Dear Peter Biagini

Re: - Financial reporting - Transport Workers' Union of Australia, Queensland Branch - for year ending 31 December 2020 (FR2020/291)

I refer to the financial report of the Queensland Branch of the Transport Workers' Union of Australia in respect of the year ending 31 December 2020. The documents were lodged with the Registered Organisations Commission ('ROC') on 27 April 2021.

The financial report has been filed. The financial report was filed based on a primary review. This involved confirming whether the financial reporting timelines required under s.253, s.265, s.266 and s.268 of the *Fair Work (Registered Organisations) Act 2009* (RO Act) have been satisfied, all documents required under s.268 of the RO Act were lodged and that various disclosure requirements under the Australian Accounting Standards, RO Act and reporting guidelines have been complied with. A primary review does not examine all disclosure requirements. Please note the report for year ending 31 December 2021 may be subject to an advanced compliance review.

You are not required to take any further action in relation to the 2020 report. However I make the following comment to keep in mind when preparing the next report.

Non compliance with previous request - Auditor's declaration

Item 29(a) of the reporting guidelines sets out the format of auditor declaration as follows:

- 29. The auditor's statement:
- (a) must include a declaration that either:
 - i. the auditor is a registered auditor; or
 - ii. the auditor is a member of a firm where at least one member is a registered auditor; or
 - iii. the auditor is a member of a company where at least one of whose directors, officers or employees is a registered auditor.

The above format replaced the declaration previously set out in the superseded regulation 4 of the Fair Work (Registered Organisations) Regulations 2009. Regulation 4 was removed from the regulations in 2017 and the Reporting Guidelines (5th edition) were re-issued in May 2018 to reflect the new provisions for registration of auditors under sections 255A ff.

This issue was raised in last year's correspondence in relation to the 2019 report and mentioned in the correspondence in relation to the 2018 report. Future audit reports must include the new form

Website: www.roc.gov.au

of declaration. I attach a copy of the 5th edition of the Reporting Guidelines for convenient cross-reference.

Reporting Requirements

The ROC website provides a number of factsheets in relation to the financial reporting process and associated timelines. The website also contains the s.253 reporting guidelines and a model set of financial statements. The ROC recommends that reporting units use these model financial statements to assist in complying with the RO Act, the s.253 Reporting Guidelines and Australian Accounting Standards. Access to this information is available via this link.

Yours faithfully

Stephen Kellett

INDEPENDENT AUDITORS REPORT

To the members of Transport Workers Union of Australia (QLD Branch)

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Transport Workers Union of Australia (QLD Branch) (the reporting unit), which comprises the statement of financial position as at 31 December 2020, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies, the Committee of Management Statement, the subsection 255(2A) report and the officer declaration statement.

In our opinion the accompanying financial report of Transport Workers Union of Australia (QLD Branch), presents fairly, in all material respects, the reporting unit's financial position as at 31 December 2020 and its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards and any other requirement imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009.

As part of our audit of the financial statements, we have concluded that managements use of the going concern assumption as set out in Note 1 in the preparation of the financial statements is appropriate.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the reporting unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Committee of Management are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the reporting unit's operating report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Committee of Management for the Financial Report

The Committee of Management of the reporting unit are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Fair Work (Registered Organisations) Act 2009*, and for such internal control as the Committee of Management determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management are responsible for assessing the registered entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the responsible entities either intends to liquidate the registered entity or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence
 that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a
 material misstatement resulting from fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
 internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reporting Unit's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management.
- Conclude on the appropriateness of the Committee of Management's use of the going concern basis
 of accounting and, based on the audit evidence obtained, whether a material uncertainty exists
 related to events or conditions that may cast significant doubt on the Reporting Unit's ability to
 continue as a going concern. If we conclude that a material uncertainty exists, we are required to
 draw attention in our auditor's report to the related disclosures in the financial report or, if such

- disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Reporting Unit to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Reporting Unit to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Reporting Unit audit. We remain solely responsible for our audit opinion.

We communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during our audit.

This description forms part of our auditor's report.

Declaration by the auditor

I, T R Mann, declare that I am an approved auditor, a member of the Chartered Accountants Australia New Zealand and hold a current Public Practice Certificate.

