Dear Mr Hinds

Financial report of the CFMEU, Mining and Energy Division - Tasmanian District Branch for the year ended 31 December 2013 (FR2013/433)

I acknowledge receipt of the financial report of the CFMEU, Mining and Energy Division -Tasmanian District Branch ("the reporting unit"). The documents were lodged with the Fair Work Commission on 29 May 2014.

I further acknowledge receipt of your email of 16 and 18 June 2014 and the attached secretary's certificate dated 29 May 2014. The emails confirmed that the members of the reporting unit received a copy of the full report which was inclusive of the auditor's report dated 7 May 2014.

The financial report has now been filed.

The financial report was filed based on a primary review. This involved confirming that the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the Fair Work (Registered Organisations) Act 2009 ("RO Act") have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements.

Please note that the financial report for the year ending 31 December 2014 may be subject to an advanced compliance review.

I make the following comment to assist you when you next prepare a financial report. You are not required to take any further action in respect of the report lodged. The Fair Work Commission will confirm these concerns have been addressed prior to filing next year's report.

Operating Report - Trustee of superannuation entity - 'officer or member'

Subsection 254(2)(d) of the RO Act and Item 36 of the RG requires details of any officer or member of the reporting unit who is a trustee, or a director of a company that is a trustee, of a superannuation entity or an exempt public sector superannuation scheme. The lodged Operating Report included a statement regarding the 'officers and employees' of the reporting unit but it did not consider the reporting unit 'members' as per the RO Act.

If no officers or members of the reporting unit are trustees of a superannuation entity, the preferred wording to satisfy the subsection 254(2)(d) is:

> 11 Exhibition Street Melbourne VIC 3000 GPO Box 1994

'No officer or member of the reporting unit holds a position as a trustee or director of a superannuation entity or exempt public sector superannuation scheme where the criterion for holding such position is that they are an officer or member of an organisation'.

Please ensure future Operating Reports comply accordingly.

Should you wish to discuss the matters raised in this letter, or if you require further information on the financial reporting requirements of the Act, I may be contacted on (03) 8661 7915 (Wednesdays to Fridays) or by email at cynthia.lobooth@fwc.gov.au

Yours sincerely

Thank you for your email that confirmed that you have since sent another electronic copy to the reporting unit members.

In future, it would probably assist the reporting unit in fulfilling their financial reporting obligations by uploading the full report on the National website. However, the members will need to be notified that it has been uploaded and the full report should be easily accessible on the website i.e. link on the front page of the relevant Division and Branch.

I will send a letter shortly confirming that the financial report has been filed and concluded. Thank you for your prompt responses.

Dear Cynthia,

An Electronic version was sent to members of the reporting unit on the 2nd May 2014, when the report was resolved at the BOM. I have since sent, on your request another electronic copy to the reporting unit members. The Lodge Officials (BOM) distributes it to the members of their Lodge. I have attended meeting to ratify the GPFR where members had a full copy or copies were available to them.

We do not have a District web site; however we are looking at placing it on our National web site next year.

Dear Mr Hinds

Thank you for your prompt reply to my request.

In relation to point one of your email, there appears to be a misunderstanding in relation to the provision of the full report to members of the reporting unit (CFMEU M&E Division, Tas Branch).

Subsection 265(1) of the RO Act requires that the full report must be provided to members free of charge. Subsection 265(4) provides that if a member requests a copy of the full report and the auditor's report as mentioned in s.265(3)(e), the reporting unit must send the reports to the member requesting for them. However ss.265(3) and (4) relate to reporting units that prepare concise reports. It does not appear that your reporting unit has prepared a concise report, therefore s.265(1) applies and a full report must <u>automatically</u> be provided to members free of charge.

Accordingly, I request that a copy of the full report be provided to the members of the reporting unit. This is usually do this via email with the full report attached or send an email to your members and upload the full report on the CFMEU, M&E, Tasmanian Branch's website. Please advise me via email when this is done so I can conclude this matter. Thank you.

If you have any questions please do not hesitate to contact me via email or by telephone (Wednesdays to Fridays).

Yours sincerely

Subject: CFMEU-M&E Div- Tas Branch Financial Report 2013

Dear Cynthia,

I refer to the telephone conversation we had on the 11 June 2014.

