Mr Ed Husic Divisional Secretary CEPU Communications Division PO Box 472 CARLTON SOUTH VIC 3053

Dear Mr Husic

Financial Return - year ending 31 March, 2007

Our records show the organisation's financial year ended recently. This letter outlines some of the things you must do to meet your financial reporting obligations and when you have to do them. For simplicity, we will call the documents you have to lodge with us your *financial return*.

This letter is intended as guide to the law applicable on the date of this letter, and should not be used as a substitute for legal or accounting advice. We only summarise some of the reporting requirements in this letter. More detailed information is at the end of this letter.

Information on AIRC Website

We recommend you and your accountant/auditor also refer to the following documents on the Commission's website at www.airc.gov.au:

- RAO Schedule
- RAO Regulations
- Registrar's Reporting Guidelines All GPFR's must comply with these Guidelines. Please note that the Guidelines set out requirements that are *in addition* to those required by the Australian Accounting Standards.
- RAO Fact Sheets These Fact Sheets explain the requirements of the RAO Schedule many of them deal with financial reporting matters.

Reporting Unit

Under the provisions of the Registration and Accountability of Organisations Schedule (RAO), Schedule 1 of the *Workplace Relations Act 1996*, reporting entities are known as "reporting units". Where an organisation is **not** divided into branches the reporting unit is the whole of the organisation. Where an organisation **is** divided into branches each branch will be a reporting unit unless the Industrial Registrar has determined a division of the organisation into reporting units on an alternative basis. We can discuss this with you if you need more information.

For simplicity, we will use the term "reporting unit" in this letter.

Industrial Registrar's Guidelines

The Industrial Registrar's reporting guidelines set out certain disclosure requirements in addition to those prescribed by Australian Accounting Standards having in mind the nature of organisations registered under the Workplace Relations Act.

The disclosure requirements prescribed by the reporting guidelines are directed towards providing members of the reporting unit with information to enable them to gauge the performance of the committee of management and other holders of office in relation to the financial management of the reporting unit. In addition, the reporting guidelines seek to improve the quality of information available to users of the financial report about the reporting unit's economic support of, or economic dependency on, other reporting units of the organisation.

Timeline Planner and Checklist

We have attached a <u>Timeline/Planner</u> (Attachment A) to help you **plan** your financial return and carry out all the necessary steps. We have also attached a <u>Document Checklist</u> (Attachment B) to **check** your documents before lodging them in the Registry. Both documents are abbreviated summaries of the relevant provisions of the RAO Schedule, RAO Regulations and the Industrial Registrar's Reporting Guidelines.

In the following section we describe some of the documents your reporting unit must prepare and the sequence of their preparation and completion.

Three Reports

Your reporting unit must prepare two reports <u>as soon as practicable</u> after its financial year, which, together with the Auditor's Report, comprise the reporting unit's financial return.

- 1. **General Purpose Financial Report** this must comply with the Australian Accounting Standards and the Industrial Registrar's Reporting Guidelines. The GPFR consists of:
 - (a) Financial Statements containing:
 - a profit and loss statement, or other operating statement; and
 - · a balance sheet; and
 - a statement of cash flows; and
 - any other statements required by the Australian Accounting Standards; and
 - (b) Notes to the Financial Statements containing:
 - notes required by the Australian Accounting Standards; and
 - information required by the Industrial Registrar's Reporting Guidelines under section 255 including disclosures related to any recovery of wages activity; and
 - (c) Committee of Management Statement as required by the Registrar's Reporting Guidelines (a sample certificate for illustrative purposes is at Attachment C) including declarations related to the recovery of wages activity.
- 2. **Operating Report** this report includes a review of your <u>reporting unit's</u> principal activities for the year and other specified information.

Your reporting unit must appoint an auditor to audit the GPFR and to provide:

3. an Auditor's Report.

First Meeting (Committee of Management)

For simplicity, we will call the meeting at which the committee of management first considers the GPFR the first meeting. At the first meeting your committee, if satisfied that all is in order, will resolve to express its opinion on the GPFR and complete a Committee of Management Statement.

