Dear Steve,

**The Australian Workers' Union - Queensland Branch
Financial Reports for the years ended 30 June 2014 (FR2014/217), 30 June 2015
(FR2015/343), 30 June 2016 (FR2016/261) and 30 June 2017 (FR2017/207)**

I acknowledge that on 2 April 2020, the Registered Organisations Commission (**ROC**) received your response, including a range of financial and other documents, to my request for further information dated 19 February 2020 concerning the administrative arrangements of the Queensland Branch (**the reporting unit**) during 2014 – 2017.

As you are aware, the ROC's concerns about the administrative arrangements of the reporting unit include:

- (a) Why the reporting unit was lodging applications under section 269 for the financial years ended 30 June 2014 and 30 June 2015 when it has become evident that the reporting unit did have financial affairs;
- (b) What statements or claims were made in those applications which led to the then regulator, the Fair Work Commission, issuing the section 269 certificates;
- (c) What, if any, action is required to revoke the section 269 certificates for the financial years ended 30 June 2014 and 30 June 2015;
- (d) Whether an investigation or inquiry under section 330 or section 331 should be conducted to address these issues; and
- (e) What issues the reporting unit may have intentionally failed to disclose which were alluded to in the email of 29 February 2019 from the reporting unit's financial manager (inadvertently provided to the ROC on 29 February 2019).

The information you have recently provided is currently the subject of assessment by staff of the ROC and I will provide a further response once the assessment has progressed.

Transparency for members of the AWU

For the purpose of transparency to the members of the reporting unit, I advise that we will be uploading the following correspondence to the financial reports pages of the reporting unit for the years 2014 – 2017 inclusive:

- this letter;
- our letters to you dated 19 February 2020 and 25 February 2020; and
- an email dated 21 February 2020 from the reporting unit to the ROC.

We consider that this approach is consistent with the practice of publishing the financial reports of reporting units.

For ease of reference, I have attached copies of each of the documents we will be uploading on the relevant financial report pages of the reporting unit. You will note that we have redacted parts of our letter to you dated 19 February 2020 which relates to the email provided to the ROC (apparently inadvertently) from the reporting units' financial manager dated 29 February 2019.

While we review the financial and other documents you provided on 2 April 2020, we do not propose to include them among the material uploaded to our website. However if the reporting unit would prefer that information (or any other correspondence) be included in the materials uploaded to the website, please provide that advice and we would be happy to consider any such request.

In the meantime, if you have any queries please contact Joanne Fenwick on (03) 9603 0731 or via email at joanne.fenwick@roc.gov.au.

Yours sincerely

Dear Aaron,

The Australian Workers' Union - Queensland Branch
Financial Reports for the years ended 30 June 2014 (FR2014/217), 30 June 2015 (FR2015/343), 30 June 2016 (FR2016/261) and 30 June 2017 (FR2017/207)

I acknowledge receipt of the email you sent to the Registered Organisations Commission (**ROC**) financial reporting specialist on 21 February 2020.

The email was in response to the correspondence the Australian Workers' Union Queensland Branch (the **reporting unit**) received from the Executive Director of the ROC, Chris Enright, on 19 February 2020.

In your email, you have requested an extension of time to provide the ROC with the following:

1. Provide an understanding of the decision making process of the reporting unit's committee of management which determined that a section 269 application for the financial years ended 30 June 2014 and 30 June 2015 was appropriate;
2. Provide copies of the credit card statements for the period 20 January 2014 – 7 February 2014;
3. Provide copies of pages 2 and 3 of the credit card statement for the period 8 February 2014 – 27 February 2014;
4. Provide copies of the credit card statements for the period 1 July 2016 – 17 March 2017;
5. Identify any credit card transactions during the period 20 January 2014 – 17 March 2017 that relate to either personal use or use for another entity or person (i.e. expenditure that did not pertain to the reporting unit); and
6. Identify any financial transactions reported in the reporting unit's financial reports for the periods ended 30 June 2014, 30 June 2015, 30 June 2016 and 30 June 2017 that another entity undertook on behalf of the reporting unit.

The ROC had requested the provision of this information by Thursday 5 March 2020. Your email requests to extend this timeframe by 8 weeks to Wednesday 29 April 2020.

In requesting this extension, you have provided information on the circumstances that the reporting unit considers to support the granting of additional time. In reviewing this request, I have taken into consideration this information. I have also taken into consideration that the financial reports, which

relate to the request for information, have been prepared and audited within the last 12 months and I would therefore assume that the records would be readily accessible and recently analysed. Finally, I have taken into account the nature of the request to ensure that a reasonable time is allowed for the reporting unit to review and identify any relevant transactions, balanced with the need to ensure that these matters are progressed reasonably and resolved as soon as possible.

Based on the above, I grant the reporting unit an extension of time to provide the requested documents and information to the ROC until **Thursday 2 April 2020**. I am satisfied that this four week extension from the originally requested date is more than adequate having regard to the nature of the above requests, and that this is still more than five weeks away.

If you have any queries please contact Joanne Fenwick on (03) 9603 0731 or via email at joanne.fenwick@roc.gov.au.

Yours sincerely

Dear Steve,

The Australian Workers' Union - Queensland Branch
Financial Reports for the years ended 30 June 2014 (FR2014/217), 30 June 2015 (FR2015/343), 30 June 2016 (FR2016/261) and 30 June 2017 (FR2017/207)

As you will be aware from our correspondence to you on 13 December 2019, the Registered Organisations Commission (**ROC**) has filed the financial reports for the Australian Workers' Union Queensland Branch (the **reporting unit**) for the periods ended 30 June 2014, 30 June 2015, 30 June 2016 and 30 June 2017.

In the 13 December 2019 correspondence, our financial reporting specialist advised you that:

'The ROC identified in 2017, that since 2014 the 'Australian Workers' Union of Employees, Queensland', the associated State body of the reporting unit (the associated State body), did not encompass the reporting unit's financial affairs, as previously asserted by the reporting unit.'

The reporting unit had applied for and been issued with, section 269 certificates stating that the financial affairs of the reporting unit were encompassed by the financial affairs of the associated State body for the financial years ended 30 June 2014 and 30 June 2015. It is now apparent that these applications did not reflect the actual administrative arrangements.

Matters for consideration

Now that the substantial work has been completed in order to provide transparency and accountability, including our review of the draft financial reports provided by the reporting unit, and the relevant financial reports have been filed, it is now time to turn to the issues which remain to be resolved, including:

- (a) Why the reporting unit was lodging applications under section 269 for the financial years ended 30 June 2014 and 30 June 2015 when it is now evident that the reporting unit did have financial affairs;
- (b) What statements or claims were made in those applications which led to the then regulator, the Fair Work Commission, issuing the section 269 certificates;
- (c) What, if any, action is required to revoke the section 269 certificates for the financial years ended 30 June 2014 and 30 June 2015;
- (d) Whether an investigation or inquiry under section 330 or section 331 should be conducted to address these issues.

A further concern to the ROC relates to the contents of an email that our financial reporting specialist received from the reporting unit's Finance Manager, Mark Goodey, on 28 February 2019 following on from correspondence provided on various draft financial reports. The contents of the email are as follows:

I acknowledge from its contents that the email does not appear to have been intended for the ROC but nonetheless, it is the email's authorship by the financial manager of the reporting unit which potentially elevates its character to some significance. While I also acknowledge that the reporting unit has co-operated with the ROC by providing relevant documentation in relation to our initial inquiries into this matter, an interpretation which is open on the face of this email, is that full disclosure into the administrative arrangements and financial affairs of the reporting unit may not have been provided to the regulator.

I refer in particular to the penultimate and final paragraphs of the email which refer to [REDACTED] and [REDACTED].

