,722</b> | 2,249,286 |

## 20 Non-current liabilities - Trade and other payables

|                        | Consolidated entity |         | Parent entity |         |
|------------------------|---------------------|---------|---------------|---------|
|                        | 2020                | 2019    | 2020          | 2019    |
|                        | \$                  | \$      | \$            | \$      |
| Lease related payables | <b>26,324</b>       | 389,441 | <b>26,324</b> | 389,441 |

These lease related payables comprise:

### (a) Lease incentives

The consolidated entity has provided tenants at the Adelaide and North Sydney premises with lease incentives, which are currently recognised over a 5 years period.

### (b) Straight lining of fixed increase in lease rental

Under AASB 16, fixed increases in lease rentals are included in the right-of-use asset and lease liability calculations. Therefore, the provision as at 1 July 2019 has been reversed against retained earnings. In 2019, the consolidated entity has a liability recognised in the provision for straight lining of fixed increases in lease rentals as a result of some operating property leases that have fixed annual rental increase in the lease contracts. See note 2 and 14 for further information.

## 21 Non-current liabilities - Provisions

|  | Consolidated entity |                | Parent entity  |                |
|--|---------------------|----------------|----------------|----------------|
|  | 2020                | 2019           | 2020           | 2019           |
|  | \$                  | \$             | \$             | \$             |
| Employee benefits - long service leave | 371,095             | 442,205        | 344,577        | 442,205        |
| Make good provision                    | 137,226             | 105,086        | 137,226        | 105,086        |
|  | <b>508,321</b>      | <b>547,291</b> | <b>481,803</b> | <b>547,291</b> |

There are no employee benefit provisions in respect of officeholders of the reporting unit. There was a provision of \$65,557 (2019: \$57,046) for long service leave in relation to separation and redundancy and other employee provisions at the end of the reporting period.

### (a) Lease make good provision

The consolidated entity is required to restore the leased premises of its offices to their original condition at the end of the respective lease terms. A provision has been recognised for the present value of the estimated expenditure required to remove any leasehold improvements. These costs have been capitalised as part of the cost of leasehold improvements and are amortised over the shorter of the term of the lease or the useful life of the assets.

### (b) Movements in provisions

Movements in each class of provision during the financial year, other than employee benefits, are set out below:

| Consolidated and parent entity<br>2020 | Make good<br>provision<br>\$ | Total<br>\$    |
|--|------------------------------|----------------|
| Carrying amount at start of year       | 105,086                      | 105,086        |
| - additional provisions recognised     | 32,140                       | 32,140         |
| Carrying amount at end of year         | <b>137,226</b>               | <b>137,226</b> |

## 22 Reserves and retained earnings

| Net profit/(loss) attributable to members of The Australian Industry Group | (443,901)           | (3,516,240) | (679,484)         | (3,879,969) |
| Change in accounting policy  | (606,458)           | -           | (606,458)         | -           |
| Retained earnings at the end of the financial year                         | <b>53,557,310</b>   | 54,607,669  | <b>54,131,333</b> | 55,417,275  |

Net surplus/(loss) attributable to members includes the net surplus of \$144,361 (2019: Loss of (\$363,727)) from Ai Group Project Services Unit Trust (formerly Australian Industry Group Graduate Employment Unit Trust).

### (c) Nature and purpose of reserves

#### (i) Property, plant and equipment revaluation reserve

The property, plant and equipment revaluation reserve is used to record increments and decrements on the revaluation of non-current assets, as described in accounting policy note 1(j).

## 23 Related party transactions

In the audit of these financial statements, The Australian Industry Group must comply with

- the Australian Accounting Standards (AASB), and
- the Reporting Guidelines issued under the Fair Work (Registered Organisations) Act 2009 (the Act), and
- the Act and its regulations.

#### (i) Related Party Transactions Under the Standard

AASB 124 (the Standard) requires disclosure of related party transactions and for the purposes of this Note 23(i), the definition of related party in AASB 124 has been adopted. Key Management Personnel in the Standard includes the Officers (non-executive appointees) of Ai Group and senior executive management (employees) of Ai Group.

