Notification of changes – Action required

Dear Dave Noonan,

We acknowledge receipt of a Notification of Change to the office holders of the Construction, Forestry, Maritime, Mining and Energy Union (AR2020/2).

A list of those changes has been summarised in Appendix A at the end of this letter.

I note that this amendment to earlier Notifications of Change is the result of the review of information previously provided and this is appreciated, thank you, however the new Notification of Wyatt Raymount is 144 days late. If this had been included in the original Notification of Change lodged on 5/02/2021 it would still have been 25 days late, therefore I have recorded this as a late notification.

What you need to do right now

- Any person who has been elected or appointed to a new office that has financial management duties (which usually includes all the committee of management) **MUST** do [financial training](#) or [obtain an exemption](#)
- Inform all officers of their [disclosure obligations](#)
- Consider giving your new officers the link to the ROC's [Officer Induction Kit](#)

These next steps are explained below in more detail.

Late notification warning

Appendix A contains late notifications. Please inform the relevant officer that this has been recorded against AR2020/2.

Late notifications are a serious issue that impacts on the transparency of the whole organisation to its members. Members should be able to tell who their officers are.

We have included some resources below to help support your good governance in relation to notifications of change.

Financial training must be done within 6 months

Any officer who has been elected or appointed to a new office that has financial management duties must complete [financial training](#) (or obtain an exemption) **within 6 months** after taking office (s.293K of the Fair Work (Registered Organisations) Act 2009 (RO Act)).

The organisation is responsible for this requirement. You should arrange for the relevant officers to have training as soon as possible.

Good governance processes around financial training are highly recommended. These include:

- keeping a list of all offices that have financial management duties
- having a single person or officer responsible for overseeing the process
- collecting records of who has done training or obtained an exemption, including any certificates and exemption letters
- doing refresher courses for officers who have been re-elected to the same office (and are not required to do training under the RO Act)
- extending training to non-officers who are essential to your financial processes

Officer financial training audit

An audit by the ROC into officer training found that organisations frequently misunderstood **which** officers are required to do training.

To help with this we have an [officer training online panel](#) with examples explaining what triggers the need to do training and how to identify the offices that require it.

Further information about training is provided in our [officer financial training fact sheet](#).

Help for new officers: Officer Induction Kit

The ROC has created an [Officer Induction Kit](#) to assist new officers. The Kit has resources that will help an officer to understand their general duties as an officer and their specific duties as an officer in your organisation. It also includes tools to guide an officer's understanding of compliance dates, disclosures and other reporting obligations.

Please direct your officers to the kit which is on the ROC's [officers and disclosures](#) page.

Disclosure obligations: what officers must do

All officers are required to make disclosures regarding remuneration, non-cash benefits and material personal interests. Details are contained in the RO Act and are summarised in the ROC's [Disclosures Fact Sheet](#).

The organisation and officers are both responsible for meeting this obligation.

Time frames for notifications of change

Notifications of change must be lodged within 35 days of the change occurring (r 151 Fair Work (Registered Organisations) Regulations 2009).

Resources to help you make your notifications of change

Notifications of change are vitally important to maintain the transparency of an organisation to its members. They empower members to hold the organisation properly to account for its decisions.

To ensure that organisations get these notifications right we have created resources to help you understand the notification of change requirement and complete it quickly.

These resources include:

- [notification of change template](#)
- a podcast that answers the question – [who is an officer?](#)
- and a [fact sheet on notifications of change](#) that explains the requirement

eLearning module – notifications of change

The ROC has launched an eLearning module to assist organisations in understanding when a notification of change is required.

The [eLearning module](#) is available on our website.

It will take approximately 20 minutes and has a short quiz at the end to help you test your knowledge.

Please contact 1300 341 665 or regorgs@roc.gov.au if you have any questions or would like to discuss this matter further.

Yours sincerely

Our records have been updated.

The notification of change and this filing letter can be viewed on the ROC Website through the [list of Registered Organisations](#).