The Auditor

After the first meeting, the auditor takes the GPFR and the Committee of Management Statement and prepares a report on the GPFR. In practice, your auditor may have already completed most of his or her examination of your accounts. The auditor may only be waiting on the Committee to pass the required resolution and make the Statement before signing the report the same day.

Informing Your Members

Your reporting unit must provide free of charge to the general membership, copies of the GPFR, the Operating Report and the Auditor's Report. RAO calls these the "full report". Under certain circumstances, your reporting unit can provide a more limited *concise report*.

The reporting unit can meet its obligation to provide copies of the full or concise report to members by publishing the report in a journal that is available to the members free of charge.

A reporting unit may meet this obligation in whole or in part by publication of the report in a journal published on a web site on the Internet dependent on:

- a. the extent of the accessibility of the members of the reporting unit to the Internet; and
- b. that the members are notified by the reporting unit in the usual manner in which it communicates with its members that the report has been so published at a specified Internet address.

The report must be provided within 5 or 6 months from the end of the financial year, depending on the internal arrangements of the organisation for the presentation of its financial reports.

The Second Meeting - if it is a General Meeting of Members

After providing the full report to members it must be presented to a general meeting of members. For simplicity this is referred to as the *second meeting*.

Your reporting unit must always allow a minimum of 21 days for members to receive the full report before presenting it to a general meeting of members (s265(5)). The purpose of the interval is to enable the members to have time to consider the report and, if they wish, to attend the second meeting to discuss it.

If the rules of the organisation permit a general meeting to be a series of meetings held at different locations, the full report may be presented to such a series of meetings. In this case the 'date' of the general meeting is taken to be the date of the last meeting in the series (see s266(2)).

The Second Meeting - if it is a Committee of Management Meeting

If the rules of your organisation contain a provision that allows up to 5% of members to demand a general meeting to be held consider the report (see s266(3)), it is permissible to present the report directly to a Committee of Management meeting.

Lodge full report within 14 days of meeting

You must lodge a copy of the full report and any concise report in the Industrial Registry within 14 days of the second meeting. For your convenience you are encouraged to lodge the material electronically (see eFiling Tab at www.airc.gov.au).

The Secretary (or another officer appropriately authorised under the rules of the organisation) must *certify* that the full report is a copy of the one provided to members <u>and</u> presented to the second meeting and provide the date of the meeting (a sample certification for illustrative purposes is at *Attachment D*).

When we receive your return we will check that it includes the information you must provide your members and that you have provided it to them correctly.

Complying with time limits

This letter has outlined some of the steps in preparing and lodging your return. Many of the steps must be completed within fixed time limits.

Failure to complete them in time could make your reporting unit or its officers liable to financial or "civil penalties".

Extensions of Time

We appreciate that sometimes circumstances beyond your reporting unit's control may delay completion of a financial return. If you believe your reporting unit is going to be unable to meet a time limit tell us as soon as you know. We can advise you if the step is one for which you may apply under RAO to the Industrial Registrar for extra time to complete. The maximum extra time allowed can be no more than one month.

Contact the Registry

We encourage you to contact the Registry on (02) 8374 6618 or by e-mail at belinda.penna@air.gov.au as early as possible if you believe preparation or lodgment of your return will be delayed or if you have any queries. We can offer you advice on procedures but we cannot give you legal or accounting advice.

Yours sincerely

Belinda Penna

ATTENTION: Mr. S. Kellett.

Dear Mr. Kellett.

RE: FINANCIAL REPORT - EXTENSION OF TIME

The CEPU Communications Division hereby requests an extension of time under s265(5) of the RAQ Schedule.

We request this extension on the basis that there have been delays in finalising the arrangements associated with the disbanding of the former Telecommunications Officers Division Branch. The delays are associated with closure of bank accounts for the TOA branch which have prevented the transfer of the funds to the Divisional Office accounts and the finalisation of the Divisional Office accounts.