Information provided to date

The reporting unit provided the ROC with copies of credit card statements, bank statements and general ledger extracts during August 2018 and September 2018. Unfortunately the credit card statements were incomplete. The reporting unit's credit card was closed on 17 March 2017 however, the documentation relating to the period 1 July 2016 – 17 March 2017 was not provided with the other documents during August and September 2018. Credit card statements for the period 20 January 2014 – 7 February 2014 and pages 2 and 3 of the credit card statement for the period 8 February 2014 – 27 February 2014 were also not included in the provided documents.

I can advise that the ROC has reviewed the provided credit card statements, bank statements and general ledger extracts and undertaken a reconciliation against the reporting unit's financial statements for the periods ended 30 June 2014, 30 June 2015 and 30 June 2016. For each financial year the expenditure total reported in the financial statements did not match the transaction totals within the credit card statements provided.

Seeking further assistance

As I have indicated above, a number of issues remain to be resolved, including whether an inquiry or investigation under section 330 or section 331 should be conducted. In order to assist the ROC to make an informed decision on the course of action to follow, if any, under section 330 or 331, I am seeking your assistance in understanding the administrative arrangements of the reporting unit during 2014 – 2017. In particular, I would appreciate if you could:

1. Provide an understanding of the decision making process of the reporting unit's committee of management which determined that a section 269 application for the financial years ended 30 June 2014 and 30 June 2015 was appropriate;
2. Provide copies of the credit card statements for the period 20 January 2014 – 7 February 2014;
3. Provide copies of pages 2 and 3 of the credit card statement for the period 8 February 2014 – 27 February 2014;
4. Provide copies of the credit card statements for the period 1 July 2016 – 17 March 2017;
5. Identify any credit card transactions during the period 20 January 2014 – 17 March 2017 that relate to either personal use or use for another entity or person (i.e. expenditure that did not pertain to the reporting unit); and
6. Identify any financial transactions reported in the reporting unit's financial reports for the periods ended 30 June 2014, 30 June 2015, 30 June 2016 and 30 June 2017 that another entity undertook on behalf of the reporting unit.

I request that this information be to the ROC at regorgs@roc.gov.au by **Thursday 5 March 2020**.

If you have any queries regarding this letter in the interim, please contact Joanne Fenwick on (03) 9603 0731 or via email at joanne.fenwick@roc.gov.au.

Dear Steve,

**The Australian Workers' Union - Queensland Branch
Financial Reports for the years ended 30 June 2014 (FR2014/217), 30 June 2015
(FR2015/343), 30 June 2016 (FR2016/261) and 30 June 2017 (FR2017/207)**

I refer to the abovementioned financial reports for the Australian Workers' Union Queensland Branch (the **reporting unit**) which have been the subject of ongoing discussions between the Registered Organisations Commission (the **ROC**) and the reporting unit since 2017.

The ROC identified in 2017, that since 2014 the 'Australian Workers' Union of Employees, Queensland', the associated State body of the reporting unit (the **associated State body**), did not encompass the reporting unit's financial affairs, as previously asserted by the reporting unit. The reporting unit had applied for and was issued with, section 269 certificates stating that the financial affairs of the reporting unit were encompassed by the financial affairs of the associated State Body for the financial years ended 30 June 2014 and 30 June 2015. It is now apparent that these applications did not reflect the actual administrative arrangements.

The ROC has reviewed a number of draft financial reports for the abovementioned financial years with a final signed copy of these reports, that have been provided to members and presented to a meeting, lodged with the ROC on 11 April 2019.

The financial reports have now been filed. You are not required to take any further action in respect of the reports lodged.

Please note that the filing of these financial reports does not limit the ROC from making further enquiries into (or taking further action regarding) the administrative arrangements and state of affairs of the reporting unit during this time, and in particular, the information provided by the reporting unit in its initial section 269 applications for the years ended 30 June 2014 and 30 June 2015. Accordingly, we will correspond with you further regarding those issues.

If you have any queries regarding this letter in the interim, please contact me on (03) 9603 0731 or via email at joanne.fenwick@roc.gov.au.

Yours sincerely

Notes to the Financial Statements For the Year Ended 30 June 2017

1 Summary of Significant Accounting Policies

(a) Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the *Fair Work (Registered Organisations) Act 2009*. For the purpose of preparing the general purpose financial statements, the Branch is a not-for-profit entity.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial statements have been prepared on an accrual basis and in accordance with historical costs, except for certain assets and liabilities at measured at fair value as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

In accordance with arrangements between the Australian Workers' Union of Employees Queensland (State Union) and the Branch, the latter performs limited activities and functions. Accordingly, these financial statements have been prepared on the basis of reflecting those limited activities and functions for which the Branch is responsible.

(b) Going concern

In accordance with arrangements between the Branch and the State Union and as further detailed in Note 1(h), the State Union makes contributions as required to Branch to allow the Branch to undertake its activities and continue as a going concern.

In addition, and as detailed on Note 11, the Branch has ceased undertaking the activities referred to in the Operating Report subsequent to balance date. Accordingly, the Committee is of the opinion that the Branch will be able to pay its debts as and when they fall due.

The Branch's ability to continue as a going concern is not reliant on the financial support of another reporting unit and no other reporting unit has agreed to provide financial support to the Branch concerning its ability to continue as a going concern.

(c) Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(d) Significant accounting judgements and estimates

The Branch evaluates estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data.

The Branch assesses impairment at each reporting date by evaluating conditions specific to the Branch that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. No impairment has been recognised in respect of the current year (2016: Nil).

No other accounting judgements and estimates have been applied in the preparation of the financial report.

For the Year Ended 30 June 2017

1 Summary of Significant Accounting Policies (continued)

(e) Income tax

The Branch is exempt from income tax by virtue of *s50-45 of the Income Tax Assessment Act 1997*.

(f) Cash

Cash is recognised at its nominal amount. Cash and cash equivalents include cash on hand and deposits held at call with the bank.

(g) Financial instruments

The Branch is not exposed to any material financial risks through the use of financial instruments. The principal categories of financial instruments used by the Branch are the following:

- Cash
- Trade receivables
- Borrowing from the Australian Workers' Union of Employees Queensland

The Branch is not exposed to material liquidity or market risk in respect of the above financial instruments. It has policies in place to ensure that it has sufficient cash to allow it to meet its obligations when they become due and payable.

Cash is held with an Australian bank. Where cash flows allow, these amounts are held on deposit. The risk of changes in interest rates affecting future cash flows is not considered material. Any credit risk attaching to counterparties is also considered immaterial.

(h) Revenue and other income

Members who join the Australian Workers' Union of Employees Queensland (State Union) simultaneously become members of the Branch. Membership subscriptions and fees derived by the State Union are not recorded in the Branch.

Interest revenue is recognised on a proportional basis, taking into account the interest rate applicable to the financial assets.

The Branch did not receive any capitation fees, levies, donations and grants from any third parties.

Contribution income received from The Australian Workers' Union of Employees Queensland (State Union) is recognised as received. Monies received from the State Union are reported on the basis that:

- Monies are provided by the State Union to allow the Branch to undertake certain activities in accordance with the arrangements between the State Union and Branch; and
- There is no expectation by either the State Union or Branch that any of these monies are to be repaid.

**Notes to the Financial Statements

1 Summary of Significant Accounting Policies (continued)

(i) New and amended standards and interpretations

The Union applied, for the first time, certain new and amended accounting standards and interpretations which are effective for annual periods beginning on or after 1 July 2016. There are no new and amended accounting standards and interpretations that became effective as of July 2016 that have material impact to the Union.

