Dear Dr Day

Organisation must respond to the post-election report of the Australian Electoral Commission: E2016/239

On 4 May 2017 the Registered Organisations Commission (the ROC) received a post election report from the Australian Electoral Commission (AEC) for election E2016/239 dated 4 May 2017. The AEC will have also provided the report to the organisation under section 197 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

The report identifies rules that were difficult to interpret or apply, in particular rule(s) 64(6)(a), 64(6)(c)(ii), 64(6)(c)(iii) and 64(6)(e). This letter serves as a reminder of the obligations imposed on the organisation or branch as a consequence of the AEC's report. If a response has already been sent to the AEC and made available to all members please disregard this letter.

A notice must be published on the organisation's website

The organisation or branch must publish on its website a notice that a copy of the report is available from the organisation, branch or the AEC on request. The notice must be kept on the website for a period of at least 3 months (see regs 141(4) and (5)).

A written response must be provided to the AEC

A written response must be provided to the AEC within 30 days of receipt of the report. The organisation's response must include whether the organisation or branch intends to take action and if so what action the organisation or branch intends to take (s198(2)).

Extract of report must be made available to members

The organisation or branch must make the section of the report relating to the difficult rules available to its members (s198(3)). This extract from the report must be made available to the members before or at the same time as the organisation's response is made available to members.

Written response must be made available to members

A copy of the organisation's response to the AEC must be made available to members either:

- within 30 days after the response is given to the AEC, or
- published in the next edition of the organisation or branch journal (s198(5))

Subsection 198(6) and regulation 142 prescribe ways in which the relevant extract and the copy of the response can be made available to members. These do not limit the ways in which they can be made available to members. The organisation will comply if it does all of the following:-

- publish the report extract and the copy of the response in the next edition of the organisation or branch's journal; and

- within 30 days of giving the response to the AEC:
 - lodges with the ROC a copy of the relevant extract and response, together with a declaration that a copy will be provided to any member who so requests; and
 - give notice in the next edition of the organisation or branch's journal, or an appropriate newspaper, that a copy of the relevant extract and response are available on request to each member free of charge; and
- publish the relevant extract on the website within 14 days after receiving the report, and publish the response on the website within 14 days of giving the response to the AEC (reg 142(2)).

Penalties may apply

If the organisation or branch does not:

- respond to the AEC within 30 days,
- make the extract of the report relating to the rules available to members no later than the organisation's response is made available to members, or
- make the organisation's response available to members within 30 days or in the next edition of the journal,

the organisation may face penalties under the RO Act. Each requirement listed above is a civil penalty provision that may result in fines for the organisation

As noted above, if the response and report have already been made available to members and the AEC, please disregard this letter. If you have any questions in relation to these obligations please contact the ROC for assistance by email to regorgs@roc.gov.au.

If the organisation or branch decides to alter its rules in response to the AEC's report

If the organisation or branch decides to alter its rules in response to the AEC's report, the ROC is NOT able to provide advice and assistance regarding draft alterations or the processes required to make the alterations. Rule alterations remain a function of the Fair Work Commission.

Yours sincerely

Michael Moutevelis

The notice must be kept on the website for a period of at least 3 months (see regulation 141 of the Fair Work (Registered Organisations) Regulations 2009).

Holders of office required to undertake approved training

Section 293K of the *Fair Work (Registered Organisations) Act 2009* (the RO Act) requires each officer with financial management duties to undertake approved training that covers those duties within 6 months after the person begins to hold office. Please ensure that relevant officers undertake approved training within the required timeframe. A list of approved training providers is attached.

Please also ensure that all new holders of office are advised of their obligations to make disclosures regarding remuneration, non-cash benefits and material personal interests, the details of which are provided for in the RO Act.

Organisation must notify the Commission of changes

Also, section 233(2) of the RO Act requires that an organisation must notify the Commission **within 35 days of any changes** to the holders of office in the organisation. **If there are no changes a notification is not required.** If the election has resulted in **any changes** to the holders of office, the Australian Salaried Medical Officers Federation must notify the Commission of these changes. In particular, please advise:

1. Person(s) who have ceased to hold office:

The notification must include a declaration by the Secretary (or other prescribed officer) that the information is a correct statement of the changes made. A template notification of changes, which may assist you, is attached. If any change does not apply until a date in the future, you do not need to notify until then (e.g. AGM, 1 January, 2nd Monday in March). If you have already lodged this information, please disregard this reminder.

Attention: Michael Moutevelis
Fair Work Commission

Dear Dr Stuart Day,

**Re: Australian Salaried Medical Officers Federation
Scheduled Election - E2016/239**

I refer to the above election for your organisation.

Section 197(1) of the Fair Work (Registered Organisations) Act 2009 (“the Act”) requires the AEC to provide a written report on the conduct of the election to Fair Work Australia and to the organisation or branch for whom the election was conducted. A copy of the report in relation to this election is attached.

Section 198 of the Act requires that if an organisation or branch is given a post election report under Section 197 that identifies a rule that was difficult to interpret or apply, the organisation or branch must, within 30 days, give a written response to the AEC on that aspect of the report. The response must specify whether the organisation or branch intends to take any action in relation to the rule, and if so, what action it intends to take.

If the attached Report identifies a rule that was difficult to interpret or apply, you should forward your response to the AEC by email to ‘industrial.elections@aec.gov.au’ within thirty days of the date of the report.

Section 198 and the regulations also require an organisation to make the post election report and the organisation’s response to the report (if applicable) available to members.

Further, Regulation 141(4) of the Fair Work (Registered Organisations) Regulations requires an organisation or branch to publish a notice on its web site advising members that a copy of the post election report is available upon request. If a website is not available, publishing a notice in a journal or newsletter would be considered appropriate. Please contact me if you wish to clarify any aspect of this report.

Thanks

Kind Regards
