Mr Wayne Hanson Branch Secretary AWU - Greater South Australian Branch GPO Box 2577 ADELAIDE SA 5001

Dear Mr Hanson

#### Financial Return - year ending 30 June, 2006

Our records show the organisation's financial year ended recently. This letter outlines some of the things you must do to meet your financial reporting obligations and when you have to do them. For simplicity, we will call the documents you have to lodge with us your *financial return*.

This letter is intended as guide to the law applicable on the date of this letter, and should not be used as a substitute for legal or accounting advice. We only summarise some of the reporting requirements in this letter. More detailed information is at the end of this letter.

#### Information on AIRC Website

We recommend you and your accountant/auditor also refer to the following documents on the Commission's website at <u>www.airc.gov.au</u>:

- RAO Schedule
- RAO Regulations
- <u>Registrar's Reporting Guidelines</u> All GPFR's must comply with these Guidelines. Please note that the Guidelines set out requirements that are *in addition* to those required by the Australian Accounting Standards.
- <u>RAO Fact Sheets</u> These Fact Sheets explain the requirements of the RAO Schedule many of them deal with financial reporting matters.

# **Reporting Unit**

Under the provisions of the Registration and Accountability of Organisations Schedule (RAO), Schedule 1 of the *Workplace Relations Act 1996*, reporting entities are known as *"reporting units"*. Where an organisation is **not** divided into branches the reporting unit is the whole of the organisation. Where an organisation **is** divided into branches each branch will be a reporting unit unless the Industrial Registrar has determined a division of the organisation into reporting units on an alternative basis. We can discuss this with you if you need more information.

For simplicity, we will use the term "reporting unit" in this letter.

#### Industrial Registrar's Guidelines

The Industrial Registrar's reporting guidelines set out certain disclosure requirements in addition to those prescribed by Australian Accounting Standards having in mind the nature of organisations registered under the Workplace Relations Act.

The disclosure requirements prescribed by the reporting guidelines are directed towards providing members of the reporting unit with information to enable them to gauge the performance of the committee of management and other holders of office in relation to the financial management of the reporting unit. In addition, the reporting guidelines seek to improve the quality of information available to users of the financial report about the reporting unit's economic support of, or economic dependency on, other reporting units of the organisation.

#### Timeline Planner and Checklist

We have attached a <u>Timeline/Planner</u> (*Attachment A*) to help you **plan** your financial return and carry out all the necessary steps. We have also attached a <u>Document Checklist</u> (*Attachment B*) to **check** your documents before lodging them in the Registry. Both documents are abbreviated summaries of the relevant provisions of the RAO Schedule, RAO Regulations and the Industrial Registrar's Reporting Guidelines.

In the following section we describe some of the documents your reporting unit must prepare and the sequence of their preparation and completion.

#### Three Reports

Your reporting unit must prepare two reports as soon as practicable after its financial year, which, together with the Auditor's Report, comprise the reporting unit's financial return.

- 1. **General Purpose Financial Report** this must comply with the Australian Accounting Standards <u>and</u> the Industrial Registrar's Reporting Guidelines. The GPFR consists of:
  - (a) Financial Statements containing:
    - a profit and loss statement, or other operating statement; and
    - a balance sheet; and
    - a statement of cash flows; and
    - any other statements required by the Australian Accounting Standards; and

(b) Notes to the Financial Statements containing:

- notes required by the Australian Accounting Standards; and
- information required by the Industrial Registrar's Reporting Guidelines under section 255 including disclosures related to any recovery of wages activity; and

(c) Committee of Management Statement as required by the Registrar's Reporting Guidelines (a sample certificate for illustrative purposes is at Attachment C) including declarations related to the recovery of wages activity.

2. **Operating Report** - this report includes a review of your <u>reporting unit's</u> principal activities for the year and other specified information.

Your reporting unit must appoint an auditor to audit the GPFR and to provide:

#### 3. an Auditor's Report.

#### First Meeting (Committee of Management)

For simplicity, we will call the meeting at which the committee of management first considers the GPFR the first meeting. At the first meeting your committee, if satisfied that all is in order, will resolve to express its opinion on the GPFR and complete a Committee of Management Statement.

#### The Auditor

After the first meeting, the auditor takes the GPFR and the Committee of Management Statement and prepares a report on the GPFR. In practice, your auditor may have already completed most of his or her examination of your accounts. The auditor may only be waiting on the Committee to pass the required resolution and make the Statement before signing the report the same day.

#### Informing Your Members

Your reporting unit must provide free of charge to the general membership, copies of the GPFR, the Operating Report and the Auditor's Report. RAO calls these the "full report". Under certain circumstances, your reporting unit can provide a more limited *concise report*.

The reporting unit can meet its obligation to provide copies of the full or concise report to members by publishing the report in a journal that is available to the members free of charge.

A reporting unit may meet this obligation in whole or in part by publication of the report in a journal published on a web site on the Internet dependent on:

a. the extent of the accessibility of the members of the reporting unit to the Internet; and

b. that the members are notified by the reporting unit in the usual manner in which it communicates with its members that the report has been so published at a specified Internet address.