#### (a) Officers of Ai Group

The Officers of Ai Group (refer to Note 1 in the Operating Report) together control the entity, and have the responsibility for the management of the affairs of the entity, determination of the policy of the entity and to make, rescind, alter and enforce the rules of the entity. Other than a payment regarding property consulting services performed by Alford Capital, and a payment to ERM Power Retail Pty Ltd for project services as part of a Queensland Government energy services agreement, none of the Officers entered into any related party transactions as required to be disclosed under AASB 124 for the reporting period. Nor, during the financial year, did any of those Officers receive any payment or benefit in relation to their duties performed as Officers to Ai Group. No payments were made to a former related party of The Australian Industry Group (the reporting unit).

#### (b) Executive Management

The executive managers of Ai Group during the reporting period were the following persons:

Rebecca Andrews, Peter Burn, Mark Goodsell, Megan Lilly, Kate Louis, Michael McConnell, Michael Mead, Anthony Melville, Stephen Myatt, Tim Piper, Shane Rodgers, Stephen Smith, Helen Waldron and Innes Willox.

## 23 Related party transactions (continued)

### (b) Executive Management (continued)

(These persons are not Officers under the Act as their participation in the management of Ai Group is only in accordance with the directions given to them by the Committee of Management of Ai Group or by an Officer for the purpose of implementing the policy of the entity or a decision concerning the entity.)

Aside from their compensation as employees of Ai Group (noted below), none of the abovementioned persons entered into any related party transactions as required to be disclosed under AASB 124 for the reporting period.

#### Key management personnel compensation

|   | Consolidated entity |           | Parent entity |           |
|---|---------------------|-----------|---------------|-----------|
|   | 2020                | 2019      | 2020          | 2019      |
|   | \$                  | \$        | \$            | \$        |
| Short-term employee benefits                | 5,139,631           | 5,204,110 | 5,139,631     | 5,204,110 |
| Total key management personnel compensation | 5,139,631           | 5,204,110 | 5,139,631     | 5,204,110 |

### (c) Transactions with other related parties

The following transactions occurred with other related parties (the subsidiaries of the reporting entity):

|  | Consolidated entity |      | Parent entity |         |
|--|---------------------|------|---------------|---------|
|  | 2020                | 2019 | 2020          | 2019    |
|  | \$                  | \$   | \$            | \$      |
| <i>Sales and purchases of goods and services</i>     |                     |      |               |         |
| Rental revenue paid to The Australian Industry Group | -                   | -    | 441,000       | 418,500 |

### (d) Loans to/from related parties

|                                       | Consolidated entity |      | Parent entity |             |

|                                       | \$                  | \$   | \$            | \$          |
| <i>Loans to other related parties</i> |                     |      |               |             |
| Beginning of the year                 | -                   | -    | 1,747,751     | 2,760,268   |
| Loans advanced                        | -                   | -    | 66,290,217    | 8,580,483   |
| Loan repayments received              | -                   | -    | (13,089,332)  | (9,593,000) |
| End of year                           | -                   | -    | 54,948,636    | 1,747,751   |

### (ii) Related Party Payments under the Act and the Reporting Guidelines

Under the Act Ai Group (the reporting unit under the Act) is required to disclose to its members all payments made by it to its related parties during the financial year 2019-20.

A related party to Ai Group under the Act includes the following:

- a related body corporate (Australian Industry Group Training Services Pty Ltd; Ai Group Legal Pty Ltd; Confectionery BTW Pty Ltd, Ai Group Project Services Pty Ltd (formerly Australian Industry Group Graduate Employment Pty Ltd), Ai Group North Sydney Development Pty Ltd and other controlled entities;
- Officers of Ai Group;
- Relatives of Officers;
- Persons or entities in which an Officer has disclosed a material personal interest ("declared persons").

### 23 Related party transactions (continued)

Ai Group and its branches are required to disclose any payments made in the 2019-20 financial year to related parties and declared persons and bodies in excess of \$5,000 (cumulative).

A related party is any of the following:

- a. an entity controlled by the Ai Group or a branch of the Ai Group;
- b. the Ai Group's national and branch officers and their spouses;
- c. relatives of the Ai Group's national and branch officers and their spouses (meaning a parent, step-parent, child, step-child, grandparent, grandchild, brother or sister);
- d. an entity controlled by a related party referred to in paragraphs (a), (b) or (c) above.