(j) New and amended standards and interpretations issued but not yet effective

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The Branch has decided not to early adopt these Standards. The following table summarises those future requirements and their impact on the Branch where the standard is relevant:

New/Revised Pronouncements	Nature of change	Impact
AASB 9 Financial Instruments (application date 30 June 2020)	The AASB has issued the complete AASB 9. The new standard includes revised guidance on the classification and measurement of financial assets, including a new expected credit loss model for calculating impairment, and supplements the new general hedge accounting requirements previously published. This supersedes AASB 9 (issued in December 2009-as amended) and AASB 9 (issued in December 2010).	The Union has not yet fully assessed the impact of AASB 9 as this standard does not yet apply mandatorily.
AASB 15 Revenue from Contracts with Customers (application date 30 June 2020)	The standard contains a single model that applies to contracts with customers and two approaches to recognising revenue: at a point in time or over time. The model features a contract-based five-step analysis of transactions to determine whether, how much and when revenue is recognised.	The Union has not yet determined the magnitude of any changes which may be needed.
AASB 16 Leases (Not applicable to AWU, QLD Branch)	Significant revisions to accounting for operational leases on balance sheet by lessees of property and high value equipment. However, exemptions for short-term leases and leases of low value assets will reduce the impact.	The Union has not yet determined the magnitude of any changes which may be needed.
AASB 1058 Income of Not-for-Profit Entities (application date 30 June 2020)	AASB 1058 replaces the income recognition requirements relating to private sector not-for-profit (NFP) entities, as well as the majority of income recognition requirements relating to public sector NFP entities previously reflected in AASB 1004 Contributions.	The Union has not yet determined the magnitude of any changes which may be needed.

8. Financial Risk Management

The Branch is not exposed to material financial risks through its use of financial instruments. This note discloses the Branch's objectives, policies and processes for managing and measuring these risks. The Branch does not speculate in financial assets.

Financial instruments used

The principal categories of financial instrument used by the Branch are:

- Trade receivables
- Cash at bank
- Trade and other payables

Specific information regarding the mitigation of each financial risk to which the Branch is exposed is provided below.

Liquidity risk

Liquidity risk arises from the Branch's management of working capital. It is the risk that the Branch will encounter difficulty in meeting its financial obligations as they fall due.

The Branch's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. Funding for short and long-term liquidity needs is additionally available through related parties.

The Branch's liabilities are current and are either expected to be settled with in normal trade terms (i.e., 30 days) or are at call liabilities.

Market risk

The Branch's exposure to market risk is limited to cash on deposit with Australian banks. Cash is deposited in floating rate, at-call accounts, where the risk of changes in interest rates affecting future cash flows is not considered material.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Branch

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

Responsibilities of Management and Those Charged with Governance

Management is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and *Fair Work (Registered Organisations) Act 2009*, and for such internal control as management determines is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We are independent of the Entity in accordance with the auditor independence requirements of the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia.

The Australian Workers' Union Queensland Branch (**the reporting unit**) provided the Registered Organisations Commission (**the ROC**) on 13 November 2018, with revised draft financial reports for the reporting unit for the financial years ended 30 June 2014, 30 June 2015, 30 June 2016 and 30 June 2017.

On 16 October 2018 the reporting unit also lodged with the ROC amended loans, grants and donations statement for the financial years ended 30 June 2014, 30 June 2016 and 30 June 2017. An amended loans, grants and donations statement for the financial year ended 30 June 2015 was lodged with the ROC on 11 September 2018. These amended statements replaced the documents previously lodged with the ROC.

I have examined the above mentioned documents and identified a number of matters, the details of which are set out below (see Attachments A – D), that you are required to address. Once these required amendments have been made, please arrange for each financial report to be:

- approved by the committee of management;
- audited;
- provided to members; and
- lodged with the ROC.

FR2014/217 – financial report for the year ended 30 June 2014Signing of reports

On 25 July 2018, the ROC received a notification of change from the Australian Workers' Union stating that on 20 July 2018 Mr Stephen Baker was appointed to the position of Branch Secretary of the reporting unit.

Please ensure that the designated officer's certificate, the operating report and the committee of management statement are signed under your correct title.

Committee of management statement

Please amend the opening paragraph of the committee of management statement to include the wording 'Executive Committee', i.e. '*..., the Executive Committee of the Australian Workers' Union, Queensland Branch....*'

I also note that the numbering of item (e) in the committee of management statement is incorrect. Please amend accordingly.

Auditor's report – title of statements

As required under the Australian Auditing Standard ASA 700 *Forming an Opinion and Reporting on a Financial Report* paragraph 24(c), the auditor's statement lists the elements of the general purpose financial report that were included in the audit scope. I note however, that the auditor's statement makes reference to the 'statement of profit and loss and other comprehensive income' instead of the 'statement of comprehensive income'.

Please have the auditor amend the auditor's statement accordingly.

Note 2(e) and 3(a) – incorrect titles

Note 2(e) *Contribution received* and Note 3(a) *Employee expenses* are incorrectly labelled in the 'total' title i.e. Note 2(e) identifies the total as *donations and grants* instead of *contribution received* and Note 3(a) identifies the total as *capitation fees* instead of *employee expenses*.

Please amend accordingly.

Disclosure of grants and donations

Note 3(f) discloses a donation to Free Viet Labour Federation for \$1,795 and to the Cancer Council Queensland for \$1,000. These donations however are not listed in the loans, grants and donations statement lodged with the ROC on 16 October 2018. It appears that these donations relate to transactions that occurred within the financial year that ended 30 June 2016.

Please amend the Notes to the financial statements accordingly.

Activities under reporting guidelines not disclosed

Item 23 of the 4th edition reporting guidelines for the purposes of section 253 states that if any of the activities identified within items 23 of the reporting guidelines have not occurred in the reporting period, a statement to this effect must be included either in the notes to the general purpose financial report.

The general purpose financial report contained nil activity information for all prescribed reporting guideline categories except the following:

- Item 23(a) – have a fund or account for compulsory levies or voluntary contributions;
- Item 23(b) – have moneys from a fund or account been invested in assets;
- Item 23(c) – have a fund or account that is required by the rules of the organisation or branch; and
- Item 23(d) - transfer to or withdraw from a fund (other than the general fund), asset or controlled entity.

FR2015/343 – financial report for the year ended 30 June 2015Signing of reports

On 25 July 2018, the ROC received a notification of change from the Australian Workers' Union stating that on 20 July 2018 Mr Stephen Baker was appointed to the position of Branch Secretary of the reporting unit.

Please ensure that the designated officer's certificate, the operating report and the committee of management statement are signed under your correct title.

Committee of management statement

Please amend the opening paragraph of the committee of management statement to include the wording 'Executive Committee', i.e. '..., *the Executive Committee of the Australian Workers' Union, Queensland Branch...*'

Prescribed information in Operating report

Regulation 159(c) requires an operating report to contain the name of each person who has been a member of the committee of management of the reporting unit at any time during the reporting period, and the period for which he or she held such a position. The ROC takes the words "at any time" to mean that all persons, whether they held their position for the full year or for part of the year, must be included.

I note that the names of Mr T Sullivan and Ms M Williams appeared in the previous year's operating report but did not appear in this year's operating report. There was no indication that Mr T Sullivan or Ms M Williams had resigned during, or at the end of, the previous year, and without any such indication the question arises whether their names have been inadvertently omitted.

I also note that the names of Ms M Chambers and Mr D Liston appear in this year's operating report but did not appear in the previous year's operating report. There is no indication of when Ms M Chambers or Mr D Liston commenced as members of the Committee and whether they held these positions for the entire or part of the reporting period.

Please amend the operating report to include the period for which the above mentioned committee members held their position.

Appointment dates – superannuation fund trustee(s)

The reporting unit has provided information as required under section 254(2)(d) of the *Fair Work (Registered Organisations) Act 2009* in relation to officers and/or employees who are superannuation fund trustee(s) or directors of a company that is a Superannuation fund trustee. I note however that the appointment dates provided in this year's operating report for Mr B Swan, Ms C Mullen, Ms T Sharpe and Mr T Spence differ from the appointment date provided in the previous year's operating report.

Please amend accordingly.

Auditor's report – title of statements

As required under the Australian Auditing Standard ASA 700 *Forming an Opinion and Reporting on a Financial Report* paragraph 24(c), the auditor's statement lists the elements of the general purpose financial report that were included in the audit scope. I note however that the auditor's statement makes reference to the 'statement of profit and loss and other comprehensive income' instead of the 'statement of comprehensive income'.

Please have the auditor amend the auditor's statement accordingly.

Note 2(e) and 3(a) – incorrect titles

Note 2(e) *Contribution received* and Note 3(a) *Employee expenses* are incorrectly labelled in the 'total;' title i.e. Note 2(e) identifies the total as *donations and grants* instead of *contribution received* and Note 3(a) identifies the total as *capitation fees* instead of *employee expenses*.

Please amend accordingly.

Disclosure of donation expenditure

Based on the loans, grants and donations statement that was lodged with the ROC on 11 September 2018, the disclosure of donations in Note 3(f) for the financial year ended 30 June 2015 should be as follows:

Total paid that were \$1,000 or less	\$1,000
Total paid that exceeded \$1,000	\$2,500

Note 3(f) also discloses a donation to Free Viet Labour Federation for \$1,795 and to the Cancer Council Queensland for \$1,000. These donations however are not listed in the loans, grants and donations statement lodged with the ROC on 11 September 2018. It appears that these donations relate to transactions that occurred within the financial year that ended 30 June 2016.

Please amend the Notes to the financial statements accordingly.

Activities under reporting guidelines not disclosed

Item 23 of the 4th edition reporting guidelines for the purposes of section 253 states that if any of the activities identified within items 23 of the reporting guidelines have not occurred in the reporting period, a statement to this effect must be included either in the notes to the general purpose financial report.

The general purpose financial report contained nil activity information for all prescribed reporting guideline categories except the following:

- Item 23(a) – have a fund or account for compulsory levies or voluntary contributions;
- Item 23(b) – have moneys from a fund or account been invested in assets;
- Item 23(c) – have a fund or account that is required by the rules of the organisation or branch; and
- Item 23(d) - transfer to or withdraw from a fund (other than the general fund), asset or controlled entity.

FR2016/261 – financial report for the year ended 30 June 2016Signing of reports

On 25 July 2018, the ROC received a notification of change from the Australian Workers' Union stating that on 20 July 2018 Mr Stephen Baker was appointed to the position of Branch Secretary of the reporting unit.

Please ensure that the designated officer's certificate, the operating report and the committee of management statement are signed under your correct title.

Committee of management statement

Please amend the opening paragraph of the committee of management statement to include the wording 'Executive Committee', i.e. '*..., the Executive Committee of the Australian Workers' Union, Queensland Branch....*'

Please amend accordingly.

Disclosure of contributions received

I note that Note 2(e) discloses the value of contributions received for the financial year ended 30 June 2015 as \$225,000. This figure should be reported as \$227,896.

Disclosure of donation expenditure

Based on the loans, grants and donations statement that was lodged with the ROC on 11 September 2018, the disclosure of donations in Note 3(f) for the financial year ended 30 June 2015 should be as follows:

Total paid that were \$1,000 or less	\$1,000
Total paid that exceeded \$1,000	\$2,500

Please amend Note 3(f) accordingly.

Dear Mr Enright,

AWU QLD Branch - Financial reports (FR2014/217, FR2015/243, FR2016/261, FR2017/207)

We refer to your letter of 18th July 2018 in connection with the points raised in Appendix A, as the other points were dealt with in previous letters.

Context

We note that in August 2017, we forwarded ROC draft accounts for FY16. The ROC then suggested some amendments. Those accounts and the FY14, FY15 and FY17 accounts were then audited and endorsed by the Committee of Management in good faith. The accounts were then lodged in December 2017.

We note that in your letter dated 18 July 2018, the ROC has identified matters to be rectified in the accounts that were lodged. We appreciate from your letter that this is as a consequence of the ROC's detailed review of the accounts, despite the resourcing limitation referred to in your letter.

We also wish to note that a different audit partner at Hanrick Curran has been appointed as the auditor for the Branch. We are presently working with the new audit partner to prepare further audited accounts which rectify the matters raised by ROC. With the new reporting auditor we look forward to a proper rectification of the errors.

Proposal

As indicated on the attached sheet we are in agreement with your comments in virtually all of the 39 points. As a result we will be making amendments to the accounts. There are a few issues in respect of which we seek further guidance from ROC. These matters are identified at paragraphs 7,8,14, 19, 23,33 and 34 of the attachment.

Based on our discussion with our auditors, we would anticipate submitting draft amended accounts for the Branch for the years ended 30th June 2014, 30th June 2015, 30th June 2016 and 30th June 2017 for your further feedback by 31st October 2018. Those draft accounts will specifically note the matters that we seek further guidance from ROC. We are prepared to obtain that guidance by way of a short teleconference. Once those draft documents are approved by ROC we will then arrange for the requisite confirmatory meetings to authorise the accounts and then duly file them with ROC in a final form.

We trust you find this approach acceptable.

Moving forward we refer to our August 2018 letter, where we indicated the minimal transactions within the branch in the year ended 30th June 2018. We await your preliminary indication whether or not the minimal nature of the transactions is such that ROC is prepared to accept that the financial affairs of the Branch after 30th June 2017 is sufficiently encompassed in the affairs of the state registered body. If we receive that preliminary indication, we then propose to file a formal application for a s 269 Certificate.

We look forward to hearing from you in due course.

Yours sincerely

Dear Mr Baker,

AWU Qld Branch - Financial Reports (FR2014/217, FR2015/343, FR2016/261, FR2017/207)

I acknowledge receipt of your letter dated 15 August 2018. Thank you for responding to a number of the issues that were raised in my correspondence of 18 July 2018. I note from your letter, that the original registered auditor for the Queensland Branch of The Australian Worker's Union (**the Branch**) is currently on leave and is expected back by the end of this month. It would appear that this circumstance led to your advice that you proposed to respond to my request at a later time than requested. We look forward to that response which may be sooner than 28 September 2018.

I appreciate that in what you described as '*the spirit of cooperation*' you were able to respond to a number of points and that you would gladly forward other documents in the event an appropriate address was provided. Those documents can be sent to the following physical postal address:

Registered Organisations Commission
c/o Fair Work Ombudsman
Level 12, 414 La Trobe Street
Melbourne Victoria 3000

In the meantime, I have requested that staff of the Registered Organisations Commission (**ROC**) review and consider the points you made, including those relating to the statement of loans, grants and donations.

As a matter of general compliance with the Branch's obligations under the *Fair Work (Registered Organisations) Act 2009 (the RO Act)*, I advise that this statement, when lodged with the ROC or its predecessor, should only identify the transactions relevant to the federal Branch. When we have had the opportunity to properly consider your response, it is possible that we will be advising that if previously lodged statements of loans, grants and donations contain transactions which relate to the Branch's state association, regardless that the statement may have been previously filed, the Branch lodge amended loans, grants and donations statements reflecting only the transactions relevant to the Branch.

Should you have any questions regarding the above I can be contacted on (03) 9603 0711 or via chris.enright@roc.gov.au.

Yours sincerely,

Dear Mr Enright

**RE: AWU OLD Branch (Financial reports 2014/217, FR2015/343, FR2016/261
FR2017/207)**

Thank you for your letter of 2nd August 2018. The original registered auditor Mr A Fraser is now a consultant with Hanrick Curran and is currently on holiday in the USA. Although we have referred the letters to his fellow partners. Before we can give a definite answer to Appendix A, it is professional protocol and courtesy to await on his comments as he was directly involved in the issues raised in Appendix A. We understand that he will have returned by the end of the month and we will reply to you on Appendix A as soon as he returns.

However in the spirit of cooperation we will reply to your points in your July letter contained in the heading Information by Wednesday 8th August 2018..

- 1) As mentioned earlier the matters in Appendix A will be clarified when the audit partner returns from holiday.
- 2) The request for a new card was duly lodged with Commonwealth Bank on 30th January 2014 and the MasterCard arrived on 10th February 2014. The authorisation to cancel the card was made on 17th March 2017 and the statement of 30th March 2017 confirms its closure. We can confirm that the AWU Queensland Branch had no other credit cards.
- 3) The CBA bank account in the name of AWU Queensland was opened on 26th July 2013. The branch account was closed on 4th December 2017 as indicated on the statements. There have been no other bank accounts held by the Branch.
- 4) We will gladly forward the general ledger and bank and credit card statements to you. However given the large number of boxes containing the records we need a true

delivery address rather than a Post Office Box as the records will need to be sent by secure courier.

