Mr Robert Christison Branch Secretary Australian Rail, Tram and Bus Industry Union West Australian Branch 2/10 Nash St PERTH WA 6000

Dear Mr Christison,

# Financial Return - year ending 31 December, 2005

Our records show your organisation's financial year ended recently. This letter outlines some of the things you must do to meet your financial reporting obligations and when you have to do them. For simplicity, we will call the documents you have to lodge with us your *financial return*.

# Legislation

This letter is intended as guide to the law applicable on the date of this letter and should not be used as a substitute for legal or accounting advice. We only summarise some of the reporting requirements in this letter. More detailed information is at the end of this letter.

In May 2003 the Industrial Registrar wrote to all organisations forwarding a number of facts sheets outlining the major changes made by Schedule 1B of the Workplace Relations Act 1996 ('RAO' <sup>1</sup>). While the immediate changes affected the rules and elections in organisations, the changes affecting financial returns involve a longer lead time.

The key differences under the new legislation affecting financial returns are:

- a reduced financial reporting cycle (now maximum periods of 5 or 6 months depending on internal arrangements of organisation)
- a greater emphasis given to Australian Accounting Standards
- the introduction of a new report, known as an Operating Report (broadly similar in concept to a Director's Report under the corporations legislation)
- extensions of time are limited to one month
- restructured penalty provisions involving more extensive use of Civil Penalties
- the introduction of the Industrial Registrar's Reporting Guidelines
- organisations and their branches to report according to their financial structures, known as 'reporting units'.

We recommend you discuss the new requirements with your accountant or auditor.

<sup>&</sup>lt;sup>1</sup> Registration and Accountability of Organisations Schedule (RAO) (Schedule 1B to the *Workplace Relations Act 1996*)

# Reporting Unit

One of the new concepts of the RAO legislation is that reporting entities are known as "reporting units". Where an organisation is not divided into branches the reporting unit is the whole of the organisation. Where an organisation is divided into branches each branch will be a reporting unit unless the Industrial Registrar has determined a division of the organisation into reporting units on an alternative basis. We can discuss this with you if you need more information.

For simplicity, we will refer to your organisation as a reporting unit in this letter.

### Industrial Registrar's Guidelines

The Industrial Registrar's reporting guidelines set out certain disclosure requirements in addition to those prescribed by Australian Accounting Standards having in mind the nature of organisations registered under the Workplace Relations Act.

The disclosure requirements prescribed by the reporting guidelines are directed towards providing members of the reporting unit with information to enable them to gauge the performance of the committee of management and other holders of office in relation to the financial management of the reporting unit. In addition, the reporting guidelines seek to improve the quality of information available to users of the financial report about the reporting unit's economic support of, or economic dependency on, other reporting units of the organisation.

# Timeline Planner and Checklist

We have attached a <u>Timeline/Planner</u> (*Attachment A*) to help you **plan** your financial return and carry out all the necessary steps. We have also attached a <u>Document Checklist</u> (*Attachment B*) to **check** your documents before lodging them in the Registry. Both documents are abbreviated summaries of the relevant provisions of the RAO Schedule, RAO Regulations and the Industrial Registrar's Reporting Guidelines.

In the following section we describe some of the documents your reporting unit must prepare and the sequence of their preparation and completion.

# Three Reports

Your reporting unit must prepare two reports as soon as practicable after its financial year, which, together with the Auditor's Report, comprise the reporting unit's financial return.

1. **General Purpose Financial Report** - this must comply with the Australian Accounting Standards and the Industrial Registrar's Reporting Guidelines. The GPFR consists of:

Financial Statements containing:

- a profit and loss statement, or other operating statement; and
- a balance sheet; and
- a statement of cash flows; and
- any other statements required by the Australian Accounting Standards; and

Notes to the Financial Statements containing:

- notes required by the Australian Accounting Standards; and
- information required by the Industrial Registrar's Reporting Guidelines under section 255); and

Committee of Management Statement as required by the Registrar's Reporting Guidelines (a sample certificate for illustrative purposes is at Attachment C)

2. **Operating Report** - this report includes a review of your <u>reporting unit's</u> principal activities for the year and other specified information.

