NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2006

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Urgent Issues Group Consensus Views and other authoritative pronouncements of the Australian Accounting Standards Board. The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets.

Cost is based on the fair values of the consideration given in exchange for assets. The accounting policies have been consistently applied, unless otherwise stated.

In accordance with generally accepted accounting principles for organisations, income from members is accounted for on a cash receipts basis.

The following is a summary of the material accounting policies adopted by the trust in the preparation of the financial report.

(a) Property, Plant and Equipment

Property, plant and equipment are carried at cost or at independent or Committee of Management valuation, less, where applicable, any accumulated depreciation or amortisation. The carrying amount of property, plant and equipment is reviewed annually by the committee of management to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flow's which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, are depreciated over their estimated useful lives to the trust commencing from the time the asset is held ready for use. Properties held for investment put-poses are not subject to a depreciation charge. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

(b) Leases

Leases of fixed assets, where substantially all the risks and bette0ts incidental to the ownership of the asset, but not the legal ownership, are transferred to the trust are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the trust will obtain ownership of the asset, or over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives received under operating leases are recognised as a liability. Lease payments received reduced the liability.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2006

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Employee Entitlements

Provision is made for the trust's liability for employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year together with entitlements arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at their nominal amount. Other employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those entitlements.

Contributions are made by the trust to an employee superannuation fund and are charged as expenses when incurred.

(d) Cash

For the purposes of the statement of cash flows, cash included cash on hand and at call deposits with banks or financial institutions, investments in money market instruments maturing within less than two months and net of bank overdrafts.

(e) Income Tax

No provision for income tax is necessary as Trade Unions are exempt from Income Tax under the Income Tax Assessment Act 1997.

(f) Goods and Services Tax

Revenues, expenses and assets are recognised net of amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office(ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expenses.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to the ATO is included as a current asset or liability in the balance sheet.

Cashflows are included in the statement of cash flows on a cross basis. The components of cashflows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(g) Comparatives

As a result of applying the revised Accounting Standards AAS 1 Statement of Financial Performance, revised AAS 37 Financial Report Presentation and Disclosures and AAS 36 Statement of Financial Position for the first time, a number of comparative amounts were represented or reclassified to ensure comparability with the current reporting period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2006

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Urgent Issues Group Consensus Views and other authoritative pronouncements of the Australian Accounting Standards Board. The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets.

Cost is based on the fair values of the consideration given in exchange for assets. The accounting policies have been consistently applied, unless otherwise stated.

In accordance with generally accepted accounting principles for organizations, income from members is accounted for on a cash receipts basis.

The following is a summary of the material accounting policies adopted by the trust in the preparation of the financial report.

(a) Property, Plant and Equipment

Property, plant and equipment are carried at cost or at independent or Committee of Management valuation, less, where applicable, any accumulated depreciation or amortisation. The carrying amount of property, plant and equipment is reviewed annually by the committee of management to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flow's which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, are depreciated over their estimated useful lives to the trust commencing from the time the asset is held ready for use. Properties held for investment put-poses are not subject to a depreciation charge. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

(b) Leases

Leases of fixed assets, where substantially all the risks and bette0ts incidental to the ownership of the asset, but not the legal ownership, are transferred to the trust are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the trust will obtain ownership of the asset, or over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives received under operating leases are recognised as a liability. Lease payments received reduced the liability.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2006

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Employee Entitlements

Provision is made for the trust's liability for employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year together with entitlements arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at their nominal amount. Other employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those entitlements.

Contributions are made by the trust to an employee superannuation fund and are charged as expenses when incurred.

(d) Cash

For the purposes of the statement of cash flows, cash included cash on hand and at call deposits with banks or financial institutions, investments in money market instruments maturing within less than two months and net of bank overdrafts.

(e) Income Tax

No provision for income tax is necessary as Trade Unions are exempt from Income Tax under the Income Tax Assessment Act 1997.

(f) Goods and Services Tax

Revenues, expenses and assets are recognised net of amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office(ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expenses.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to the ATO is included as a current asset or liability in the balance sheet.

Cashflows are included in the statement of cash flows on a cross basis. The components of cashflows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(g) Comparatives

As a result of applying the revised Accounting Standards AAS 1 Statement of Financial Performance, revised AAS 37 Financial Report Presentation and Disclosures and AAS 36 Statement of Financial Position for the first time, a number of comparative amounts were represented or reclassified to ensure comparability with the current reporting period.