REPORT REQUIRED UNDER SUBSECTION 255(2A)

for the year ended 31 December 2020

The Committee of Management presents the expenditure report as required under subsection 255(2A) on the Reporting Unit for the year ended 31 December 2020.

Categories of expenditures	2020 \$	2019 \$
Remuneration and other employment-related costs and expenses - employees	2,988,574	2,888,285
Advertising	46,612	50,873

Legal costs	84,206	77,140

Signature of designated officer: ..

Name and title of designated officer: LECONAL.

Date 23/2/202

Operating Report

for the year ended 31 December 2020

The Committee of Management presents its operating report on the Reporting Unit for the year ended 31 December 2020.

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activities of the Union during the financial year were the provision of industrial, professional and managerial services to the members consistent with the objects and rules of the Union and in particular, protecting and improving the interests of members. The Branch produced a range of publications for its members.

There were no significant changes in the nature of the Union's principal activities during the financial year.

Significant changes in financial affairs

No significant changes in the Union's financial state of affairs occurred during the financial year.

Matters subsequent to the end of the financial year

The full impact of the COVID-19 outbreak continues to evolve at the date of this report. The Union is therefore uncertain as to the full impact that the pandemic will have on its financial condition, liquidity, and future results of operations during 2021.

Management is actively monitoring the global situation and its impact on the Union's financial condition, liquidity, operations, suppliers and industry. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Union is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for the 2021 year.

Although the Union can't estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have a material adverse effect on the Union's results of future operations, financial position and liquidity for 2021.

Right of members to resign

Pursuant to section 174 of the Fair Work (Registered Organisations) Act 2009, members could resign from the Branch by written notice addressed and delivered to the Secretary-Treasurer in accordance with rule 11 of the Branch.

Officers or members who are superannuation fund trustee(s) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

The following officers of the Transport Workers Union of Australia (QLD Branch) were officeholders of TWU Nominees Pty Ltd, which is trustee of the TWU Superannuation Fund:

Mr Peter Biagini appointed 10/01/2011

To the best of the knowledge of the Committee, no other officer or member of the Union has held any position as Trustee or Director of Trustee Company of a Superannuation Entity or an Exempt Public Sector Superannuation Scheme at any time during the financial year.

There has been no criterion for any other officer or member of the Union to hold such a position during the financial year.

Operating Report (cont'd)

Number of members

Total membership of the Branch as at 31 December 2020 was 8,484 of which 7,437 were financial members. (This translates into 8,432 effective members for 2020. In 2019 there were 8,639 effective members).

Persons eligible to do so under the rules of the Branch were actively encouraged to join the Branch.

Number of employees

At 31 December 2020, there were 23 persons employed by the Branch.

Affiliations & Directorships

The Branch is affiliated with the Australian Labor Party ("ALP"). Delegates were credentialed to the State meetings of the ALP. The Branch secretary is a member of the ALP State Administrative Committee.

Names of Committee of Management members and period positions held during the financial year

The persons who held office as members of the Committee of Management at any time during the financial year were:

Name	Position	Period in Office this year
Peter Biagini	Secretary	1 January 2020- 31 December 2020
Adam Carter	Assistant Secretary	1 January 2020- 31 December 2020
Brad Wyatt	President	1 January 2020- 31 December 2020
Neil Conway	Vice-President	1 January 2020- 31 December 2020
Kent Wilkins	Trustee	1 January 2020- 31 December 2020
Michael Cardile	Trustee	1 January 2020- 31 December 2020
Greg Delamotte	Committee Member	1 January 2020- 31 December 2020
Adam Winters	Committee Member	1 January 2020- 31 December 2020
Neville Wheeler	Committee Member	1 January 2020- 31 December 2020
Chyna Marsh	Committee Member	1 January2020- 31 December 2020
James Wilkinson	Committee Member	1 January 2020- 31 December 2020

Committee of Management Statement

for the year ended 31 December 2020

On 23/02/2021 the Branch Committee of Management of the *Transport Workers Union of Australia (QLD Branch)* passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 31 December 2020:

The Branch Committee of Management declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act);
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the GPFR relates and since the end of that year:
 - (i) meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
 - (ii) the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - (iii) the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
 - (iv) where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation; and
 - (v) where information has been sought in any request by a member of the reporting unit or Commissioner duly made under section 272 of the RO Act has been provided to the member or Commissioner; and
 - (vi) where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accor	dange with a resolution of	the Committee of Managemen	ıt.

