#### 5 December 2016

Mr Larry Moore Secretary, South Australian Chapter The National Electrical Contractors Association

By email: neca@necasa.asn.au

Dear Mr Moore

Re: Lodgement of Financial Statements and Accounts – The National Electrical Contractors Association – South Australian Chapter - for year ended 30 June 2016 (FR2016/274)

I refer to the financial report for the South Australian Chapter of The National Electrical Contractors Association. The report was lodged with the Fair Work Commission on 30 November 2016.

The financial report has been filed based on a primary review. This involved confirming whether the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and Reporting Guidelines have been complied with. A primary review does not examine all disclosure requirements.

Please note that the financial report for the year ending 30 June 2017 may be subject to an advanced compliance review.<sup>1</sup>

# Reporting Requirements

On the FWC website a number of factsheets in relation to the financial reporting process and associated timelines are available. The most recent copy of the Reporting Guidelines and a model set of financial statements can also be found. The FWC recommends reporting units use this model as it will assist in ensuring compliance with the *Fair Work (Registered Organisations) Act 2009*, the s.253 Reporting Guidelines and the Australian Accounting Standards. Access to this information may be obtained via this link.

Should you require further information on the financial reporting requirements of the Act, I may be contacted on (02) 6746 3283 or 0429 462 979 or by email at <a href="mailto:stephen.kellett@fwc.gov.au">stephen.kellett@fwc.gov.au</a>

Yours sincerely

Stephen Kellett Senior Adviser

Regulatory Compliance Branch

<sup>1</sup> The full range of disclosure requirements that may apply can be found itemised on the advanced assessment form available at <a href="https://www.fwc.gov.au/documents/documents/organisations/factsheets/org-financial-report-checklist-advanced.pdf">https://www.fwc.gov.au/documents/documents/organisations/factsheets/org-financial-report-checklist-advanced.pdf</a>

Fair Work (Registered Organisations) Act 2009 (The RO Act)

Dear Annastasia

# **Designated Officer's Certificate**

- I, Laurence John Moore, being the Secretary of the National Electrical Contractors Association South Australian Chapter, certify:
- 1. that the documents lodged herewith are copies of the full report as required by s268 of the Fair Work (Registered Organisations) Act 2009; and
- 2. that the full report was provided to members on the 19<sup>th</sup> October 2016; and
- 3. that the full report was presented to a general meeting of members of the reporting unit on the 21 November 2016, in accordance with the Fair Work (Registered Organisations) Act 2009.

Signed:

Laurence John Moore

Secretary

#### NATIONAL ELECTRICAL CONTRACTORS ASSOCIATION - SA CHAPTER

# **OPERATING REPORT**

#### FOR THE YEAR ENDED 30 JUNE 2016

The committee presents its report on the reporting unit for the financial year ended 30 June 2016.

# Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activities of the entity during the reporting period continue to be to represent the interest of its members in the electrical and communications industry in South Australia.

# Significant changes in financial affairs

No significant changes in the entity's financial affairs occurred during the financial year.

# Right of members to resign

- (i) Under Section 174 of the Fair Work (Registered Organisations) Act 2009, a member may resign from membership by written notice addressed and delivered to the Secretary of the chapter to which such member belongs.
- (ii) The register of members of the organisation was maintained in accordance with the Fair Work (Registered Organisations) Act 2009; and
- (iii) Section 272 of the Fair Work (Registered Organisations) Act 2009 outlines members and the entity's rights to certain prescribed information.

# Officers or members who are superannuation fund trustee(s) (include position details) or director of a company that is a superannuation fund trustee

To the best of knowledge and belief, no officer or member of the organisation, by virtue of their office or membership of National Electrical Contractors Association- SA Chapter is:

- (i) A trustee of a superannuation entity or an exempt public sector superannuation scheme: or
- (ii) A director of a company that is the trustee of a superannuation entity or an exempt public sector superannuation scheme;

Where a criterion for the officer or member being the trustee or director is that the officer or member is an officer or member of a registered organisation.