Note: an entity is a related party:

- i. at a particular time if it was a related party of a kind referred to in paragraphs (a), (b), (c) or (d) at any time within the previous 6 months;
- ii. if the entity believes or has reasonable grounds to believe, that it is likely to become a related party of a kind referred to in paragraphs (a), (b), (c) or (d) at any time in the future;
- iii. if the entity acts in concert with a related party on the understanding that the related party will receive a financial benefit if the Ai Group or a branch of the Ai Group gives that entity a financial benefit.

A declared person or body is defined in section 293G(6) of the *Fair Work (Registered Organisations) Act 2009*.

The Ai Group and its branches have made the following payments (which cumulate to \$5,000 or more) to persons, bodies or entities in paragraphs (a), (b), (c) or (d) (having also regard to the further information set out in points (i), (ii) and (iii) above) as required to be disclosed under section 293J of the *Fair Work (Registered Organisations) Act 2009* and Rule 30 of the Rules of the Ai Group for the reporting period:

| Name                     | Nature of relationship  | Purpose of payment  | Amount (GST Inclusive) |
|--------------------------|---|---|------------------------|
| Alford Capital Pty Ltd   | National Officer is a Shareholder, Director and Secretary of the Entity           | Property Consulting Services  | \$118,250              |
| ERM Power Retail Pty Ltd | Branch officer is the Chief Executive Officer of the parent entity of the company | Project services as part of a Queensland Government energy services agreement | \$55,000               |

Ai Group has made payments on behalf of the related entities in paragraph (d) on an interest free basis, repayable by the entities at the cost incurred by Ai Group from external providers. Ai Group has received funds at various times throughout the year from the related entities in paragraph (d) in repayment of costs incurred and in reduction of trust distributions received by Ai Group.

Ai Group, together with Australian Industry Group Training Services Trust, provides continued financial support to Ai Group Project Services Unit Trust (formerly Australian Industry Group Graduate Employment Unit Trust) for six months during 2019 while it established a business presence. This support consists of payment of employment and operational costs and is treated as an interest free intercompany account for future repayment.

For the purposes of the Act, it is also noted that none of the branches of Ai Group has any power or authority to make payments and none maintains any bank accounts for this purpose. Accordingly, there are no disclosures of any payments made by any of the New South Wales Branch, Victorian Branch, Queensland Branch or South Australian Branch for the financial year 2019-20 to any related parties or declared persons of those branches.

## 24 Contingent liabilities and contingent assets

### Contingent liabilities

The consolidated entity had contingent liabilities at 30 June 2020 in respect of:

*(i) Claims and other legal matters*

There is an ongoing workcover investigation that Australian Industry Group Training Services Trust (an entity within the consolidated group) is subject to. The consolidated entity had no contingent liabilities in respect of claims at 30 June 2020 (2019: Nil).

*(ii) Guarantees*

The Australian Industry Group has guaranteed payment of the debts of Australian Industry Group Training Services Pty Ltd (and Australian Industry Group Training Services Trust). Total liabilities at the end of 30 June 2020 was \$3,666,977 (2019: \$3,117,057).

*(iii) Bank Guarantees*

The consolidated entity has a bank guarantee of \$762,380 (2019: \$762,380) relating to five (2019: five) lease agreements.

## 25 Commitments

### (a) Capital commitments

Capital expenditure and operational commitments contracted for at the end of each reporting period but not recognised as liabilities is as follows:

|   | <b>Consolidated entity</b> |           | <b>Parent entity</b> |           |
|---|----------------------------|-----------|----------------------|-----------|
|   | <b>2020</b>                | 2019      | <b>2020</b>          | 2019      |
|   | \$                         | \$        | \$                   | \$        |
| <i>Property, plant and equipment:</i>             |                            |           |                      |           |
| Within one year                                   | <b>1,055,000</b>           | 2,210,051 | <b>1,055,000</b>     | 2,210,051 |
| Later than one year but not later than five years | -                          | 493,511   | -                    | 493,511   |
|   | <b>1,055,000</b>           | 2,703,562 | <b>1,055,000</b>     | 2,703,562 |

### (b) Lease commitments: consolidated entity as lessee

*Non-cancellable operating leases*

The consolidated entity leases various offices under non-cancellable operating leases expiring within one to six years. The leases have varying terms, escalation clauses and renewal rights. On renewal, the terms of the leases are renegotiated.

From 1 July 2019, the consolidated entity has recognised right-of-use assets for these leases, except for short-term and low-value leases, see note 14 and note 2 for further information.

