Mr Grahame McCulloch General Secretary National Tertiary Education Industry Union PO Box 1323 SOUTH MELOURNE Vic 3205

Dear Mr McCulloch

Re: Financial Returns for Financial Year ended 30 June 2003 - FR2003/410

Receipt is acknowledged of the financial documents of the National Tertiary Education Industry Union for the year ended 30 June 2003. The documents were received in this office on 20 February 2004.

The documents have been filed.

New legislation

As you would know the Workplace Relations (Registration and Accountability of Organisations) legislation (the RAO legislation) generally came into operation on 12 May 2003.

The RAO legislation establishes a **Registration and Accountability of Organisations Schedule** (the RAO Schedule) inserted as Schedule IB within the *Workplace Relations Act 1996* (the WR Act) pertaining to registered organisations. Many of the provisions relating to registered organisations in the WR Act have been replicated in the new RAO Schedule, with some amendments. Other matters have been substantially changed by the RAO Schedule, particularly the financial reporting requirements.

Please note that the reporting obligations for the financial year ending 30 June 2004 will be governed by the requirements of the RAO Schedule (whereas your organisation has been required to complete the financial reporting obligations for the financial year ending 30 June 2003 under the previous provisions of the WR Act). This is because the relevant provisions of the *Workplace Relations Legislation Amendment (Registration of Accountability of Organisations) (Consequential Provisions) 2002 Act* apply to the first complete financial year subsequent to the commencement of the legislation [(see item 44(1)]. Should you wish to discuss this letter or if you require further information on the financial reporting requirements of the *Workplace Relations Act 1996*, I may be contacted on 03-8661 7776.

Yours sincerely

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2003

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are a general purpose financial report prepared in accordance with applicable Accounting Standards, and Urgent Issues Group Consensus Views.

(a) **Basis of Accounting**

The financial statements have been prepared on the basis of historical costs and do not take into account changing money values or current valuations of non-current assets. The accounting policies are consistently applied.

(b) Consolidation

The financial statements reflect the results of operations and state of affairs of the National Level of the National Tertiary Education Industry Union. There has been no consolidation performed of individual State Divisions and Branches, as the Rules of the Union establish autonomy for each Division and Branch in respect of operating policies and decision-making. Accordingly, the criteria for consolidation as set out in Accounting Standard AAS 24 "Consolidated Financial Reports" has not been met.

(c) Revenue Recognition

(i) National Fee

National fee revenue represents the National Office percentage of contributions made by Union members. The National fee revenue is recognised in the period in which the member has made their Union contribution.

(ii) Other Revenue

Other revenue comprises revenue earned from the provision of products or services, interest on monies deposited and rentals received from investment entities. These revenues are recognised when the goods or services are provided, or when the fee in respect of services provided is receivable.

(d) **Property, Plant & Equipment**

Property, plant and equipment are recorded at cost. Depreciation and amortisation of property, plant, and equipment and leasehold improvements is calculated on the straight-line basis in order to write the assets off over their estimated useful lives.

(e) Leased Assets

The union has not entered into any lease agreements.

(f) Allowance for Doubtful Debts

Allowance for doubtful debts is recognized when collection of trade debtors in full is no longer probable. Collectability of overdue accounts is assessed on an ongoing basis.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2003

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D...)

(g) Employee Benefits

(i) Wages and Salaries and Annual Leave

Liabilities for wages and salaries and annual leave are recognised, and are measured, as the amount unpaid at the reporting date at current pay rates in respect of employee's services up to the balance date. The provision has been calculated at nominal amounts based on current wage and salary rates and includes related on-costs.

(ii) Long Service Leave

The liability for employee entitlements to long service leave represents the present value of the estimated future cash outflows to be made by the employer resulting from employees' services provided up to the balance date.

Liabilities for employee entitlements, which are not expected to be settled within 12 months, are discounted using the rates attaching to national government securities at balance date, which most closely match the terms of maturity of the related liabilities.

In determining the liability for employee entitlements, consideration has been given to future increases in wage and salary rates, and the economic entity's experience with staff departures. Related on-costs have also been included in the liability.

(h) Income tax

No provision for Income Tax is necessary as "Trade Unions" are exempt from income tax under Section 50-15 of the Income tax Assessment Act.

(i) Cash Flows

For the purpose of the statement of cash flows, cash includes cash on hand and held at call with banks, net of bank overdrafts.

(j) Investments

Investments in unlisted companies and unit trusts are carried at the lower of cost and recoverable amount. Loans relating to the investments are offset against the carrying value of the investment to represent the Union's net interest in the investment.

(k) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable form the Australian Tax Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated with the amount of GST included.