- 5) We note your request and will provide a complete answer once the auditor returns from holiday.

Finally in connection with the points raised in your letter of 2nd August, we note the contents and respective legislation references. However we are puzzled by your comments re statement of loans and donation. We would draw your attention to the fact that the statement was filed on 18th October 2014. The return covered both entities as S269 applications were in force (even though one of them was not a reporting unit). The \$52500 donation relates to the branch only, thus the two figures are never going to be directly comparable.

We look forward to hearing from you promptly so we can duly deliver the accounting records requested to a clear physical address.

Yours faithfully

Dear Mr Baker,

AWU Qld Branch - Financial Reports (FR2014/217, FR2015/343, FR2016/261, FR2017/207)

I acknowledge receipt of your letter dated 30 July 2018 in response to requests for further information contained in my correspondence of 18 July 2018. I note that while a response to the financial and other issues in my letter was requested by Wednesday 8 August 2018, you advise that instead you propose to provide a response approximately two (2) months after that date and by 28 September 2018.

You have invited me not to hesitate with any follow up inquiries I might have and the purpose of this letter is to take up that invitation to address a number of points regarding the Branch's financial reporting under the *Fair Work (Registered Organisations) Act 2009* (the **RO Act**).

One of the lenses through which the Registered Organisations Commission (**ROC**) views its statutory role is through the eyes of members of registered organisations¹ and in that context, it seems likely that members of the Queensland Branch (**the Branch**) of The Australian Workers' Union (**AWU**) might benefit from at least some understanding of the reasons it will take at least two further months to respond to the financial and other issues which have been raised.

Your letter simply indicates that you are seeking advice from your auditors. The circumstances which require a further two months to respond are not readily apparent to the ROC given that the Branch has all of the information and documents which have either been referred to or are relevant to the issues raised.

For example, it does not appear to be a complex task for the Branch to examine and explain the inconsistencies between:

- the Statement of Loans Grants and Donations lodged by the Branch for the year ended 30 June 2014 which contains a statement by the former Branch Secretary, Ben Swan, that the Branch made donations of \$176,500² in that year; and

¹ Refer s5(3) of the RO Act which states that the standards in the RO Act seek to 'encourage ... high standards of accountability of organisations to their members'.

² This total pertains to donations over \$1,000 – refer s237 of the RO Act.

- the Financial Report lodged by the Branch for the same year which states that the Branch expended only \$52,500 on 'grants and donations'.

As I have previously indicated, the outcome of the ROC's simple comparison is that there is a discrepancy of \$124,000 regarding donations reported in those documents for the same reporting period. If the ROC's assessment is correct, then at least one of the documents must be inaccurate and there may be potential contraventions of one or more of the following:

- s237(1) which requires an organisation or branch to lodge a statement showing the relevant particulars for each loan, grant or donation made over \$1,000 at the end of each financial year;
- s237(3) which provides that a statement lodged under s237(1) must not include a statement that a person knows is (or is reckless as to whether it is) false or misleading;
- s253(2)(b)(ii) which requires, together with the Reporting Guidelines, the financial report prepared by a reporting each year to state the total expended on donations over \$1,000 and the total expended on donations that are less than \$1,000;³
- s253(3) which states that the information in the financial report 'must give a true and fair view of the financial position and performance of the reporting unit' for the relevant year.

I note that each of the above provisions is a civil penalty provision that can lead to a maximum penalty (for conduct that occurred in 2014) of \$10,200 for an individual and \$51,000 for an organisation.⁴ I further note that such penalties have now increased (for conduct that occurs after 30 June 2017) to \$21,000 for an individual and \$105,000 for an organisation.⁵

An underlying issue to the above matters is that the Branch applied for and was granted certificates under s269 for the financial years ended 30 June 2014 and 2015 on the grounds that its financial affairs were 'encompassed by' the associated State body (The Australian Workers' Union of Employees, Queensland (**AWEUQ**)) and therefore the Branch would not be expected to have had any financial affairs in those financial years. However, following communications with the Fair Work Commission and the ROC regarding apparent financial activity by the Queensland Branch of the *federal* AWU, the Branch prepared revised financial reports for those years for the Queensland Branch of the federal AWU. My comments in this letter and my letter of 18 July 2018 refer to those revised financial reports (and also financial reports for the years ended 30 June 2016 and 2017).

Appointment to Secretary

I am aware that the previous Secretary, Mr Swan, has recently resigned and I congratulate you on your appointment to the role of Branch Secretary. The ROC looks forward to working with you and your leadership team as a reporting unit.

While you have recently been appointed to the Secretary role, I am advised that these matters are not unfamiliar to you because the ROC corresponded with you regarding these matters while you were the Acting Branch Secretary in 2017.

Request

In response to your invitation to make follow up inquiries, it would assist if you were able to provide some understanding of the circumstances which require a further two months for the Branch to respond to the issues raised in my correspondence of 18 July 2018.

³ Refer item 16(e) of the s253 Reporting Guidelines (Fourth edition) issued under s255 on 13 June 2014.

⁴ Based on the penalties being 60 penalty units for an individual and 300 penalty units for an organisation and the Commonwealth penalty unit being \$170 at that time (refer also former s306(1) of the RO Act).

⁵ Based on the penalties being 100 penalty units for an individual and 500 penalty units for an organisation from 2 May 2017 and the Cth penalty unit being \$210 from 1 July 2017 (refer also s306(1)).

For example, you might consider whether it would be possible to respond to any or some of the issues which have been raised prior to 28 September 2018. In any event, your advice would be appreciated to assist in the ROC's assessment of what, if any action, the ROC might consider taking during the next two months.

Your further response is requested by **COB Wednesday 15 August 2018**.

Should you have any questions regarding the above I can be contacted on (03) 9603 0711 or via chris.enright@roc.gov.au.

Yours sincerely,

Dear Mr Swan,

AWU Qld Branch - Financial Reports (FR2014/217, FR2015/343, FR2016/261, FR2017/207)

Purpose

I refer to previous correspondence dated 9 February 2018 from the Financial Reporting Specialist of the Registered Organisations Commission (**ROC**) relating to financial reports of the Queensland Branch (**the Branch**) of the Australian Workers' Union (**AWU**) for the years ending 30 June 2014 to 2017 which were lodged with the ROC on 15 December 2017 under s 268 of the *Fair Work (Registered Organisations) Act 2009 (RO Act)*.

I also refer to related applications for s 269 certificates under the RO Act regarding the financial affairs of the branch for a number of years up to 2016.

The ROC's correspondence of 9 February 2018 acknowledged, among other things, receipt of a range of financial reports, advised that a range of relevant matters were the subject of review and indicated that further clarification would be sought about a number of issues of concern. The purpose of this correspondence is to set out the issues of concern and request additional information which might clarify those concerns.

As you will be aware, the ROC has a total of seventeen (17) staff to perform a broad and extensive range of functions relating to approximately four hundred (400) reporting units. With only two financial reporting specialists responsible for the 400 reporting units, undertaking this type of complex analysis for one reporting unit has been challenging.

Regardless of the challenges, I take the opportunity to apologise for not providing this correspondence closer in proximity to the ROC's earlier letter dated 9 February 2018.

Overview of financial reporting - AWU Qld Branch

In accordance with s 242 of the RO Act, the Queensland Branch is a reporting unit of the federally registered AWU. In its capacity as a reporting unit, the Branch applied for s 269 certificates for the years ended 30 June 2004 to 2016 on the grounds that the financial affairs of the reporting unit were 'encompassed by' the financial affairs of an associated State body (The Australian Workers' Union of Employees, Queensland (**AWUEQ**)). The applications included in each year:

- the AWUEQ's financial report prepared under the *Industrial Relations Act 1999* (Qld);
- Operating Reports specifically for the reporting unit prepared under s 269(2)(e) and s 254 of the RO Act (**original Operating Reports**).

