Mr Andrew Crompton
Branch President
Civil Contractors Federation - ACT Branch
1 Iron Knob Street
FYSHWICK ACT 2609

Dear Mr Crompton

Re: Financial Report for the Civil Contractors Federation - ACT Branch for year ended 30 June 2012 - FR2012/309

I acknowledge receipt of the financial report for the Civil Contractors Federation - ACT Branch for the year ended 30 June 2012. The report was lodged with Fair Work Australia (FWA) on 23 October 2012.

The financial report has now been filed and does not require any further action.

I make the following comment to assist you when you next prepare a financial report.

Notes to the Financial Statements

Subsection 272(5) of the *Fair Work (Registered Organisations) Act 2009* ('the RO Act') requires that a general purpose financial report include a notice drawing attention to and setting out subsections (1), (2) and (3) of section 272 of the RO Act ('the subsections'). This requirement is reflected in the General Manager's Reporting Guideline 8(c) which provides that the *notes to the financial statements* must include such notice and set out the required subsections.

The purpose of the notice is to draw attention to the fact that a member of a reporting unit or the General Manager of FWA may apply, in the manner prescribed by the RO Act, to the reporting unit for specified prescribed information in relation to the reporting unit.

Note 1 to the financial statements sets out an imprecise notation of the subsections. The exact replication of the subsections should be set out in future financial returns.

If you wish to discuss the matter referred to above or if you require further information about the financial reporting requirements under the legislation, you may contact me on (03) 8661 7787.

Yours sincerely

Notes to the Financial Statements for the Year Ended 30 June 2012

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Fair Work (Registered Organisations) Act 2009.

The financial report covers Civil Contractors Federation (ACT Branch) as an Individual entity. Civil Contractors Federation (ACT Branch) is a Federation incorporated in Australian Capital Territory under the Fair Work (Registered Organisations) Act 2009.

The financial report of Civil Contractors Federation (ACT Branch) as an individual entity complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) for their entirety.

The following is a summary of the material accounting policies adopted by the Federation in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs unless otherwise stated.

Accounting Policies

a. Income Tax

The Federation is registered under the Fair Work (Registered Organisations) Act 2009 and, is believed to be exempt from income tax including capital gains tax, by virtue of the provisions of s.50-15 of the Income Tax Assessment Act 1997.

b. Cash and cash equivalents

Cash and cash equivalents include cash on hand and deposits held at-call with banks or financial institutions, investments in money market instruments maturing in less than three months, net of bank overdrafts.

c. Financial Instruments

Financial instruments are initially measured at cost on trade date, which includes the transaction costs, when the related contractual rights or obligations exist.

Subsequent to the initial recognition, the Committee of Management assess whether there is objective evidence that a financial instrument has been impaired. A prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen, impairment losses are recognised in the Income Statement.

d. Employee Benefits

Provision is made for the Federation's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash flows to be made for those benefits.

Contributions are made by the Federation to employee superannuation funds and are charged as expenses when incurred.

**Notes to the Financial Statements
for the Year Ended 30 June 2012 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

e. Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the Federation are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the Federation will obtain ownership of the asset over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives received under operating leases are recognised as a liability. Lease payments received reduce the liability.

f. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense, receivables and payables in the Statement of Financial Position are shown inclusive of GST.

Cash flows are presented in the Cash Flow Statement on a gross basis, except the GST component of investing and financing activities, which are disclosed as operating cash flows.

g. Revenue

Revenue for membership subscriptions is recognised proportionately over the period to which it relates.

Revenue from the rendering of a service is recognised in proportion to the stage of completion of the service.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

h. Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**Notes to the Financial Statements
for the Year Ended 30 June 2012 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

i. Operating Segment

The Federation is incorporated under the Fair Work (Registered Organisations) Act 2009 and domiciled In Australia.

The Federation operates predominantly in one business and geographical segment, being a representative body of civil engineering contractors in Australian Capital Territory, providing professional services, information and advice including industrial relations advice, dispute resolution, training (business, occupational health and safety), changes to acts and legislation, changes to award rates of and work practices to members of the Federation throughout Australian Capital Territory.

j. Critical Accounting Estimates and Judgements

The Committee of Management evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Federation.

Key Estimates – Impairment

The Committee of Management assesses impairment on each reporting date by evaluating conditions specific to the Federation that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

No impairment has been recognised in respect of any assets for the year ended 30 June 2012.

Key Judgements - Doubtful Debts Provision

The Committee of Management have assessed each debtor and have estimated a provision for doubtful debts amounting to \$nil (2011: nil). The Committee of Management believes that the full amount of the remaining debtors are recoverable.

for the Year Ended 30 June 2012 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

k. New Accounting Standards for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Branch. The Branch has decided not to early adopt any of the new and amended pronouncements. The Branch's assessment of the new and amended pronouncements that are relevant to the Branch but applicable in future reporting periods is set out below:

- AASB 9: Financial Instruments (December 2010) and AASB 2010-7: Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127] (applicable for annual reporting periods commencing on or after 1 January 2013).

These Standards are applicable retrospectively and include revised requirements for the classification and measurement of financial instruments, as well as recognition and derecognition requirements for financial instruments.

The key changes made to accounting requirements include:

- simplifying the classifications of financial assets into those carried at amortised cost and those carried at fair value;
- simplifying the requirements for embedded derivatives;
- removing the tainting rules associated with held-to-maturity assets;
- removing the requirements to separate and fair value embedded derivatives for financial assets carried at amortised cost;
- allowing an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument;
- requiring financial assets to be reclassified where there is a change in an entity's business model as they are initially classified based on: (a) the objective of the entity's business model for managing the financial assets; and (b) the characteristics of the contractual cash flows; and
- requiring an entity that chooses to measure a financial liability at fair value to present the portion of the change in its fair value due to changes in the entity's own credit risk in other comprehensive income, except when that would create an accounting mismatch. If such a mismatch would be created or enlarged, the entity is required to present all changes in fair value (including the effects of changes in the credit risk of the liability) in profit or loss.

The Branch has not yet been able to reasonably estimate the impact of these pronouncements on its financial statements.

for the Year Ended 30 June 2012 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

k) New Accounting Standards for Application in Future Periods

- AASB 1053: Applications of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements [AASB 1, 2, 3, 5, 7, 8, 101, 102, 107, 108, 110, 111, 112, 116, 117, 119, 121, 123, 124, 127, 128, 131, 133, 134, 136, 137, 138, 140, 141, 1050 & 1052 and Interpretations 2, 4, 5, 15, 17, 127, 129 & 1052] (applicable for annual reporting periods commencing on or after 1 July 2013).

AASB 1053 establishes a revised differential financial reporting framework consisting of two tiers of financial reporting requirements for those entities preparing general purpose financial statements.

- Tier 1: Australian Accounting Standards; and
- Tier 2: Australian Accounting Standards – Reduced Disclosure Requirements.

Tier 2 of the framework comprises the recognition, measurement and presentation requirements for Tier 1, but contains significantly fewer disclosure requirements.

Management believes that the Branch qualifies for the reduced disclosure requirements for Tier 2 entities. However, it is yet to determine whether to adopt the reduced disclosure requirements.

- AASB 2010-8: Amendments to Australian Accounting Standards – Deferred Tax: Recovery of Underlying Assets [AASB 112] (applies to periods beginning on or after 1 January 2012).

This Standard makes amendments to AASB 112: Income Taxes and incorporates Interpretation 121: Income Taxes – Recovery of Revalued Non-Depreciable Assets into AASB 112.

Under the current AASB 112, the measurement of deferred tax liabilities and deferred tax assets depends on whether an entity expects to recover an asset by using it or by selling it. The amendments introduce a presumption that an investment property is recovered entirely through sale. This presumption is rebutted if the investment property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

The amendments are not expected to significantly impact the Branch.

- AASB 10: Consolidated Financial Statements, AASB 11: Joint Arrangements, AASB 12: Disclosure of Interest in Other Entities, AASB 127: Separate Financial Statements (August 2011), AASB 128: Investments in Associates and Joint Ventures (August 2011) and AASB 2011-7: Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangements Standards [AASB 1, 2, 3, 5, 7, 9, 2009-11, 101, 107, 112, 118, 121, 124, 132, 133, 136, 138, 139, 1023 & 1038 and Interpretations 5, 9, 16 & 17] (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 10 replaces parts of AASB 127: Consolidated and Separate Financial Statements (March 2008, as amended) and Interpretation 112: Consolidation – Special Purpose Entities. AASB 10 provides a revised definition of control and additional application guidance so that a single control model will apply to all investees. The Branch has not yet been able to reasonably estimate the impact of this Standard on its financial statements.

**Notes to the Financial Statements
for the Year Ended 30 June 2012 (cont'd)**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

k) New Accounting Standards for Application in Future Periods

AASB 11 replaces AASB 131: Interests in Joint Ventures (July 2004, as amended). AASB 11 requires joint arrangements to be classified as either "joint operations" (whereby the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities) or "joint ventures" (where the parties that have joint control of the arrangement have rights to the net assets of the arrangement). Joint ventures are required to adopt the equity method of accounting (proportionate consolidation is no longer allowed).

AASB 12 contains the disclosure requirements applicable to entities that hold an interest in a subsidiary, joint venture, joint operation or associate. AASB 12 also introduces the concept of a "structured entity", replacing the "special purpose entity" concept currently used in Interpretation 112, and requires specific disclosures in respect of any investments in unconsolidated structured entities. This Standard will affect disclosures only and is not expected to significantly impact the Branch.

To facilitate the application of AASBs 10, 11 and 12, revised versions of AASB 127 and AASB 128 have also been issued. These Standards are not expected to significantly impact the Branch.

- AASB 13: Fair Value Measurement and AASB 2011-8: Amendments to Australian Accounting Standards arising from AASB 13 [AASB 1, 2, 3, 4, 5, 7, 9, 2009-11, 2010-7, 101, 102, 108, 110, 116, 117, 118, 119, 120, 121, 128, 131, 132, 133, 134, 136, 138, 139, 140, 141, 1004, 1023 & 1038 and Interpretations 2, 4, 12, 13, 14, 17, 19, 131 & 132] (applicable for annual reporting periods commencing on or after 1 January 2013).

AASB 13 defines fair value, sets out in a single Standard a framework for measuring fair value, and requires disclosures about fair value measurements.

AASB 13 requires:

- inputs to all fair value measurements to be categorised in accordance with a fair value hierarchy; and
- enhanced disclosures regarding all assets and liabilities (including, but not limited to, financial assets and financial liabilities) measured at fair value.

These Standards are not expected to significantly impact the Branch.

- AASB 2011-9: Amendments to Australian Accounting Standards – Presentation of Items of Other Comprehensive Income [AASB 1, 5, 7, 101, 112, 120, 121, 132, 133, 134, 1039 & 1049] (applicable for annual reporting periods commencing on or after 1 July 2012).

The main change arising from this Standard is the requirement for entities to group items presented in other comprehensive income (OCI) on the basis of whether they are potentially reclassifiable to profit or loss subsequently.

This Standard affects presentation only and is therefore not expected to significantly impact the Branch.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

k) New Accounting Standards for Application in Future Periods

- AASB 119: Employee Benefits (September 2011) and AASB 2011-10: Amendments to Australian Accounting Standards arising from AASB 119 (September 2011) [AASB 1, AASB 8, AASB 101, AASB 124, AASB 134, AASB 1049 & AASB 2011-8 and Interpretation 14] (applicable for annual reporting periods commencing on or after 1 January 2013).

These Standards introduce a number of changes to accounting and presentation of defined benefit plans. The Branch does not have any defined benefit plans and so is not impacted by the amendment.

AASB 119 (September 2011) also includes changes to:

- require only those benefits that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service to be classified as short-term employee benefits. All other employee benefits are to be classified as other long-term employee benefits, post-employment benefits or termination benefits, as appropriate; and
- the accounting for termination benefits that require an entity to recognise an obligation for such benefits at the earlier of:
 - (i) for an offer that may be withdrawn – when the employee accepts;
 - (ii) for an offer that cannot be withdrawn – when the offer is communicated to affected employees; and
 - (iii) where the termination is associated with a restructuring of activities under AASB 137: Provisions, Contingent Liabilities and Contingent Assets, and if earlier than the first two conditions – when the related restructuring costs are recognised.

The Branch has not yet been able to reasonably estimate the impact of these changes to AASB 119.

NOTE 8: FINANCIAL RISK MANAGEMENT

Financial Risk Management Policies

The Federations' financial instruments consist mainly of deposits with banks, short term investments, accounts receivable and payable, and investments in a unlisted company.

The Federation does not have any derivative instruments at 30 June 2012.

i. Terms, Conditions and Accounting Policies

The Federation's accounting policies are included in Note 1, while the terms and conditions, including the effective weighted average interest rate of each class of financial asset and financial liability both recognised and unrecognised at the balance date are included under the appropriate note for that instrument.

ii. Treasury Risk Management

The Branch Board members meet on a regular basis to analyse financial risk exposure and to evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

iii. Financial Risk Exposures and Management

The main risks the Federation is exposed to through its financial instruments are interest rate risk, liquidity and credit risk.

Liquidity risk

The Federation manages this risk by monitoring its credit terms on trade debtors

Interest rate risk

The Federation has performed a sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on current year results and equity which could result from a change in this risk.

As at 30 June 2012, the effect on profit and equity as a result of the changes in interest rate, with all other variables remaining constant would be as follows:

	2012 \$	2011 \$
Change in profit(loss)		
Increase in interest rate by 1%	583	535
Decrease in interest rate by 1%	583	535
Change in equity		
Increase in interest rate by 1%	583	535
Decrease in interest rate by 1%	583	535

This sensitivity analysis has been performed on the assumption that all other variables remain unchanged.

No sensitivity analysis has been performed on foreign currency risk as the Federation is not exposed to foreign currency fluctuations.

NOTE 8 : FINANCIAL RISK MANAGEMENT

Interest Rate Risk

The Federation's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and financial liabilities, is as follows:-

	Weighted Average Effective Interest Rate %	Floating Interest Rate \$	1 year or less \$	Fixed Interest Rate Maturities			Total \$
				1 to 5 years \$	Over 5 years \$	Non Interest Bearing \$	
30 June 2012

Total financial liabilities		-	-	-	-	(2,640)	(2,640)
Net financial assets		53,572	-	-	-	(1,884)	51,688

Credit Risk Exposure

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount of those assets, net of any provisions for doubtful debts, as disclosed in the Statement of Financial Position and notes to the financial report.

The Federation is not materially exposed to any individual credit risk.

iv. Net Fair Values

The aggregate net fair values and carrying amount of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
CIVIL CONTRACTORS FEDERATION
ACT BRANCH**

Report on the Financial Report

We have audited the accompanying financial report of Civil Contractors Federation (ACT Branch) ("the Federation") which comprises the statement of financial position as at 30 June 2012 and the income statement, statement of comprehensive income, statement of changes in members funds and the cash flow statement for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the statement by the ACT Branch Committee of Management.

Board's Responsibility for the Financial Report

The ACT Branch Board of the Federation is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and Part 3 of Chapter 8 of Schedule 1 of the *Fair Work (Registered Organisations) Act 2009*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud and error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Committee of Management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

Auditor's opinion

In our opinion the general purpose financial report of Civil Contractors Federation (ACT Branch) presents fairly in accordance with the *Fair Work (Registered Organisations) Act 2009* the Federation's financial position as at 30 June 2012 and its performance for the year ended on that date and complies with Australian Accounting Standards (including Australian Accounting Interpretations).

There were kept by the ACT Branch satisfactory accounting records which detailed the sources and nature of the income (including income from members) and the nature and purposes of the expenditure.

There has been no recovery of wages activity during the year.
