Good morning, Natalie,

I've had a look over the notification of changes that you sent in Tuesday afternoon, (thanks for being so prompt), I have a small concern with the information that was submitted. The final column in the table containing the officer information requests the officers' occupations. This would only be their office (for instance Committee member) if they are in a paid officer position.

Could you please confirm that all of the officers are in paid officer positions? If any of the positions are honorary (unpaid) we would require their actual occupation, for instance, public servant, teacher, doctor, lawyer.

Thank you,

Dear Mr Itzstein,

Notification of changes made to records [AR2014/105]

I acknowledge receipt of the requested declaration on 25 August 2014. Thank you for your extremely prompt response and my apologies for the delay in filing the annual return.

The three notifications of changes that were lodged on 3 June 2014, 23 July 2014 and 14 August 2014 have now been filed and our records have been updated accordingly.

Thank you for employing the supplied template. The template assists the Branch in meeting the formal requirements of the legislation. I do note the following for future notifications of changes:

- As per my conversation with Natalie Smith, the branch may supply addresses for each officer which are "C/- the Branch at [insert Branch Postal Address]". The information will be made available on the Fair Work Commission website, and as such there are some privacy concerns with supplying private addresses;
- The final column in Annexure A "Occupation of New Office Holder" has been completed with the office holders' office; this would only be the case if they are a paid office holder. It appears that these positions are honorary. In the case of an honorary office the requirement is to provide their occupation, for instance, teacher, plumber, lawyer.

I note that a further notification of changes has been received from the Branch on 19 September 2014; as requested I have attached to this email the notification of changes template to assist with supplying the full information required. A notification of changes *must* be in a declaration format and contain particular wording, the template ensures that the Branch will meet those requirements.

No further steps are required in relation to the notifications lodged on 3 June 2014, 23 July 2014 and 14 August 2014; however, please provide the signed declaration for the notification lodged on 19 September 2014.

Should you wish to discuss the matters raised in this letter, or if you require further information on the requirements of the Act, I may be contacted on 03 8661 7974 or by email at catherine.bebbington@fwc.gov.au.

Thank you for the notification.

Dear Mr Itzstein,

Notification of Changes to Information during 2014 [AR2014/105]

I acknowledge receipt of three notifications of change to the information of the NECA WA branch on 3 June, 23 July and 14 August 2014.

The information has been provided by way of a letter and not by Declaration in accordance with subsection 233(1) of the *Fair Work (Registered Organisations) Act 2009*.

Notifications of changes need to be declarations signed by the authorised officer that declare that the information is a correct statement of the changes made and provide all the relevant information contained in the annual return. For instance, in the case of an officer, it must supply the name, office, occupation and postal address of the person.

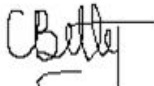

Before these notifications of changes can be filed, the information must be supplied in a declaration. In order to assist with the required wording, I have attached a template declaration of notification of changes.

Please supply a declaration certifying the changes with the required wording and including:

- For the information in the notification dated 28 May, the name and office of the resigning person;
- For the information in the notification dated 18 July, the office, name, occupation and postal address of the new officer;
- For the information in the notification dated 11 August, the office, name, occupation and postal address of each of the new officers;

This may be a single declaration and sent to the Fair Work Commission by email to orgs@fwc.gov.au. If you have any questions in relation to this letter I may be contacted on catherine.bebbington@fwc.gov.au or 03 8661 7974.

Annual Return of Information for 2014 [AR2014/104]

Further to Ms Bebbington's correspondence of 22 August 2014 regarding the annual return of information lodged with the Fair Work Commission by The National Electrical Contractors Association on 7 March 2014, I write to confirm that documents have been filed.

Thank-you for providing a declaration with the information. The declaration and information, in large part, satisfies the requirements of the Act. However I draw to your attention to subsection 2331(1)(b) of the *Fair Work (Registered Organisations) Act 2009* which requires that the declaration state that the copy of the records provided are 'a correct statement of the information contained in the records'. It is recommended that future declarations make this statement. I have attached a template declaration to assist.

I trust this clarifies Ms Bebbington's correspondence. If you have any queries I can be contacted on 03 8661 7929.

Mr Suresh Manickam

Dear Mr Manickam,

Annual Return of Information for 2014 [AR2014/104]

I acknowledge receipt on 7 March 2014 of your Declaration providing information in accordance with subsection 233(1) of the *Fair Work (Registered Organisations) Act 2009*. The documents lodged cover the required information for the 2014 Annual Return of Information of the National Electrical Contractors Association and each of its chapters.

These documents have now been filed.

The Fair Work Commission also received lodgements from the Western Australian Chapter, the Australian Capital Territory Chapter and the New South Wales Chapter. These lodgements from the chapters are unnecessary as the National Office annual return covers all of the requisite information.

From 2015 the Commission intends to create one matter number for The National Electrical Contractors Association, instead of a matter number for each branch of The National Electrical Contractors Association. The national body will receive a reminder letter at the start of 2015. The branches will not receive a reminder letter and will not be obliged to file individual Annual Returns. Please ensure that the Commission continues to be notified of any changes to this information **within 35 days**.

I do note that the national office did not provide a sufficient declaration for the required information and that the majority of the information was supplied by way of letter. This was raised in last year's annual return. To assist with the correct formulation of the declarations, I have attached a template annual return.