The report must be provided within 5 or 6 months from the end of the financial year, depending on the internal arrangements of the organisation for the presentation of its financial reports.

#### The Second Meeting - if it is a General Meeting of Members

After providing the full report to members it must be presented to a general meeting of members. For simplicity this is referred to as the *second meeting*.

Your reporting unit must always allow a minimum of 21 days for members to receive the full report before presenting it to a general meeting of members (s265(5)). The purpose of the interval is to enable the members to have time to consider the report and, if they wish, to attend the second meeting to discuss it.

If the rules of the organisation permit a general meeting to be a series of meetings held at different locations, the full report may be presented to such a series of meetings. In this case the 'date' of the general meeting is taken to be the date of the last meeting in the series (see s266(2)).

#### The Second Meeting - if it is a Committee of Management Meeting

If the rules of your organisation contain a provision that allows up to 5% of members to demand a general meeting to be held consider the report (see s266(3)), it is permissible to present the report directly to a Committee of Management meeting.

#### Lodge full report within 14 days of meeting

You must lodge a copy of the full report and any concise report in the Industrial Registry within 14 days of the second meeting. For your convenience you are encouraged to lodge the material electronically (see eFiling Tab at <u>www.airc.gov.au</u>).

The Secretary (or another officer appropriately authorised under the rules of the organisation) must *certify* that the full report is a copy of the one provided to members <u>and</u> presented to the second meeting and provide the date of the meeting (a sample certification for illustrative purposes is at *Attachment D*).

When we receive your return we will check that it includes the information you must provide your members and that you have provided it to them correctly.

#### Complying with time limits

This letter has outlined some of the steps in preparing and lodging your return. Many of the steps must be completed within fixed time limits.

Failure to complete them in time could make your reporting unit or its officers liable to financial or "civil penalties".

#### Extensions of Time

We appreciate that sometimes circumstances beyond your reporting unit's control may delay completion of a financial return. If you believe your reporting unit is going to be unable to meet a time limit tell us as soon as you know. We can advise you if the step is one for which you may apply under RAO to the Industrial Registrar for extra time to complete. The maximum extra time allowed can be no more than one month.

#### Contact the Registry

We encourage you to contact the Registry on (02) 8374 6666 or by e-mail at riasydney@air.gov.au as early as possible if you believe preparation or lodgment of your return will be delayed or if you have any queries. We can offer you advice on procedures but we cannot give you legal or accounting advice.

Yours sincerely

Rin P

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2006

# 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The significant policies which have been adopted in the preparation of this financial report are:

#### (a) **Basis of Preparation**

The financial report of the Union has been prepared as a general purpose financial report in accordance with Accounting Standards, Urgent Issues Group Consensus Views, the Workplace Relations Act of 1996 and other requirements of law.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted in the preparation of this report. The accounting policies have been consistently applied unless otherwise stated.

#### (b) Revenue Recognition

#### Membership Subscriptions

Membership subscriptions are accounted for on an accrual basis.

Any contributions that are received subsequent to balance date which relate to the year ended 30 June 2006 are included in contributions receivable.

#### Other Revenue

Other revenue is recognised in the period to which it relates.

#### (c) Income Tax

The Union is exempt from income tax under section 50-15 Item 3.2 of the Income Tax Assessment Act 1997.

#### (d) Acquisition of Assets

All assets acquired including property, plant and equipment are recorded at their acquisition cost at the date of acquisition being the fair value of the consideration plus incidental costs directly attributable to the acquisition.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2006

#### (e) Recoverable amount of non-current assets

The carrying amount of non-current assets are reviewed to determine whether they are in excess of their recoverable amount at balance sheet date. If the carrying amount of a non-current asset exceeds its recoverable amount, the asset is written down to the lower amount. The write-down is recognised as an expense in the statement of financial performance in the reporting period in which it occurs.

Where a group of non-current assets working together supports the generation of cash inflows, recoverable amount is assessed in relation to that group of assets.

In assessing the recoverable amounts of non-current assets the relevant cash flows have not been discounted to their present value, except where specifically stated.

#### (f) Depreciation

Depreciation is provided on all items of property, plant and equipment so as to write off the assets progressively over their estimated useful life. Both the straight line and diminishing value methods of depreciation have been used.

The average depreciation rates applied for each class of asset are as follows:

Furniture & Fittings	20%	Straight line
Computer Equipment	33.3 %	Straight line
Motor Vehicles	22.5%	Diminishing value

#### (g) Leased Plant and Equipment

Leases of Plant and equipment under which the union assumes substantially all the risks and benefits of ownership are classified as finance leases. Other leases are classified as operating leases.

Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments. Contingent rentals are written off as an expense of the accounting period in which they are incurred. Leased assets are depreciated on a diminishing value basis over their estimated useful lives or the term of the lease where it is likely that the Union will obtain ownership of the asset. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Payments made under operating leases where substantially all the benefits and risks remain with the lessor are charged as an expense in the periods in which they are incurred.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2006

#### (h) Receivables

The collectibility of trade debtors is assessed at balance date and provision is made for any doubtful debts.