Your reporting unit must appoint an auditor to audit the GPFR and to provide:

# 3. an Auditor's Report.

# First Meeting (Committee of Management)

For simplicity, we will call the meeting at which the committee of management first considers the GPFR the first meeting. At the first meeting your committee, if satisfied that all is in order, will resolve to express its opinion on the GPFR and complete a Committee of Management Statement.

# The Auditor

After the first meeting, the auditor takes the GPFR and the Committee of Management Statement and prepares a report on the GPFR. In practice, your auditor may have already completed most of his or her examination of your accounts. The auditor may only be waiting on the Committee to pass the required resolution and make the Statement before signing the report the same day.

# Informing Your Members

Your <u>reporting unit</u> must provide free of charge to the general membership, copies of the GPFR, the Operating Report and the Auditor's Report. RAO calls these the "full report". Under certain circumstances, your <u>reporting unit</u> can provide a more limited *concise report*.

The reporting unit can meet its obligation to provide copies of the full or concise report to members by publishing the report in a journal that is available to the members free of charge.

A reporting unit may meet this obligation in whole or in part by publication of the report in a journal published on a web site on the Internet dependent on:

- a. the extent of the accessibility of the members of the reporting unit to the Internet; and
- b. that the members are notified by the reporting unit in the usual manner in which it communicates with its members that the report has been so published at a specified Internet address.

The report must be provided within 5 or 6 months from the end of the financial year, depending on the internal arrangements of the organisation for the presentation of its financial reports.

# The Second Meeting - if it is a General Meeting of Members

After providing the full report to members it must be presented to a general meeting of members. For simplicity this is referred to as the *second meeting*.

Your reporting unit must always allow a minimum of 21 days for members to receive the full report before presenting it to a general meeting of members (s265(5)). The purpose of the interval and the second meeting is to enable the members to have time to consider the report and, if they wish, to attend the second meeting to discuss it.

If the rules of the organisation permit a general meeting to be a series of meetings held at different locations, the full report may be presented to such a series of meetings. In this case the 'date' of the general meeting is taken to be the date of the last meeting in the series (see s266(2)).

If the rules of your organisation contain a provision that allows up to 5% of members to demand a general meeting to be held consider the report (see s266(3)), it is permissible to present the report directly to a Committee of Management meeting.

### Lodge full report within 14 days of meeting

You must lodge a copy of the full report and any concise report in the Industrial Registry within 14 days of the second meeting. For your convenience you are encouraged to lodge the material electronically (see eFiling Tab at <u>www.airc.gov.au</u>). When lodging the financial return please quote: **FR2005/617**.

The Secretary (or another officer appropriately authorised under the rules of the organisation) must *certify* that the full report is a copy of the one provided to members <u>and</u> presented to the second meeting and provide the date of the meeting (a sample certification for illustrative purposes is at *Attachment D*).

When we receive your return we will check that it includes the information you must provide your members and that you have provided it to them correctly.

### Complying with time limits

This letter has outlined some of the steps in preparing and lodging your return. Many of the steps must be completed within fixed time limits.

Failure to complete them in time could make your reporting unit or its officers liable to financial or "civil penalties".

### Extensions of Time

We appreciate that sometimes circumstances beyond your reporting unit's control may delay completion of a financial return. If you believe your reporting unit is going to be unable to meet a time limit tell us as soon as you know. We can advise you if the step is one for which you may apply under RAO to the Industrial Registrar for extra time to complete. The maximum extra time allowed can be no more than one month.

# **Reduced Reporting Requirements**

If your reporting unit meets certain conditions, some of these reporting requirements can be reduced. Such conditions might be where the annual income of the reporting unit (where the reporting unit is the whole of the organisation) is less than \$100,000, or where the reporting unit has no financial affairs in the financial year, or where the financial affairs of the reporting unit are encompassed by the financial affairs of its counterpart State industrial association.

# Contact the Registry

We encourage you to contact the Registry on (02) 8374 6666 or by e-mail at belinda.penna@air.gov.au as early as possible if you believe preparation or lodgment of your return will be delayed or if you have any queries. We can offer **y**ou advice on procedure but we cannot give you legal or accounting advice.