## 25 Commitments (continued)

### (b) Lease commitments: consolidated entity as lessee (continued)

*Non-cancellable operating leases (continued)*

|  | Consolidated entity |           | Parent entity |           |
|--|---------------------|-----------|---------------|-----------|
|  | 2020                | 2019      | 2020          | 2019      |
|  | \$                  | \$        | \$            | \$        |
| Commitments for minimum lease payments in relation to non-cancellable operating leases are payable as follows: |                     |           |               |           |
| Within one year  | -                   | 1,658,908 | -             | 1,658,908 |
| Later than one year but not later than five years  | -                   | 6,018,148 | -             | 6,018,148 |
| Later than five years  | -                   | 1,051,220 | -             | 1,051,220 |
|  | -                   | 8,728,276 | -             | 8,728,276 |

## 26 Remuneration of auditors

During the year the following fees were paid or payable for services provided by the auditor of the parent entity, its related practices and non-related audit firms:

### PwC Australia

*Assurance services*

|  | Consolidated entity |         | Parent entity  |         |
|--|---------------------|---------|----------------|---------|

| <b>Total remuneration for other services</b> | <b>114,886</b> | 547,065 | <b>114,886</b> | 547,065 |

|  |                |         |                |         |
|--|----------------|---------|----------------|---------|
| <b>Total remuneration of PwC Australia</b> | <b>303,384</b> | 746,646 | <b>303,384</b> | 746,646 |
|--|----------------|---------|----------------|---------|

## 27 Subsidiaries

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy described in note 1(b):

| Name of entity   | Country of incorporation | Class of shares      | Equity holding |           |
|--|--------------------------|----------------------|----------------|-----------|
|  |                          |                      | 2020<br>%      | 2019<br>% |
| Australian Industry Group Training Services Pty Ltd  | Australia                | Ordinary shares      | 100            | 100       |
| Ai Group Legal Pty Ltd   | Australia                | Ordinary shares      | 100            | 100       |
| Confectionery BTW Pty Ltd  | Australia                | Ordinary shares      | 100            | 100       |
| Ai Group Project Services Pty Ltd (formerly "Australian Industry Group Graduate Employment Pty Ltd") | Australia                | Ordinary shares      | 100            | 100       |
| Ai Group North Sydney Development Pty Ltd  | Australia                | Ordinary shares      | 100            | N/A       |
| Ai Group Limited   | Australia                | Limited by guarantee | -              | -         |
| Ai Group Centre for Education and Training Limited   | Australia                | Limited by guarantee | -              | -         |

During the year, The Australian Industry Group continued to operate these entities, some of which are corporate trustees:

- (i) Australian Industry Group Training Services Pty Ltd which acted as trustee for The Australian Industry Group Training Services Trust, a discretionary trust in which Ai Group is a member of the class of beneficiaries, which trust provides registered training organisation (VET accredited training) services and group training services for apprentices and trainees, and a recruitment and employment service;
- (ii) Ai Group Legal Pty Ltd which acted as trustee for Ai Group Legal Unit Trust (the whole of the issued units in which are held beneficially and legally by Ai Group) which unit trust provides legal services under the various Legal Profession Acts;
- (iii) Confectionery BTW Pty Ltd which acted as trustee for The Confectionery Trust, which trust is a unit trust owned by external parties for a special purpose and none of the income or assets of which is held beneficially by or on behalf of Ai Group;
- (iv) Ai Group Project Service Pty Ltd (formerly known as "Australian Industry Graduate Employment Pty Ltd") acted only as the trustee of the Ai Group Project Services Unit Trust (formerly known as "Australian Industry Group Graduate Employment Unit Trust"). There are two classes of units - A class held exclusively by Ai Group who controls income and capital distributions and B class units held by Australian Industry Group Training Trust which entitles AiGTS to a discretionary distribution of income. The Trust operates an incidental labour hire business;
- (v) Ai Group North Sydney Development Pty Ltd which acts as trustee for North Sydney Property Unit Trust (the whole of the issued units in which are held beneficially and legally by Ai Group) which unit trust owns property in North Sydney, New South Wales;
- (vi) Ai Group Limited is a company limited by guarantee. The only member of the company is The Australian Industry Group as at balance date. Ai Group Limited was incorporated on 15 April 2019. It has not traded during the reporting period;
- (vii) Ai Group Centre for Education and Training Limited, is a company limited by guarantee. The only member of the company is Ai Group Limited as at balance date. Ai Group Centre for Education and Training Limited was registered with ACNC on 9 January 2020. It has not traded during the reporting period.

