Dear Sir/Madam

**Re: Request for an election to be conducted pursuant to ss 182, 187 and 189 of the Fair Work (Registered Organisations) Act 2009**

I refer to my letter dated 29 April 2019 and the prescribed information notice attached to that letter (copies attached).

As the prescribed information notice states, the Rules of the Division prescribe the following formula to calculate the number of individuals to be elected to the position of Divisional Branch delegate to Divisional Council:

- 7.3.2 *The number of divisional branch delegates to Divisional Council to be elected in accordance with rule 7.3.1 "Election to Divisional Council" shall be determined on the following basis:*

| <b>Divisional Branch Membership</b> | <b>Divisional Council Delegates</b> |
|-------------------------------------|-------------------------------------|
| Up to 1,500 members                 | 1                                   |
| 1,501 - 7,999 members               | 3                                   |
| 8,000 - 19,999 members              | 4                                   |
| 20,000 members & over               | 5                                   |

*such membership being calculated in accordance with sub rule 7.3.3.*

- 7.3.3 *For the purpose of determining the number of members of a Divisional Branch at meetings of the Divisional Council, the income recognised in the audited statement of comprehensive income less impairment of receivables in respect of membership contributions and entrance fees of such Divisional Branch for the preceding year, as expressed in dollars, shall be divided by the dollar amount charged by the Divisional Branch in the preceding year as the annual subscription rate for adults employed as tradespersons or in classifications receiving equal to or in excess of a tradesperson's rates of pay.*

*For the purpose of this sub-rule, the dollar amount charged by the Divisional Branch in the preceding year as the annual subscription rate for adults employed as tradespersons or in classifications receiving equal to or in excess of a tradesperson's rate of pay shall be the amount determined in accordance with these rules. Where the rate has been set by a resolution of Divisional Council alone it shall be that amount. Where the rate has been determined by the Divisional Branch under rule 5.2.2 and that determination has been endorsed by the Divisional Council, the amount so endorsed shall apply.*

As the prescribed information notice also states, the relevant information for calculating this number was not provided at that time because the audited statement of comprehensive income of the Divisional Branch for the preceding year had not been finalised by the date the prescribed information notice was required to be lodged.
