

5 January 2016

Mr Wayne Wood Branch Secretary Australian Municipal, Administrative, Clerical and Services Union, Western Australian Branch 102 East Parade EAST PERTH WA 6004

via email: wayne.wood@asuwa.org

Dear Mr Wood

Australian Municipal, Administrative, Clerical and Services Union Western Australian Branch Financial Report for the year ended 30 June 2015 - [FR2015/286]

I acknowledge receipt of the financial report of the Australian, Administrative, Clerical and Services Union Western Australian Branch (ASU WA). The documents were lodged with the Fair Work Commission (FWC) on 15 December 2015.

The financial report has now been filed.

The financial report was filed based on a primary review. This involved confirming that the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and Reporting Guidelines have been complied with. A primary review does not examine all disclosure requirements.

Please note that the financial report for the year ending 30 June 2016 may be subject to an advanced compliance review.

I make the following comments to assist you when you next prepare a financial report. <u>You are</u> required to take further action in respect of the issue identified under the sub-heading *Statement* of Loans, Grants and Donations.

Statement of comprehensive income

Statement of Loans, Grants and Donations

A Loans, Grants and Donations statement for ASU WA was lodged with the FWC as required under subsection 237(1) of the RO Act on 24 September 2015. A figure for donations that exceeded \$1,000 was also supplied in the financial report however this figure for donations is different to the figure supplied on the Loans, Grants and Donations Statement.

Can you please confirm that the figure report in the Loans, Grants and Donations statement is correct, and if not, submit an amended statement.

Reporting Requirements

On the FWC website a number of factsheets in relation to the financial reporting process and associated timelines are available. The most recent copy of the Reporting Guidelines and a model set of financial statements can also be found. The FWC recommends reporting units use this model as it will assist in ensuring compliance with the RO Act, the s.253 Reporting Guidelines and the Australian Accounting Standards. Access to this information may be obtained via this link.

Should you wish to discuss this letter, or if you require further information on the financial reporting requirements of the Act, I may be contacted on 03) 8656 4681 or by email at joanne.fenwick@fwc.gov.au.

Yours sincerely

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AUSTRALIAN SERVICES UNION (WESTERN AUSTRALIAN BRANCH)

Report on the Financial Report

We have audited the accompanying financial report of Australian Services Union (Western Australian Branch) (the union), which comprises the statement of financial position as at 30 June 2015, the statement of comprehensive income, statement of changes in equity and cash flow statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the branch committee of management statement.

Branch Committee of Management's Responsibility for the Financial Report

The branch committee of management of the union are responsible for the preparation of the financial report that presents fairly in accordance with Australian Accounting Standards and the Fair Work (Registered Organisations) Act 2009 and for such internal control as the branch committee of management determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the branch committee of management also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the union's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the union's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the branch committee of management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Declaration

- (1) In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.
- (2) I, Simon Fermanis declare I am an approved auditor, member of CPA Australia and the Institute of Chartered Accountants in Australia and I hold a current Public Practice Certificate.

Auditor's Opinion

In our opinion:

- (1)The financial report of Australian Services Union (Western Australian Branch) is in accordance with:
 - (a) the Fair Work (Registered Organisations) Act 2009, including:
 - presenting fairly, in all material respects, the union's financial position as at 30 (i) June 2015 and of its performance for the year ended on that date; and
 - complying with Australian Accounting Standards (including Australian Accounting (ii) Interpretations); and
 - any other requirements imposed by Part 3 of Chapter 8 of the Fair Work (iii) (Registered Organisations) Act 2009.
 - (b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.
- (2)The union has kept satisfactory accounting records for the financial year including records of:
 - (i) the sources and nature of the unions income, including membership subscriptions and other income from members; and
 - (ii) the nature of and reasons for the unions expenditure.
- (3)All information and explanations that officers or employees of the union were required to provide have been provided.
- (4) There was no deficiency, failure or shortcoming in any matters referred to in (1) to (3) above.
- (5)The management's use of the going concern basis of accounting in the preparation of the union's financial statements is appropriate.

OPERATING REPORT

for the year ended 30 June 2015

The committee presents its report on the reporting unit for the financial year ended 30 June 2015.

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activities of the Australian Services Union (Western Australian Branch), during the financial year were the provision of industrial, professional and managerial services to the members, consistent with the object and rules of the Union and in particular, protecting and improving the interests of members.

Significant changes in financial affairs

There were no significant changes in the nature of the Union's principal activities during the financial year.

Right of members to resign

Rule 32 of the Australian Services Union Rules states as follows:

- a) A member may resign membership of the Union by written notice addressed and delivered to the Branch Secretary.
- b) A notice of resignation takes effect:
 - (i) where the member ceases to be eligible for membership of the Union:
 - 1. on the day on which the notice is received; or
 - 2. the day specified in the notice, which is a day not earlier than the day when the member ceases to be eligible to become a member;

whichever is the later; or

- (ii) in any other case:
 - 1. at the end of 2 weeks after the notice is received; or
 - 2. on the day specified in the notice;

whichever is the later.

- c) Notice of resignation shall be addressed to the Branch Secretary and delivered to that officer.
- d) Any member resigning shall be liable for the payment of all subscriptions, fines and levies owing to the Union under these Rules at the date of leaving, and such monies may be sued for and recovered in the name of the Union.
- e) Any subscription paid by a member in respect of a period beyond the end of the quarter in which the member's notice of resignation expires shall be remitted to the member if so requested and a member who pays annual subscription by instalments shall not be liable to pay any instalment for any period after the end of the quarter in which the member's notice of resignation expires and a member who resigns where the member ceased to be eligible to become a member of the Union as hereinbefore mentioned shall be entitled to the same remission.

OPERATING REPORT (continued)

for the year ended 30 June 2015

- f) A notice delivered to the Branch Secretary shall be taken to have been received by the Union when it was delivered.
- g) A notice of resignation that has been received by the Union is not invalid because it was not addressed and delivered to the Branch Secretary.
- h) A resignation from membership of the Union is valid, even if not affected in accordance with subclauses a. to g. of this Rule, if the member is informed in writing by or on behalf of the Union, that the resignation has been accepted.
- i) A member on leaving the Union after compliance with this Rule shall be entitled, on written application to the Secretary of the member's Branch, to a clearance certificate in the prescribed form.

Number of members

Number of members on the register of members on 30 June 2015 was 5,844 (2014: 5,784)

Number of employees

The number of employees employed by the Union at 30 June 2015 was 25 (2014: 21)

Names of Committee of Management members and period positions held during the financial year

The names of each person who has been a member of the committee of management of the Union at any time during the reporting period, and the period for which he or she held such a position is as follows:

COMMITTEE OF MANAGEMENT STATEMENT

for the year ended 30 June 2015

On 8 September 2015 the Branch Executive Council of the Australian Services Union (Western Australian Branch) passed the following resolution in relation to the general purpose financial report for the year ended 30 June 2015:

The Union declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards and International Financial Reporting Standards (IFRS);
- (b) the financial statements and notes comply with the reporting guidelines of the General Manager;
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Australian Services Union (Western Australian Branch) for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the Australian Services Union (Western Australian Branch) will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the General Purpose Financial Report relates and since the end of that year:
 - (i) meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
 - (ii) the financial affairs of the Australian Services Union (Western Australian Branch) have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - (iii) the financial records of the Australian Services Union (Western Australian Branch) have been kept and maintained in accordance with the Fair Work (Registered Organisations) Act 2009; and
 - (iv) no information has been sought in any request by a member of the Australian Services Union (Western Australian Branch) or General Manager duly made under section 272 of the Fair Work (Registered Organisations) Act 2009 during the financial year; and
 - (v) no orders have been made for inspection of financial records by the Fair Work Commission under section 273 of the Fair Work (Registered Organisations) Act 2009, there has been compliance.
- (f) no revenue has been derived from undertaking recovery of wages activity during the reporting year.

