Dear Mr Logan,

## The Pharmacy Guild of Australia-Queensland Branch Financial Report for the year ended 30 June 2013 [FR2013/177]

I acknowledge receipt of the financial report of The Pharmacy Guild of Australia-Queensland Branch. The documents were lodged with the Fair Work Commission on 11 October 2013.

The financial report has now been filed.

The financial report was filed based on a primary review. This involved confirming that the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements.

Please note that the financial report for the year ending 30 June 2014 may be subject to an advanced compliance review.

I make the following comments to assist you when you next prepare a financial report. You are not required to take any further action in respect of the report lodged. The Fair Work Commission will confirm these concerns have been addressed prior to filing next year's report.

#### Revenue recognition

The Australian Accounting Standard *AASB 101 Presentation of Financial Statements* paragraph 117 and *AASB 118: Revenue* paragraph 35(a) requires that the entity must disclose the measurement basis or bases used in recognising revenue.

The accounting policy for membership subscriptions has not been disclosed.

#### Disclosure of provisions for employee benefits for office holders and other employees

The Reporting Guidelines require either the statement of financial position or the notes to disclose any liability for employee benefits in respect of office holders and other employees (items 21(c) and 21 (d)). Provisions for annual leave, long service leave, separation and redundancies and other employee provisions must be separately disclosed.

Note 18 discloses provisions for annual leave and long service leave with respect to office holders and other employees but does not separately disclose provisions for separation and redundancies and other employee provisions. Please note that item 22 of the Reporting Guidelines states that if the activities identified in item 21 have not occurred in the reporting period, a statement to this

Email: orgs@fwc.gov.au

effect must be included in the notes to the GPFR. I note that no such disclosure has been made with respect to provisions for separation and redundancies and other employee provisions.

#### **Activities under Reporting Guideline not disclosed**

Item 16 of the Reporting Guidelines states that if the activities identified in item 15 have not occurred in the reporting period, a statement to this effect must be included in the notes to the GPFR. I note that no such disclosure has been made with respect to item 15(b), capitation fees received from another reporting unit of the organisation.

If you have any queries regarding this letter, please contact me on (03) 8661 7942 or via email at <a href="mailto:rebecca.lee@fwc.gov.au">rebecca.lee@fwc.gov.au</a>.

Yours sincerely,

delul

## Notes to the Financial Statements

for the year ended 30 June 2013

This financial report includes the consolidated financial statements and notes of The Pharmacy Guild of Australia (Queensland Branch) and controlled entities ('Consolidated Group' or 'Group'), and the separate financial statements and notes of The Pharmacy Guild of Australia (Queensland Branch) as an individual parent entity ('Parent Entity'). The Pharmacy Guild of Australia (Queensland Branch) is an organisation registered under the Fair Work (Registered Organisations) Act 2009. The nature of the operations and the principal activities of the Guild are described in the Operating Report.

#### 1. Statement of significant accounting policies

#### Basis of preparation

#### Reporting Basis and Conventions

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Fair Work (Registered Organisations) Act 2009

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Material accounting policies adopted in the 'preparation of this financial report are presented below and have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

This financial report was authorised for issue in accordance with a resolution passed by the Branch Committee on 4th September 2013.

#### **Accounting policies**

#### a. Principles of consolidation

A controlled entity is any entity over which The Pharmacy Guild of Australia (Queensland Branch) has the power to govern the financial and operating policies so as to obtain benefits from its activities. In assessing the power to govern, the existence and effect of holdings of actual and potential voting rights are considered.

A list of controlled entities is contained in Note 12 to the financial statements.

As at reporting date, the assets and liabilities of all controlled entities have been incorporated into the consolidated financial statements as well as their results for the year then ended.

## The Pharmacy Guild of Australia (Queensland Branch) and its controlled entities

### Notes to the Financial Statements

for the year ended 30 June 2013

#### 1. Statement of significant accounting policies (continued)

All inter-group balances and transactions between entities in the consolidated group, including any unrealised profits or losses, have been eliminated on consolidation.

#### b. Income tax

Parent entity

The Pharmacy Guild of Australia (Queensland Branch) is exempt from income tax under Section 50-15 of the Income Tax Assessment Act 1997.

#### Controlled entities

The income tax expense for the year comprises current income tax expense and deferred tax expense.

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities are therefore measured at the amounts expected to be paid to the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well unused tax losses.