In response to applications made by the Branch, certificates were issued under s 269 for years ended 30 June 2004 to 2015. However a certificate was not issued for 2016 (or thereafter) when it became apparent that the reporting unit may have had its own credit card, bank account and expenditure since at least the year ended 30 June 2014 – because this raised concerns as to whether the financial affairs of the reporting unit were in fact encompassed by the financial affairs of the AWUEQ under s 269.

To address these concerns, the reporting unit agreed to prepare, audit, provide to members and lodge with the ROC its own financial reports under the RO Act for years ended 30 June 2014 to 2017 (**new Financial Reports**). The new Financial Reports for 2014 to 2016 include new Operating Reports (**new Operating Reports**) under s 254 which appear to replace those previously lodged with the s 269 applications for the years 2014 to 2016.

On 20 September 2017 I requested copies of the documents 'considered by the auditor for the purposes of the 2016 report'. The reporting unit then provided:

- a copy of the reporting unit's general ledger for the year ended 30 June 2016;
- a '*Transaction History*' report from the Commonwealth Bank of Australia (CBA) for a bank account in the name of '*AWU QLD Branch*' for the year ended 30 June 2016;
- monthly credit card statements for a CBA corporate charge card (credit card) for the '*AWU QLD BRANCH*' with the cardholder name of '*Ben Swan*' covering the period from 30 June 2015 to 28 June 2016;
- receipts and invoices for the monthly credit card statements from June 2015 to June 2016 (with the exception of the period 30 October to 27 November 2015 which have not yet been provided and which are requested further below).¹

Issues that arise

Having regard to the circumstances I have described above, a number of issues arise.

In relation to the years ended 30 June 2014 and 2015:

- whether the s 269 applications were accurate and sufficiently disclosed all relevant information regarding the financial affairs of the reporting unit;
- whether the new Financial Reports for 2014 and 2015 should be filed by the ROC (once a number of issues have been addressed as set out further below) and if so, whether the s 269 certificates for those years should be revoked;
- whether the reporting unit or any of its officers may have breached any of the civil penalty provisions of the RO Act regarding financial reporting in relation to these years;
- whether the ROC should commence an inquiry or investigation under ss 330 or 331 regarding any of the above matters.

¹ It is also noted that alterations to the AWU Rules were certified on 3 June 2016 to confirm that the AWEUQ may receive membership fees for the AWU in Queensland and pay capitation fees to the National Office of the federal AWU (AWU Rules 8(12), 54(3), 55(4), 56(3) - refer R2016/93.

In relation to the years ended 30 June 2004 to 2013:

- whether the s 269 applications were accurate and sufficiently disclosed all relevant information - or whether similar issues may arise as to those in the 2014 and 2015 financial years set out above.

In relation to the years ended 30 June 2016 and 2017:

- whether the new Financial Reports for 2016 and 2017 should be filed by the ROC (once a number of issues have been addressed as set out below).

Inconsistencies in new Financial Reports

The ROC's Financial Reporting Specialist, Ms Joanne Fenwick, has assessed the new Financial Reports and a number of matters have been identified, as set out in Annexure A, that are required to be addressed.

A number of these matters are significant - for example:

- a discrepancy of \$124,000 between the donations disclosed in a statement under s 237 for year ended 30 June 2014 (\$176,500) and the donations disclosed in the new Financial Report for that year (\$52,500);
- a discrepancy of \$227,896 between the financial result in the new Operating Report for year ended 30 June 2015 (\$237,844 loss) and the new Financial Report (\$9,948 loss);
- the new Financial Reports for 2014 to 2017 that were lodged were signed and dated but the comparable documents on the reporting unit's website (<https://qld.awu.net.au/>) are unsigned and mostly undated - hence the provision of those incomplete documents on the website would not constitute provision of the documents to members under s 265.

These issues require clarification to ensure that accurate information has been provided to members and lodged with the ROC.

I also note that a number of the inconsistencies pertain to statutory provisions (such as ss 237, 254 and 265) which attract civil penalties. For example:

- s 237(1) provides that a reporting unit must lodge each year a statement providing relevant particulars regarding each loan, grant or donation over \$1,000 - a contravention of this provision by an organisation may attract a penalty of up to 500 penalty units;²
- s 237(3) provides that a statement that is lodged under s237(1) must not be false or misleading (or reckless as to whether it is false or misleading) - a contravention of this provision by an organisation may attract a penalty of up to 500 penalty units.³

At this point a written response regarding the above issues is required. Once this has been received we will further advise what other documents or action may be required.

Credit card expenditure - duration

In a telephone discussion with Ms Fenwick, on 3 January 2017 (and in subsequent discussions with the ROC) you have indicated that:

- the reporting unit's expenditure from year ended 30 June 2014 onwards pertained to a credit card of the reporting unit and a related bank account; and
- the credit card, bank account and expenditure were funded by the AWUEQ .

² The maximum penalty that can be imposed on an organisation is five times higher than that which may be imposed on an individual (refer s306(1)).

³ Ibid.

This may suggest that the financial affairs disclosed in the reporting unit's new Financial Reports for years ended 30 June 2014 to 2017 pertain to that credit card and bank account.

However at this point it remains unclear:

- when the credit card and bank account commenced;
- whether there were any other credit cards or bank accounts;
- whether all credit card(s) and bank account(s) have been closed (although the cancellation of a credit card is discussed further below); and thus
- in which years the financial affairs of the reporting unit were encompassed by the AWUEQ and in which years they were not.

Credit card expenditure - purpose

It is also unclear whether the expenditure on the credit card pertained to the reporting unit.

For example, the credit card documents that have been provided for year ended 30 June 2016 suggest that:

- some expenditure pertains to the activities of the reporting unit (such as interstate flights for officers to attend meetings of the National Executive of the federal AWU); however
- some expenditure may pertain to the AWUEQ - for example:
 - monthly invoices addressed to the '*Australian Workers Union of Employees Queensland*' from AST (Applied Satellite Technology Australia Pty Ltd) of about \$64.00 (incl GST) each month;
 - an Australia Post invoice for a post office box renewal for '*THE AUST WORKERS UNION OF EMPLOYEES QLD [located at] PO Box 1430 INGHAM QLD 4850*' for \$186.00 and related receipt information for \$211.00.

Credit card - cancellation

In the telephone discussion with Ms Fenwick on 3 January 2017 you indicated that the credit card had been cancelled due to unauthorised expenditure - but a new credit card had subsequently been obtained although not yet activated.

In subsequent correspondence of 20 October 2017 you provided further information regarding the unauthorised expenditure as follows:

...The two relevant unauthorised transactions were recorded in the December 2016 credit card statement. In December 2016, the Branch reported the unauthorised transactions to the Commonwealth Bank. In February 2017, the Commonwealth Bank re-credited the Branch account the funds previously debited from the unauthorised transactions. ... It was apparent that the two unauthorised transactions [had been] debited by a dental business in Spain...

You also advised that:

In March 2017, the credit card was cancelled and no replacement card was sought by the Branch or issued by the Bank.