Date of lodgement	Branch	Change	Within prescribed period (Yes/No). If No, how many days late
5/02/2021 - Amended 4/06/2021	Construction and General Division - South Australia Divisional Branch	Divisional Branch Management Committee Member (3)	No - notification for Wyatt Raymount is 144 days late

NOTIFICATION OF CHANGES TO RECORDS (Changes to Records in the Annual Return) required to be kept in accordance with section 230 Fair Work (Registered Organisations) Act 2009 and regulation 147 Fair Work (Registered Organisations) Regulations 2009

I, David Noonan, being the Divisional Secretary of the Construction, Forestry, Maritime, Mining and Energy Union – Construction & General Division, declare the following:

1. I am authorised to make this declaration.
2. On 05 February 2021, the Construction & General Division of the CFMMEU filed a notification of changes pursuant to section 233 of the *Fair Work (Registered Organisations) Act 2009*. On 22 February 2021, a correction to this notification was sent to the Registered Organisations Commission in relation to the date of changes notified.
3. Upon further review, we have identified further errors that need to be rectified:
 - a. in the correspondence dated 22 February 2021 it was notified that Adelaide Mann commenced in the office of Divisional Branch Management Committee Member for the South Australian Divisional Branch on 18 January 2021. This was an error. Ms Mann was first appointed to this office on 7 December 2020;
 - b. in our correspondence dated 22 February 2021 we failed to notify that Wyatt Raymount was appointed to the office of Divisional Branch Management Committee Member for the South Australian Divisional Branch on 07 December 2020;
 - c. in our correspondence dated 22 February 2021 we notified that when Mark Forster was elected to the office of Divisional Branch Management Committee Member for the South Australian Divisional Branch on 18 January 2021, the previous officeholder was vacant. This was an error. The previous officeholder was in fact Wyatt Raymount.
4. The following is a correct statement of the changes made to the information contained in the records required to be kept by the organisation in accordance with s.230(1)(b), (c), and (d) of the Fair Work (Registered Organisations) Act 2009:
 - A list of changes to offices and the names, postal addresses and occupations of persons holding those offices is attached to this declaration at Annexure A and forms part of this declaration.

Dear Dave Noonan,

We acknowledge receipt of a Notification of Change to the office holders of the Construction, Forestry, Maritime, Mining and Energy Union (AR2020/2).

A list of those changes has been summarised in Appendix A at the end of this letter.

I note that the notification received 3/03/2021 included an incomplete declaration at point 2. I have accepted this as possibly done in error, however, please include a complete declaration as provided in the template in future notifications.

Notification of changes – Action required

Dear Dave Noonan,

We acknowledge receipt of a Notification of Change to the office holders of the Construction, Forestry, Maritime, Mining and Energy Union (AR2020/2).

A list of those changes has been summarised in Appendix A at the end of this letter.

What you need to do right now

- Any person who has been elected or appointed to a new office that has financial management duties (which usually includes all the committee of management) **MUST** do [financial training](#) or [obtain an exemption](#)
- Inform all officers of their [disclosure obligations](#)
- Consider giving your new officers the link to the ROC's [Officer Induction Kit](#)

These next steps are explained below in more detail.

Financial training must be done within 6 months

Any officer who has been elected or appointed to a new office that has financial management duties must complete [financial training](#) (or obtain an exemption) **within 6 months** after taking office (s.293K of the Fair Work (Registered Organisations) Act 2009 (RO Act)).

The organisation is responsible for this requirement. You should arrange for the relevant officers to have training as soon as possible.

Good governance processes around financial training are highly recommended. These include:

- keeping a list of all offices that have financial management duties
- having a single person or officer responsible for overseeing the process
- collecting records of who has done training or obtained an exemption, including any certificates and exemption letters
- doing refresher courses for officers who have been re-elected to the same office (and are not required to do training under the RO Act)
- extending training to non-officers who are essential to your financial processes

Officer financial training audit

An audit by the ROC into officer training found that organisations frequently misunderstood **which** officers are required to do training.

To help with this we have an [officer training online panel](#) with examples explaining what triggers the need to do training and how to identify the offices that require it.

Further information about training is provided in our [officer financial training fact sheet](#).

Help for new officers: Officer Induction Kit

The ROC has created an [Officer Induction Kit](#) to assist new officers. The Kit has resources that will help an officer to understand their general duties as an officer and their specific duties as an officer in your organisation. It also includes tools to guide an officer's understanding of compliance dates, disclosures and other reporting obligations.

Please direct your officers to the kit which is on the ROC's [officers and disclosures](#) page.

Disclosure obligations: what officers must do

All officers are required to make disclosures regarding remuneration, non-cash benefits and material personal interests. Details are contained in the RO Act and are summarised in the ROC's [Disclosures Fact Sheet](#).

The organisation and officers are both responsible for meeting this obligation.

Time frames for notifications of change

Notifications of change must be lodged within 35 days of the change occurring (r 151 Fair Work (Registered Organisations) Regulations 2009).