Current and deferred income tax expense is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary difference arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

#### c. Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

## Notes to the Financial Statements

for the year ended 30 June 2013

#### 1. Statement of significant accounting policies (continued)

#### Depreciation

The depreciable amount of all fixed assets, including buildings, but excluding freehold land, is depreciated on a straight line basis over the asset's useful life to the consolidated group commencing from the time the asset is held ready for use. The depreciation rates used for each class of assets are:

Class of Fixed AssetDepreciation RateBuildings2.5%Plant and Equipment5.0 - 40.0%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of profit or loss and other comprehensive income.

#### d. Financial instruments

#### Recognition and initial measurement

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the consolidated entity becomes a party to the contractual provisions of the instrument. For financial assets, this is equivalent to the date that the entity commits itself to either purchase or sell the asset (i.e. Trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs where the instrument is classified 'at fair value through profit and loss' in which case transaction costs are expensed to profit or loss immediately.

#### Classification and subsequent measurement

Finance instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method or cost. *Fair value* represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as: (i) the amount at which the financial asset or financial liability is measured at initial recognition; (ii) less principal repayments; (iii) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated, using the effective interest method; and (iv) less any reduction for impairment.

for the year ended 30 June 2013

#### 1. Statement of significant accounting policies (continued)

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transactions costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

#### (i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

#### Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the consolidated entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed is recognised in profit or loss

#### e. Impairment of assets

At each reporting date, the consolidated entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of profit or loss and other comprehensive income.

#### f. Intangibles

#### Research and development

Costs are incurred on internally developed computer software.

Expenditure during the research phase of a project is recognised as an expense when incurred. Development costs are capitalised only when technical feasibility studies identify that the project will deliver future economic benefits and these benefits can be measured reliably.

## Notes to the Financial Statements

for the year ended 30 June 2013

#### 1. Statement of significant accounting policies (continued)

#### f. Intangibles (continued)

Development costs (including any associated patents and trademarks) have an infinite life and are tested annually for impairment and carried at cost.

#### g. Employee benefits

Provision is made for the consolidated entity's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cashflows to be made for those benefits. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

#### h. Cash and cash equivalents

Cash and cash equivalents include cash on hand and deposits held at call with banks.

#### i. Revenue and other income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Revenue from the sale of goods is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and the cessation of all involvement in those goods.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognition relating to the provision of services is determined with reference to the stage of completion of the transaction at reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

## The Pharmacy Guild of Australia (Queensland Branch) and its controlled entities

## Notes to the Financial Statements

for the year ended 30 June 2013

#### 1. Statement of significant accounting policies (continued)

#### i. Revenue and other income (continued)

All revenue is stated net of the amount of goods and services tax (GST).

#### j. Finance costs

All finance costs are recognised in the statement or profit or loss and other comprehensive income in the period in which they are incurred.

#### k. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### I. Grants

Government and other grants are recognised at fair value where there is reasonable assurance that the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. It is the policy of the entity to treat grant monies as unexpended grants in the balance sheet where the entity is contractually obliged to provide the services in a subsequent financial period to when the grant is received or in the case of specific project grants where the project has not been completed.

#### m. Comparatives

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

## Notes to the Financial Statements

for the year ended 30 June 2013

#### 1. Statement of significant accounting policies (continued)

#### n. Critical accounting estimates and judgements

The committee members evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the consolidated entity.

## o. Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the Group

At the date of authorisation of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but are not yet effective, and have not been adopted early by the Group. Management anticipates that all of the relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning after the effective date of the pronouncement. Information on new standards, amendments and interpretations that are expected to be relevant to the Group's financial statements is provided below.

Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Group's financial statements.

#### **AASB 9** Financial Instruments

Effective date for entity: 1 January 2013

The AASB aims to replace AASB 139 Financial Instruments: Recognition and Measurement in its entirety. The replacement standard (AASB 9) is being issued in phases. To date, the chapters dealing with recognition, classification, measurement and de-recognition of financial assets and liabilities have been issued. These chapters are effective for annual periods beginning 1 January 2013. Further chapters dealing with impairment methodology and hedge accounting are still being developed.

Impact: Minimal impact expected

#### **AASB 13** Fair Value Measurement

Effective date for entity: 1 January 2013

AASB 13 does not affect which items are required to be fair-valued, but clarifies the definition of fair value and provides related guidance and enhanced disclosures about fair value measurements.

Impact: The impact of AASB 13 has not yet been determined

AASB 2011-4 Amendments to Australian Accounting Standards to Remove Individual Key Management

Personnel Disclosure Requirements

Effective date for entity: 1 July 2013

AASB 2011-4 makes amendments to AASB 124 Related Party Disclosures to remove individual key management personnel disclosure requirements, to achieve consistency with the international equivalent (which includes requirements to disclose aggregate (rather than individual) amounts of KMP compensation), and remove duplication with the Corporations Act 2011.