Further information requested by Wednesday 8 August 2018

Please respond to the following points:

1. Please clarify each of the inconsistencies in Annexure A.
2. Please:

- a. advise when the reporting unit first obtained the abovementioned CBA corporate charge card (credit card) in the name of 'AWU QLD BRANCH';
 - b. provide confirmation from the CBA that the corporate charge card has been cancelled and the date that occurred;
 - c. advise whether the reporting unit has (or previously had) any other credit cards in the name of the reporting unit (or any of its officers) and if so please provide:
 - i. details of the relevant card(s);
 - ii. the date(s) when the card(s) were obtained;
 - iii. the date(s) when any such cards were cancelled.
3. Please advise:
- a. when the reporting unit first opened the abovementioned CBA bank account in the name of 'AWU QLD Branch';
 - b. whether the bank account has been closed and, if so, confirmation from the CBA of this and the date when it occurred;
 - c. whether the reporting unit has (or previously had) any other bank accounts in the name of the reporting unit (or any of its officers) and if so please provide:
 - i. details of the bank account(s);
 - ii. the date(s) when the bank accounts were opened;
 - iii. the date(s) when any such accounts were closed.
4. Please provide a copy of the general ledger, bank statements, credit card statements (and related invoices and receipts) for:
- a. year ended 30 June 2017;
 - b. year ended 30 June 2015;
 - c. year ended 30 June 2014;
 - d. any earlier years in which the reporting unit had such accounts or credit cards (in relation to the period 1 July 2003 to 30 June 2013).
5. Regarding the credit card expenditure for year ended 30 June 2016 please:
- a. address whether all the expenditure in that year pertained to the reporting unit having regard to a number of expenditure items that appear to pertain to the AWUEQ as set out further above;
 - b. provide the receipts and invoices for the credit card statement for 30 October to 27 November 2015.⁴

⁴ The reporting unit appears to have inadvertently forwarded the financial documents for September 2015 twice and has not yet provided the financial documents for November 2015.

Your responses to these matters is requested by **COB Wednesday 8 August 2018.**

Should you have any questions regarding the above I can be contacted on (03) 9603 0711 or via chris.enright@roc.gov.au.

	2. Grants and donations (ss253, 237 & Reporting Guidelines).	The new Financial Report states that expenditure on grants and donations was \$52,500.	The Statement of Loans, Grants and Donations lodged under s237 listed \$176,500 of donations.
	3. Donation to Free Viet[nam] Labour Federation (ss253, 237 & Reporting Guidelines).	Note 3(f) of the new Financial Report refers to a donation of \$1,795 to the Free Viet[nam] Labour Federation).	The Statement of Loans, Grants and Donations lodged under s237 does not refer to this donation (however the s237 Statement for another year (2016) does refer to such a donation).
	4. Donation to Cancer Council Qld (ss253, 237 & Reporting Guidelines).	Note 3(f) of the new Financial Report refers to a donation of \$1,000 to the Cancer Council Queensland.	The Statement of Loans, Grants and Donations lodged under s237 does not refer to this donation (however the s237 Statement for another year (2016) does refer to such a donation).
	5. Disclosure of employee expenses to office holders and other employees (ss253 & Reporting Guidelines)	Note 3(a) of the new Financial Report refers to Employee expenses of \$7,800.	Items 16(g) and 16(f) of the 4 th edition Reporting Guidelines requires employee expenses to be distinguished between office holders and other employees. It also requires the separate disclosure of employee expenses by wages and salaries, superannuation, leave and other entitlements, separation and redundancies and other employee expenses. This is a mandatory disclosure as per item 17 of the 4 th edition Reporting Guidelines.
	6. Disclosure of audit fees (ss253 & AASB 1054)	Note 9 of the new Financial Report discloses a figure for audit services under the 2013 financial year. Note 9 of the new Financial Report refers to audit services of \$5,000 for the 2014 financial year.	Note 1(a) states that <i>'the activities only commenced in the financial year ended 30 June 2014. As a result, there are no comparatives'</i> . Note 3(h) discloses sundry expenses (including audit fees) of \$1,531 for the 2014 financial year.
	7. New and Future Australian Accounting Standards (ss253 &	<i>AASB 108 Accounting Policies, Changes in Accounting estimates and Errors</i> paragraphs 28 and 30	This information has not been provided in the new Financial Report.

Year ended	Issue	Inconsistent information	
	AASB 108)	require that entities disclose Australian Accounting Standards adopted during the period and Australian Accounting Standards issued by not yet effective with an assessment of the future impact of the standard on the entity.	
	8. Review of principal activities (s254).	Subsection 254(2)(a) of the RO Act requires an operating report to contain a review of the principal activities of the reporting unit, the results of those activities and any significant changes in the nature of those activities.	The new Operating Report provides a review of the principal activities but does not explain the results of these activities.
	9. Change in financial affairs (s254).	Sections s254(2)(b) of the RO Act state that the Operating Report must give details of any significant changes in the financial affairs of the reporting unit.	The reporting unit did not lodge its own financial report under s253 from 2004 to 2013. It then started doing so from the year ended 30 June 2014. This suggests there was a significant change in the financial affairs in that year that should be disclosed under s254(2)(b).
	10. Trustee of superannuation entity (s254)	Subsection 254(2)(d) of the RO Act requires details of any officer or member of the reporting unit who is a trustee, or a director of a company that is a trustee, of a superannuation entity or an exempt public sector superannuation scheme.	In the new Operating Report, information is provided on an individual who ceased their appointment as Director of Aust (Q) Super in June 2013. As they did not hold the position of Director Aust (Q) Super during the reporting period ended 30 June 2014, they are not required to be included in the operating report.
	11. Period of Membership of Committee of Management (s.254 & Regulation 159(c)).	Regulation 159(c) of the <i>Fair Work (Registered Organisations) Regulations 2009 (RO Regs)</i> requires the operating report to disclose the period each listed officer serviced on the committee of management during the reporting period.	The new Operating Report states ' <i>the following were members of the Committee as at 30 June 2014</i> '. To satisfy the regulation the reporting unit should disclose the dates of membership during the <u>reporting period</u> for each member or state ' <i>that members of the committee of management held positions for the entire reporting period unless indicated otherwise</i> '.
	12. Unclear whether signed and dated	The lodged financial documents are signed and	The financial documents posted on the AWU Qld website are unsigned and mostly

	13. Designated Officer's Certificate (s268)	Section 268(c) requires the reporting unit to lodge with the ROC a certificate by a prescribed designated officer that states that the documents lodged are copies of the documents provided to members and presented to a general meeting, or presented to a meeting of the committee of management, as the case requires, in accordance with section 266.	Two (2) designated officer's certificates were included with the new Financial Report lodged on 15 December 2017 with the ROC. The first certificate indicates that the Branch report was present to a meeting of the committee of management on 23 November 2017 in accordance with section 266 of the RO Act however, the second certificate indicates that this meeting occurred on 15 December 2017.
	14. Content of the second designated officer's certificate (s268)	The second designated officer's certificate appears to cover the new Financial Reports lodged for the year ended 30 June 2014, 30 June 2015, 30 June 2016 and 30 June 2017. It states that <i>'the documents lodged herewith are copies of the full report for The Australian Workers' Union, Queensland Branch for the periods ending 30 June 2014-2017 and the full combined report for The Australian Workers' Union, Queensland Branch and The Australian Workers' Union of Employees, Queensland referred to in s.268 of the Fair Work (Registered Organisations) Act 2009.'</i>	A 'full combined report' for the reporting unit and the AWUEQ was not included with the lodged documents. The financial reporting obligations under Part 3 of Chapter 8 of the RO Act only relate to the federally registered entity and a 'full combined report' of the reporting unit and the AWUEQ is not required and would not satisfy the requirements under the RO Act.
30 June 2015	15. Result for the year (ss253, 254).	The new Financial Report states the result for the 2015 year was a loss of \$9,948 and for the 2014 year, a loss of \$10,764.	The new Operating Report states the result for the 2015 year was a loss of \$237,844. The new Financial Report should state a result for the 2014 year as a <u>profit</u> of \$10,764.

	17. New and Future Australian Accounting Standards (ss253 & AASB 108)	AASB 108 Accounting Policies, Changes in Accounting estimates and Errors paragraphs 28 and 30 require that entities disclose Australian Accounting Standards adopted during the period and Australian Accounting Standards issued by not yet effective with an assessment of the future impact of the standard on the entity.	This information has not been provided in the new Financial Report.