#### Number of members

National Electrical Contractors Association - SA Chapter has 398 members as at 30 June 2016.

#### Number of employees

The number of persons who were, at the end of the financial year to which the report relates, employees of the entity, where the number of employees includes both full time employees and part time employees was 6 with the full time equivalent being 5.8.

#### COMMITTEE OF MANAGEMENT STATEMENT

#### FOR THE YEAR ENDED 30 JUNE 2016

On 30 September 2016 the Committee of Management of the National Electrical Contractors Association- SA Chapter passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 30 June 2016:

The Committee of Management declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with the reporting guidelines of the General Manager;
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the GPFR relates and since the end of that year:
  - (i) meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
  - (ii) the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
  - (iii) the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
  - (iv) where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation; and
  - (v) where information has been sought in any request by a member of the reporting unit or General Manager duly made under section 272 of the RO Act has been provided to the member or General Manager; and
  - (vi) where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.
- (f) no revenue has been derived from undertaking recovery of wages activity during the reporting period.

|         |   |

#### 1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the Fair Work (Registered Organisation) Act 2009. For the purpose of preparing the general purpose financial statements, the National Electrical Contractors Association- SA Chapter is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

# 1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

#### 1.3 Significant accounting judgements and estimates

The following accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period:

#### (i) Impairment

The entity assesses impairment at each reporting date by evaluation of conditions and events specific to the entity that may be indicative of impairment triggers. The committee evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained externally and within the entity.

# (ii) Provision for impairment of receivables

Provision for impairment is determined by management upon review of accounts past due.

# 1.4 New Australian Accounting Standards

# Future Australian Accounting Standards Requirements

At the date of authorisation of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but are not yet effective, and have not been adopted early by the entity.

Management anticipates that all of the relevant pronouncements will be adopted in the accounting policies for the first period beginning after the effective date of the pronouncement. Information on new standards, amendments and interpretations that are expected to be relevant to the entity's financial statements is provided below. Certain other new standards and interpretations have been issued but are not expected to have a material impact on the entity's financial statements.

# 1.4 New Australian Accounting Standards (cont)

# Adoption of New Australian Accounting Standard requirements

No accounting standard has been adopted earlier than the application date stated in the standard.

The accounting policies adopted are consistent with those of the previous financial year except for the following standards and amendments, which have been adopted for the first time this financial year:

• AASB 2013-9 Amendments to Australian Accounting Standards – Conceptual Framework, Materiality and Financial Instruments contains three main parts and makes amendments to a number of Standards and Interpretations.

Part A of AASB 2013-9 makes consequential amendments arising from the issuance of AASB CF 2013-1.

Part B makes amendments to particular Australian Accounting Standards to delete references to AASB 1031 and also makes minor editorial amendments to various other standards.

Part C makes amendments to a number of Australian Accounting Standards, including incorporating Chapter 6 Hedge Accounting into AASB 9 *Financial Instruments*.

There will be no impact on the financial statements.

- AASB 2015-3 Amendments to Australian Accounting Standards arising from the Withdrawal of AASB 1031 Materiality completes the AASB's project to remove Australian guidance on materiality from Australian Accounting Standards
   There will be no impact on the financial statements.
- AASB 2015-4 Amendments to Australian Accounting Standards Financial Reporting Requirements for Australian Groups with a Foreign Parent aligns the relief available in AASB 10 Consolidated Financial Statements and AASB 128 Investments in Associates and Joint Ventures in respect of the financial reporting requirements for Australian groups with a foreign parent.

There will be no impact on the financial statements.

### 1.5 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

Revenue from subscriptions is accounted for on an accrual basis and is recorded as revenue in the year to which it relates.

Revenue is received for the Mentoring Project is recognised in the statement of profit or loss and other comprehensive income upon receipt. Any unspent funds at year end are recognised in the statement of financial position until spent.

Donation income is recognised when it is received.

Receivables for goods and services, which have 30 day terms, are recognised at the nominal amounts due less any impairment allowance account. Collectability of debts is reviewed at end of the reporting period. Allowances are made when collectability of the debt is no longer probable.

The entity also earns rental income from operating leases of its property. Rental income is recognised on a straight line basis over the term of the lease.

Interest revenue is recognised on an accrual basis using the effective interest method.

#### 1.6 Gains

#### Sale of assets

Gains and losses from disposal of assets are recognised when control of the asset has passed to the buyer.

#### 1.7 Capitation fees and levies

Capitation fees and levies are recognised on an accrual basis and recorded as a revenue and/or expense in the year to which it relates.

# 1.8 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the reporting unit in respect of services provided by employees up to reporting date.

#### 1.9 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Where an asset is acquired by means of a finance lease, the asset is capitalised at either the fair value of the lease property or, if lower, the present value of minimum lease payments at the inception of the contract and a liability is recognised at the same time and for the same amount.

The discount rate used is the interest rate implicit in the lease. Leased assets are amortised over the period of the lease. Lease payments are allocated between the principal component and the interest expense.

Operating lease payments are expensed on a straight-line basis which is representative of the pattern of benefits derived from the leased assets.

Rental revenue from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

#### 1.10 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within financial liabilities in current liabilities on the statement of financial position.

#### 1.11 Financial instruments

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### 1.12 Financial assets

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss, held-to-maturity investments, available-for-sale financial assets and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised upon trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### Loan and receivables

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, when appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest rate basis except for debt instruments other than those financial assets that are recognised at fair value through profit or loss.

# Impairment of financial assets

Financial assets, other than those at fair value through profit or loss, are assessed for impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

# 1.12 Financial assets (cont)

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the reporting units past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 60 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

# Derecognition of financial assets

The reporting unit derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

#### 1.13 Financial Liabilities

Financial liabilities, including borrowings and trade and other payables, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

#### Derecognition of financial liabilities

The reporting unit derecognises financial liabilities when, and only when, the reporting units obligations are discharged, cancelled or they expire. The difference between the carrying amounts of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

#### 1.14 Contingent Liabilities and Contingent Assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

# 1.15 Land, Buildings, Plant and Equipment

#### Asset Recognition Threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

# Revaluations-Land and Buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

#### Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the diminishing value method except buildings which is depreciated on a straight line basis. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

# 1.15 Land, Buildings, Plant and Equipment (cont)

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

|                        | 2016       | 2015       |
|------------------------|------------|------------|
| Buildings              | 40 years   | 40 years   |
| Office Machines        | 3-7 years  | 3-7 years  |
| Computer equipment     | 2-3 years  | 2-3 years  |
| Furniture and fittings | 7-13 years | 7-13 years |
| Motor vehicles         | 12 years   | 12 years   |

#### Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

#### 1.16 Impairment for non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the entity were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

#### 1.17 Taxation

The entity is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

#### 1.18 Fair value measurement

The entity measures financial instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- · In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the entity. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The entity uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the entity determines whether transfers have occurred between Levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as land and buildings. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the entity has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

### 1.19 Going concern

The reporting unit is not reliant on financial support of other reporting units. National Electrical Contractors Association - SA Chapter is considered to be able to go on a going concern basis without financial support.

National Electrical Contractors Association - SA Chapter has not provided financial support to another reporting unit.

Similar to other employer associations, the entity is a membership based organisation which relies mostly on membership fees for the full financial year. The vast majority of the membership fees for the year are received in the first quarter with some late payments received in October. In the reporting period of 2015/16 the membership fees received the first 3-4 months of the financial year. This membership income is essentially drawn down during the rest of the year to fund the operations of the Chapter, thus causing negative cash flows.

The reporting unit notes that current assets total \$247,118 and current liabilities \$453,599. Included in the \$453,599 are \$218,210 of employee provisions which in most cases are not taken within a 12 month period even though the reporting unit recommends that annual employee entitlements are taken within 12 months.

At June 2016 cash on hand was \$120,319 (2014: \$154,195), which was a net decrease in cash of \$33,876 from the previous year end. The Association has bank overdraft facilities with Westpac Banking Corporation for \$300,000 which can be drawn down upon if required. At 30 June 2016 the overdraft remains unutilised.