Impact: No significant impact expected

Amendments to AASB 1053: Application of Tiers of Australian Accounting Standards

Effective date for entity: 1 July 2013

AASB 1053 establishes a differential financial reporting framework consisting of two Tiers of reporting requirements for preparing general purpose financial statements:

- a) Tier 1: Australian Accounting Standards; and
- b) Tier 2: Australian Accounting Standards Reduced Disclosure Requirements.

Tier 2 comprises the recognition, measurement and presentation requirements of Tier 1 and substantially reduced disclosures corresponding to those requirements.

The following entities apply Tier 1 requirements in preparing general purpose financial statements:

- a) for-profit entities in the private sector that have public accountability; and
- b) the Australian Government and State, Territory and Local Governments.

The following entities apply either Tier 2 or Tier 1 requirements in preparing general purpose financial statements:

- a) for-profit private sector entities that do not have public accountability;
- b) all not-for-profit private sector entities; and
- c) public sector entities other than the Australian Government and State, Territory and Local Governments.

Consequential amendments to other standards to implement reduced disclosure requirements were introduced by AASB 2010-2.

Impact: No significant impact expected

#### 2. Information to be provided to Members or Registrar

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1), (2) and (3) of section 272 of Fair Work (Registered Organisations) Act 2009 which read as follows:

- (1) "A Member of a reporting unit, or a General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1)."

#### a. Provision for impairment of receivables

Current trade receivables are non-interest bearing loans and generally on 30 days from end of month terms. A provision for impairment is recognised when there is objective evidence that an individual trade receivable is impaired. There are financial assets which are past due but not considered to be impaired. In the 2013 financial year there has been impairment write downs in loan balance in relation to loans made to InnovationRX International Pty Limited. \$519,321 was impaired against the current portion of the loan and \$1,842,500 against the non-current portion of the loan balance in the parent entity. Subsequent to year end the Branch Committee has agreed to wind up InnovationRX Pty Ltd and it's controlled entities. As a result, all amounts receivable from InnovationRx International Pty Ltd and its controlled entities as at 30 June 2013 have been fully provided for by management.

#### Credit risk

The group has no significant concentration of credit risk with respect to any single counter party or group of counter parties other than those receivables specifically provided for and mentioned within Note 9. The main source of credit risk to the group is considered to be the class of assets described as "trade and other receivables".

The following table details the group's trade and other receivables exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled, within the terms and conditions agreed between the group and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the group.

The balances of receivables that remain within the initial trade terms (as detailed in the table) are considered to be of high credit quality.

#### 23. Financial risk management (continued)

#### Financial risk management policies

The committee's overall risk management strategy seeks to assist the group in meeting its financial targets, whilst minimising potential adverse effects on financial performance. Risk management policies are approved and reviewed by the committee of management on a regular basis. These include the credit risk policies and future cash flow requirements.

The main purpose of non-derivative financial instruments is to raise finance for group operations. The group does not have any derivative instruments at 30 June 2013 (2012: nil).

The finance committee, consisting of senior executives of the group, meets on a regular basis to analyse financial risk exposure and to evaluate treasury management strategies in the context of the most recent economic conditions and forecasts. The finance committee's overall risk management strategy seeks to assist the consolidated group in meeting its financial targets, whilst minimising potential adverse effects on financial performance.

The finance committee operates under policies that are approved and reviewed by the committee of management. Risk management policies are approved and reviewed by the committee of management on a regular basis. These include credit risk policies and future cash flow requirements.

#### Specific financial risk exposures and management

The main risks the group is exposed to through its financial instruments are interest rates, liquidity risk and credit risk.

#### a. Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at reporting date whereby a future change in interest rates will affect future cash flows.

As at 30 June 2013, the group is exposed to changes in market interest rates through cash at bank held at variable interest rates. Borrowings are at fixed interest rates. For further details on interest rate risk refer to Note 23b.

#### b. Liquidity risk

Liquidity risk arises from the possibility that the group might encounter difficulty in settling its debts or otherwise meeting its obligations relating to financial liabilities. The group manages this risk by monitoring forecast cash flows, maintaining a reputable credit profile, managing credit risk related to financial assets, and only investing surplus cash with major financial institutions.

The tables below reflect the undiscounted contractual maturity analysis for financial liabilities. Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflect the earliest contractual settlement dates and do not reflect management's expectations that banking facilities will be rolled forward.

## Notes to the Financial Statements

for the year ended 30 June 2013

#### 23. Financial risk management (continued)

#### c. Foreign exchange risk

The group is not exposed to fluctuations in foreign currency.

#### d. Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss to the group.

Credit risk is managed through maintaining procedures ensuring, to the extent possible, that customers and counterparties to transactions are of sound credit worthiness. It includes the utilisation of systems for the approval, granting and renewal of credit limits, the regular monitoring of exposures against such limits and the monitoring of the financial stability of significant customers and counterparties. Such monitoring is used in assessing receivables for impairment. Credit terms are generally 30 days from the date of invoice. Customers that do not meet the group's strict credit policies may only purchase in cash or using recognised credit cards.

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating or in entities that the Branch Committee has otherwise cleared as being financially sound.

#### Credit risk exposures

The maximum exposure to credit risk by class of recognised financial assets at balance date, excluding the value of any collateral or other security held, is the equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the balance sheet. There are no material amounts of collateral held as security at 30 June 2013 (2012: nil).

Trade and other receivables that are neither past due or impaired are considered to be of high credit quality. Aggregates of such amounts are as detailed at Note 9.

The group does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the consolidated group. The trade receivables balances at 30 June 2013 and 30 June 2012 do not include any counterparties with external credit ratings. Customers are assessed for credit worthiness using the criteria detailed above.

Credit risk related to balances with banks and other financial institutions is managed by the finance committee in accordance with approved committee of management policy. Such policy requires that surplus funds are only invested with counterparties with a Standard and Poor's (S&P) rating of at least AA-. The following table provides information regarding the credit risk relating to cash and money market securities based on S&P counterparty credit ratings.

		Consolidated Entity		Parent Entity	
		<b>2013</b> 2	2012	2013	2012
		\$	\$	\$	\$
Cash and cash equivalents					
- AA rated	8 _	3,508,037	4,023,613	3,483,522	4,014,936

#### e Price risk

Price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

The group is not exposed to any material commodity price risk.

for the year ended 30 June 2013

#### 23. Financial risk management (continued)

#### Net fair values

The entity has no listed investments. For other assets and other liabilities the net fair value approximates their carrying value. No financial assets and financial liabilities are readily traded on organised markets in standardised form.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the statement of financial position and in the notes to the financial statements.

#### Sensitivity analysis

The following table illustrates sensitivities to the group's exposures to changes in interest rates and equity prices. The table indicates the impact on how profit and equity values reported at balance date would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

	Consolida	Consolidated Entity		Entity
	Profit \$	Equity \$	Profit \$	Equity \$
Year-ended 30 June 2013 + / - 2% in interest rates	+/- 31,538	+/- 31,538	+/- 31,538	+/- 31,538
Year-ended 30 June 2012 + / - 2% in interest rates	+/- 56,610	+/- 56,610	+/- 93,008	+/- 93,008

The above interest rate sensitivity analysis has been performed on the assumption that all other variables remain unchanged.

#### 24. Events after reporting date

Subsequent to year end, the Branch Committee determined that the operations of InnovationRX Pty limited and its controlled entities were to be wound up. InnovationRX Pty Ltd and its controlled entities form part of the Consolidated Entity, however in the 2013 the total revenue of these entities was \$120 and all assets of the group were sold prior to year end. All loan balances disclosed in the Parent Entity have been fully provided for as at year end due to InnovationRx Pty Ltd not having the funds available to repay these balances prior to winding up.

As of the date of the signing of this report the director's were not aware of any further events which materially affect the numbers presented in this financial report.

#### 25. Related party transactions

#### 26. Leasing commitments

The parent entity leases the premises in which they operate from The Guild Properties (Queensland) Unit Trust which forms part of the consolidated group. The Brach Committee has agreed that an ongoing rental payment of \$540,000 per annum is paid for the use of the premises. This is payable annually in the books of the Parent Entity, however eliminated in the Consolidated Entity due to The Unit Trust being part of the Consolidated Group.

#### 27. Entity details

The registered office and principal place of business of the entity is:

The Pharmacy Guild of Australia (Queensland Branch) 132 Leichhardt Street SPRING HILL QLD 4004

## Independent Auditor's Report To the Members of Pharmacy Guild of Australia (Queensland Branch)

We have audited the accompanying financial report of Pharmacy Guild of Australia (Queensland Branch) (the "Guild"), which comprises the statement of financial position as at 30 June 2013, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies and other explanatory notes to the financial report and the statement by the Committee of Management of the Guild and the consolidated entity comprising the Guild and the entities it controlled at the year's end or from time to time during the financial year.

#### Responsibility of the Committee of Management for the financial report

The Committee of Management of the Guild are responsible for the preparation and fair presentation of the financial report in accordance with the Fair Work (Registered Organisations) Act 2009. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial report that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### **Auditor's responsibility**

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards which require us to comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error.