	19. Review of principal activities (s254).	Subsection 254(2)(a) of the RO Act requires an operating report to contain a review of the principal activities of the reporting unit, the results of those activities and any significant changes in the nature of those activities.	The new Operating Report provides a review of the principal activities but does not explain the results of these activities.
	20. Period of Membership of Committee of Management (s.254 & Regulation 159(c)).	Regulation 159(c) of the RO Regs requires the operating report to disclose the period each listed officer serviced on the committee of management during the reporting period.	The new Operating Report states ' <i>the following were members of the Committee as at 30 June 2015</i> '. Designated Officer's Certificate (s268)	Section 268(c) requires the reporting unit to lodge with the ROC a certificate by a prescribed designated officer that states that the documents lodged are copies of the documents provided to members and presented to a general meeting, or presented to a meeting of the committee of management, as the case requires, in accordance with section 266. 	23. Content of the second designated officer's certificate (s268)	The second designated officer's certificate appears to cover the new Financial Reports lodged for the year ended 30 June 2014, 30 June 2015, 30 June 2016 and 30 June 2017. It states that <i>'the documents lodged herewith are copies of the full report for The Australian Workers' Union, Queensland Branch for the periods ending 30 June 2014-2017 and the full combined report for The Australian Workers' Union, Queensland Branch and The Australian Workers' Union of Employees, Queensland referred to in s.268 of the Fair Work (Registered Organisations) Act 2009.'</i>	A 'full combined report' for the reporting unit and the AWUEQ was not included with the lodged documents. The financial reporting obligations under Part 3 of Chapter 8 of the RO Act only relate to the federally registered entity and a 'full combined report' of the reporting unit and the AWUEQ is not required and would not satisfy the requirements under the RO Act.
30 June 2016	24. Cash Flow Statement (ss253)	The new Financial Report states that the <i>net cash used by operating activities</i> for the 2015 year is (\$6,792).	When calculating the figures provided in the Cash flow statement, the <i>net cash used by operating activities</i> for the 2015 year is (\$5,026).

Two (2) designated officer's certificates were included with the new Financial Report lodged on 15 December 2017 with the ROC. The first certificate indicates that the Branch report was present to a meeting of the committee of management on 23 November 2017 in accordance with section 266 of the RO Act however, the second certificate indicates that this meeting occurred on 15 December 2017.

Notes to the Financial Statements For the Year Ended 30 June 2017

1 Summary of Significant Accounting Policies

(a) Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the *Fair Work (Registered Organisations) Act 2009*. For the purpose of preparing the general purpose financial statements, the Branch is a not-for-profit entity.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial statements have been prepared on an accrual basis and in accordance with historical costs, except for certain assets and liabilities at measured at fair value as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

In accordance with arrangements between the Australian Workers' Union of Employees Queensland (State Union) and the Branch, the latter performs limited activities and functions. Accordingly, these financial statements have been prepared on the basis of reflecting those limited activities and functions for which the Branch is responsible.

(b) Going concern

In accordance with arrangements between the Branch and the State Union and as further detailed in Note 1(h), the State Union makes contributions as required to Branch to allow the Branch to undertake its activities and continue as a going concern.

In addition, and as detailed on Note 11, the Branch has ceased undertaking the activities referred to in the Operating Report subsequent to balance date. Accordingly, the Committee is of the opinion that the Branch will be able to pay its debts as and when they fall due.

The Branch's ability to continue as a going concern is not reliant on the financial support of another reporting unit and no other reporting unit has agreed to provide financial support to the Branch concerning its ability to continue as a going concern.

(c) Comparative amounts

When required by Accounting Standards, comparatives figures have been adjusted to conform to changes in presentation for the current financial year.

(d) Significant accounting judgements and estimates

The Branch evaluates estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data.

The Branch assesses impairment at each reporting date by evaluating conditions specific to the Branch that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. No impairment has been recognised in respect of the current year (2016: Nil).

No other accounting judgements and estimates have been applied in the preparation of the financial report.

**Notes to the Financial Statements
For the Year Ended 30 June 2017**

1 Summary of Significant Accounting Policies (continued)

(e) Income tax

The Branch is exempt from income tax by virtue of *s50-45 of the Income Tax Assessment Act 1997*.

(f) Cash

Cash is recognised at its nominal amount. Cash and cash equivalents include cash on hand and deposits held at call with the bank.

(g) Financial instruments

The Branch is not exposed to any material financial risks through the use of financial instruments. The principal categories of financial instruments used by the Branch are the following:

- Cash
- Trade receivables
- Borrowing from the Australian Workers' Union of Employees Queensland

The Branch is not exposed to material liquidity or market risk in respect of the above financial instruments. It has policies in place to ensure that it has sufficient cash to allow it to meet its obligations when they become due and payable.

Cash is held with an Australian bank. Where cash flows allow, these amounts are held on deposit. The risk of changes in interest rates affecting future cash flows is not considered material. Any credit risk attaching to counterparties is also considered immaterial.

(h) Revenue and other income

Members who join the Australian Workers' Union of Employees Queensland (State Union) simultaneously become members of the Branch. Membership subscriptions and fees derived by the State Union are not recorded in the Branch.

Interest revenue is recognised on a proportional basis, taking into account the interest rate applicable to the financial assets.

The Branch did not receive any capitation fees, levies, donations and grants from any third parties.

Contribution income received from The Australian Workers' Union of Employees Queensland (State Union) is recognised as received. Monies received from the State Union are reported on the basis that:

- Monies are provided by the State Union to allow the Branch to undertake certain activities in accordance with the arrangements between the State Union and Branch; and
- There is no expectation by either the State Union or Branch that any of these monies are to be repaid.

1 Summary of Significant Accounting Policies (continued)

(i) Adoption of new and revised accounting standards

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The Branch has decided not to early adopt these Standards. The following table summarises those future requirements and their impact on the Branch where the standard is relevant:

Standard Name	Effective date for entity	Requirements	Impact
AASB 9: Financial Instruments and associated Amending Standards	01/01/2018	The standard will be applicable retrospectively (subject to the provisions on hedge accounting outlined below) and includes revised requirements for the classification and measurement of financial instruments revised recognition and de-recognition requirements for financial instruments and simplified requirements for hedge accounting. The key changes that may affect the Branch on initial application include certain simplifications to the classification of financial assets, simplifications to the accounting of embedded derivatives, upfront accounting for expected credit loss, and the irrevocable election to recognise gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. AASB 9 also introduces a new model for hedge accounting that will allow greater flexibility in the ability to hedge risk, particularly with respect to hedges of non financial items. Should the Branch elect to change its hedge policies in line with the new hedge accounting requirements in the standard, the application of such accounting would be largely prospective.	The available for sale investments held will be classified as fair value through other comprehensive income and will no longer be subject to impairment testing. Other impacts on the reported financial position and performance have not yet been determined.

8. Financial Risk Management

The Branch is not exposed to material financial risks through its use of financial instruments. This note discloses the Branch's objectives, policies and processes for managing and measuring these risks. The Branch does not speculate in financial assets.

Financial instruments used

The principal categories of financial instrument used by the Branch are:

- Trade receivables
- Cash at bank
- Trade and other payables

Specific information regarding the mitigation of each financial risk to which the Branch is exposed is provided below.

Liquidity risk

Liquidity risk arises from the Branch's management of working capital. It is the risk that the Branch will encounter difficulty in meeting its financial obligations as they fall due.

The Branch's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. Funding for short and long-term liquidity needs is additionally available through related parties.

The Branch's liabilities are current and are either expected to be settled within normal trade terms (i.e., 30 days) or are at call liabilities.

Market risk

The Branch's exposure to market risk is limited to cash on deposit with Australian banks. Cash is deposited in floating rate, at-call accounts, where the risk of changes in interest rates affecting future cash flows is not considered material.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Branch

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the entity in accordance with the auditor independence requirements of the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Audit Report to the members of The Australian Workers' Union, Queensland Branch (continued)

Responsibilities of Management and Those Charged with Governance

Management is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and *Fair Work (Registered Organisations) Act 2009*, and for such internal control as management determines is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We are independent of the entity in accordance with the auditor independence requirements of the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code and the Auditor-General of Queensland Auditing Standards.
