Dear Mr Berger

Transport Workers' Union of Australia, Victorian/Tasmanian Branch Financial Report for the year ended 31 December 2016 - FR2016/422

I acknowledge receipt of the additional information in regard to the financial report for the year ended 31 December 2016 for the Transport Workers' Union of Australia, Victorian/Tasmanian Branch (TWU-VICTAS). The financial report was lodged with the Registered Organisations Commission (ROC) on 1 May 2017.

The financial report has now been filed. You are not required to take any further action in respect of the report lodged.

Whilst the 2016 report has been filed, as stated in the ROC letter to the TWU-VICTAS of 29 May 2016, the following should be addressed in the preparation of the next financial report.

- 1. The reporting unit is to undertake a revaluation of the property located at Rouse Street, Port Melbourne or to clearly disclose to members the reasons for continuing to value the property at cost.
- 2. The Auditor's Statement is to be presented in the new format required by ASA 700 *Forming an Opinion and Reporting on a Financial Report.*

Should you wish to discuss the matters raised in this letter, or if you require further information on the financial reporting requirements of the Act, I may be contacted on (03) 9603 0707 or by email at ken.morgan@roc.gov.au

Yours sincerely

KEN MORGAN

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

The financial report is a general purpose financial report that has been prepared in accordance with applicable Australian Accounting Standards and the Fair Work (Registered Organisations) Act 2009 ("the Act").

The financial report is for the Victorian/Tasmanian Branch of the Transport Workers' Union of Australia and is in accordance with the Act. The Branch is a reporting unit. The transport Workers' Union of Australia is an organization registered under the Act. The Victorian/Tasmania branch is a branch of the registered organization. In accordance with the Act the Union is a body corporate and has perpetual succession. By virtue of this method of incorporation, the union and the Federal Council are not subject to the Corporations Act 2001.

The financial report has been prepared on an accruals basis and in accordance with historical cost, except for certain assets and liabilities for which the fair value basis of accounting has been applied.

The following is a summary of the significant accounting policies adopted by the Committee of Management.

(a) Revenue

Revenue is measured at the fair value of the consideration received or receivable.

Memberships

Membership income is accounted for on an accruals basis. Only amounts banked by the union are recognized as income. Adjustments are made at year end to account for memberships received before and after year end to ensure all memberships relating to the current year are shown in the Statement of Comprehensive Income

Other Revenue

All other revenue is accounted for on an accrual basis.

(b) Income Tax

No provision for Income Tax is necessary as the Union is exempt from Income Tax under Section 50-15 of the Income Tax Assessment Act 1997.

(c) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost less where applicable, any accumulated depreciation and any impairment in value.

Depreciation

The depreciable amounts of all fixed assets are depreciated on a straight line basis over their estimated useful lives to the Union commencing from the time the asset is held ready for use.

Depreciation (continued)

The depreciation rates used for each class of assets are:

Class of Fixed Asset

Depreciation Rate

Building

1%

Building Improvements

5% to 10%

Office Furniture and Equipment

20% to 67%

Motor Vehicles

12.5% to 25%

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

The gain or loss on disposal of all fixed assets is determined as the difference between the carrying amount of the asset at the time of disposal and the proceeds of disposal, and is included in the income statement in the year of disposal.

(d) Impairment

The carrying amounts of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. An impairment loss is recognized in the income statement for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of the asset's fair value less cost to sell and value in use. For the purpose of assessing value in use, this represents depreciated current replacement cost, as the Union is a not-for-profit organization.

(e) Employee Benefits

Provision is made for the Union's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled plus related on costs.

Other employee benefits payable later than one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. In the case of Long Service Leave this results in an amount not materially different to that achieved by discounting future cash flows.

Contributions are made by the Union to employee superannuation funds and are charged as expenses when incurred.

(f) Investments

All investments and other financial assets are initially stated at cost, being the fair value of consideration given plus acquisition costs. Purchases and sales of investments are recognized on trade date, which is the date on which the entity commits to purchase, or sell the asset. Accounting policies for each category of investments and other financial assets subsequent to initial recognition are set out below.

Available-for-sale financial assets

Investments which are classified as available for sale are measured at fair value.

Held-to-maturity investments

These investments have fixed maturities, and it is the Union's intention to hold these investments to maturity. Any held-to-maturity investments held by the Union are stated at a current value based on revaluing the investment on an amortised cost basis to its face value at maturity. Any adjustment is debited to the diminution in value of investments expense.

Loans and receivables

Loans and receivables are non-derivative financial assets with a fixed or determinable payment that are not quoted on an active market. They are recognized at amortised cost.

(g) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognized as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables on the balance sheet are shown inclusive of GST.

(h) Accounting Standards Issued But Not Yet Effective

There have been no accounting standards issued which will impact the financial report in future periods and which are not yet effective.

2. ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical accounting estimates and assumptions

The Union makes estimates and assumptions concerning the future. The resulting accounting estimates by definition seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

(b) Critical judgements in applying the Union's accounting principles

There are no critical judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

3. INFORMATION TO BE PROVIDED TO MEMBERS OR GENERAL MANAGER

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of Sub-Sections (1), (2) and (3) of Section 272 which reads as follows:

- (1) A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the matter in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1)

7 VALUATION - LAND AND BUILDINGS

An appraisal of the sales value of the land & buildings at Rouse Street in Port Melbourne was undertaken by Hocking Stuart in January 2017. They assessed this as \$6,350,000 (2015:\$6,150,000).

The written down value of land and buildings included in the financial statements is \$3,500,262 (2015: \$3,362,966). This comprises the purchase price paid for the land & building in 1990 plus the cost of building improvements, less depreciation on the building and the improvements.

