1 Accounting Policies

These financial statements are a special purpose financial report prepared in order to satisfy the accounts preparation requirements of section 273 of the Workplace Relations Act 1996.

The committee have determined that the TFGA Industrial Association is not a reporting entity and therefore there is no need to apply Accounting Standards or other mandatory professional reporting requirements in the preparation and presentation of the financial statements.

The financial statements have been prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of these financial statements.

(a) Fixed Assets

Depreciation is calculated on the prime cost method so as to write off the net cost of the fixed asset over its expected life.

(b) Employee Entitlements

Provision for employee benefits in the form of long service leave and accrued annual leave have been made for the estimated accrued entitlements of all employees on the basis of their terms of employment.

(c) Income Tax

No provision for income tax is necessary as "Trade Unions" are exempt from income tax under section 50-15 of the Australian Income Tax Assessment Act 1997, as amended.

(d) Recoverable Amounts of Non Current Assets

The carrying amounts of all non-current assets are reviewed periodically to determine whether they are in excess of the recoverable amount. If the carrying amount exceeds the recoverable amount, the asset is written down to the lower amount. In assessing the recoverable amount, the expected net cash flows have not been discounted to their present values.

2 Information to be Provided to Members or Registrar

In accordance with the Section 274 (4) of the Workplace Relations Act 1996, as amended, members' attention is drawn to the following:

- (1) A member of an organisation, or a Registrar, may apply to the organisation for specified prescribed information in relation to the organisation.
- (2) An organisation shall, on application made under subsection (1) by a member of the organisation or a Registrar, make the specified information available to the member or Registrar in such manner and within such time, as is prescribed
- (3) A Registrar may only make an application under subsection (1) at the request of a member of the organisation concerned, and the Registrar shall provide to a member information received because of an application made at the request of the member.