Resources to help you make your notifications of change

Notifications of change are vitally important to maintain the transparency of an organisation to its members. They empower members to hold the organisation properly to account for its decisions.

To ensure that organisations get these notifications right we have created resources to help you understand the notification of change requirement and complete it quickly.

These resources include:

- [notification of change template](#)
- a podcast that answers the question – [who is an officer?](#)
- and a [fact sheet on notifications of change](#) that explains the requirement

eLearning module – notifications of change

The ROC has launched an eLearning module to assist organisations in understanding when a notification of change is required.

The [eLearning module](#) is available on our website.

It will take approximately 20 minutes and has a short quiz at the end to help you test your knowledge.

Please contact 1300 341 665 or regorgs@roc.gov.au if you have any questions or would like to discuss this matter further.

Yours sincerely

Registered Organisations Commission

On 5 February 2021, the Construction & General Division of the CFMMEU filed a notification of changes pursuant to section 233 of the *Fair Work (Registered Organisations) Act 2009*. Dear Dave Noonan,

We acknowledge receipt of a Notification of Change to the office holders of the Construction, Forestry, Maritime, Mining and Energy Union (AR2020/2).

A list of those changes has been summarised in Appendix A at the end of this letter.

What you need to do right now

- Any person who has been elected or appointed to a new office that has financial management duties (which usually includes all the committee of management) **MUST** do [financial training](#) or [obtain an exemption](#)
- Inform all officers of their [disclosure obligations](#)
- Consider giving your new officers the link to the ROC's [Officer Induction Kit](#)

These next steps are explained below in more detail.

Financial training must be done within 6 months

Any officer who has been elected or appointed to a new office that has financial management duties must complete [financial training](#) (or obtain an exemption) **within 6 months** after taking office (s.293K of the Fair Work (Registered Organisations) Act 2009 (RO Act)).

The organisation is responsible for this requirement. You should arrange for the relevant officers to have training as soon as possible.

Good governance processes around financial training are highly recommended. These include:

- keeping a list of all offices that have financial management duties

- having a single person or officer responsible for overseeing the process
- collecting records of who has done training or obtained an exemption, including any certificates and exemption letters
- doing refresher courses for officers who have been re-elected to the same office (and are not required to do training under the RO Act)
- extending training to non-officers who are essential to your financial processes

Officer financial training audit

An audit by the ROC into officer training found that organisations frequently misunderstood **which** officers are required to do training.

To help with this we have an [officer training online panel](#) with examples explaining what triggers the need to do training and how to identify the offices that require it.

Further information about training is provided in our [officer financial training fact sheet](#).

Help for new officers: Officer Induction Kit

The ROC has created an [Officer Induction Kit](#) to assist new officers. The Kit has resources that will help an officer to understand their general duties as an officer and their specific duties as an officer in your organisation. It also includes tools to guide an officer's understanding of compliance dates, disclosures and other reporting obligations.

Please direct your officers to the kit which is on the ROC's [officers and disclosures](#) page.

Disclosure obligations: what officers must do

All officers are required to make disclosures regarding remuneration, non-cash benefits and material personal interests. Details are contained in the RO Act and are summarised in the ROC's [Disclosures Fact Sheet](#).

The organisation and officers are both responsible for meeting this obligation.

Time frames for notifications of change

Notifications of change must be lodged within 35 days of the change occurring (r 151 Fair Work (Registered Organisations) Regulations 2009).

Resources to help you make your notifications of change

Notifications of change are vitally important to maintain the transparency of an organisation to its members. They empower members to hold the organisation properly to account for its decisions.

To ensure that organisations get these notifications right we have created resources to help you understand the notification of change requirement and complete it quickly.

These resources include:

- [notification of change template](#)
- a podcast that answers the question – [who is an officer?](#)

- and a [fact sheet on notifications of change](#) that explains the requirement

eLearning module – notifications of change

The ROC has launched an eLearning module to assist organisations in understanding when a notification of change is required.

The [eLearning module](#) is available on our website.

It will take approximately 20 minutes and has a short quiz at the end to help you test your knowledge.

Please contact 1300 341 665 or regorgs@roc.gov.au if you have any questions or would like to discuss this matter further.

Yours sincerely

Registered Organisations Commission

Notification of changes – Action required

Dear Dave Noonan,

We acknowledge receipt of a Notification of Change to the office holders of the Construction, Forestry, Maritime, Mining and Energy Union (AR2020/2).

