Dear Mr Byrne

Lodgment of Financial Statements and Accounts – The Australian Institute of Marine and Power Engineers - for year ended 30 June 2009 (FR2009/10076)

Thank you for lodging the abovementioned financial statements and accounts which were received by Fair Work Australia on 22 December 2009.

Your covering certificate indicates that the organization has, in presenting the report to general members' meetings after mailing the report to members and within the six month time frame prescribed by the legislation, fully complied with s266 of the Act.

It remains for me to draw your attention to two formal details.

The first is that Fair Work Australia has been advised that current Australian Accounting Standard (AASB) 101 requires that general purpose financial reports must also include a separate "Statement of Changes in Equity" (or its alternative, a "Statement of Recognized Income and Expense"). Thus it becomes required pursuant to s253(2)(a)(iv) of the Act. I believe your return contains some or all of the relevant information elsewhere within the report, (for example, in the Income Statement, Balance Sheet and Notes to the Financial Statements), but I suggest you draw this requirement to your Auditor's attention so that future returns may include this separate Statement.

The second is that the item "Donations" in the Income Statement on page 3 shows a figure of \$5,504. If this amount included any single donation exceeding \$1,000, then a separate statement under s237 of the Act must be lodged, disclosing the relevant particulars.

The documents have been filed and, unless the preceding paragraph applies, there is no other action required.

Yours sincerely,

Stephen Kellett

## AUSTRALIAN INSTITUTE OF MARINE AND POWER ENGINEERS OPERATING REPORT

- I, Martin Byrne, Federal Treasurer of the Australian Institute of Marine and Power Engineers, hereby report on the operations of the AIMPE during 2008-09 as follows:
- (a) The principal activities of the AIMPE continue to be the protection of the rights and entitlements of AIMPE members both individually and collectively, the defence of professional standards and the promotion of the maritime industry. As a result of these activities the AIMPE negotiated numerous collective agreements with various employers in the maritime industry. These were submitted to the Workplace Authority for registration [following approval by the members concerned]. AIMPE was also involved in a number of industrial disputes although none of these resulted in any disruption to shipping. Additionally AIMPE has been actively engaged with the Federal Government in seeking the implementation of new policies to assist in the rebuilding of Australian coastal shipping and a re-writing of the Navigation Act.

One of the major legislative changes which impacted on Australian industrial relations generally in 2008-09 was what has become known as the Award Modernisation process. AIMPE was an active participant in this process and sought the retention of separate awards for each of the kev sectors of our operations:

Seagoing;

Offshore oil & gas;

Towage;

Dredging; and

Port services.

In addition AIMPE played a role in relation to tourist vessels award and the shore based electricity generation and oil refinery awards.

To disseminate information to members, AIMPE maintains an active communication strategy encompassing direct mail of the union journal, monthly reports to all ships with members on board, email communications to ships where available and regular monthly meetings at major locations around the country. AIMPE was honoured to receive the Queensland Council of Unions 'Best Small Union Journal' award in 2008-09.

AIMPE continued to be represented on industry bodies including the National Marine Safety Council's Industry Advisory Group, the Seafarers Safety, Rehabilitation and Compensation Authority as well as the Seafarers Assistance Service.

Throughout 2008-09, AIMPE also retained its long-standing affiliations with the International Transport Workers Federation, the Australian Council of Trade Unions and the Australian Labor Party.

(b) Regarding the financial affairs of the AIMPE in 2008-09 — membership fee income was again up on the income in the previous financial year due to an increase in membership numbers as well as a modest increase in fees. As with many other organizations, AIIVIPE suffered a reduction in the value of managed investment assets.

AIMPE owns all of the premises in which our offices are located. In addition we have some space let out to tenants in our Head Office in Surry Hills, Sydney and in our SA Branch office in Port Adelaide.

(c) Members are entitled to resign by providing a notice of resignation in writing to the Branch Secretary of the Branch to which the member belongs as provided by Rule 31. During 2008-09 there were 117 members who resigned from the AIMPE — very similar to the 113 who resigned in 2007-08. These figures also include members who died during the period.

The number of new members who joined the AIMPE in 2008-09 was 284 which is a increase over the 189 new members in the previous year. At 30th June 2009 the total number of members in the union was 3036 [including Honorary members] up from the 2855 in 2007-08.

