Dear Ms Galbraith

Re: Financial Report for The Pharmacy Guild of Australia - Australian Capital Territory Branch for year ended 30 June 2012 - FR2012/277

I acknowledge receipt of the financial report for The Pharmacy Guild of Australia - Australian Capital Territory Branch, for the year ended 30 June 2012. The report was lodged on 3 October 2012.

The financial report has been filed and does not require any further action.

I make the following comment to assist you when you next prepare a financial report.

Committee of Management Statement 1.

Reporting Guideline 25(e)(iii) provides that the Committee of Management Statement ('the Statement') must include a declaration that in the opinion of the Committee, the financial records of the reporting unit have been kept and maintained in accordance with the Fair Work (Registered Organisations) Act 2009 and the Fair Work (Registered Organisations)Regulations 2009 ('the Regulations'). The reporting unit's declaration in this regard does not refer to the Regulations.

Please ensure that in future reports, declarations within the Statement include a complete reference to the legislative provision as required under the Reporting Guidelines.

2. Extraneous documents

The President's Report on page 3 and the Branch Annual Report - 2012 are not required to be lodged. Please note that once these documents are filed they appear on the Fair Work Australia organisations website at: http://www.e-airc.gov.au/175vact/

To avoid unnecessary confidential documents from appearing on the internet, documents that are not required to be lodged under the Act should not be submitted to FWA.

If you wish to discuss any of the matters referred to above I can be contacted on (03) 8661 7787.

Yours sincerely

then Haldrin

Independent auditor's report to the members of The Pharmacy Guild of Australia - ACT Branch

We have audited the accompanying financial report of The Pharmacy Guild of Australia - ACT Branch ("the Guild"), which comprises the balance sheet as at 30 June 2012, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the Committee of Management's Certificate.

Committee of Management's Responsibility for the Financial Report

The Committee of Management of the Guild are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and the Fair Work (Registered Organisations) Act 2009 and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Committee of Management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit we have complied with the independence requirements of the Australian professional accounting bodies.

Opinion

In our opinion, the financial report presents fairly, in all material respects, the financial position of The Pharmacy Guild of Australia - ACT Branch as of 30 June 2012, and its financial performance and cash flows for the year then ended in accordance with Australian Accounting Standards and the Fair Work (Registered Organisations) Act 2009.

Note 1: Organisational Information

The financial report of The Pharmacy Guild of Australia ACT Branch (the Guild) for the year ended 30 June 2012 was authorised for issue in accordance with a resolution passed by the Branch Committee on 3 September 2012. The Pharmacy Guild of Australia ACT Branch is an unincorporated organisation registered under the *Fair Work (Registered Organisations) Act 2009* and domiciled in Australia. The nature of the operations and the principal activities of the Guild are described in the Operating Report.

Note 2: Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial report is a general purpose financial report which has been prepared in accordance with the requirements of the *Fair Work (Registered Organisation) Act 2009*, Australian Accounting Standards and other Authoritative pronouncements of the Australian Accounting Standards Board.

The financial report has been prepared on a historical cost basis and is presented in Australian dollars.

New Accounting Standards and Interpretations

In the current period, the Guild has adopted all new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current annual reporting period.

Various standards and interpretations were on issue but were not yet effective at the date of authorisation of the financial report. The issue of these standards and interpretations do not affect the Guild's present policies and operations. The branch committee anticipates that the adoption of these Standards and Interpretations in future periods will have no material financial impact on the financial statements of the Guild.

(b) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the purposes of the Statement of Cash Flows, cash and cash equivalents consists of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

Note 2: Summary of Significant Accounting Policies (continued)

(c) Inventories

Inventories are valued at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(d) Taxes

Income Tax

The Guild is exempt from income tax in accordance with Section 50-15 of the Income Tax Assessment Act 1997.

Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of the amount of GST except:

(i) where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and

(ii) receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Balance Sheet.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(e) Trade and other receivables

Trade receivables, which generally have 30-day terms, are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

Note 2: Summary of Significant Accounting Policies (continued)

(e) Trade and other receivables (continued)

Collectability of trade debtors is reviewed on an ongoing basis. Individual debts that are known to be uncollectable are written off when identified. An allowance for doubtful debts is made when there is objective evidence that the Guild will not be able to collect the debts. Financial difficulties of the debtor, default payments or debts more than 90 days overdue are considered objective evidence of impairment. The amount of the impairment loss is the receivable carrying amount compared to the present value of estimated future cash flows, discounted at the original effective interest rate.