A list of those changes has been summarised in Appendix A at the end of this letter.

What you need to do right now

- Any person who has been elected or appointed to a new office that has financial management duties (which usually includes all the committee of management) **MUST** do [financial training](#) or [obtain an exemption](#)
- Inform all officers of their [disclosure obligations](#)
- Consider giving your new officers the link to the ROC's [Officer Induction Kit](#)

These next steps are explained below in more detail.

Late notification warning

Appendix A contains late notifications. Please inform the relevant officer that this has been recorded against AR2020/2.

Late notifications are a serious issue that impacts on the transparency of the whole organisation to its members. Members should be able to tell who their officers are.

We have included some resources below to help support your good governance in relation to notifications of change.

Financial training must be done within 6 months

Any officer who has been elected or appointed to a new office that has financial management duties must complete [financial training](#) (or obtain an exemption) **within 6**

months after taking office (s.293K of the Fair Work (Registered Organisations) Act 2009 (RO Act)).

The organisation is responsible for this requirement. You should arrange for the relevant officers to have training as soon as possible.

Good governance processes around financial training are highly recommended. These include:

- keeping a list of all offices that have financial management duties
- having a single person or officer responsible for overseeing the process
- collecting records of who has done training or obtained an exemption, including any certificates and exemption letters
- doing refresher courses for officers who have been re-elected to the same office (and are not required to do training under the RO Act)
- extending training to non-officers who are essential to your financial processes

Officer financial training audit

An audit by the ROC into officer training found that organisations frequently misunderstood **which** officers are required to do training.

To help with this we have an [officer training online panel](#) with examples explaining what triggers the need to do training and how to identify the offices that require it.

Further information about training is provided in our [officer financial training fact sheet](#).

Help for new officers: Officer Induction Kit

The ROC has created an [Officer Induction Kit](#) to assist new officers. The Kit has resources that will help an officer to understand their general duties as an officer and their specific duties as an officer in your organisation. It also includes tools to guide an officer's understanding of compliance dates, disclosures and other reporting obligations.

Please direct your officers to the kit which is on the ROC's [officers and disclosures](#) page.

Disclosure obligations: what officers must do

All officers are required to make disclosures regarding remuneration, non-cash benefits and material personal interests. Details are contained in the RO Act and are summarised in the ROC's [Disclosures Fact Sheet](#).

The organisation and officers are both responsible for meeting this obligation.

Time frames for notifications of change

Notifications of change must be lodged within 35 days of the change occurring (r 151 Fair Work (Registered Organisations) Regulations 2009).

Resources to help you make your notifications of change

Notifications of change are vitally important to maintain the transparency of an organisation to its members. They empower members to hold the organisation properly to account for its decisions.

To ensure that organisations get these notifications right we have created resources to help you understand the notification of change requirement and complete it quickly.

These resources include:

- [notification of change template](#)
- a podcast that answers the question – [who is an officer?](#)
- and a [fact sheet on notifications of change](#) that explains the requirement

eLearning module – notifications of change

The ROC has launched an eLearning module to assist organisations in understanding when a notification of change is required.

The [eLearning module](#) is available on our website.

It will take approximately 20 minutes and has a short quiz at the end to help you test your knowledge.

Please contact 1300 341 665 or regorgs@roc.gov.au if you have any questions or would like to discuss this matter further.

Yours sincerely

Registered Organisations Commission

Officer Induction Kit

The ROC has created an [Officer Induction Kit](#) to assist new officers. The Kit includes a number of resources that will help an officer to understand their general duties as an officer and their specific duties as an officer in your organisation. It also includes tools to guide an officer's understanding of compliance dates and other reporting obligations.

The kit should not be printed as it is updated regularly and some of the documents are interactive. The ROC strongly recommends that all new officers, and officers who are seeking more information on their obligations and duties, are given the link to the officer induction kit. Officer Induction Kit

The ROC has created an [Officer Induction Kit](#) to assist new officers. The Kit includes a number of resources that will help an officer to understand their general duties as an officer and their specific duties as an officer in your organisation. It also includes tools to guide an officer's understanding of compliance dates and other reporting obligations.

The kit should not be printed as it is updated regularly and some of the documents are interactive. The ROC strongly recommends that all new officers, and officers who are seeking more information on their obligations and duties, are given the link to the officer induction kit. Please

direct your new officers to the kit which is on the ROC's [fact sheets, templates and webinars page](#), under Officers.

Thank you for your correspondence.

Yours sincerely