There are a number of measures in place to ensure that arrangements are completed as a matter of urgency. Accordingly, we should be in a position to finalise the Division's financial statement in the near future, but will need an extension of one month to meet the reporting requirements.

If you require any further information please contact Ian Bryant of this office.

Yours faithfully.

Ed Husic,

Discussion and Analysis of Income Statement

The Divisional Conference continued to monitor the amounts owing by branches with the result that the amounts owing have decreased along with the provision for doubtful debts. But because the decrease in the provision for doubtful debts relating to branches is less compared to previous year, net profit has decreased compared with the previous financial year. This is despite revenue remaining constant and other expenses decreasing by \$177,159.

The accompanying notes form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2007

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Workplace Relations Act 1996.

The financial report of Communications, Electrical, Electronic, Energy, Information, Postal, Plumbing and Allied Services Union Of Australia, Communications Division, Divisional Conference complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety.

The following is a summary of the material accounting policies adopted by the Union in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Basis of Preparation

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, and financial assets and financial liabilities for which the fair value basis of accounting has been applied.

Accounting Policies

a. Income Tax

No provision for income tax is necessary as "Trade Unions" are exempt from income tax under Section 50 - 15 of the Income Tax Assessment Act 1997.

b. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation.

Property

Freehold land and buildings are measured on the fair value basis, being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction. Appraisals are carried out by the committee of management on a 3 yearly basis.

Plant and equipment

Plant and equipment is measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the committee of management to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2007

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

b. Property, Plant and Equipment continued Depreciation

The depreciable amount of all fixed assets including buildings, but excluding freehold land, is depreciated on a straight line basis or a reducing balance basis over their estimated useful lives to the Union commencing from the time the asset is held ready for use.

The depreciation rates used for each class of assets are:

Class of Fixed Asset Depreciation Rate

Buildings 2.5%
Employee amenities 5.0%
Office furniture and equipment 7.5% - 30%
Office machines and equipment 20% - 40%
Motor vehicles 22.5%

c. Leases

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

d. Employee Benefits

Provision is made for the Union's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at the amounts expected to be paid when the liability is settled plus related on-costs. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the Union to an employee superannuation fund and are charged as expenses when incurred.

e. Financial Instruments

Recognition

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below:

Financial Assets

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at nominal value.

Held-to-maturity investments

These investments have fixed maturities, and it is the Union's intention to hold these investments to maturity. Any held-to-maturity investments held by the Union are stated at a current value based on either amortising or revaluing the investment on a straight line basis to its face value at maturity. Any adjustment is debited or credited to interest.

Fair Value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2007

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

e. Financial Instruments continued Impairment

At each reporting date, the Union assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the income statement.

f. Impairment of Assets

At each reporting date, the Union review the carrying value of the tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

g. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

h. Revenue

Revenue from membership is recognised on a accrual basis.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

All revenue is stated net of the amount of goods and services tax (GST).

i. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for GST component of investing and financing activities, which are disclosed as operating cash flows.

k. Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2007

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

I. Critical Accounting Estimates and Judgements

The committee of management evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the union.

Key Estimates

The committee of management assesses impairment at each reporting date by evaluating conditions specific to the union that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value in use calculation performed in assessing recoverable amounts incorporates a number of key estimates.

Key Judgements

There are no critical judgements that have a significant risk of causing a material adjustment to the carrying amount of the assets and liabilities.

m. Consolidation

The Divisional Conference represents the nationwide interest of the Communications, Electrical, Electronic, Energy, Information, Postal, Plumbing and Allied Services Union Of Australia, Communications Division, in Australia and has agreed to provide financial assistance where necessary. The Divisional Conference however has no control over the operations or management of the branches which are run by their own committee of management and which report separately to the Australian Industrial Registry as required by the Workplace Relations Act 1996. Accordingly no consolidated financial statements have been prepared that incorporate the financial performance or position of the branches.

NOTE 2: INFORMATION TO BE PROVIDED TO MEMBERS OR REGISTRAR

These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee of management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