Notes to the Financial Statements

For the year ended 31 December 2020

Note 1 Summary of significant accounting policies

1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009*. For the purpose of preparing the general purpose financial statements, the Transport Workers Union of Australia (QLD Branch) is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 Significant accounting judgements and estimates

The following accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period. Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 1.4 Financial Instruments: classification and measurement of financial assets and financial liabilities including assumptions about the impairment of nonfinancial assets
- Note 1.19 Property is held at fair value based on an independent valuation, plant and equipment is carried at cost less, where applicable, any accumulated depreciation or impairment losses. Key assumptions about fair value, depreciation and amortisation rates, impairment.
- Note 1.11 Provisions: whether the Union has a present obligation to settle certain liabilities in the future and a reliable estimate can be made

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standard requirements

No new Australian Accounting Standards are known to be applicable as at the date of this report.

Future Australian Accounting Standards Requirements

No future Australian Accounting Standards are known to be applicable as at the date of this report.

1.5 Investment in associates and joint arrangements

There was no investment in associates or joint arrangements during the financial year ending 31 December 2020.

1.6 Acquisition of assets and or liabilities that do not constitute a business combination

The Transport Workers Union of Australia (QLD Branch) did not acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of the organisation, a determination or revocation by the General Manager of the Fair Work Commission under subsections 245(1) or 249(1) of the RO Act.

1.7 Revenue

The Transport Workers Union of Australia (QLD Branch) enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, grants and donations. The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the company is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the company: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Revenue from memberships fees are recognised over time, as the services are delivered to the members.

Revenue from donations that do not have an enforceable agreement that specifies the performance obligations imposed is recognised under AASB 1058. These revenues are thus recognised on receipt of cash.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate

that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

All revenue is stated net of the amount of goods and services tax (GST).

Government grants

Government grants are not recognised until there is reasonable assurance that the Transport Workers Union of Australia (QLD Branch) will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Transport Workers Union of Australia (QLD Branch) recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Transport Workers Union of Australia (QLD Branch) should purchase, construct, or otherwise acquire non-current assets are recognised as deferred revenue in the statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Transport Workers Union of Australia (QLD Branch) with no future related costs are recognised in profit or loss in the period in which they become receivable.

During the reporting year, the Transport Workers Union of Australia (QLD Branch) did receive a grant from the National Heavy Vehicle Regulator (NHVR), a Federal Government Statutory Authority, for their Transport Industry related mental health project "Steering Healthy Minds".

Gains on Sale of assets

Gains and losses from disposal of assets are recognised when control of the asset has passed to the buyer.

Capitation fees and levies

Capitation fees and levies are recognised on an accrual basis and recorded as a revenue and/or expense in the year to which it relates.

1.8 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the reporting unit in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Provision is made for separation and redundancy benefit payments. The reporting unit recognises a provision for termination as part of a broader restructuring when it has developed a detailed formal plan for the terminations and has informed those employees affected that it will carry out the terminations. A provision for voluntary termination is recognised when the employee has accepted the offer of termination.

1.9 Leases

Leased Assets (Right-of-use assets)

At lease commencement date, the union recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the union, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Union expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

Subsequent to initial adoption the Union has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

On the statement of financial position, right-of-use assets have been included as a separate line item.

Lease liability

Lease liabilities are measured at amortised cost using the effective interest method. A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Union's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Union has elected to account for short-term leases assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to short term leases is recognised as an expense in profit or loss on a straight-line basis over the lease term.

On the statement of financial position, lease liabilities have been included in financial liabilities.

1.10 Borrowing costs

All borrowing costs are recognised in profit and loss in the period in which they are incurred.

1.11 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

1.12 Financial Assets

Derecognition of financial assets

The reporting unit derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

1.13 Financial Liabilities

Financial liabilities are classified as either financial liabilities 'at fair value through profit or loss' or other financial liabilities. Financial liabilities are recognised and derecognised upon 'trade date'.