Bad debts are written off when identified.

(f) Employee benefits

(i) Wages, salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date. They are measured at the amounts expected to be paid when the liabilities are settled. Expenses for non-accumulating sick leave are recognised when the leave is taken and are measured at the rates paid or payable.

(ii) Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Where material, expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

(g) Property, plant and equipment

Cost and Valuation

Plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Such cost includes the cost of replacing parts that are eligible for capitalisation when the cost of replacing the parts is incurred. All other repairs and maintenance are recognised in profit or loss as incurred.

Note 2: Summary of Significant Accounting Policies (continued)

(g) Property, plant and equipment (continued)

Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful life of the specific assets as follows:

Major depreciation periods are:	2012	2011
Plant and equipment:		
- office equipment	3 -5 years	3-5 years
- furniture & fittings	6-10 years	6-10 years
- IT equipment	4 years	4 years

The assets' residual values, useful lives and amortisation methods are reviewed, and adjusted if appropriate, at each financial year end.

Derecognition and disposals

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are included in the statement of comprehensive income.

Impairment

The carrying values of plant and equipment are reviewed for impairment at each reporting date, with recoverable amount being estimated when events or changes in circumstances indicate that the carrying value may be impaired.

An impairment exists when the carrying value of an asset exceeds its estimated recoverable amount. The asset is then written down to its recoverable amount.

The recoverable amount of plant and equipment is the higher of fair value less costs to sell and value in use. Value in use for the Guild is taken to be its depreciated replacement cost (where they would replace the asset if deprived of it) as future economic benefit is not primarily dependent on the assets ability to generate future cashflows.

For plant and equipment, impairment losses are recognised in the statement of comprehensive income.

(h) Trade and other payables

Trade payables and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the Guild prior to the end of the financial year that are unpaid and arise when the Guild becomes obliged to make future payments in respect of the purchase of these goods and services. These amounts are unsecured and are usually paid within 30 days of recognition.

Note 2: Summary of Significant Accounting Policies (continued)

(i) Revenue recognition

Revenue is recognised and measured at the fair value of the consideration received or receivable to the extent that it is probable that the economic benefits will flow to the Guild and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods are recognised when the control of the goods has passed to the buyer.

Subsidies - National Secretariat

Revenue from subsidies are recognised following approval of the amount by the National Secretariat.

Professional Services

Revenue from professional services is recognised in accordance with Memorandum of Understanding between the ACT Branch and the National Secretariat as the services are provided.

Membership subscriptions

Revenue from membership subscriptions is recognised over the period of the membership.

Commissions

Revenue from commissions is recognised as and when the sale to which the commission relates has occurred.

Interest

Revenue is recognised as interest accrues using the effective interest method.

(j) Operating lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Operating lease payments are recognised as an expense in the statement of comprehensive income on a straight-line basis over the lease term. Operating lease incentives are recognised as a liability when received and subsequently reduced by allocating lease payments between rental expense and reduction of the liability.

Note 3: Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenues and expenses. Management bases its judgements and estimates on historical experience and on other factors it believes to be reasonable under the circumstances, the results of which form the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions and conditions.

Management has identified the following critical accounting policies for which significant judgements, estimates and assumptions are made. Actual results may differ from these estimates under different assumptions and conditions and may materially affect financial results or the financial position reported in future periods.

(a) Make good provisions

A provision has been made for the present value of anticipated costs of future restoration of leased premises. The provision includes future cost estimates of restoring the premise to its original state. Uncertainties may result in future actual expenditure differing from the amounts currently provided. The provision recognised is periodically reviewed and based on the facts and circumstances at that time.

(b) Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience. In addition, the condition of the assets is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

(c) Long Service leave provisions

The liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at balance date. In determining the present value of the liability, attrition rates and pay increases through promotion and inflation have been taken into account.

Note 4: Information to be Provided to Members or General Manager

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of sub-sections (1), (2), and (3) of Section 272, which read as follows:

- (1) A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1).

(ii) Lease provision

Refer to note 2(j) for the relevant accounting policy and a discussion of the significant estimations and assumptions applied in the measurement of this provision.

(iii) Make good

In accordance with the lease agreement with Gold Cross Products & Services Pty Limited, the Guild must restore the leased premises in Canberra to its original condition at the end of the lease term in 2016.

