Mr Owen Doogan Branch Secretary ARTBIU Queensland Branch Level 3, PTU House 428 Upper Edward Street BRISBANE QLD 4000

Dear Mr Doogan

Financial Return - year ending 31 December, 2006

Our records show the organisation's financial year ended recently. This letter outlines some of the things you must do to meet your financial reporting obligations and when you have to do them. For simplicity, we will call the documents you have to lodge with us your *financial return*.

This letter is intended as guide to the law applicable on the date of this letter, and should not be used as a substitute for legal or accounting advice. We only summarise some of the reporting requirements in this letter. More detailed information is at the end of this letter.

Information on AIRC Website

We recommend you and your accountant/auditor also refer to the following documents on the Commission's website at www.airc.gov.au:

- RAO Schedule
- RAO Regulations
- Registrar's Reporting Guidelines All GPFR's must comply with these Guidelines. Please note
 that the Guidelines set out requirements that are in addition to those required by the Australian
 Accounting Standards.
- RAO Fact Sheets These Fact Sheets explain the requirements of the RAO Schedule many of them deal with financial reporting matters.

Reporting Unit

Under the provisions of the Registration and Accountability of Organisations Schedule (RAO), Schedule 1 of the *Workplace Relations Act 1996*, reporting entities are known as "reporting units". Where an organisation is **not** divided into branches the reporting unit is the whole of the organisation. Where an organisation **is** divided into branches each branch will be a reporting unit unless the Industrial Registrar has determined a division of the organisation into reporting units on an alternative basis. We can discuss this with you if you need more information.

For simplicity, we will use the term "reporting unit" in this letter.

First Meeting (Committee of Management)

For simplicity, we will call the meeting at which the committee of management first considers the GPFR the first meeting. At the first meeting your committee, if satisfied that all is in order, will resolve to express its opinion on the GPFR and complete a Committee of Management Statement.

The Auditor

After the first meeting, the auditor takes the GPFR and the Committee of Management Statement and prepares a report on the GPFR. In practice, your auditor may have already completed most of his or her examination of your accounts. The auditor may only be waiting on the Committee to pass the required resolution and make the Statement before signing the report the same day.

Informing Your Members

Your reporting unit must provide free of charge to the general membership, copies of the GPFR, the Operating Report and the Auditor's Report. RAO calls these the "full report". Under certain circumstances, your reporting unit can provide a more limited *concise report*.

The reporting unit can meet its obligation to provide copies of the full or concise report to members by publishing the report in a journal that is available to the members free of charge.

A reporting unit may meet this obligation in whole or in part by publication of the report in a journal published on a web site on the Internet dependent on:

- a. the extent of the accessibility of the members of the reporting unit to the Internet; and
- b. that the members are notified by the reporting unit in the usual manner in which it communicates with its members that the report has been so published at a specified Internet address.

The report must be provided within 5 or 6 months from the end of the financial year, depending on the internal arrangements of the organisation for the presentation of its financial reports.

The Second Meeting - if it is a General Meeting of Members

After providing the full report to members it must be presented to a general meeting of members. For simplicity this is referred to as the *second meeting*.

Your reporting unit must always allow a minimum of 21 days for members to receive the full report before presenting it to a general meeting of members (s265(5)). The purpose of the interval is to enable the members to have time to consider the report and, if they wish, to attend the second meeting to discuss it.

If the rules of the organisation permit a general meeting to be a series of meetings held at different locations, the full report may be presented to such a series of meetings. In this case the 'date' of the general meeting is taken to be the date of the last meeting in the series (see s266(2)).

The Second Meeting - if it is a Committee of Management Meeting

If the rules of your organisation contain a provision that allows up to 5% of members to demand a general meeting to be held consider the report (see s266(3)), it is permissible to present the report directly to a Committee of Management meeting.

Lodge full report within 14 days of meeting

You must lodge a copy of the full report and any concise report in the Industrial Registry within 14 days of the second meeting. For your convenience you are encouraged to lodge the material electronically (see eFiling Tab at www.airc.gov.au).

The Secretary (or another officer appropriately authorised under the rules of the organisation) must *certify* hat the full report is a copy of the one provided to members <u>and</u> presented to the second meeting and provide the date of the meeting (a sample certification for illustrative purposes is at *Attachment D*).

When we receive your return we will check that it includes the information you must provide your members and that you have provided it to them correctly.

Complying with time limits

This letter has outlined some of the steps in preparing and lodging your return. Many of the steps must be completed within fixed time limits.

Failure to complete them in time could make your reporting unit or its officers liable to financial or "civil penalties".

Extensions of Time

We appreciate that sometimes circumstances beyond your reporting unit's control may delay completion of a financial return. If you believe your reporting unit is going to be unable to meet a time limit tell us as soon as you know. We can advise you if the step is one for which you may apply under RAO to the Industrial Registrar for extra time to complete. The maximum extra time allowed can be no more than one month.

Contact the Registry

We encourage you to contact the Registry on (02) 8374 6618 or by e-mail at belinda.penna@air.gov.au as early as possible if you believe preparation or lodgment of your return will be delayed or if you have any queries. We can offer you advice on procedures but we cannot give you legal or accounting advice.

Yours sincerely

For Deputy Industrial Registrar

Mr Owen Doogan Branch Secretary ARTBIU Queensland Branch Level 3, PTU House 428 Upper Edward Street BRISBANE QLD 4000

Dear Mr Doogan

Re: Australian Rail, Tram and Bus Industry Union-Queensland Branch
Outstanding Financial Documents - Workplace Relations Act 1996

The Accounts and Audit Part of Schedule 1B of the *Workplace Relations Act 1996* requires, as a general rule, that the audited financial statements of a reporting unit of a registered organisation, be lodged in the Industrial Registry within 6 months and 14 days from the end of its financial year.

To date, the Registry has no record of lodgement of the financial reports of the above named reporting unit for the year ended 31 December, 2006. For details of these provisions and organisations' financial reporting obligations please refer to the Registry's earlier correspondence.

In particular there is no record of lodgement of copies of:

- the general purpose financial report;
- the auditor's report; or
- the operating report.

These three reports are referred to as the "full report".

Section 268 of the RAO Schedule¹ requires that a copy of the full report be lodged in the Registry within 14 days (or such longer period a Registrar allows) after the full report is presented to a general meeting of members (or to a committee of management meeting if the rules make provision consistent with s266(3)).

Section 266 (1) requires that the full report be presented to the meeting within 6 months of the end of the financial year. Therefore, lodgement of the documents in the Registry was required by **17 July, 2007.**

Section 305(2)(ze) of the RAO Schedule is a civil penalty provision. It provides that a failure to meet the requirements of s268 is a contravention of that civil penalty provision. The Federal Court may on application of the Industrial Registrar impose a pecuniary penalty on the person or organisation whose conduct contravened the civil penalty provision.

I also draw your attention to the provisions of Part 1 of Chapter 9 of the RAO Schedule which set out the general duties of officers and employees of organisations and their branches in relation to financial management.

In the absence of lodgement of a copy of the full report, I request you state in writing by 8 August, 2007:

- whether the auditor has audited the general purpose financial report and if so, the date on which the auditor signed the audit report
- whether the committee of management has prepared the operating report

- whether the full report provided to the members has been presented to a general or committee of management meeting, and if so, when

The full report when lodged must be accompanied by a certificate of the secretary or other authorised officer that the documents lodged are copies of the documents provided to members and presented to the general or committee of management meeting in accordance with s266.

OPERATING REPORT

PRINCIPAL ACTIVITIES FOR THE YEAR ENDED 31ST DECEMBER, 2006

Unity is Strength

This Operating Report covers the activities of the Australian Rail Tram & Bus Union (Queensland) Branch, for the calendar year 1 January, 2006 to 31st December, 2006, the results of those activities and any significant changes in the nature of those activities during the year as required under **s.254 Workplace Relations Act 2004.**

i,

1. <u>Principal Activities and Results of the Activities of the</u> Branch Council

The RTBU (Qld) Branch is a member based, federally registered trade union representing members whose usual place of work is located within the State of Queensland. The representation of rail and bus members is across employment within both the public and private arena. The reporting unit's activities are directed by the Queensland Branch Council in accordance with its objectives and rules of registration.

- Implementation of the decisions of the Branch Council.
 - o Increased focus and continued participation in a united unions' campaign against the attack on wages and conditions and the quality of life of Australians.
 - o Campaign for the protection of current conditions of members in the translation between the State system and the Federal system.
 - o Promotion and pursuance of greater investment in the rail and public transport industry through peak union and appropriate political forums.
 - o Champion and campaign that employers have a moral obligation to provide meaningful employment to employees who sustain a disability (whether that disability is sustained because of work related injury or otherwise).
 - o Participation and generation of submissions to promote and enhance public transport, particularly rail, as a viable and environmentally supportive mode of freight transport.

- Implementation of the union's organising agenda including the focus on training and development of officials and delegates in the provision of workplace advice and assistance
 - o In further cementing and formal recognition of the role of Rail Branch Divisional Committees and the role of Sub Branches
 - o Through the continued development of Workplace Organising Committees Structure" for the Brisbane, Rockhampton and Townsville Sub Branches
- Representing members.
 - Provision of industrial support including representation of individual member grievances, access to a legal advice through the continuing provision of a legal clinic.
 - o Continued analysis of the structure of the Union to maximize member representation and participation on a divisional basis.
- Management of information and communications as an instrument designed to support organising.
 - The on going development, training and enhancement of electronic information management system to assist in the assembly of relevant data and the capture of knowledge to develop strategic direction in organising members and increasing the profile and relevance of the unions in general and the RTBU in particular.
 - o To develop formal system appraisals to ensure integrity of data and extracted information leading to relevant knowledge.

2. Any Significant Changes In Activities

The restructure of the Branch required a number of changes to sections contained in the Rules of the Organisation.

Rule 114(1) altered the composition of Branch Council by the removal of Branch Organisers. Rule 116(2) increased the frequency of Branch Divisional Meetings to twice a year. This change was considered imperative to support the increased emphasis in the structure of a divisional perspective. Rule 118(1) removed the Branch Organisers from the list of Branch Offices. Again this change was to support the restructure of the Branch.

Rule 119(2) moved the date f Branch General Elections to 2010.
Rule 119(7) the inclusion of the position of Divisional Secretaries to the collegiate election.
Rule 120 (1) altered reo allow the number, areas and responsibilities of Organisers to ensure adequate and effective support to members and the inclusion of a Tram & Bus Organiser to support that Division.

3. <u>Details of Any Significant Changes in Financial Affairs.</u>

Significant changes in the Branch Office financial affairs include an increase in revenue through a small increase in membership subscriptions and the sale of holiday units.

4. Details of The Rights of Members to Resign Affairs.

All members of the RTBU (Qld) have the right to resign from the union in accordance with <u>Rule 14, Resignation from Membership</u>, of the Rules of the Rail Tram & Bus Union and Section 174 of the Workplace Relations Act). Mr Owen Doogan Secretary, Queensland Branch Australian Rail, Tram and Bus Industry Union Level 3, PTU House, 428 Upper Edward Street BRISBANE OLD 4000

Dear Mr Doogan

Re: Lodgement of Financial Statements and Accounts – Australian Rail, Tram and Bus Industry Union, Queensland Branch – for year ending 31 December 2006 (FR2006/614)

I refer to the abovementioned financial statements and accounts which were lodged in the Registry on 8 August 2007.

The legislative requirements appear to have been substantially met and accordingly the documents have been filed. However, I should mention the following items.

Presentation to second meeting pursuant to \$266

Firstly, your Secretary/s certificate appears to have confused "presentation" to the first committee of management meeting held on 20 April 2007 with presentation to the Second meeting as required by \$266 of the RAO Schedule. Accordingly, point 3 of your Secretary's certificate should have referred to presentation to the meeting of 25 July 2007. Furthermore, certifying that the Second meeting was "scheduled" on 25 July 2007 is not to certify that it actually took place nor that the documents were actually presented to that meeting. Future secretary's certificates should make this explicit.

Donations

Secondly, I note that in the Statement of Income and Expenditure there is an amount of \$5,989 for the item "Donations and Appeals". If this amount included any single donation exceeding \$1,000, then s237 requires a separate statement giving certain particulars to be lodged.

There is no further action required unless you need to lodge a section 237 statement. I enclose an extract for your ready reference.

Yours sincerely,

Stephen Kellett