Any subscriptions which are received subsequent to balance date which related to the year ended 30 June 2006 are included in Subscriptions Receivable.

#### (i) Employee Entitlements

#### Wages, Salaries and Leave

The provision for employee entitlements for wages, salaries, annual leave and long service leave represents the amount which the Union has a present obligation to pay resulting from employees' services provided up to the balance date. The provision has been calculated at nominal amounts based on current wage and salary rates and includes related on-costs. The carrying amount of the provisions approximate net fair value.

#### Superannuation

The Union contributes to an employee superannuation fund. Contributions are charged as an expense when incurred.

#### (j) Accounts Payable

Liabilities are recognised for amounts to be paid in the future for goods or services received, whether or not billed to the Union.

#### (k) Goods and service tax

Revenues, expenses and assets are recognised net of the amount of goods and service tax (GST), except where the amount of GST is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the assets or as part of an item in the expense.

Receivables and payables in the Balance Sheet are shown inclusive of GST.

The GST recoverable from, and payable to, the ATO is included in current assets or liabilities respectively in the statement of financial position.

Cash flows on the GST are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

#### (l) Cash

For the purposes of the Statement of Cash Flows, cash includes cash on hand and at bank, net of any outstanding bank overdrafts.

91

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2006

# (m) First-Time Adoption of Australian Equivalents to International Financial Reporting Standards

On transition to AIFRS, there are no adjustments to equity or profit or loss between previous Australian GAAP and AIFRS.

#### 2. INFORMATION TO BE PROVIDED TO MEMBERS OR REGISTRAR

In accordance with the requirements of the Workplace Relations Act, 1996 the attention of members is drawn to the provisions of Section 272 which reads as follows:

- (1) A member of a reporting unit, or a Registrar, may apply to the reporting unit (The Union) for specified prescribed information in relation to the reporting unit to be made available to the person making the application;
- (2) The application must be in writing and must specify the period within which, and the manner in which the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under Subsection (1).

# INDEPENDENT AUDIT REPORT TO THE MEMBERS OF AUSTRALIAN WORKERS' UNION GREATER SA BRANCH

Scope

# The financial report and Union Executives' responsibility

The financial report comprises the income statement, balance sheet, statement of cash flows, accompanying notes to the financial statements, and the Committee of Management Statement for Australian Workers' Union Greater SA Branch, for the year ended 30 June 2006.

The Union Executives are responsible for the preparation and true and fair presentation of the financial report in accordance with Australian Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

# Audit approach

We conducted an independent audit of the financial report in order to express an opinion on it to the members of the Australian Workers' Union Greater SA Branch. Our audit was conducted in accordance with Australian Auditing Standards, in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgment, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether, in all material respects, the financial report presents fairly, in accordance with Australian Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements, a view which is consistent with our understanding of the Union's financial position and of its performance as represented by the results of its operations and cash flows.

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the executive.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature of our audit procedures, our audit was not designed to provide assurance on internal controls.

We received all of the information and explanations that officers and employees of the Union were required to provide.

The audit opinion expressed in this report has been formed on the above basis.

Continued on page 21.

# Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

# **Audit Opinion**

In our opinion:

- i) the Union has kept satisfactory accounting records, including:
  - (a) records of the sources and nature of income (including income from members); and
  - (b) records of the nature and purposes of expenditure.
- (ii) the accounts and statements prepared under section 253 of the Workplace Relations Act 1996 were properly drawn up so as to present fairly:
  - (a) the financial position of the Union as at the end of the year; and
  - (b) the income and expenditure, and surplus of the Union for the year.
- (iii) the financial report is in accordance with:
  - (a) the provisions of the Workplace Relations Act 1996; and
  - (b) Australian Accounting Standards and other mandatory professional reporting requirements.

Mr Wayne Hanson Secretary, Greater South Australian Branch AWU GPO Box 2577 ADELAIDE SA 5001

Dear Mr Hanson

# Re: Lodgement of Financial Statements and Accounts – AWU Greater South Australian Branch – for year ending 30 June 2006 (FR2006/481)

I refer to the abovementioned financial statements and accounts which were lodged in the Registry on 12 December 2006.

The legislative requirements appear to have been met and accordingly the documents have been filed. There is no further action required but I take this opportunity to remind you of the following if it applies in future years.

# Recovery of Wages Activity Report (only if applicable in any year)

Paragraph 16 of the Industrial Registrar's Guidelines states:

Where the reporting unit has undertaken recovery of wages activity (and has derived revenues for the financial year in respect of such activity) the reporting unit must cause to be prepared for purposes of paragraph 253(2)(c) of the RAO Schedule a financial report in which is disclosed financial information associated with such activity.

Paragraphs 17-23 describe what such a report must contain, and paragraph 25(f) requires that the Committee of Management Statement contain various declarations in relation to such recovery wages activity.

If such activity occurs in future years, it should be reported in accordance with these Guidelines.

Yours sincerely, Heplan Kerlet