(d) The Federal Executive of the AIMPE for 2008-09 was elected by the 2008 Federal Council in a ballot conducted by the Australian Electoral Commission. This is the Committee of Management of the organization. The persons elected were:

Federal President

Terry Snee,

Senior Vice President

Tony Richardson,

Vice Presidents

Henning Christiansen and Phillip Olsen,

Federal Treasurer

Martin Byrne.

The total number of people employed by AIMPE during 2008-09 was 21 [comprising 14 full-time staff, 3 part-time staff and 4 casual staff members]. This exceeded the number employed in 2007-08 because there was one resignation and two terminations of full time staff [three replaced during the period] and a new position created [in Western Australia].

Signed:

MARTIN BYRNE,

Federal Treasurer, AIMPE.

#### Note 2: Statement of Significant Accounting Policies

This financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Urgent Issues Group Consensus Views and other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Fair Work (Registered Organisations) Act 2009.

The financial report has been prepared on a modified accruals basis of accounting where, in accordance with Division 3 section 252(4) of the Fair Work (Registered Organisations) Act 2009, membership subscriptions are kept on a cash basis. The financial report is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by the Union in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated,

No provision for income tax is necessary as trade unions are exempt from income tax under Section 50-15 of the Income Tax assessment Act 1997.

#### Note 2: Statement of Significant Accounting Policies (cont'd)

#### Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation.

#### Property

Freehold land and buildings are measured on the fair value basis, being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction. It is the policy of the economic entity to have an independent valuation every three years, with annual appraisals being made by the directors.

#### Plant and Equipment

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amounts.

#### Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated over their useful lives to the economic entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Buildings	2-11.25%
Plant and equipment	9 - 60%

#### (c) Investments

Shares in listed companies held as current assets are valued by directors at those shares' market value at each balance date. The gains or losses, whether realised or unrealised, are included in profit from ordinary activities.

#### Note 2: Statement of Significant Accounting Policies (cont'd)

#### (d) **Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with entitlements arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the economic entity to the employee superannuation funds and are charged as expenses: when incurred.

#### (e)

For the purposes of the Statement of Cash Flows, cash includes cash on hand, at banks and on deposit.

#### (f) Income

Income from the sale of goods is recognised upon the delivery of goods to customers.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets

Dividend revenue is recognised when the right to receive a dividend has been established.

Income from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

#### Goods and Services Tax (GST) (g)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

#### Note 14: Segment Reporting

The Union operates predominantly in one business and geographical segment, being a union of employees providing industrial and workplace relations services to its members in Australia.

#### Note 15: Financial Instruments

#### Interest Rate Risk

The branch's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on those financial assets is not material.

#### Credit Risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying value of those assets, net of any provisions for doubtful debts, as disclosed in the balance sheet and notes to and forming part of those financial statements.

The company does not have any material credit risk exposure to any single debtor or group of debtors under financial instruments entered into by the company.

#### Net Fair Values

Assets and liabilities have been valued at their net fair value at balance date. This value approximates their carrying value. No financial assets and financial liabilities are readily traded on organised markets in standardised form. Financial assets where the carrying value exceeds fair net values have not been written down as the company intends to hold these assets to maturity. The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the balance sheet and in the notes to and forming part of the financial statements.

Dear Mr Byrne;

The financial year of The Australian Institute of Marine and Power Engineers, (the "reporting unit") has recently ended. This is a courtesy letter to remind you of the obligation to prepare and process the reporting unit's financial documents. The full financial report must be lodged with Fair Work Australia within a period of 5 months and 14 days or 6 months and 14 days, depending on your rules, of the end of the financial year.

The RO Act sets out a particular chronological order in which financial documents and statements must be prepared, audited, provided to members and presented to a meeting. The attached *Timeline/Planner* summarises these requirements.

In addition, financial reporting fact sheets and sample documents can be found on our new Fair Work Australia website. You will find that the legislative requirements remain largely unchanged to that of the former requirements under Schedule 1 of the Workplace Relations Act 1996. The information can be viewed at FWA Registered Organisations Fact Sheets.

This office encourages you to lodge all financial reports electronically (e.g. as pdf files) at RIASydney@fwa.gov.au. Alternatively, you can forward the documents by fax to (02) 9380 6990.

If you need any further information or if you believe you will be unable to lodge the full financial report within the period mentioned above please contact me on (02) 8374 6615 or by email at RIASydney@fwa.gov.au.
