Dear Mr Scott

Organisation must respond to the post-election report of the Australian Electoral Commission: E2018/92

On 6 December 2018 the Registered Organisations Commission (the ROC) received a post election report from the Australian Electoral Commission (AEC) for election E2018/92 dated 6 December 2018. The AEC will have also provided the report to the organisation under section 197 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

The report identifies rules that were difficult to interpret or apply, in particular rules 40 (e) and 40 (i). This letter serves as a reminder of the obligations imposed on the organisation or branch as a consequence of the AEC's report. If a response has already been sent to the AEC and made available to all members please disregard this letter.

A notice must be published on the organisation's website

The organisation or branch must publish on its website a notice that a copy of the report is available from the organisation, branch or the AEC on request. The notice must be kept on the website for a period of at least 3 months (see regs 141(4) and (5)).

A written response must be provided to the AEC

A written response must be provided to the AEC within 30 days of receipt of the report. The organisation's response must include whether the organisation or branch intends to take action and if so what action the organisation or branch intends to take (s198(2)).

Extract of report must be made available to members

The organisation or branch must make the section of the report relating to the difficult rules available to its members (s198(3)). This extract from the report must be made available to the members before or at the same time as the organisation's response is made available to members.

Written response must be made available to members

A copy of the organisation's response to the AEC must be made available to members either:

- within 30 days after the response is given to the AEC, or
- published in the next edition of the organisation or branch journal (s198(5))

Subsection 198(6) and regulation 142 prescribe ways in which the relevant extract and the copy of the response can be made available to members. These do not limit the ways in which they can be made available to members. The organisation will comply if it does all of the following:-

- publish the report extract and the copy of the response in the next edition of the organisation or branch's journal; and
- within 30 days of giving the response to the AEC:
 - lodges with the ROC a copy of the relevant extract and response, together with a declaration that a copy will be provided to any member who so requests; and
 - give notice in the next edition of the organisation or branch's journal, or an appropriate newspaper, that a copy of the relevant extract and response are available on request to each member free of charge; and
- publish the relevant extract on the website within 14 days after receiving the report, and publish the response on the website within 14 days of giving the response to the AEC (reg 142(2)).

Penalties may apply

If the organisation or branch does not:

- respond to the AEC within 30 days,
- make the extract of the report relating to the rules available to members no later than the organisation's response is made available to members, or
- make the organisation's response available to members within 30 days or in the next edition of the journal,

the organisation may face penalties under the RO Act. Each requirement listed above is a civil penalty provision that may result in fines for the organisation

As noted above, if the response and report have already been made available to members and the AEC, please disregard this letter. If you have any questions in relation to these obligations please contact the ROC for assistance by email to regorgs@roc.gov.au.

If the organisation or branch decides to alter its rules in response to the AEC's report

If the organisation or branch decides to alter its rules in response to the AEC's report, the ROC is NOT able to provide advice and assistance regarding draft alterations or the processes required to make the alterations. Rule alterations remain a function of the Fair Work Commission.

Yours faithfully

Matthew Indrigo

Mr Alexander Scott
Branch Secretary
Australian Municipal, Administrative, Clerical and Services Union-Queensland Together Branch

Dear Mr Scott,

cc: Head Office, info@asu.asn.au

Reminder of actions required when persons elected to office

The Australian Electoral Commission has provided the Registered Organisations Commission (the ROC) a declaration of results for the election of stage 1 and 2 uncontested and contested offices for QLD Branch [E2018/92]. This letter is a reminder of certain obligations imposed on organisations and on persons elected to office.

A notice must be published on the organisation's website

The organisation or branch must, as soon as practicable after receiving the post-election report, publish on its website a notice that a copy of the report is available from the organisation, branch or the AEC on request. The notice must be kept on the website for a period of at least 3 months (see regulation 141 of the Fair Work (Registered Organisations) Regulations 2009).

Holders of office required to undertake approved training

Section 293K of the *Fair Work (Registered Organisations) Act 2009* (the RO Act) requires each officer with financial management duties to undertake approved training that covers those duties within 6 months after the person begins to hold office. Please ensure that relevant officers undertake approved training within the required timeframe. Please also ensure that all new holders of office are advised of their obligations to make disclosures regarding remuneration, non-cash benefits and material personal interests, the details of which are provided for in the RO Act.

Organisation must notify the Commission of changes

Also, section 233(2) of the RO Act requires that an organisation must notify the Commission **within 35 days of any changes** to the holders of office in the organisation. **If there are no changes a notification is not required.** If the election has resulted in **any changes** to the holders of office, the Australian Municipal, Administrative, Clerical and Services Union-Queensland Together Branch must notify the Commission of these changes. In particular, please advise:

1. Person(s) who have ceased to hold office:
 - the name of the office vacated;
 - the date of the change of office holder; and
 - the name of the person vacating the office.

2. Person(s) who have commenced to hold office:
 - the name of the office now held;
 - the date of the change of office holder;
 - the name of the person now holding the office;

- the postal address of the person (generally the postal address of the organisation); and
- the occupation of the person now holding the office.

The notification must include a declaration by the Secretary (or other prescribed officer) that the information is a correct statement of the changes made. A template notification of changes, which may assist you, is attached. If any change does not apply until a date in the future, you do not need to notify until then (e.g. AGM, 1 January, 2nd Monday in March). If you have already lodged this information, please disregard this reminder.

Regards

Matthew Indrigo

Arrangement for conduct of election.

[1] On 29 March 2018 the Queensland Together Branch (**the Branch**) of the Australian Municipal, Administrative, Clerical and Services Union (**the Organisation**) lodged with the Registered Organisations Commission (**the Commission**) prescribed information for an election to fill the following offices, due to insufficient nominations received in previous elections (**E2017/153 and E2014/279**) and casual vacancies for the remainder of the term:

National Conference Delegates for each of the following Industry Divisions:

General	(1)
Public Health	(1)

Branch Industry Division Executive Members for each of the following Industry Divisions:

Public Health	(1)
---------------	-----

[2] On 23 May 2018, the Commission contacted the Branch to ascertain the circumstances surrounding what appeared to be a delay of around two and half years in lodging the prescribed information for one of the collegiate offices identified as being an insufficient nomination, that of Branch Council Delegate (Public Health).

[3] The particular office was noted firstly because it has been unfilled since the last scheduled election E2014/279 which was declared by the Australian Electoral Commission on 8 September 2015 and secondly that prescribed information for more recent office elections has been lodged by the Branch.

[4] The Branch advised the Commission that the particular office had been inadvertently overlooked and consequently not included in subsequent prescribed information lodgements since scheduled election E2014/279.

[5] A key component of democratic functioning includes the conduct of regular elections to ensure that the number of office holders elected by members of an organisation corresponds with the number provided in its rules. I accept that the omission of the above office from subsequent prescribed information lodgements since E2014/279 has until now, been the result of an oversight.

[6] I am satisfied that an election for the abovenamed offices is required to be held under the rules of the organisation and, under subsection 189(3) of the *Fair Work (Registered Organisations) Act 2009*, I am making arrangements for the conduct of the election by the Australian Electoral Commission.