1) The Auditors report was signed of on the 7th May 2014, after checking my records I have since ascertained that the complete report was then emailed to BOM which are the Lodge Presidents on the 7th May 2014. You are correct in stating that a full report was not received until the 7th May 2014, however no meetings were held until the 28th and the 29th May 2014. I did a road show on this matter and other District issues that arose from the BOM. I had sent a letter to FWC stating that there may be delays in lodging our GPFR due to the auditor requesting more time; this however was not needed as we were within the time provisions.

There were no requests from members for a copy of the full report; I will however make sure that this situation does not occur again.

2) The designated Officers certificate was signed and misdated on completion of the last Lodge meeting. This has since been rectified.

I do apologise for the problems that I have created.

OPERATING REPORT

For the period ended 31st December 2013

The committee presents its report on the reporting unit for the financial year ended 31st December 2013.

- Representing individual members in grievance disputes with employers. The level of activity in this area was consistent with the previous year's activity.
- Representing groups of members at various workplaces regarding disputes with employers.
- Negotiating Collective Bargaining Agreements resulting in increased wages and conditions for members covered by those Agreements. The number of members covered by Collective Bargaining Agreements was at approximately the same level as the previous year.
- Providing certain classes of members with professional indemnity and legal benefits insurance. The number of claims made against these policies was consistent with the previous year.
- Providing Union Delegates and Worksite Committee members with training and education to enable them to better represent members in the workplace. There was an increased in the amount of training provided to delegates and the number of delegates accessing that training during the year.

The net assets of the Branch decreased by \$20,782 during the financial year.

INCOME

Revenue was down \$20,241 on the previous financial year.

Membership subscriptions decreased by \$4,990 compared to the previous financial year due primarily to a decrease in membership numbers during the financial year.

EXPENSES

Employee expenses were down by \$20,118 due to a large annual leave and long service provision expense in the 2012 year, which was counteracted in 2013 with a wage increase in line with a Board of Members resolution.

Capitation fees were down \$363 on the previous year due to a membership decrease.

Administration expenses varied both up and down during the financial year resulting in an overall decrease in administrative operating expenses of \$1,223. A summary of the main movement in areas of administrative operating expenditure are:

- Meeting and conference expense, including allowances, decreased by \$1,992, due to less allowances being claimed this year, compared to the previous year.
- Information communications technology expense increased by \$814, due to an increase in phone bill costs, in relation to the CEO working overseas for a part of the year.
- Office expenses decreased by \$45 due to a lesser demand for postage this year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 31st DECEMBER 2013

1. Accounting Policies

1.1 Basis of Preparation of the Financial Statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards Board (AASB) that apply for the reporting period and the *Fair Work (Registered Organisation) Act 2009*. For the purpose of preparing the general purpose financial statements, the CFMEU- Mining & Energy Union (Tasmanian District Branch) is a not-for-profit entity

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities at measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Revenue from subscriptions is accounted for on an accrual basis and is recorded as revenue in the year to which it relates. Revenue from the sale of goods is recognised when, the risks and rewards of ownership have been transferred to the buyer, the entity retains no managerial involvement or effective control over the goods, the revenue and transaction costs incurred can be reliably measured, and it is probable that the economic benefits associated with the transaction will flow to the entity.

Donation income is recognised when it is received.

Receivables for goods and services, which have 30 day terms, are recognised at the nominal amounts due less any impairment allowance account. Collectability of debts is reviewed at end of the reporting period. Allowances are made when collectability of the debt is no longer probable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 31st DECEMBER 2013

1.8 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably. Liabilities for short-term employee benefits (as defined in AASB 119 Employee Benefits) and termination benefits due within

twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability. Other long-term employee benefits are measured as the present value of the estimated future cash outflows to be made by the

reporting unit in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Provision is made for separation and redundancy benefit payments. Reporting Unit recognises a provision for termination when it has developed a detailed formal plan for the terminations and has informed those employees affected that it will carry out the terminations.

1.9 Borrowing costs

All borrowing costs are recognised in profit and loss in the period in which they are incurred.

1.10 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the consolidated statement of financial position.

1.11 Contingent Liabilities and Contingent Assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.12 Land, Buildings, Plant and Equipment

Asset Recognition Threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Revaluations-Land and Buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

| | 2013 | 2012 |
|---------------------|--------------|--------------|
| Plant and equipment | 0 to 5 years | 0 to 5 years |

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of properly, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised
