ROBIN GODFREY
DEPUTY INDUSTRIAL REGISTRAR

SYDNEY, 29 JANUARY 2009

AMENDING DECISION

[1] On 3 October 2008 Deputy Industrial Registrar Jenkins made arrangements for the conduct of elections for various offices and positions in the Australian Rail, Tram and Bus Industry Union.

[2] On 29 January 2009, the New South Wales Branch of the above organization lodged information amending the prescribed information originally lodged on 5 September 2008 and on 2 October 2008. The amending information identified a requirement, based on membership in accordance with rule 98(2), for an extra Divisional Delegate to Branch Council from the Metropolitan District of the Fleet Manufacture, Overhaul, Maintenance and Service Division within the New South Wales Branch.

[3] I am satisfied that an election for the extra Delegate is required to be held under the rules of the organization.

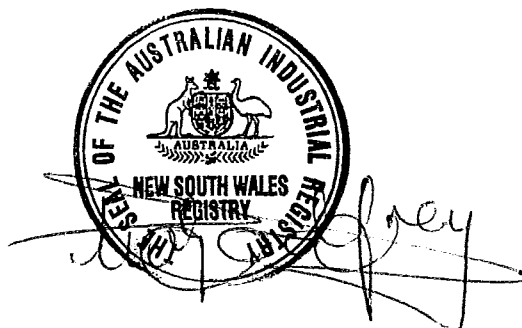

[4] Accordingly, Deputy Industrial Registrar Jenkins' Decision of 3 October 2008 is amended by altering the number for the abovementioned office set out in Attachment A attached to that Decision to the following:

Dear Mr. Kellett,

Re: RTBU Election 2009

It has been brought to my attention that this Office made an error in identifying the number of delegates to Branch Council from the Fleet, Manufacture, Overhaul, Maintenance & Service Division

Rule 98 – Composition and Ordinary Meetings of the Branch Council states;

- (1) The Branch Council shall comprise the Branch President, the Senior Branch Vice-President, the Junior Branch Vice-President, the Branch Secretary, the Assistant Branch Secretary, the Presidents of each Branch Division, the Secretaries of each Branch Division, the Branch Organisers (where such positions are established as an Office under the Rules) and the Branch Divisional Organisers (where such positions are established as an Office under the Rules), one affirmative action (woman) from the Tram and Bus Division, one affirmative action (woman) from the Rail Divisions, one delegate from the Administrative, Supervisory, Technical and Professional Division in State Transit Authority and Sydney Ferries Corporation together with Delegates from Branch Divisions determined in accordance with Sub-Rule 98 (2).
- (2) For the purpose of electing Delegates to the Branch Council, each Branch Division, other than the Tram & Bus Division, shall be divided into Districts as provided for in Sub-Clause 98 (3). The Branch Tram & Bus Division and each Branch Divisional District as specified in Sub-Clause 98 (3) shall, subject to Sub-Clause 98 (4), be entitled to one Delegate for each eight hundred members or part thereof. The number of Delegates to which the Branch Tram & Bus Division or a Branch Divisional District is entitled, shall be determined on the basis of the number of financial members within the Branch Division or the Branch Divisional District, as the case may be, at the end of the quarter immediately preceding the date for the opening of nominations for the election of Delegates.
- (3) The Branch Divisional Districts for the purpose of electing Delegates to the Branch Council shall be as follows:-

- (4) Where the Branch Council determines that the number of members in a Divisional District or Districts, other than a Metropolitan District, is too small to warrant a Delegate to the Branch Council, the Council may combine such District or Districts with another non-Metropolitan District or Districts, whether in the same or a different Branch Division, for the purpose of forming an electorate for the election of Council Delegates.
- (5) The Branch Council shall meet in Ordinary Session at least twice a year at such time and place as the Branch Council or, in the absence of a decision by the Branch Council, the Branch President and the Branch Secretary jointly, may determine provided that the Branch Executive may vary the date so determined where circumstances so require.

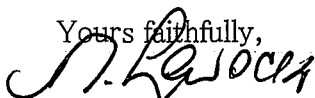

Unfortunately, we only nominated one (1) Branch Council position when the Division is entitled to two (2) because there are eight hundred and six (806) eligible members in the Metropolitan region. See attached copy of membership for this Division.

As the election nominations do not open until 3rd February 2009 and the affected membership is located with a small number of depots in the Sydney region.

I would appreciate if you could make the adjustment and issue the appropriate documentation. I would of course withdraw the previous notices and re-issue the new amended notice. We would also ensure Organisers contact each depot and speak to our members or workplace delegates.

Your assistance and co-operation would be appreciated.

Yours faithfully,

N LEWOCKI

Dear Stephen,

Re: Amendment to Attachment 'A', Prescribed Information.

I am writing to you with respect to my previous correspondence to the Deputy Industrial Registrar regarding the Australian Rail, Tram and Bus Industry Union's (RTBU) application for the Biennial Election of Honorary National and Branch Offices as provided in Section 189 of Schedule 1 – 'Registration and Accountability of Organisations' of the Workplace Relations Act. Specifically, I refer to the original application correspondence dated 5th September, 2008, including the 'Prescribed Information' document as Attachment 'A'.

It has come to my attention there were a number of anomalies, errors and omissions in the original Attachment 'A', 'Prescribed Information' document. In order to correct those anomalies, errors and omissions I have included an amended Attachment 'A', 'Prescribed Information' document setting out the positions for election in the RTBU 2008 Biennial Election for National and Branch Offices.

I offer my sincere apology for any inconvenience as a result of the original and amended documents.

I hope this satisfies the necessary requirements. Please do not hesitate to contact me if further information is required.

Yours Faithfully,

Greg Harvey
National Secretary

Dear Stephen,

I wrote to you on the 12th September to provide you with some additional information, as requested, regarding Branch membership numbers of the RTBU on a Divisional basis. In that correspondence I did not include details of the Victorian, Queensland and South Australian / Northern Territory Branches. The reason for omitting those Branch's details was due to confusion on my part. As a result of further discussions with you I now understand the necessity to provide those details.

Rather than send you the details of those Branches mentioned above separately to the others, I have decided to update the initial correspondence dated 12 September send all Branches details. Therefore, some of the content of the initial correspondence regarding this matter is repeated in this letter.

In response to your earlier query about the correct number of Rail Operations Delegates to National Council from the NSW Branch, the error is on page 2 of the National list in the original 'Prescribed Information' document (Attachment A) of the request to the Deputy Registrar dated 5th September, 2008. The initial error occurred because I used a previous 2004 election as a template. The membership number for NSW Rail Operations has increased since then and they are now entitled to 5 Delegates. My apologies for the error.

Tasmanian Branch.

Dear Stephen,

Despite my best efforts I have not yet been able to get all of the information you have requested in your previous email. However I have made some progress and though it best to at least send you what I have rather than continue to wait.

To date I am still waiting for the Victorian Branch to provide me with the information regarding their Divisional numbers and for the NSW Locomotive Division to provide the answers to your question 5 in your previous email.

As soon as I receive the remainder of the information I will forward it to you.

NSW Branch Information.

In response to the questions from your previous email regarding the NSW Branch anomalies, I am at this stage able to answer questions 1,2,3 and 5. Unfortunately I am not yet in a position where I can provide the answers to question 4, which has to do with the Locomotive Division. I hope to be able to get that information to you by tomorrow.

1. The number of Divisional Delegates to National Council from the Branch Locomotive Division requested in the PI was 3, but the membership totalled 3020, so by rule 28(3) – one rep for every 1000 or part thereof – I make this 4. Do you agree?

RTBU response - AGREE

= Committee

2. The number of Sub-Divisional Representatives to Branch Locomotive Divisional Council requested for ETR Region 3 was 1, but the membership total given on the second page was 616 (and on the third page 610), so, whichever is correct, by rule 100(4) – one rep for every 500 or part thereof – I make this 2; do you agree?

RTBU response - AGREE

3. The number of Sub-Divisional Representatives to Branch Locomotive Divisional Council requested for Pacific National Group North West Region was 1, but the membership total given on the second page was 507 (and on the third page 506), so, whichever is correct, by rule 100(4) again I make this 2; do you agree?

RTBU response - AGREE

5. Finally, on page 6 of the PI, one (1) representative is requested for the Fleet, maintenance etc, Divisional Committee for “Southern & Western Districts Group Combined”. This seems to me to be an error. The relevant paragraph in rule 100(4) is:

Each Group within the Branch Fleet Manufacture, Overhaul, Maintenance and Service Division shall be entitled to a Representative or Representatives on the Branch Divisional Committee as set out in the following schedule:

Metropolitan District Group - 4 Representatives

(including One Bus Engineering Representative)

Northern District Group - 1 Representative

Western District Group - 1 Representative

Southern District Group - 1 Representative

It is only for electing Divisional Delegates to Branch Council that, pursuant to rule 98(3), the Fleet District Groups are partially combined. Consequently I have set out in the draft decision, a separate representative for each of the Fleet Western and Southern District Groups.

RTBU response - AGREE, This was an error.

Subject: RE: Changes/discrepancies in prescribed information

Dear Greg,

I am sending this email so you have it for Monday morning. I will not be at my desk during the day for Monday and Tuesday, as I have to attend a course, but please feel free to reply by email when it is convenient to you as I will pick up messages when I check things in the evening. I will be fully back on deck on Wednesday.

Thank you for sending me the Divisional membership break-up figures for NSW, WA and TAS. Of course I realise that I will need to check the number of Branch Divisional Delegates to National Council for QLD, VIC and SA/NT also – so I apologise for not asking for them before, but could you email the QLD, VIC and SA/NT Divisional membership figures as well?

Secondly, I have examined the figures for WA and TAS against the prescribed information ("PI") you lodged, and they correspond, so that is fine.

Where the NSW Branch is concerned I have identified the following position numbers and descriptions for amendment:

1. The number of Divisional Delegates to National Council from the Branch Locomotive Division requested in the PI was 3, but the membership totalled 3020, so by rule 28(3) – one rep for every 1000 or part thereof – I make this 4. Do you agree?
2. The number of Sub-Divisional Representatives to Branch Locomotive Divisional Council requested for ETR Region 3 was 1, but the membership total given on the second page was 616 (and on the third page 610), so, whichever is correct, by rule 100(4) – one rep for every 500 or part thereof – I make this 2; do you agree?
3. The number of Sub-Divisional Representatives to Branch Locomotive Divisional Council requested for Pacific National Group North West Region was 1, but the membership total given on the second page was 507 (and on the third page 506), so, whichever is correct, by rule 100(4) again I make this 2; do you agree?
4. The names of some of the sub-divisional groups and numbers of Depot organiser representatives requested for the Locomotive Sub-Divisions on pages 10 and 11 of the PI did not exactly correspond with the names of the groups listed on pages 7, 8 and 9 of the PI or with the names listed on the membership figures attachment.

I have presumed that some of the names on the PI reflect how they were described and organised at the time of the last election and that the names on the membership figures attachment (which corresponds closely to the names on pages 7, 8 and 9) would be the most up-to-date descriptions and organisation of the companies/geographic areas, so I have set out these names in the draft Registrar's decision. Accordingly, I have identified a couple of extra representative requirements. The first is from Mt Victoria, within the Intercity Group, whose membership is 21, and by rule 100(4) this depot/area seems entitled to one depot organiser. The second is possibly from Moss Vale, again within the Intercity Group, whose membership is 20.

Now the relevant sentence in rule 100(4) is expressed a little unfortunately in that it requires a depot organiser for workplaces with "greater than 20 members" and a work organiser for workplaces with "less than 20 members" – there is no provision for workplaces with exactly 20 members! I have tentatively included a representative in the draft decision on the presumption that it is more usual for people to say "20 or more" than "20 or less", but I leave the interpretation to the Union and it can be omitted if that is how the rule was meant.

5. Finally, on page 6 of the PI, one (1) representative is requested for the Fleet, maintenance etc, Divisional Committee for "Southern & Western Districts Group Combined". This seems to me to be an error. The relevant paragraph in rule 100(4) is:

Each Group within the Branch Fleet Manufacture, Overhaul, Maintenance and Service Division shall be entitled to a Representative or Representatives on the Branch Divisional Committee as set out in the following schedule:

*Metropolitan District Group - 4 Representatives
(including One Bus Engineering Representative)
Northern District Group - 1 Representative
Western District Group - 1 Representative
Southern District Group - 1 Representative*

It is only for electing Divisional Delegates to Branch Council that, pursuant to rule 98(3), the Fleet District Groups are partially combined. Consequently I have set out in the draft decision, a separate representative for each of the Fleet Western and Southern District Groups.

All the changes to position numbers I have referred to above can be identified by looking at the draft decision list which I attach to this email. The changes are all in bold pink type. Also in bold pink type are the couple of Locomotive Divisional Group name updates, and Depot/Geographical area name updates [e.g. "Broadmeadow" rather than "Kooragang (Broadmeadow)", and "Southern Highlands" rather than "Southern Highlands (Moss Vale)"] – to correspond with how they are described in the membership attachment.

Please indicate whether you agree or not with these suggested changes. If you agree, it will probably be better to lodge a letter that formally "amends" the previous PI in respect of the details altered. However, in case one of the QLD, VIC or SA/NT numbers also needs amendment, perhaps it would be better to delay lodging such a letter until after I have had a chance to check them too.

I will endeavour to get the completed final decision ready for issuing as a priority for the Union.

Yours sincerely

Dear Stephen,

As requested, I write to provide you with additional information regarding the biennial election for the Rail, Tram and Bus Union (RTBU). The Divisional membership information provided below is on a Branch by Branch basis.

In response to your question about the correct number of Rail Operations Delegates to National Council from the NSW Branch, the error is on page 2 of the National list. This error has occurred because I used a previous 2004 election as a template. The membership number for NSW Rail Operations has increased since then and they are now entitled to 5 Delegates. My apologies for the error.