A provision of \$3,866 was raised during the year ended 30 June 2010 in respect of the Guild's obligation to remove leasehold improvements from the leased premises and is included in the carrying amount of the leasehold improvements. During the year ended 30 June 2012 the Guild provided a further \$678 (2011: \$355) for this purpose.

Because of the long-term nature of the liability, the greatest uncertainty in estimating the provision is the costs that will ultimately be incurred. The provision has been calculated using a pre-tax discount rate of 10.52% (2011: 11.41%).

Note 12: Events after the balance sheet date

There have been no significant events that have occurred subsequent to 30 June 2012.

Note 13: Financial risk management objectives and policies

The Guild's principal financial instruments comprise of mainly cash at bank, receivables and payables.

The main risk arising from the Guild's financial instruments are interest rate risk, credit risk and liquidity risk.

Details of the significant accounting policies and methods adopted, including criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised in respect of each class of financial asset are disclosed in Note 2 to the financial statements.

Note 13: Financial risk management objectives and policies (continued)

Financial Instruments

The Guild manages its exposure to key financial risks, which primarily relate to interest rate risk in accordance with the Guild's policies. The objective of the policy is to support the delivery of the Guild's services to its members whilst protecting financial security.

The Guild uses different methods to measure and manage different types of risks to which it is exposed. These include monitoring levels of interest rates, ageing analyses to manage credit risk, whilst liquidity risk is monitored through the development of cash flow forecasts.

Primary responsibility for identification and control of financial risks rests with the Committee members. The Guild reviews and agrees policies for managing this risk and these are summarised below.

(a) Credit risk

Credit risk arises from the financial assets of the Guild comprising cash and cash equivalents and trade and other receivables. The Guild's exposure to credit risk arises from potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments. The carrying amounts of the Guild's financial assets are the same as their fair value. Exposure at balance date is presented in the following table:

Financial assets	As at 3	0 June
	2012	2011
	\$	\$
Cash and cash equivalents	211,631	135,229
Trade and other receivables	36,824	99,234

The Guild does not hold any credit derivatives to offset its credit exposure.

The Guild deals with recognised, creditworthy third parties, and as such collateral is not requested nor is it Branch policy to securitise its receivables.

In addition, trade and other receivable balances are monitored on an ongoing basis with the result that the Guild's exposure to bad debts is not significant. All customers are located in Australia. Credit risk in trade and other receivables is managed by having payment terms of 30 days.

Concentration of Risk

The Guild minimises concentrations of credit risk in relation to trade and other receivables by undertaking transactions mainly with its members. However, all of the Guild's cash is held with one financial institution. Management considers the chance the National Australia Bank defaulting on any obligation to the Branch to be minimal.

Note 13: Financial risk management objectives and policies (continued)

(b) Liquidity risk

The exposure to liquidity risk is based on the notion that the Guild will encounter difficulty in meeting its obligations associated with the financial liabilities. The Guild's exposure to liquidity risk relates primarily to trade creditors. The Guild has no borrowing.

The following table illustrates the exposure and maturities for financial assets and financial liabilities:

•					
2012	No later than one month 2012	31 to 60 days 2012	61 to 90 days 2012	>90 days 2012	Total 2012

Fair Value

The methods for estimating fair value are outlined in the relevant notes to the financial statements.

Note 13: Financial risk management objectives and policies (continued)

(c) Interest rate risk

The Guild's exposure to market risk pertains to interest rate risk. Interest rate risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Guild's interest rate risk relates primarily to its cash deposits with financial institutions which are subject to variable interest rates.

The Guild has no debt obligations exposed to interest rate risk.

At balance date, the Guild had the following mix of financial assets exposed to Australian variable interest rate risk.

	2012 \$	2011 \$
Financial Assets		
Cash and cash equivalents	211,631	135,229

At balance date, if interest rates had moved, as illustrated in the table below, with all other variables held constant, net surplus from operations and equity would have been effected as follows:

Judgements of reasonably possible movements:	Net Surplus Higher/(Lower)		Eq /Higher	,
Domestic interest rates	2012 2011		2012	2011
	\$	\$	\$	\$
+0.5% (50 basis points)	1,043	662	1,043	662
-0.5% (50 basis points)	(1,043)	(662)	(1,043)	(662)

(d) Capital Management

When managing capital, the committee's objective is to ensure the Guild continues as a going concern. The capital needs of the Branch are determined annually by the committee through the budgeting process.

Note 14: Contingencies

There was no material contingency at year end.
