Notes to the Financial Statements for the year ended 31 December 2010

Note 1: Information to be provided to members

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of section 272 as follows:

- (1) A member of a reporting unit, or the General Manager of Fair Work Australia, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1).

Note 2: Summary of significant accounting policies

The financial statements cover the Construction, Forestry, Mining and Energy Union, Construction and General Division, Queensland Construction Workers Divisional Branch as an individual reporting unit.

Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations and the requirements of the Fair Work (Registered Organisations) Act 2009.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below. They have been consistently applied unless otherwise stated.

The financial statements have been prepared on a modified accruals basis where:

- in accordance with section 252(4) of the Fair Work (Registered Organisations) Act 2009, membership subscriptions are kept on a cash basis; and
- in accordance with paragraph 19 of the Reporting Guidelines for the purposes of section 253
 of the Act, the Recovery of Wages Activity Report is prepared under the cash basis of
 accounting.

The financial statements are based on historical costs modified, where applicable, by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

Notes to the Financial Statements for the year ended 31 December 2010

Note 2: Statement of significant accounting policies (contd)

(a) Income tax

No provision for income tax is necessary as trade unions are exempt from income tax under Section 50-15 of the *Income Tax Assessment Act 1997*.

(b) Property, plant and equipment

Property, plant and equipment are carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

In accordance with Queensland legislation (Schedule 4 of the *Industrial Relations Regulations 2000*) revaluations of assets are shown as income.

Property

Land and buildings are shown at their fair value less subsequent depreciation for buildings. Property held for investment purposes is not depreciated.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by the Union to ensure it is not in excess of the recoverable amount from those assets.

Depreciation and amortisation

The depreciable amount of all fixed assets are depreciated on a straight line basis over the useful lives of the assets to the Union commencing from the time the assets is held ready for use. Motor vehicles are depreciated on a diminishing value basis.

The depreciation rates used for each class of depreciable asset are:

Fixed asset	Rate
Buildings	4%
Motor vehicles	25%
Air conditioning plant	10.0%
Computer equipment	20%
Office equipment	20%
Office furniture	12.5%

(c) Financial Instruments

Initial recognition and measurement

Financial instruments are initially measured at fair value on trade date, which includes transaction costs, when related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Construction and General Division

Queensland Construction Workers Divisional Branch

Notes to the Financial Statements for the year ended 31 December 2010

Note 2: Statement of significant accounting policies (contd)

(c) Financial Instruments (contd)

Classification and subsequent measurement:

Financial Assets at fair value

A financial asset is classified in this category if acquired principally for the purpose of selling in the short term or is so designated by management and within the requirements of AASB139: Recognition and Measurement of Financial Instruments. Realised and unrealised gains and losses arising from changes in the fair value of these assets are included in the income statement in the period in which they arise.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

Held to maturity investments

These investments have fixed maturities, and it is the Union's intention to hold these investments to maturity. Any held to maturity investments held by the Union are stated at amortised cost using the effective interest rate method.

Available for sale financial assets

Available for sale financial assets include any financial assets not included in the above categories. Available for sale financial assets are reflected at fair value. Unrealised gains and losses arising from changes in fair value are taken directly to equity.

Financial liabilities

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal repayments and amortisation.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value of all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At each reporting date, the Union assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the income statement.

(d) Impairment of Assets

At each reporting date, the Union reviews the carrying values of its assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and its depreciated replacement value, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Construction and General Division

Queensland Construction Workers Divisional Branch

Notes to the Financial Statements for the year ended 31 December 2010

Note 2: Statement of significant accounting policies (contd)

(e) Employee benefits

Provision is made for the Union's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year have been measured at the amount expected to be paid when the liability is settled, plus related oncosts. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the Union to an employee superannuation fund and are charged as expenses when incurred.

(f) Provisions

Provisions are recognised when the Union has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

(h) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(i) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Critical accounting estimates and judgements

The Union evaluates estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data.

Key estimates - Impairment

The Union assesses impairment at each reporting date by evaluating conditions specific to the Union that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined.

Dear Mr Ravbar,

Lodgement of Financial Documents for year ended 31 December 2010 [FR2010/2817] Fair Work (Registered Organisations) Act 2009 (the RO Act)

The financial year of the Construction, Forestry, Mining and Energy Union-Construction and General Division, Queensland Construction Workers Divisional Branch (the "reporting unit") has recently ended. This is a courtesy letter to remind you of the obligation to prepare and process the reporting unit's financial documents. The full financial report must be lodged with Fair Work Australia within a period of 6 months and 14 days of the end of the financial year.

The RO Act sets out a particular chronological order in which financial documents and statements must be prepared, audited, provided to members and presented to a meeting. The attached *Timeline/Planner* summarises these requirements, but I also describe the sequence here.

When the accounts have been prepared ready for the auditor, you or other officers of the Committee of Management must complete, sign and date a "Committee of Management Statement". This Statement effectively approves the accounts for audit and is usually completed at a "first" Committee meeting.

When the auditor has completed his or her audit, he or she must sign and date the "Auditor's Report". The signing and dating of the Auditor's Report may coincide with the date of the "first" Committee Meeting.

Only when the Auditor's Report has been signed and dated is the financial report ready for distribution or publication for the members. This is because the members must be able to see that the report has been audited.

The final event is a formal presentation of the financial report to a "second" meeting. This can be a general meeting of the members, or a separate meeting of the Committee. A general meeting of the members is the default format unless your rules provide for members to petition a special general meeting to consider the report, in which case you can avail itself of the convenience of a Committee meeting instead (see s266).

If you intend to present the report to a general meeting, you must not hold the meeting until at least 21 days have elapsed since distributing or publishing the report to your members. (see s265(5)) If you intend and are permitted to present the report to a Committee meeting, this can be held at any time after the Auditor has signed his report. But this must be a "second" Committee meeting, separate from that at which the various documents were originally signed.

Telephone: (02) 8374 6666

Internet: www.fwa.gov.au

Email: RIASydney@fwa.gov.au

The documents must be lodged within 14 days of the "second" meeting. Your Certificate should provide the date the report was distributed/made available to the members and the date of presentation to the "second" meeting. This will enable Fair Work Australia to be satisfied that you have complied with the relevant sections of the Act

For additional information, if you need it, financial reporting fact sheets and sample documents can be found on our Fair Work Australia website (www.fwa.gov.au). You will find that the legislative requirements remain largely unchanged to that of the former requirements under Schedule 1 of the Workplace Relations Act 1996. The information can be viewed at FWA Registered Organisations Fact Sheets

This office encourages you to lodge all financial reports electronically (e.g. as pdf files) at RIASydney@fwa.gov.au. Alternatively, you can forward the documents by fax to (02) 9380 6990.

If you need any further information or if you believe you will be unable to lodge the full financial report within the period mentioned above please contact me on (02) 8374 6666 or by email at RIASydney@fwa.gov.au.

Yours sincerely,

Steve Teece
