**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014**

The financial statements cover Shop Distributive And Allied Employees Association, Newcastle And Northern Branch as an individual entity. Shop Distributive And Allied Employees Association, Newcastle And Northern Branch is an association incorporated in New South Wales and operating pursuant to the Associations Incorporation Act 2009.

The financial statements were authorised for issue on 25 August 2014 by the members of the association.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

These general purpose financial statements have been prepared in accordance with the Associations Incorporation Act 2009, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and the requirements imposed by Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009. The association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

(a) Income Tax

The Shop Distributive and Allied Employees Association, Newcastle and Northern Branch is an exempt body for income tax purposes.

**SHOP DISTRIBUTIVE AND ALLIED EMPLOYEES ASSOCIATION, NEWCASTLE
AND NORTHERN BRANCH

**NOTES TO THE FINANCIAL STATEMENTS

(b) Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. For financial assets, this is equivalent to the date that the association commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, where the instrument is classified 'at fair value through profit or loss' in which case transactions costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest method or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the effective interest method.

Impairment

At the end of each reporting period, the association assesses whether there is objective evidence that a financial asset has been impaired. A financial asset (or a group of financial assets) is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a 'loss event') having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

Derecognition

Financial assets are derecognised when the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised when the related obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

AND NORTHERN BRANCH
ABN 36 153 379 383**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014**

(c) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(d) Cash on Hand

Cash on hand includes cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less.

(e) Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted as a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Membership revenue is recognised as and when it falls due.

Interest revenue is recognised as and when it is received.

All revenue is stated net of the amount of goods and services tax.

(f) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST component of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

(g) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current year.

(h) New Accounting Standards for Application in Future Periods

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods and which the branch has decided not to early adopt. The branch has not adopted as they do not consider any of these applicable to the entity.

Financial Risk Management Policies

The association's treasurer is responsible for, among other issues, monitoring and managing financial risk exposures of the association. The treasurer monitors the association's transactions and reviews the effectiveness of controls relating to credit risk, financial risk and interest rate risk. The committee of management discusses at their meetings the monitoring and management of the financial risk exposures.

The Treasurer's overall risk management strategy seeks to ensure that the association meets its financial targets, while minimising potential adverse effects of cash flow shortfalls.

Specific Financial Risk Exposures and Management

The main risks the association is exposed to through its financial instruments are credit risk, liquidity risk and market risk relating to interest rate risk and other price risk.

There have been no substantive changes in the types of risks the association is exposed to, how these risks arise, or the Committee's objectives, policies and processes for managing or measuring the risks from the previous period.

(a) Credit risk

Credit risk arises from the cash assets held.

The branch's holding of cash assets is only held by the Commonwealth Bank of Australia, therefore the cash assets are deemed to have limited credit risk.

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating or in entities that the finance committee has otherwise cleared as being financially sound.

Credit risk exposures

The maximum exposure to credit risk at the reporting date is the carrying amount of the financial assets as reported in the statement of financial position.

(b) Liquidity Risk

Liquidity risk arises from the possibility that the branch might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The branch manages this risk through the following mechanisms:

- monitoring its cash flow on a weekly basis to ensure adequate funds are available to meet expenditure requirements; and
- only holding cash with major financial institutions;

The table below reflects an undiscounted contractual maturity analysis for non-derivative financial liabilities. The association does not hold directly any derivative financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflect the earliest contractual settlement dates.

Financial liability and financial asset maturity analysis

	Within 1 Year	
Financial liabilities due for payment		
Trade and other payables	41,747.87	40,470.87
Total contractual outflows	41,747.87	40,470.87

Total anticipated inflows	390,911.96	334,364.29
Net (outflow)/inflow on financial instruments	349,164.09	293,893.42

Financial assets pledged as collateral

No financial assets have been pledged as security for any financial liability.

(c) Market risk

Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments.

The branch does not have any long term borrowings. The branch's interest rate risks arise from cash assets. The branch's payables are non interest bearing.

Fair Values

Fair value estimation

The fair values of financial assets and financial liabilities approximate the carrying values of the financial assets and financial liabilities as presented in the statement of financial position. Fair value is the amount at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Committee's Responsibility for the Financial Report

The committee of management is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, Australian Accounting Interpretations, the Fair Work (Registered Organisations) Act 2009 and the Associations Incorporation Act 2009. The committee's responsibility also includes such internal control as the committee determines is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we complied with the independence requirements of Australian professional ethical pronouncements.
