CC: Auditor, Natale Rugari

Dear Mr Phillips,

Australian Rail, Tram and Bus Industry Union, South Australian and Northern Territory Branch - Financial Report for the year ended 31 December 2016 - [FR2016/411]

I acknowledge receipt of the financial report of the South Australian and Northern Territory Branch of the Australian Rail, Tram and Bus Industry Union. The documents were lodged with the Registered Organisations Commission ('the ROC') on 23 June 2017.

The financial report has now been filed.

The financial report was filed based on a primary review. This involved confirming whether the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work* (*Registered Organisations*) *Act* 2009 (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements.

Please note that the financial report for the period ending 31 December 2017 may be subject to an advanced compliance review.

You are not required to take any further action in respect of the report lodged. However I make the following comments to assist you when you next prepare a financial report. The ROC will confirm this issue has been addressed prior to filing next year's report.

New Format for Auditor's Statement

The Auditing and Assurance Standards Board (AUASB) has released new requirements for auditor reports effective for financial reporting periods ending on or after 15 December 2016. The Auditor's Statement for the organisation/branch was not prepared in accordance with the new format required by ASA 700 Forming an Opinion and Reporting on a Financial Report.

Please ensure that the auditor's statement in relation to next year's financial report is prepared in accordance with ASA 700.

Reporting Requirements

On the ROC website is a number of factsheets in relation to the financial reporting process and associated timelines. The most recent copy of the Reporting Guidelines and a model set of financial statements can also be found. The ROC recommends reporting units use this model as it will assist in ensuring compliance with the RO Act, the s.253 Reporting Guidelines and the Australian Accounting Standards. Access to this information may be obtained via this link.

Please note that new Reporting Guidelines will apply to organisations and branches with financial years commencing on or after 1 July 2017. Updates and information on the new guidelines will be provided through the ROC website and the <u>subscription service</u>.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2016

1, SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the Fair Work (Registered Organisations) Act 2009.

The financial report is for the Australian Rail, Tram & Bus Industry Union SA & NT Branch, an organisation registered under the RO Act. For the purpose of preparing the general purpose financial statements, the Australian Rail, Tram & Bus Industry Union SA & NT Branch is a not-for-profit entity.

The financial report has been prepared on an accrual basis and in accordance with historical cost. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

The following is a summary of the significant accounting policies adopted by the Branch in the preparation of the financial report.

a) (i) Revenue

All revenue been brought to account on an accrual basis during the course of the year.

(ii) Expenditure

Expenses represent amounts paid directly by the Branch for operational costs.

(iii) Employee Entitlements

Provision for employee benefits in the form of Long Service Leave and Accrued Annual Leave have been made for the estimated accrued entitlements of all employees on the basis of their terms of employment. There is no liability for Separation & Redundancies or Other Employee Provisions in respect to Office Holders or other Employees.

(iv) Property, Plant and Equipment

Depreciable property and equipment assets are written-off to their estimated residual values over their estimated useful lives using the following method of depreciation against each class of asset. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable assets along with depreciation method are based on the following useful lives:

	Depreciation Method	2016	2015
Building	Straight line	2.5%	2.5%
Furniture & Office Equipment	Diminishing Value	13 to 50%	13 to 50%
Motor Vehicles	Diminishing Value	25%	25%

(v) Income Tax

No provision for income tax is necessary, as Trade Unions are exempt from income tax under Section 50-15 of the Income Tax Assessment Act 1997.

(vi) Goods and Services Tax (GST)

Revenues and expenses are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or part of an item of the expense. Receivables and payables on the statement of financial position are shown inclusive of GST.

The net amount of GST recoverable from, or payable to the taxation authority is included as part of receivables or payables as appropriate.

Cash flows are included in the statement of cash flows on a gross basis.

b) Going concern basis of accounting

The financial report has been prepared on the basis that the Branch is a going concern, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business. The Branch believes the going concern basis is appropriate.

NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2016

The Branch does not provide or rely on any financial support to/from any other Branch of the Australian Rail, Trams & Bus Industry Union.

c) Adoption of New Australian Accounting Standard requirements

No accounting standard has been adopted earlier than the application date stated in the standard.

The accounting policies adopted are consistent with those of the previous financial year and have not been impacted by any new standards adopted in the current financial year.

d) Future Australian Accounting Standard requirements

There have been no accounting standards issued prior to the sign off date, but not yet effective, which will have a material impact on the financial report in future periods.

2. ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical accounting estimates and assumptions

There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

(b) Critical judgments in applying the Branch's accounting principles

There are no critical judgments that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

3. INFORMATION TO BE PROVIDED TO MEMBERS OR THE GENERAL MANAGER OF FAIR WORK COMMISSION

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of Section 272 of Fair Work (Registered Organisations) Act 2009 which read as follows:

- 1) A member of a reporting unit, or the General Manager of Fair Work Commission, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.

11. FINANCIAL RISK MANAGEMENT

(a) General objectives, policies and processes

The Branch is exposed to risks that arise from its use of financial instruments. This note describes the Branch's objectives, policies and processes for managing those risks and the methods used to measure them.

There have been no substantive changes in the Branch's exposure to financial instrument risk, its objectives, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated in this note.

The Branch's financial instruments consist of deposits with banks and receivables. The main risks the Branch is exposed to through its financial instruments are interest rate risk and credit risk.

The Branch Audit & Finance Committee have overall responsibility for the determination of the Branch's risk management objectives and policies.

(b) Credit risk

Credit risk is the risk that the other party to a financial instrument will fail to discharge their obligation resulting in the Branch incurring a financial loss. This usually occurs when debtors fail to settle their obligations owing to the Branch.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount of those assets, net of any provision for doubtful debts, as disclosed below:

	2016 \$	2015 \$
Cash and cash equivalents	692,185	674,850

The cash and cash equivalents are held in a high quality Australian financial institution

Net amount receivable - National Council Debtors	27,772	22,236
Total receivables	27,772	22,236

There has been no history of default, no amounts are past due and all receivables are likely to be repaid within the expected terms.

(c) Liquidity risk

Liquidity risk is the risk that the Branch may encounter difficulties raising funds to meet commitments associated with financial instruments.

The Branch is not significantly exposed to this risk; as at 31 December 2016 it had \$692,185 of cash and cash equivalents to meet these obligations as they fall due. Financial liabilities at 31 December 2016 totaled \$141,112

(d) Market risk