## **28 COVID-19 impact**

In early 2020 there was an outbreak of Coronavirus Disease 2019 (“COVID-19” or “the coronavirus”). There have been unprecedented measures put in place by the Australian Government, as well as governments across the globe, to contain the coronavirus which have had a significant impact on the economy. Management continues to consider the potential implications of coronavirus, which includes provision of advice to many members with regard to their staff health and operational concerns, through on-line engagement and transitioning to on-line events.

In August 2020 Victoria introduced Stage 4 restrictions for Melbourne and Mitchell shire, while other states re-introduced or strengthened cross border travelling restrictions. The impact on the consolidated entity has been increased activity and engagement with members seeking current information regarding the various rules imposed and implications for their businesses. Initial impact has resulted in increased consulting activity as members seek advice regarding their workforce. However, there are areas of the consolidated entity's businesses that are negatively impacted by governments' responses to the coronavirus, and there is an expectation that the consulting opportunities may ease.

The consolidated entity is monitoring the development of the coronavirus and the measures taken to control it and will continue to evaluate its impact on the financial position and operating results of the consolidated entity.

There is no indication of increased risk to the consolidated entity's ability to continue as a going concern. However, the coronavirus is unprecedented and as such the consolidated entity will pay close attention to the development of the situation and continue to assess the impact on its operations.

## **29 Events occurring after the reporting period**

The board has resolved to cease operation of the Registered Training Organisation in The Australian Industry Group Training Services Trust during the next financial year. The cessation will be actioned over several months in 2020-21 while all students are transferred over to a different Registered Training Organisation.

Except as disclosed above and in note 28, no other matter or circumstance has arisen since 30 June 2020 that has significantly affected the consolidated entity's operations, results or state of affairs, or may do so in future years.

### 30 Cash flow information

#### Reconciliation of profit/(loss) after income tax to net cash (outflow)/inflow from operating activities

|   | Consolidated entity |             | Parent entity    |             |

| (Decrease)/increase in trade and other payables   | <b>1,131,642</b>    | 896,816     | <b>1,140,027</b> | 418,314     |
| (Decrease)/increase in provisions   | <b>20,049</b>       | (233,941)   | <b>104,671</b>   | (110,378)   |
| Net cash (outflow)/inflow from operating activities   | <b>6,255,824</b>    | (2,868,555) | <b>6,430,957</b> | (2,570,523) |

No other reporting unit and/or controlled entity of the organisation are the source of a cash inflow or the application of a cash outflow other than those disclosed in note 23(d).

### 31 Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner24A:

1. A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
2. The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
3. A reporting unit must comply with an application made under subsection (1).

### 32 Reporting Guidelines under the RO Act (RGs)

For the purposes of the Reporting Guidelines, all activities during the reporting period required to be mentioned in the General Purpose Financial Report (GPFR) are noted on the face of the financial statements or in these Notes or in the Officer's Declaration Statement.

## **Committee of management's statement**

This Statement is made by the Committee of Management of The Australian Industry Group (the National Executive) pursuant to a resolution passed by the National Executive on 26 August 2020 (the date of passage of the resolution) in relation to the matters requiring declaration under the Reporting Guidelines issued in accordance with section 255 of the Fair Work (Registered Organisations) Act 2009 (the Act) and is signed by the Designated Officer within the meaning of section 243 of the Act and is dated as at the date the Designated Officer signs this Statement:

The National Executive declared on the date of passage of the resolution in relation to the financial and operating reports and other prescribed information of The Australian Industry Group (the reporting unit) for the financial year ending 30 June 2020 (the reporting period) that in the opinion of the committee of management:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with the Reporting Guidelines issued pursuant to section 255 of the Act;
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable;
- (e) no revenue has been derived from undertaking recovery of wages activity during the reporting period; and
- (f) During the financial year to which the General Purpose Financial Report relates and since the end of that year:
  - (i) meetings of the National Executive were held in accordance with the Rules of the reporting unit; and
  - (ii) the financial affairs of the reporting unit have been managed in accordance with its Rules; and
  - (iii) the financial records of the reporting unit have been kept and maintained in accordance with the Act and its related Regulations; and
  - (iv) no information from the reporting unit has been requested or sought under or pursuant to section 272 of the Act; and
  - (v) no orders for inspection of financial records of the reporting unit have been made by the Fair Work Commission under section 273 of the Act.