Other financial liabilities

Other financial liabilities, including borrowings and trade and other payables, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

1.14 Derecognition of financial liabilities

The reporting unit derecognises financial liabilities when, and only when, the reporting units obligations are discharged, cancelled or they expire. The difference between the carrying amounts of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

1.15 Contingent Liabilities and Contingent Assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.16 Land, Buildings, Plant and Equipment

Asset Recognition Threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Revaluations—Land and Buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using the straight line and diminishing value methods of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are:

Buildings
Motor Vehicles
Office Equipment
Computer Software
Furniture Fixtures & Equipment

2.5% 25% 20%- 66.67% 40%-80% 2.50%-66.67%

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

1.17 Investment property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at its cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in the fair value of investment properties are included in profit and loss in the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

1.18 Intangibles

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful life. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit and loss when the asset is derecognised.

1.19 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Transport Workers Union of Australia (QLD Branch) were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

1.20 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the non-current asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

1.21 Taxation

The Transport Workers Union of Australia (QLD Branch) is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligations for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

1.22 Fair value measurement

The Transport Workers Union of Australia (QLD Branch) measures financial instruments, such as, financial asset as at fair value through the profit and loss, available for sale financial assets, and non-financial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 16A.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Transport Workers Union of Australia (QLD Branch). The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Transport Workers Union of Australia (QLD Branch) uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Transport Workers Union of Australia (QLD Branch) determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the [reporting unit] has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

1.23 Working Capital

The financial statements show a working capital deficiency of \$256,793 (2019: \$494,276). The Union will be able to meet its working capital deficiency through the cash and equity portion held within its Macquarie Investment Portfolio. As at 31 December 2020 the cash portion is \$294,519 (2019: \$108,996) and investment in equities of \$8,739,472 (2019:

\$9,077,225). As and when needed TWU has the ability to withdraw this cash and equity portion to cover any working capital deficiencies in less than 5 days.

1.24 Going concern

The Transport Workers Union of Australia (QLD Branch) is not reliant on the agreed financial support of another reporting unit to continue on a going concern basis.

The Transport Workers Union of Australia (QLD Branch) has not agreed to provide financial support to another reporting unit to ensure they can continue on a going concern basis.

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As detailed in Note 2, during the current reporting year, the World Health organisation (WHO) announced a global health emergency because of a new strain of coronavirus (COVID-19) and the risks to the international community as the virus spreads globally. Because of the rapid increase in exposure globally, the WHO classified the COVID-19 outbreak as a pandemic. These events have had, and are continuing to have a significant negative impact on world stock markets, currencies and general business activities which could negatively impact the Union in a material adverse manner.

The ability of the Union to continue as a going concern is principally dependent upon the following conditions:

- · the ability of the Union to meet its cashflow forecasts;
- the ability of the Union to maintain adequate liquidity in the investment fund.

Management has determined that there is no material uncertainty that casts doubt on the Union's ability to continue as a going concern. The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

- Management believes that there is sufficient cash available for the Union to continue to meet its further commitments of its ongoing operations; and
- The Union has embarked on cost cutting measures and has sought assistance from the economic stimulus package/s announced by the Government.

Note 2 Events after the reporting period

The full impact of the COVID-19 outbreak continues to evolve at the date of this report. Management is actively monitoring the global situation and its impact on the Union's financial condition, liquidity, operations, suppliers and industry. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Union is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for the 2021 year.

Other than the above, no matter or circumstance has arisen since 31 December 2021 that has significantly affected, or may significantly affect the union's operations, the results of those operations, or the union's state of affairs in future financial years.

Gross book value	3,250,000	3,250,000
Accumulated depreciation and impairment	(66,452)	(5,202)
Net book value 31 December	3,183,548	3,244,798

The land and buildings consist of land and buildings at 11 Alexandra Place, Murarrie Qld. Management determined that these constitute one class of asset under AASB 13, based on the nature, characteristics and risks of the property.

Note 6A: Land and buildings (continued)

Land and Buildings were revalued by independent valuer CBRE on 5 December 2019.