Accordingly any short term negative cash flows can be easily satisfied from the bank overdraft. The overdraft is secured against the land and buildings of the Association of which are valued at \$2,740,000.

# Note 2 Events after the reporting period

There were no events that occurred after 30 June 2016, and/or prior to the signing of the financial statements, that would affect the ongoing structure and financial activities of National Electrical Contractors Association- SA Chapter.

# Note 6A: Property, plant and equipment (continued)

Fair value of the properties was determined by using market comparable method. This means that valuations performed by the valuer are based on active market prices, significantly adjusted for difference in the nature, location or condition of the specific property.

The valuations were performed by a member of the Australian Property Institute on 21 June 2016, an accredited independent valuer with a recognised and relevant professional qualification and with recent experience in the location and category of the investment property being valued.

The fair value of completed investment property has been determined on a market value basis in accordance with International Valuation Standards (IVS), as set out by the International Valuation Standards Council (IVSC). In arriving at their estimates of market values, the valuers have used their market knowledge and professional judgement and not only relied on historical transactional comparables.

Under the DCF method, a property's fair value is estimated using explicit assumptions regarding the benefits and liabilities of ownership over the asset's life including estimated rental income and an exit or terminal value.

This involves the projection of a series of cash flows and to this an appropriate, market-derived discount rate is applied to establish the present value of the income stream. Under the income capitalisation method, a property's fair value is estimated based on the normalised net operating income generated by the property, which is divided by the capitalisation rate (the investor's rate of return).

The fair value of investment property is included within Level 3.

#### Note 15D: Credit Risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss to the entity. Credit risk is managed through maintaining procedures ensuring, to the extent possible, that members and counterparties to transactions are of sound credit worthiness. Risk is also minimized through investing surplus funds in financial institutions that maintain a high credit rating or in entities that the committee has otherwise cleared as being financially sound.

#### Note 15F: Market Risk

#### Interest rate risk

Exposure to interest rate risk arises on financial assets recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows.

#### Sensitivity analysis

The entity's cash levels would not change significantly through an increase of 2% of the interest rate on cash deposits. Therefore no sensitivity analysis has been calculated and disclosed.

#### Note 16 Fair Value Measurement

# Note 16A: Financial Assets and Liabilities

Management of the reporting unit assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of the reporting unit's interest-bearing borrowings and loans are determined by
  using a discounted cash flow method. The discount rate used reflects the issuer's borrowing
  rate as at the end of the reporting period. The own performance risk as at 30 June 2015 was
  assessed to be insignificant.
- Fair value of available-for-sale financial assets is derived from quoted market prices in active markets.
- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the customer.
   Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at 30 June 2015 the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The following table contains the carrying amounts and related fair values for the entity's financial assets and liabilities:

|                             | Carrying<br>amount<br>2016 | Fair<br>value<br>2016 | Carrying<br>amount<br>2015 | Fair<br>value<br>2015 |
|-----------------------------|----------------------------|-----------------------|----------------------------|-----------------------|
|                             | \$                         | \$                    | 2015<br>\$                 | 2015<br>\$            |

# Note 16B: Fair Value Hierarchy

The following tables provide an analysis of financial and non financial assets and liabilities that are measured at fair value, by fair value hierarchy.

# Fair value hierarchy - 30 June 2016

|                       | Date of<br>valuation | Level 1 | Level 2 | Level 3   |
|-----------------------|----------------------|---------|---------|-----------|
| Assets measured at fa | ir value             | \$      | \$      | \$        |
| Land and buildings    | 21 June 2016         | •       | -       | 2,740,000 |

# Note 16C: Description of Significant Unobservable Inputs

Fair value of the property assets is estimated based on appraisals performed by independent, professionally-qualified property valuers. The significant inputs and assumptions are developed in close consultation with management. The valuation processes and fair value changes are reviewed by the Committee of Management.

# Note 17: Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or General Manager:

- (1) A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1).

GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Liability limited by a scheme approved under Professional Standards Legislation. Liability is limited in those States where a current scheme applies.

In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Committee of Management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

In conducting our audit, we have complied with the applicable independence requirements of the Accounting Professional and Ethical Standards Board.

# **Auditor's Opinion**

In our opinion,

- a the financial report of National Electrical Contractors Association SA Chapter;
  - i presents fairly, in all material respects, the Entity's financial position as at 30 June 2016 and of its performance and cash flows for the year then ended; and
  - ii complies with Australian Accounting Standards and all requirements of Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009.
- b the financial report also complies with International Financial Reporting Standards as disclosed in the notes to the financial statements.
- c the financial report of National Electrical Contractors Association SA Chapter is prepared on going concern basis which is appropriate.

Adelaide, 30 September 2016

15 July 2016

Mr Laurence Moore Secretary National Electrical Contra

National Electrical Contractors Association-South Australian Chapter

By email: <a href="mailto:lmoore@necasa.asn.au">lmoore@necasa.asn.au</a>

Dear Mr Moore,

Re: Lodgement of Financial Report - [FR2016/274]

Fair Work (Registered Organisations) Act 2009 (the RO Act)

The financial year of the National Electrical Contractors Association-South Australian Chapter (the reporting unit) ended on 30 June 2016.

This is a courtesy letter to remind you of the obligation to prepare and lodge the financial report for the reporting unit by the due date under s.268 of the RO Act, that being within 14 days after the meeting referred to in s.266 of the RO Act.

#### **Timelines**

The RO Act sets out a particular chronological order in which financial documents and statements must be prepared, audited, provided to members and presented to a meeting. For your assistance, the attached *Timeline/Planner* summarises these requirements.

### Fact sheets, guidance notes and model statements

Fact sheets and guidance notes in relation to financial reporting under the RO Act are provided on the Fair Work Commission website. This includes a model set of financial statements which have been developed by the FWC. It is not obligatory to use this model but it is a useful resource to ensure compliance with the RO Act, the Reporting Guidelines and the Australian Accounting Standards. The model statement, Reporting Guidelines and other resources can be accessed through our website under <a href="Financial Reporting">Financial Reporting</a> in the Compliance and Governance section.

#### Loans, grants and donations: our focus this year

Also you are reminded of the obligation to prepare and lodge a statement showing the relevant particulars in relation to each loan, grant or donation of an amount exceeding \$1,000 for the reporting unit during its financial year. Section 237 requires this statement to be lodged with the FWC within 90 days of the end of the reporting unit's financial year, that is on or before 28 September 2016. A sample statement of loans, grants or donations is available at <a href="mailto:sample documents">sample documents</a>.

Over the past year we have noted issues in organisations' financial reports relating to timelines and how loans, grants and donations are reported. We will be focusing closely on these areas this year. Please find attached below fact sheets relating to these requirements or alternatively visit our website for information regarding <u>financial reporting timelines</u> and <u>loans</u>, <u>grants and donations</u>.

It is requested that the financial report and any Statement of Loans, Grant or Donations be lodged electronically by emailing <a href="mailto:orgs@fwc.gov.au">orgs@fwc.gov.au</a>.

Telephone: (03) 8661 7777

Email: orgs@fwc.gov.au

Internet: www.fwc.gov.au

# Civil penalties may apply

It should be noted that s.268 is a civil penalty provision. Failure to lodge a financial report may result in legal proceedings being issued with the possibility of a pecuniary penalty (up to \$54,000 for a body corporate and \$10,800 for an individual per contravention) being imposed upon your organisation and/or an officer whose conduct led to the contravention.

#### Contact

Should you wish to seek any clarification in relation to the above, email <a href="mailto:orgs@fwc.gov.au">orgs@fwc.gov.au</a>. Yours sincerely,

Annastasia Kyriakidis

Adviser

Regulatory Compliance Branch

Telephone: (03) 8661 7777

# **Financial reporting timelines**

Financial reports are to be lodged with the Fair Work Commission (the Commission) within 14 days of the meeting at which the financial reports have been presented, by completing the steps as outlined below.