This statement is signed by the National Secretary-Treasurer being the authorised Designated Officer under the Rules within the meaning of section 243 of the Act; and is dated the date on which the Designated Officer signs this statement.

**The Australian Industry Group  
Officer declaration statement  
30 June 2020**

I, Russell Rolls, being the National Secretary-Treasurer of The Australian Industry Group, declare that the following activities did not occur during the reporting period ending 30 June 2020.

The reporting unit did not -

- Acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of an organisation, a determination or revocation by the General Manager, Fair Work Commission
- Agree to receive financial support from another reporting unit to continue as a going concern
- Agree to provide financial support to another reporting unit to ensure they continue to operate as a going concern
- Pay to a person fees or allowances to attend conferences or meeting as a representative of the reporting unit
- Have a payable with another reporting unit
- Transfer to or withdraw from a fund (other than the general fund), account, asset or controlled entity
- Have a balance within a general fund
- Provide cashflows to another reporting unit
- Receive cashflows from another reporting unit
- Have another entity administer the financial affairs of the reporting unit
- Have a payable with an employer for making payroll deductions for membership subscriptions

## *Independent auditor's report*

To the members of Australian Industry Group

### ***Report on the audit of the financial report***

---

#### *Our opinion*

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of Australian Industry Group (Parent Entity) and its controlled entities (together the Reporting Unit) as at 30 June 2020 and its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards and any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act); and the committee of management's use of the going concern basis of accounting in the preparation of the Reporting Unit's financial statements is appropriate.

#### ***What we have audited***

The Parent Entity and the Reporting Unit financial report comprises:

- the balance sheets as at 30 June 2020
- the statements of comprehensive income for the year then ended
- the statements of changes in members' funds for the year then ended
- the statements of cash flows for the year then ended
- the notes to the financial statements, which include a summary of significant accounting policies
- the committee of management's statement
- the officer declaration statement.

---

#### *Basis for opinion*

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### ***Independence***

We are independent of the Parent Entity and the Reporting Unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

---

### *Emphasis of matter - basis of accounting and restriction on use*

We draw attention to Note 1 in the financial report, which describes the basis of accounting. The financial report has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the Fair Work (Registered Organisation) Act 2009, including the Reporting Guidelines issued by the Commissioner of Registered Organisations Commission under the Act. As a result, the financial report may not be suitable for another purpose. Our report is intended solely for Australian Industry Group and its members and should not be used by parties other than Australian Industry Group and its members. Our opinion is not modified in respect of this matter.

---

### *Other information*

The Committee of Management are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

### *Responsibilities of management and the Committee of Management for the financial report*

The Committee of Management is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, and the RO Act, and for such internal control as the Committee Management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management is responsible for assessing the ability of the Parent Entity and the Reporting Unit to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Parent Entity or the Reporting Unit or to cease operations, or has no realistic alternative but to do so.

The Committee of Management are responsible for overseeing the Parent Entity and the Reporting Unit's financial reporting process.

---

### *Auditor's responsibilities for the audit of the financial report*

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. we also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reporting Unit's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management.

Conclude on the appropriateness of the Committee of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Reporting Unit's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Reporting Unit to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Reporting Unit to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Reporting Unit audit. We remain solely responsible for our audit opinion.

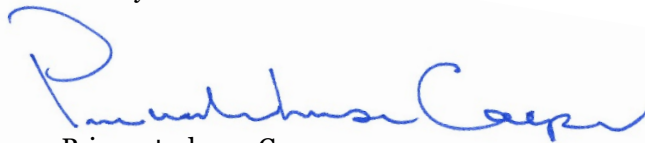

We communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during my audit.

We declare that David Kennett is an approved auditor registered under the RO Act, a member of Chartered Accountants Australia and New Zealand, with membership number 257407, and holds a current Public Practice Certificate.

---

***Report on the Recovery of Wages Activity financial report***

The Australian Industry Group and its controlled entities have not undertaken any recovery of wages activity during the year ended 30 June 2020 as referred to in point (e) of the Committee of Management’s Statement. As a result, no opinion can be provided in relation to recovery of wages activity.