# Information on AIRC Website

We recommend you and your accountant/auditor refer to the following documents on the Commission's website at www.airc.gov.au:

- RAO Schedule and RAO Regulations
- <u>Registrar's Reporting Guidelines</u> All GPFR's must comply with these Guidelines. Please note that the Guidelines set out requirements that are *in addition* to those required by the Australian Accounting Standards.
- <u>RAO Fact Sheets</u> These Fact Sheets explain the new requirements of the RAO Schedule many of them deal with financial reporting matters.

Yours sincerely

Berinde Rema

# Scope

# The financial report and committee members' responsibility

The financial report comprises the income and expenditure statement, balance sheet, statement of changes in equity, statement of cash flows, accompanying notes to the financial statements, and the committee members' statement for the Australian Rail, Tram & Bus Industry Union, West Australian Branch ("the union"), for the year ended 31 December 2005.

The union's committee of management and the accounting officer of the union are responsible for the preparation and true and fair presentation of the financial report. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

# Audit approach

We conducted an independent audit in order to express an opinion to the members of the union. Our audit was conducted in accordance with Australian Auditing Standards and the Workplace Relations Act 1996, in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with Accounting Standards and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the union's financial position, and of its performance as represented by the results of its operations and cash flows.

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the committee members.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

# Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

# Audit Opinion

In our opinion the financial report presents fairly, in accordance with applicable Accounting Standards, the Workplace Relations Act 1996 and other mandatory financial reporting requirements in Australia, the financial position of the Australian Rail, Tram & Bus Industry Union, West Australian Branch as at 31 December 2005 and the results of its operations and its cash flows for the year then ended.

### Note 1: Statement of significant accounting policies

This financial report is a general purpose financial report that has been prepared in accordance with the Australian equivalents to International Financial Reporting Standards (AIFRS) and other mandatory professional reporting requirements and in accordance with the Industrial Relations Act 1979.

Application of AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards.

These financial statements are the first financial statements to be prepared in accordance with AIFRS. AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards has been applied in preparing these financial statements.

Financial Statements of the union until 31 December 2004 had been prepared in accordance with previous Australian Generally Accepted Accounting Principles (AGAAP). AGAAP differs in some respects to AIFRS, however the restatement of these comparative figures in accordance with AIFRS did not result in any material adjustments (as detailed in Note 15).

The financial report covers Australian Rail Tram & Bus Industry Union, West Australian Branch as an individual entity. The organisation is a registered state union domiciled in Australia.

The financial report has been prepared in an accruals basis and is based on historical costs and does not take into account changing money valuations. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by the organisation in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

### a) Members dues and subscriptions

Members dues and subscriptions are accounted for on an accruals basis.

#### b) Revenue

Interest revenue is recognised on a proportional basis taking into account the interest rate applicable to the financial assets.

All revenue is stated net of the amount of goods and services tax ("GST").

### c) Income tax

No provision for income tax is necessary as "Trade Unions" are exempt from income tax under section 50-15 of the Income Tax Assessment Act 1997.

### d) Cash

For the purposes of the statement of cash flows, the organisation considers cash to include cash on hand, at banks or financial institutions and on deposit, net of any outstanding overdrafts.

# Australian Rail, Tram & Bus Industry Union West Australian Branch For the year ended 31 December 2005

### Note 1: Statement of significant accounting policies (continued)

### e) Property, plant and equipment

Each class of property, plant and equipment are carried at cost or fair value less, where applicable, any accumulated depreciation.

### Plant and equipment

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the organisation to ensure it is not in excess of the recoverable amount of those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amount.

### **Depreciation**

The depreciation amount of all fixed assets is calculated using the straight line basis over the estimated useful lives of the assets to the organisation commencing from the time the asset is ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of asset	Depreciation rate
Plant and equipment	15 - 30%

#### f) Employee entitlements

A provision is made for the organisation's liability for employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year together with entitlements arising from wages and salaries and annual leave which will be settled after one year have been measured at their nominal amount. Other employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those entitlements.

Contributions are made by the organisation to an employee superannuation fund and are charged as expense when incurred.