This declaration is made in accordance with a resolution of the Committee of Management.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies

Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting year and the Fair Work (Registered Organisation) Act 2009. For the purpose of preparing the general purpose financial statements, the Union is a not-for-profit entity. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. The financial statements are presented in Australian dollars.

a) Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

b) Significant accounting judgements and estimates

The following accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

Employee provisions

The liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Estimation of useful lives of assets

The Union determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

c) New Australian Accounting Standards

Adoption of New Australian Accounting Standard Requirements

No accounting standard has been adopted earlier than the application date stated in the standard.

The accounting policies adopted are consistent with those of the previous financial year.

Future Australian Accounting Standards Requirements

The following Australian Accounting Standards have been issued early but are not yet effective. The following have not been adopted in preparation of the financial statements at the reporting date but will be adopted at application date. The impact of the adoption has not yet been determined.

AASB 15	Revenues from Contracts with Customers	1 January 2017	December 2014
AASE 1056	Superannuation Entities	1 July 2016	June 2014

d) Revenue

Revenue is measured at the fair value of the consideration received or receivable.

Revenue from subscriptions is accounted for on an accrual basis and is recorded as revenue in the year to which it relates.

Revenue from the sale of goods is recognised when, the risks and rewards of ownership have been transferred to the buyer, the entity retains no managerial involvement or effective control over the goods, the revenue and transaction costs incurred can be reliably measured, and it is probable that the economic benefits associated with the transaction will flow to the entity.

Donation income is recognised when it is received.

Receivables for goods and services, which have 30 day terms, are recognised at the nominal amounts due less any impairment allowance account. Collectability of debts is reviewed at end of the reporting period. Allowances are made when collectability of the debt is no longer probable.

Interest revenue is recognised on an accrual basis using the effective interest method.

e) Going Concern

The union's ability to continue as a going concern is not reliant on the agreed financial support of another reporting unit. The union has not agreed to provide financial support to ensure another reporting unit has the ability to continue as a going concern.

The union has not acquired an asset or liability as a result of:

- i. An amalgamation under Part 2 of Chapter 3, of the Registered Organisations Act; or
- ii. A restructure of branches; or
- iii. A determination by the General Manager under subsection 245(1) of the Registered Organisations Act of an alternative reporting structure for the Union; or
- iv. A revocation by the General Manager under subsection 249(1) of the Registered Organisations Act of a certificate issued to an organisation under subsection 245(1)

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

f) Gains

Sale of assets

Gains and losses from disposal of assets are recognised when control of the asset has passed to the buyer.

g) Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 Employee Benefits) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the reporting unit in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Provision is made for separation and redundancy benefit payments. Reporting Unit recognises a provision for termination as part of a broader restructuring when it has developed a detailed formal plan for the terminations and has informed those employees affected that it will carry out the terminations. A provision for voluntary termination is recognised when the employee has accepted the offer of termination.

h) Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the consolidated statement of financial position.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

i) Financial instruments

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss.

j) Financial assets

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss, held-to-maturity investments, available-for-sale financial assets and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Fair value through profit or loss

Financial assets are classified as at fair value through profit or loss when the financial asset is either held for trading or it is designated as at fair value through profit or loss.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the reporting unit manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial asset other than a financial asset held for trading may be designated as at fair value through profit or loss upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the reporting units documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and AASB 139 'Financial Instruments: Recognition and Measurement' permits the entire combined contract (asset or liability) to be designated as at fair value through profit or loss.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other gains and losses' line item in the statement of comprehensive income.

Held-to-maturity investments

Financial assets with fixed or determinable payments and fixed maturity dates that the reporting unit has the positive intent and ability to hold to maturity are classified as held-to-maturity investments. Held-to-maturity investments are measured at amortised cost using the effective interest method less any impairment.

Available-for-sale

Listed shares and listed redeemable notes held by the reporting unit that are traded in an active market are classified as available-for-sale and are stated at fair value. The reporting unit also has investments in unlisted shares that are not traded in an active market but that are also classified as available-for-sale financial assets and stated at fair value. Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the investments revaluation reserve, with the exception of impairment losses, interest calculated using the effective interest method, and foreign exchange gains and losses on monetary assets, which are recognised in profit or loss. Where the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

Dividends on available-for-sale equity instruments are recognised in profit or loss when the reporting unit right to receive the dividends is established. The fair value of available-for-sale monetary assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. The foreign exchange gains and losses that are recognised in profit or loss are determined based on the amortised cost of the monetary asset. Other foreign exchange gains and losses are recognised in other comprehensive income.

Loan and receivables

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, when appropriate, a shorter period, to the net carrying amount on initial recognition.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

Income is recognised on an effective interest rate basis except for debt instruments other than those financial assets that are recognised at fair value through profit or loss.

Impairment of financial assets

Financial assets, other than those at fair value through profit or loss, are assessed for impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the reporting units past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 60 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

When an available-for-sale financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss in the period.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

In respect of available-for-sale equity securities, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. In respect of available-for-sale debt securities, impairment losses are subsequently reversed through profit or loss if an increase in the fair value of the investment can be objectively related to an event occurring after the recognition of the impairment loss.

k) Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

l) Land, buildings, plant and equipment

Asset recognition threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Revaluations—land and buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following rates:

	2015	2014
Buildings	8.88%	8.88%
Plant and equipment	5-40%	5-40%

m) Impairment for non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Union were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

n) Taxation

The Union is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

o) Fair value measurement

The Union measures financial instruments, such as, financial asset as at fair value through the profit and loss, available for sale financial assets, and non-financial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 16A.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the [reporting unit]. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Union uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Union determines whether transfers have occurred between Levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(WESTERN AUSTRALIAN BRANCH)

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 1 Summary of significant accounting policies (continued)

External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the Union has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

p) Trade and other payables

These amounts represent liabilities for goods or services provided by a third party during the financial year which remain unpaid at year end.

Accumulated depreciation and impairment	(2,274)	(41,579)
Net book value 30 June	2,197,726	1,408,752

The revalued land and buildings consist of the property at 102 East Parade, East Perth.

The Union's national office (the Australian Municipal, Administrative, Clerical and Services Union) is the registered owner of the property. Under rule 21of the national rules, the Union's national office delegates sole control, custody, administration and management of the property to the Union (Australian Services Union Western Australian Branch).

The property was last revalued on 4 June 2015 by independent valuation conducted by Valuations WA. The valuation was prepared in accordance with the Australian Property Institute's Standard Report content. The revaluation surplus was credited the asset revaluation reserve in members' equity.

for the year ended 30 June 2015

Note 15 Remuneration of auditors

	2015 \$	2014 \$
Financial statement audit services	12,000	12,000
Total remuneration of auditors	12,000	12,000

Note 16 Financial instruments

The Union's activities do not expose it to many financial risks, with only liquidity risk being needed to be actively managed.

Foreign currency risk

The Union is not exposed to any significant foreign currency risk.

Credit risk

The Union is not exposed to any significant credit risk.

Price risk

The Union is exposed to fluctuations in market value of its fair valued land and buildings. The union manages this by obtaining independent valuations every three years to ensure they are carrying the asset at fair value

Land and buildings at fair value	2,200,000	1,400,000
	2,200,000	1,400,000

Interest rate risk

The Union's main interest rate risk arises from cash deposits. Cash deposits issued at variable rates expose the union to interest rate risk. Cash deposits at fixed rates expose the union to fair value risk. The union maintains approximately 70% of cash reserves in term deposits at a fixed rate to manage exposure to interest rate risk.

(WESTERN AUSTRALIAN BRANCH)

	_	-		-	268,657

Liquidity risk

Vigilant liquidity risk management requires the Union to maintain sufficient liquid assets (mainly cash and cash equivalents) to be able to pay debts as and when they become due and payable.

The union manages liquidity risk though budgeting and monitoring cash flows. Budgets are established annually and monitored through bi-monthly meetings of the committee of management.

Remaining contractual maturities

The following tables detail the Union's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

Note 18 Events after the reporting period

There were no events that occurred subsequent to 30 June 2015 that would affect the ongoing structure and financial activities of the Union.

Note 19 Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or General Manager:

- (1) A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1).