Fair value of the properties was determined by using a combination of capitalisation approach and direct comparison approach. This means that valuations performed by the valuer are based on looking at rental income and rate per square metre, significantly adjusted for difference in the nature, location or condition of the specific property. As at the date of revaluation, 5 December 2019, the properties' fair values are based on valuations performed by CBRE, an accredited independent valuer.

Significant unobservable valuation input Range \$3,400 - \$3,900 Price per square metre

A significant increase (decrease) in estimated price per square metre in isolation would result in

a significantly higher (lower) fair value.

Note 12 Contingent Liabilities, Assets and Commitments

Note 12A: Commitments and Contingencies

Operating lease commitments—as lessor

The branch leases out a portion of its building to various tenants, of which it derives income.

Future minimum rentals receivable under non-cancellable operating leases as at 31 December are:

	2020	2019
	\$	\$
Within one year	29,599	46,920
After one year but not more than five years	-	32,514
After five years	-	_
	29,599	79,434

Capital commitments

The Union has office lease arrangements that are paid on a month-to-month basis. The lease arrangements are such that, either party to the contract can give notice to terminate the arrangement or the contract does not oblige either party to make a payment on termination. As a result, the Union has assessed the lease arrangements to be non-enforceable, therefore continues to recognise any lease payments as an expense through the profit or loss. Operating lease commitments that are invoiced monthly total \$867.

^{*}As required by the Reporting Guidelines. Item to remain even if 'nil'.

Other contingent assets or liabilities (i.e. legal claims)

Estimates of material amounts of contingent liabilities are not provided for in the accounts, arising from ongoing activities of the union, as its not practical to estimate/ quantify the liability.

Note 13 Related Party Disclosures

Note 13A: Related Party Transactions for the Reporting Period

The following table provides the total amount of transactions that have been entered into with related parties for the relevant year.

Revenue received from TWU of Australia includes the following:	2020 \$	2019 \$
Reimbursement of expenses	1,465	13,959
Revenue received from TWU WA Branch includes the following: Share of software hosting expenses, SLA agreement, Software enhancements, purchase of software, reimbursement of expenses	14,836	32,084
Revenue received from TWU NSW Branch includes the following: Reimbursement of expenses	-	3,550
Revenue received from TWU SA Branch includes the following: Reimbursement of expenses	858	4,769
Revenue received from TWU VIC/TAS Branch includes the following: Reimbursement of expenses	858	8,877
Expenses paid to TWU of Australia includes the following: Sustentation/ Capitation fees Other Federal Expenses Share of legal fees/meeting fees/ research expenses	833,913 23,760 5,583	829,453 21,878 13,952

Amounts owed by TWU VIC Branch include the following:		
Reimbursement for App hosting fees	215	643
Amounts owed to TWU of Australia include the following:		
Sustentation/ Capitation fees	79,980	78,904
Loans from/to [<i>list related party</i>] includes the following: N/A	-	-
Assets transferred from/to [<i>list related party</i>] includes the following: N/A	-	-

Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances for sales and purchases at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 December 2020, the Transport Workers Union of Australia (QLD Branch) has not recorded any impairment of receivables relating to amounts owed by related parties and declared person or body (2019: \$Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

No other services were provided by the auditors of the financial statements.

Note 15 Financial Instruments

Financial Risk Management

The union is exposed to the following risks from their use of financial instruments:

- Market Risk
- Credit Risk
- Liquidity Risk

The Committee has overall responsibility for risk management. The Committee has established risk management policies designed to identify and monitor risks from financial instruments and ensure any adverse effects from these risks are minimised. The Committee meet on a regular basis to review compliance with risk management policy and to analyse financial risk exposure in the context of the current economic environment.

Market risk

Market risk is the risk that changes in market prices, such as interest rates, and equity prices will affect the entity's income or the value of its holdings of financial instruments.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return.

The entity does not have any material exposure to market risk other than price risk and interest rate risk.

Price risk

Equity price risk arises principally from available for sale financial assets where the company is exposed to fluctuations in price that are inherent in such a market. To limit the risk, the company holds a diverse portfolio and investment decisions are made in accordance with the stated policy above.

Credit Risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the balance sheet and notes to the financial statements. The entity does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the entity.