### g) Interest rate risk

The organisation's exposure to interest rate risk, which is the risk that financial instruments value will fluctuate as a result of changes in market interest rates, is considered negligible.

### h) Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognise financial assets is the carrying amount, net of any provisions for doubtful debts, as disclosed in the statement of financial position and notes to the financial statements. The organisation does not have any material credit risk exposure to any single debtor or group of debtors under the financial instruments entered into by the organisation.

### i) Net fair values

The net fair values of assets and liabilities approximate their carrying values. No financial assets and financial liabilities are readily traded on organised markets in standardised form. The aggregate net fair value and carrying amounts of financial assets and financial liabilities are disclosed in the statement of financial position and in the notes to the financial statements.

### j) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current year.

# Australian Rail, Tram & Bus Industry Union West Australian Branch For the year ended 31 December 2005

### Note 1: Statement of significant accounting policies (continued)

### k) Prior period error

During the year ended 31 December 2005 it was noted that the accounts of the Union for the year ended 31 December 2004 and prior periods included assets that are owned by the state registered Union, the Australian Rail, Tram & Bus Industry Union of Employees West Australian Branch. This has had the effect of overstating the balance sheet, in particular the Non-Current Assets (Land and Buildings) and Equity.

In applying AASB 108, Accounting Policies, Changes in Accounting Estimates and Errors, we have retrospectively restated the opening position of the balance sheet as of 1 January 2003 as though the error had never occurred, this has had the effect of reducing the equity and non-current financial assets by \$878,071.

The effect of reversing the error as at the 1 January 2003 has also affected the prior period profit as it was necessary to reverse the depreciation expense related to buildings that was expensed in the year ended 31 December 2004. This had the effect of restating the profit for the year ended 31 December 2004 from \$40,577 to \$57,335, equity in the prior year was also increased by \$16,758 due to this restatement.

There has not been any effect on the current year profit and loss.

### Note 2: Information to be provided to Members or Registrar

In accordance with the requirements of Sections 272(5) of the Workplace Relations Act 1996, the attention of members is drawn to the provisions of Sections 272(1) to Section 272 (2) of the Act, which reads as, follows:

- A member of the branch, or a Registrar, may apply to the branch for specified prescribed information in relation to the branch to be made available to the person making the application.
- (2) The application must be in writing and must specify the periods within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the branch.
- (3) The branch must comply with an application made under subsection (1).

Mr Robert Christison Branch Secretary, West Australian Branch Australian Rail, Tram and Bus Industry Union 2/10 Nash Street PERTH WA 6000

Dear Mr Christison

# Re: Lodgement of Financial Return – Australian Rail, Tram and Bus Industry Union, West Australian Branch – for year ending 31 December 2005 (FR2005/617)

I refer to the abovementioned financial statements lodged in the Registry on 19 July 2006.

The legislative requirements appear to have been substantially met and accordingly the documents have been filed. However, I should mention the following.

# New requirements for concise reports

The documents lodged included a summarised financial report signed by the Auditor which I understand to be the "concise report" you refer to in your Secretary's certificate.

This summarised report does not unfortunately meet the requirements for concise reports under the RAO Schedule. Under the old pre-RAO Act summarised reports such as the one you included had the benefit of being shorter and less costly to distribute or publish.

However, under RAO, there is no such thing as a "summary". The only alternative under s265 to publishing or providing members with a full report is to provide a concise report consisting of all the full report documents (except the Notes) and some additional statements. For your information I enclose the extract from the Regulations which shows what concise reports have to contain, if the Branch wishes to publish concise reports in the future.

The Branch may not consider there being any benefit in preparing a concise report in addition to the full report in future.

# Declarations on the Committee of Management statement

The Committee of Management statement contained all the declarations set out in the Industrial Registrar's guidelines except for the one in guideline 25(e)(iv) "The committee of management statement must include declarations....as to whether .....the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner to each of the other reporting units of the organisation"

Thank you for lodging the return. If you have any questions, please do not hesitate to contact me on 0429 462 979 Mondays to Wednesdays.

Yours sincerely,

peplen Kellet