See Fact sheet—Financial reporting for an explanation of each of these steps.

© Commonwealth of Australia 2016

# Fact Sheet - Loans, Grants & Donations

# The Loans, Grants & Donations Requirements

The Fair Work (Registered Organisations) Act 2009 (the RO Act) requires an organisation or branch to lodge a loans, grants and donations statement (the statement) within **90 days** of the ending of the financial year.

Under the General Manager's Reporting Guidelines, a reporting unit's General Purpose Financial Report (the financial report) must break down the amounts of grants and donations (see below). The figures in the financial report will be compared to the loans, grants and donations statement.

# The Loans, Grants & Donations Statement

Section 237 of the RO Act applies to every loan, grant and donation made by an organisation or branch during the financial year that exceed \$1000. The following information must be supplied to the Commission for each relevant loan, grant or donation:

the amount,

the purpose,

the security (if it is a loan),

the name and address of the person to whom it was made,\* and

the arrangements for repaying the loan.\*

\*The last two items are not required if the loan, grant or donation was made to relieve a member of the organisation (or their dependent) from severe financial hardship.

The statement must be lodged within 90 days of the end of the financial year and the Commission has a <u>Template Loans</u>, <u>Grants and Donations Statement</u> on its website. The Commission encourages branches and organisations to lodge the statement even if all of the figures are NIL.

# **Common misconceptions**

Over the years, staff of the Commission have noted that there are some common misunderstandings made in relation to the Statement. They include:

| Misconception |   | Requirement |  |  |
|---------------|---|-------------|--|--|
| ×             | Only reporting units must lodge the Statement.      | <b>√</b>    | All branches and organisations, regardless of whether they lodge a financial report, must lodge the statement within 90 days of the end of the financial year. An organisation cannot lodge a single statement to cover all of its branches. |  |
| ×             | Employees can sign the Statement.                   | <b>√</b>    | The statement must be signed by an elected officer of the relevant branch.   |  |
| ×             | Statements can be lodged with the financial report. | <b>√</b>    | The deadline for the statement is much shorter (90 days) and if it is lodged with the financial report it is likely to be late.  |  |

# **Grants & Donations within the Financial Report**

Item 16(e) of the <u>General Manager's Reporting Guidelines</u> requires the reporting unit to separate the line items relating to grants and donations into grants or donations that were \$1000 or less and those that exceeded \$1000.

As such, the note in the financial report relating to grants and donations will have four lines.

In the Commission's Model Statements the note appears as follows:

# Note 4E: Grants or donations\*

| Grants:                              | 2016 | 2015 |
|--------------------------------------|------|------|
| Total paid that were \$1,000 or less | -    | -    |
| Total paid that exceeded \$1,000     | -    | -    |
| Donations:                           |      |      |
| Total paid that were \$1,000 or less | -    | -    |
| Total paid that exceeded \$1,000     | -    | -    |
| Total grants or donations            | -    | -    |

Item 17 of the General Manager's Reporting Guidelines requires that these line items appear in the financial report even if the figures are NIL.

# Implications for filing the Financial Report

During their review of the 2016 financial report staff of the Commission will confirm that the figures in the financial report match the disclosures made in the statement. Any inconsistencies in these figures will be raised with the organisation or branch for explanation and action.

This may involve lodging an amended loans, grants or donations statement. Any failure to lodge a loans, grants or donations statement or lodging a statement that is false or misleading can attract civil penalties under the RO Act.

If a reporting unit did not fully comply with these requirements in their 2015 financial report, its filing letter will have included a statement reminding the reporting unit of its obligations.

It is strongly recommended that all reporting units review their filing letters from the previous financial year to ensure any targeted concerns are addressed in their latest financial report. Failure to address these individual concerns may mean that a financial report cannot be filed.

Previous financial reports and filing letters are available from the **Commission's website**.

# **Further information**

If you have any further questions relating to the loan, grant and donation disclosure requirements in the statement or the financial report, please contact the Regulatory Compliance Branch on <a href="mailto:orgs@fwc.gov.au">orgs@fwc.gov.au</a>