There are no material amounts of collateral held as security at 31 December 2020.

Credit risk is managed by the entity and reviewed regularly by the finance committee. It arises from exposures to customers as well as through deposits with financial institutions.

The entity monitors the credit risk by actively assessing the rating quality and liquidity of counterparties:

- Only banks and financial institutions with an 'A' rating are utilised
- The credit standing of counterparties is reviewed monthly for liquidity and credit risk.

Liquidity risk

The entity manages liquidity risk by monitoring forecast cash flows.

Financial liabilities		
Trade and other payables	375,213	441,682
Total	375,213	441,682

In relation to the entity's gross credit risk the following collateral is held: NIL

Credit quality of financial instruments not past due or individually determined as impaired The Union does not have any financial instruments that are past due or impaired. The financial instruments are mostly GST receivable and prepayments.

Note 15D: Liquidity Risk

Contractual maturities

The following tables detail the consolidated entity's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

Contractual maturities for financial liabilities 2020

Note 15E: Market Risk

Interest rate risk

The entity has performed a sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on current year results and equity which could result from a change in this risk.

As at 31 December 2020, the effect on profit and equity as a result of changes in the interest rate, with all other variables remaining constant, would be as follows:

Sensitivity analysis of the risk that the entity is exposed to for 2020

		Change in	Effect on	
	Risk variable	risk variable %	Profit and loss	Equity
			\$	\$
Interest rate risk	-	[+ 2%]	13,990	13,990
Interest rate risk	-	[- 2%]	(13,990)	(13,990)

Sensitivity analysis of the risk that the entity is exposed to for 2019

		Change in	Effect on	
	Risk variable	risk variable [*]	Profit and loss	Equity
	Variable	70	\$	\$
Interest rate risk		- [+ 2%]	11,027	11,027
Interest rate risk		- [- 2%]	(11,027)	(11,027)

Price risk

A 2% change in equity prices at reporting date would have increased/ (decreased) profit/ (loss) and equity by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis is performed on the same basis for the prior year.

Sensitivity analysis of the risk that the entity is exposed to for 2020

		Change in	Effect on	
	Risk variable	risk variable %	Profit and loss	Equity
			\$	\$
Increase in equity prices by 2%	-	[+ 2%]	180,680	180,680
Decrease in equity prices by 2%	-	[- 2%]	(180,680)	(180,680)

Sensitivity analysis of the risk that the entity is exposed to for 2019

		Change in	Effect	on
	Risk	risk variable	Profit and	Equity
	variable	%	loss	
			\$	\$
Increase in equity prices by 2%		- [+ 2%]	183,724	183,724
Decrease in equity prices by 2%		- [- 2%]	(183,724)	(183,724)

Note 16 Fair Value Measurement

[Example disclosures for AASB 7 para 25 – 29 and AASB 13 para 93(d) and 97]

Note 16A: Financial Assets and Liabilities

Management of the reporting unit assessed that [cash, trade receivables, trade payables, and other current liabilities] approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of the reporting unit's interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at [year-end date] was assessed to be insignificant.
- Fair value of available-for-sale financial assets is derived from quoted market prices in active markets.
- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the
 Group based on parameters such as interest rates and individual credit worthiness of the
 customer. Based on this evaluation, allowances are taken into account for the expected
 losses of these receivables. As at 31 December 2020 the carrying amounts of such
 receivables, net of allowances, were not materially different from their calculated fair
 values.

The following table contains the carrying amounts and related fair values for the Transport Workers Union of Australia (QLD Branch) financial assets and liabilities:

	Carrying	Fair	Carrying	Fair
	amount	value	amount	value
	2020	2020	2019	2019

Note 17 Administration of financial affairs by a third party - NIL

Note 18 Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- (1) A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1).

Transport Workers Union of Australia (QLD Branch) OFFICER DECLARATION STATEMENT

I, Peter Biagini being the Secretary of the Transport Workers Union of Australia (Queensland Branch) declare that the following activities did not occur during the reporting period ending 31 December 2020.

The reporting unit did not:

• receive revenue from undertaking recovery of wages activity

make a payment to a former related party of the reporting unit

Signed by the officer:

Dated:
