Dear Commissioner,

Re: Amendment to Notice of Changes of 26 July 2017

It has come to our attention that our notification of changes dated 26 July 2017 inadvertently included the office of National Conference Delegate for Kathleen Cotter as an outgoing office holder. Ms Cotter does in fact still hold the position of National Conference Delegate. We apologise for this error and ask that records be amended to show Ms Cotter as a National Conference Delegate.

Yours sincerely,

Neil Henderson

Dear Commissioner,

Re: Notice of Changes

Please find attached a notice of change regarding appointment of Mr David McDowell to the office of Vice President Local Authorities. This appointment was endorsed by our Executive on 1 September 2017, however upon written notification to his employer asking for special leave for Mr McDowell to participate on the Executive committee his employer rejected the request which had the result that Mr McDowell needed to give some consideration to his position.

We did not initially notify Mr McDowell's appointment, as it was not clear whether he would want to continue in the role of Vice President without access to special leave.

Ultimately after further communication with his employer Mr McDowell has now committed to using his own leave to fulfill his duties on our Executive Committee.

The original appointment stands, however because of the matters being considered the notification was delayed and then I inadvertently allowed the notification to travel beyond the required period. I apologise for this oversight and ask that consideration be given to the circumstances for this notification being late.

Yours sincerely,

**Neil Henderson

The table below outlines the changes notified and when they were lodged. Our records have been updated accordingly.

The document can be viewed on the Website through the [list of Registered Organisations](#).

Date of lodgement	Branch	Change
3 October 2017	Qld Together	Branch Conference Delegate
3 October 2017	Qld Together	Branch Council Delegate

Please note that the RO Act requires that a notification of change must be lodged within 35 days of the change occurring. The notification for the NSW & ACT Services Branch indicates that changes occurred more than 35 days prior to its lodgement. Please ensure that future notifications of change are lodged within 35 days of the change occurring. I note that this is a civil penalty provision and non-compliance may leave your organisation open to Federal Court proceedings.

Section 293K of the RO Act requires each officer with financial management duties to undertake approved training that covers those duties within 6 months after the person begins to hold office. Please ensure that relevant officers undertake approved training within the required timeframe.

Please also ensure that all new holders of office are advised of their obligations to make disclosures regarding remuneration, non-cash benefits and material personal interests, the details of which are contained in the RO Act.

Thank you for the notification.

Yours faithfully,

Michael Moutevelis

Dear Secretary (or prescribed office holder),

Education and advice campaign - the obligation to notify the ROC of changes to records within the prescribed statutory time frame

I write on behalf of the Registered Organisations Commissioner to advise you about an education and advice campaign being conducted by the Registered Organisations Commission (ROC) which is designed to encourage all registered organisations and their office holders to comply with the statutory obligation to lodge timely notifications of changes to records, contained in section 233(2) of the *Fair work (Registered Organisations) Act 2009* (the RO Act).

The ROC has become increasingly concerned about systemic contraventions of s.233(2) in which the lodgement of notifications are repeatedly weeks, months or even years late, or have not been lodged at all. Contraventions of this provision can give rise to risks for registered organisations and their members as a result of reduced transparency and accountability, and can expose the organisation to potential civil penalty proceedings.

As an independent regulator, the ROC's approach seeks to be fair, proportionate, objective and evidence-based. The ROC considers that compliance with statutory obligations is essential to ensure that registered organisations function efficiently, effectively and transparently.

The importance of timely notifications

The statutory obligation on registered organisations to notify the ROC of particular changes to records under s.233(2) of the RO Act has been part of the regulatory scheme in various forms for over 100 years and is currently a civil penalty provision, which means that registered organisations or their prescribed office holders may be potentially liable for any breaches.

The obligation is essential for a number of reasons including that:

- It assists members to participate in the democratic functioning and control of their organisations;
- Enables the regulator to publish information about who current office holders are; and
- It promotes accountability of office holders who are managing the funds and assets of registered organisations.

Registered organisations represent the interests of approximately 2 million members nationally. It is essential that timely information about the identity of relevant office holders is lodged in compliance with the RO Act so that the regulator and each organisation's members can be aware of which office holders are exercising management and financial responsibilities in their organisations.

The ROC and its predecessors have published the lists of office holders of registered organisations on the relevant agency's public website since at least 2003. The ROC also publishes all notifications about changes to the branches, office addresses and office holders of registered organisations lodged under s.233(2) of the RO Act. The publication of this information provides transparency to members and the general public and facilitates accountability.

Educational reference documents

The ROC is committed to providing education, assistance and advice to registered organisations as part of the functions set out in s.329AB of the RO Act. Our primary educational goal is to maximise voluntary compliance with statutory obligations under the RO Act, to promote the effective governance, accountability and transparency of registered organisations and to thereby reduce the need for enforcement action.

As one part of a strategy to assist organisations to increase voluntary compliance with the s.233(2) obligation, the ROC has recently produced some new educational guides which are **enclosed**:

- Guidance Note – a quick reference guide in the form of a table, using scenarios where organisation staff and office holders may be unsure if they are obliged to notify changes. The table contains references to all relevant legislative provisions;
- Fact Sheet – a separate fact sheet outlining the types of changes that need to be notified and what needs to be included with the notification;
- Legislative Summary – a brief summary of the history of the legislative provision to notify changes, included for the purpose of understanding the historical context of the obligation.

In addition, the ROC will continue its ongoing practice of providing courtesy reminder correspondence about the requirement to notify changes to office holders, whenever we are provided with election results from the Australian Electoral Commission (**AEC**). Further, the ROC proposes to audit and continue to review compliance with this important statutory obligation.

Should you have any questions or feedback in relation to this correspondence, I can be contacted on 1300 341 665 or via regorgs@roc.gov.au.

Yours faithfully,

Chris Enright

Fact sheet

Notification of changes

The *Fair Work (Registered Organisations) Act 2009* requires organisations of employers and employees to annually lodge certain information to the Registered Organisations Commission (the ROC). In addition, whenever any changes occur in relation to certain records, registered organisations are required to lodge a notification of change to the ROC. The change must be lodged within 35 days after the change occurs.

Records requiring notifications of any changes

If any of the following records change, the organisation must notify the ROC of the change within 35 days after the change occurs:

- the list of offices in the organisation or in a branch of the organisation
- the name, postal address or occupation of a person holding office
- the name of a branch of the organisation
- the commencement or cessation of a branch of the organisation
- the address of the office of the organisation, or the address of the office of a branch of the organisation

What does the ROC do with the information?

Records including the above information are required to be lodged by each organisation by 31 March in each year in the Annual Return of Information. Annual Returns are published under the corresponding organisation on the ROC website. This information can be found by clicking on the 'Find a Registered Organisation' tab. Notifications of changes are published in descending date order within the corresponding year's annual return document. This enables members to view the changes with reference to the complete list of office holders.

When changes must be notified

Details of any changes must be notified within 35 days after the change occurs, as prescribed by regulation 151 of the *Fair Work (Registered Organisations) Regulations 2009*.

What needs to be included?

NOTE: *The ROC recommends use of the sample Notification of Changes template, as provided below, to help ensure that all of the required details are included in a notification of change*

- The notification must be lodged with a declaration signed by the Secretary or another office holder whose duties under the rules of the organisation or branch include lodging required information to

the statutory body. The declaration must contain a statement that the information lodged is a correct statement of the changes made.

- The notification must include details of each relevant office/office holder/branch to which the changes have occurred.
- The notification must include the date the change occurred and clearly specify what the change was.
- The notification must indicate the date on which the changes occurred, as this pertains to the obligation to lodge the notification within 35 days of the change.
- For changes to office holders the following details are also required:
 - The title of the relevant office
 - The name of each new or former office holder
 - the postal address of each new office holder. For privacy reasons, the ROC recommends using the postal address of the relevant organisation/branch, rather than the residential address of the person.
 - The occupation of each new office holder
- For new branches the street address (not just a postal address) must be included.

Who can sign the declaration?

The declaration must be signed by the Secretary or another office holder whose duties under the rules of the organisation or branch include lodging required information to the statutory body. A sample declaration template is provided below under 'sample notification of change template'.

If an organisation is divided into branches or divisions, the notification of change may be made by a national office holder or the relevant branch or division office holder, depending on who has authority under the rules of the organisation to do so.

Sample Notification of Changes Template

The sample notification of change template provided below includes a sample declaration template and a sample notification table. The ROC recommends use of these documents to help ensure that all of the required information is provided.

Summary and Historical Context of the Legislative Provisions

A brief explanation of the historical context surrounding the reporting obligation to notify changes is provided below. This information is intended to promote a better understanding of the reporting obligation, as well as an understanding of some of the purposes of the obligation.

As an overview, the statutory requirement for federally registered organisations to notify the relevant regulator of changes to records:

- appears to have been part of the relevant legislative scheme for over a century,
- has varied in terms of the time periods allowed for the changes to be notified to the relevant regulator,
- is an essential, fundamental and appropriate statutory obligation which provides transparency to members and the regulator.

Summary of the current provisions relevant to notifications of changes

'RO Act' means *Fair Work (Registered Organisations) Act 2009*.

'RO Regs' means *Fair Work (Registered Organisations) Regulations 2009*.

Subsection 233(2) of the RO Act provides that:

An organisation must, within the prescribed period, lodge with the Commissioner notification of any change made to the records required to be kept under paragraphs 230(1)(b), (c) and (d), certified by declaration signed by the secretary or other prescribed officer of the organisation to be a correct statement of the changes made.

Civil penalty: 60 penalty units.

Subsections 230(1)(b), (c) and (d) of the RO Act provide that:

(1) An organisation must keep the following records:

- (b) a list of the offices in the organisation and each branch of the organisation;
- (c) a list of the names, postal addresses and occupations of the persons holding the offices;
- (d) such other records as are prescribed.

Regulation 147 of the RO Regs provides that:

For paragraph 230(1)(d) of the Act, the following records are prescribed in relation to an organisation:

- (a) a record of the name of each branch of the organisation;
- (b) a record of the name of each branch that commenced operation in the previous 12 months;
- (c) a record of the name of each branch that ceased operation in the previous 12 months;

- (d) a record of the address of:
 - (i) the office of the organisation; and
 - (ii) the office of each branch of the organisation;
- (e) a record of each election that must, under the rules of the organisation, be held during each year commencing 1 January:
 - (i) for an office in the organisation; and
 - (ii) for an office in a branch of the organisation;
- (f) a record of the number of members on 31 December in the previous year;
- (g) if the organisation has entered into an agreement mentioned in subsection 151(1) of the Act – a record of the number of members of the organisation who were, on 31 December in the previous year, ineligible State members, in relation to the organisation, within the meaning of section 150 of the Act.

Regulation 151 of the RO Regs provides that:

For subsection 233(2) of the Act, for the lodgment of notification of any change to the records, the period of 35 days, beginning on the day after the day when the change is made, is prescribed.

Section 5 of the RO Act provides that:

The standards set out in this Act:

- (a) ensure that employer and employee organisations registered under this Act are representative of and accountable to their members, and are able to operate effectively; and
- (b) encourage members to participate in the affairs of the organisations to which they belong; and
- (c) encourage the efficient management of organisations and high standards of accountability of organisations to their members; and
- (d) provide for the democratic functioning and control of organisations; and
- (e) facilitate the registration of a diverse range of employer and employee organisations.

Brief chronological history of the legislative provision

1913 - The history of the provision for registered organisations to notify changes to relevant statutory body can be traced back to 1913. The *Conciliation and Arbitration Regulations 1913*, contained the 'Returns of Officers' provision at regulation 19, which required updates of lists of office holders to be provided within 14 days of any change.

1928 - The *Conciliation and Arbitration Regulations 1928* contained requirements relating to records at regulation 20 and this requirement bears similarity to the obligation set out in s 233(2) of the current RO Act. From 1928, the statutory requirement in accordance with regulation 23 was that changes to the records of registered organisations were to be filed with the relevant regulator within 14 days.

1989 - In 1989, the obligation on a registered organisation to notify the relevant regulator of changes to office holders was found in regulation 131, and notifications of changes were required to be lodged within 35 days. The requirement transitioned into the *Industrial Relations Act 1988* by virtue of section 268(4) taking effect in March 1989.

1988 - The *Industrial Relations Act 1988* was replaced by the *Workplace Relations Act 1996*.

2002 - The *Workplace Relations Amendment (Registration and Accountability of Organisations) Act 2002* placed the reporting obligations of registered organisations into a separate schedule. This amendment introduced Schedule 1B to the *Workplace Relations Act 1996*, which was the original RAO (*Registration and Accountability of Organisations*) Schedule. The RAO schedule included section 233 which is very similar to the provision in s.233(2) of the current RO Act.

2009 - The RAO schedule later became the *Fair Work (Registered Organisations) Act 2009*.

Mr David Smith
National Secretary
Australian Municipal, Administrative, Clerical and Services Union
dsmith@asu.asn.au

Dear Mr Smith,

**Australian Municipal, Administrative, Clerical and Services Union
Annual Return of Information for 2017 [AR2017/25]**

I refer to our letter of January 2017 reminding you of the obligation to lodge an Annual Return of Information for 2017 by 31 March 2017. While the organisation has until the end of the month in which to lodge the information, we provide the following as a second and final reminder. Please ignore this letter if you have lodged the Annual Return in the last few days.

A signed and dated declaration certifying matters prescribed in the Fair Work (Registered Organisations) Act 2009 (the RO Act) must be lodged with the Fair Work Commission (the Commission) or the Registered Organisation Commission (the ROC) by the 31 March 2017.

It is not yet known when the ROC will be established. We strongly encourage you to lodge the Annual Return of Information with the Fair Work Commission as soon as possible to avoid any potential administrative delays which may be caused by new email and postal addresses and contact phone numbers with the newly created ROC.

Where to lodge your Annual Return of information

	Before the ROC is established	From establishment of the ROC
Where to lodge	Lodge your Annual Return of information with the Fair Work Commission	Lodge your Annual Return of information with the ROC
How to lodge	The easiest way to lodge your Annual Return of information is via email: orgs@fwc.gov.au	Lodgement methods are not yet known
Recommendation	Lodge with the Fair Work Commission as soon as possible to avoid potential delays	

What must be lodged?

The matters to be included in the declaration are set out in the attached checklist.

The declaration must be signed by the Secretary, or where applicable, such other elected official who is required under the rules or by resolution of the organisation, to keep the relevant records (other prescribed officer). A declaration signed by a non-elected person does not meet this requirement. Further, you are reminded that the Secretary or other prescribed officer must also notify the Commission within 35 days of any changes to such records that may occur throughout the year.

If you require further information about an Annual Return you can refer to the ['Annual Information Requirements'](#) page on our website and, in particular, our Webinar slides.

Melbourne VIC 3001

Telephone: (03) 8661 7777

Email : orgs@fwc.gov.au

Once an Annual Return has been lodged, a copy will be posted on our website at [List of Registered Organisations](#). Therefore, to protect the privacy of the relevant office holders listed in the declarations, it is recommended that officers list their official mailing address rather than personal home address.

We encourage you to lodge all returns electronically (e.g. as a pdf file) at orgs@fwc.gov.au. Please ensure that emailed documents include signatures where required.

Please note: failure to comply with these obligations is subject to a civil penalty provision (up to \$54,000 for a body corporate and \$10,800 for an individual per contravention), under s.305 of the RO Act. Finally, in maintaining the register of members, your attention is drawn to the circumstances where membership ceases to exist (s.230(2)(b) and s.171A of the RO Act).

Please do not hesitate to contact the Commission by phone on (03) 8661 7777 or by e-mail at orgs@fwc.gov.au if you wish to discuss the requirements outlined in this correspondence.

Yours sincerely,

Christine Hibberd
Adviser
Regulatory Compliance Branch

Dear Mr Smith,

**Australian Municipal, Administrative, Clerical and Services Union
 Annual Return of Information for 2017 [AR2017/25]**

This is a courtesy letter to remind you of the obligation to lodge an Annual Return of Information for 2017 in respect of the Australian Municipal, Administrative, Clerical and Services Union by **31 March 2017**. However, for the reasons explained below, we strongly recommend that organisations lodge the Annual Return of information **as soon as possible**.

The new Registered Organisations Commission

The Registered Organisations Commission (the ROC) will be created in 2017.

Annual Returns of Information must be lodged with the Fair Work Commission until the ROC is established. Once the ROC is established, Annual Returns of information must be lodged with the ROC.

It is not yet known when the ROC will be established. We strongly encourage you to lodge the Annual Return of Information with the Fair Work Commission **as soon as possible** to avoid any potential administrative delays which may be caused by new email and postal addresses and contact phone numbers with the newly created ROC.

The Fair Work Commission will be providing information on the transition to the ROC through its subscription service and its website. For details about the subscription service, go to [Subscriptions](#) and subscribe to the Registered organisations information service.

Where to lodge your Annual Return of information

How to lodge	The easiest way to lodge your Annual Return of information is via email: orgs@fwc.gov.au	Lodgement methods are not yet known
Recommendation	Lodge with the Fair Work Commission as soon as possible to avoid potential delays	

What must be lodged?

A signed and dated declaration certifying matters prescribed in the *Fair Work (Registered Organisations) Act 2009* (the RO Act) must be lodged with the Fair Work Commission (the Commission). The matters to be included in the declaration are set out in the attached checklist.

In maintaining the register of members, your attention is drawn to the circumstances where membership ceases to exist (s.230(2)(b) and s.171A of the RO Act).

Once an Annual Return has been lodged, a copy will be posted on our website at [List of Registered Organisations](#). Therefore, to protect the privacy of the relevant office holders listed in the declarations, it is recommended that officers list their official mailing address rather than personal home address.

Who must sign the declaration?

The declaration must be signed by the Secretary, or where applicable, such other elected official who is required under the rules or by resolution of the organisation, to keep the relevant records (other prescribed officer). A declaration signed by a non-elected person does not meet this requirement.

Who lodges the Annual Return of information?

Section 233 places the onus of lodgement on the organisation and not on each individual branch. It is therefore the national body that is obliged to collate and lodge all of the required information. Annual Return templates are available on the Commission website at [Registered Organisations fact sheets](#), one for an [organisation with branches](#) and one for an [organisation without branches](#).

What happens if the information changes?

The Secretary, or other prescribed officer, must notify the Fair Work Commission (or the ROC when it is established) within 35 days of any changes to such records that may occur throughout the year.

Failure to comply with these obligations is subject to a civil penalty provision (up to \$54,000 for a body corporate and \$10,800 for an individual per contravention), under s.305 of the RO Act.

Please do not hesitate to contact the Commission by phone on (03) 8661 7777 or by e-mail at orgs@fwc.gov.au if you wish to discuss the requirements outlined in this correspondence.

Yours sincerely,

Marianne Kay
Adviser
Regulatory Compliance Branch

Obligation to lodge Annual Return of Information by 31 March

A copy of each of the following records must be lodged with the Fair Work Commission (the Commission) between 1 January and 31 March each year. They must be certified by a declaration stating that it is a correct statement of the information contained in that record, signed by the Secretary or such other elected official who is required under the rules, or by resolution of the organisation, to keep the relevant records (**other prescribed officer** see r.150 of the RO Regulations).

Failure to comply with these obligations is subject to a civil penalty provision – see s.305 of the RO Act.