19 FINANCIAL RISK MANAGEMENT

A. General objectives, policies and processes

Financial risk management entails devising strategies to manage potential adverse financial outcomes associated with financial instruments.

The committee of management is responsible for monitoring and managing the branch's compliance with its risk management strategy. The committee's overall risk management strategy is to assist the branch in meeting its financial targets while minimising potential adverse effects on financial performance. Risk management policies are approved and reviewed by the committee on a regular basis. These include credit risk policies and future cash flow requirements.

19 FINANCIAL RISK MANAGEMENT (Continued)

The main risks the union is exposed to through its financial instruments are credit risk, liquidity risk and market risk relating to interest rate risk and other price risk.

There have been no substantive changes in the types of risks the branch is exposed to, how these risks arise, or the committee's objectives, policies and processes for managing or measuring the risks from the previous period.

B. Categories of Financial Instruments

The following is an analysis of Financial Assets and Financial Liabilities included in the Statement of Financial Position as at 31 December 2016.

100 752

625 055

The fair value of the assets and liabilities at 31 December 2016 as listed above are the same as the carrying values. Refer to Note 20 below for further explanation and analysis.

C. Risk Analysis

(a) Credit Risk

Credit risk is the risk that the other party to a financial instrument will fail to discharge their obligation resulting in the Branch incurring a financial loss. This usually occurs when debtors fail to settle their obligations owing to the Branch.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount of those assets, net of any provision for doubtful debts, as disclosed above at B.

The committee believe that cash at bank and the investments are held by high quality institutions and any loss is highly unlikely and all receivables are likely to be repaid within the expected terms.

61 to 90 days		_	_
90+ days		8,200	5,850
Total		16,400	33,264

(b) Liquidity Risk

Liquidity risk is the risk that the Branch will not have the funds readily available to meet its financial obligations as and when they fall due.

At 31 December 2016 the branch had \$4,817,540 of cash and cash equivalents to pay for \$499,752 of creditors. It is considered that liquidity risk is low and acceptable.

(c) Market Risk

(i) Interest Rate Risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The branch's exposure to market interest rates relates primarily to cash at bank and term deposits.

(ii) Other Price Risks

Other price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) of securities held.

The branch does not invest in shares or derivatives therefore it does not expose itself to the fluctuations in prices that are inherent in such a market.

20 FAIR VALUE MEASUREMENTS

Fair value is the amount at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair value may be based on information that is estimated or subject to judgment, where changes in assumptions may have a material impact on the amounts estimated. Areas of judgment and the assumptions have been detailed below. Where possible, valuation information used to calculate fair values is extracted from the market, with more reliable information available from markets that are actively traded. In this regard, fair values for listed securities are obtained from quoted market bid prices. Where securities are unlisted and no market quotes are available, fair value is obtained using discounted cash flow analysis and other valuation techniques commonly used by market participants.

Differences between fair values and carrying amounts of financial instruments with fixed interest rates are due to the change in discount rates being applied by the market since their initial recognition by the company. Most of these instruments, which are carried at amortised cost (ie accounts receivables, loan liabilities), are to be held until maturity and therefore the fair value figures calculated bear little relevance to the company.

The fair values disclosed above at Note18B have been determined based on the following methodologies:

- (i) Cash on hand, accounts receivable and other debtors, and accounts payable and other payables are short-term instruments in nature whose carrying amount is equivalent to fair value.
- (ii) For listed available-for-sale and held-for-trading financial assets, closing quoted bid prices at the end of the reporting period are used. In determining the fair values of the unlisted available-for-sale financial assets, the directors have used inputs that are observable either directly (as prices) or indirectly (derived from prices).
- (iii) Fair values of held-to-maturity investments are based on quoted market prices at the end of the reporting period.
- (iv) Fair values are determined using a discounted cash flow model incorporating current commercial borrowing rates. The fair values of fixed rate debt will differ to the carrying amounts.

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF THE TRANSPORT WORKERS UNION OF AUSTRALAIA (VICTORIAN/TASMANIAN BRANCH)

Scope

I have audited the accompanying financial report, being a general purpose financial report, of the Transport Workers Union of Australia Victorian/Tasmanian Branch for the year ended 31 December 2016. The Financial Report comprises the Statement of Financial Position, Statement of Comprehensive Income, Statement of Cash Flows, Statement of Changes in Equity and Notes To and Forming Part of The Financial Statements.

Committee of Management's Responsibility for the Financial Report

The members of the Committee of Management are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and the Fair Work (Registered Organisations) Act 2009. The Committee's responsibilities also include establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

My responsibility is to express an opinion on the financial report based on my audit. I have conducted my audit in accordance with Australian Auditing Standards. These Auditing Standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Independence

In conducting my audit, I have complied with the independence requirements of Australian professional ethical pronouncements.

Auditor Status

I confirm that at the time of signing this audit report I am an approved auditor, a member of the Institute of Chartered Accountants and my Certificate of Public Practice is current.

Going Concern

I believe that the committee's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF THE TRANSPORT WORKERS UNION OF AUSTRALAIA (VICTORIAN/TASMANIAN BRANCH)

Auditor's Opinion

In my opinion the financial report of the Transport Workers Union Victorian/Tasmanian Branch:-

- (a) presents fairly, in all material respects, the financial position of the Branch as at 31 December 2016 and of its performance and cash flows for the year then ended, and
- (b) complies with Australian Accounting Standards and Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009

Recovery of Wages Activity

The Committee of Management are responsible for the preparation and presentation of the recovery of wages activity financial report in accordance with section 253(2)(c) of the Fair Work (Registered Organisations) Act 2009. My responsibility is to express an opinion on the recovery of wages activity financial report, based on my audit in accordance with Australian Auditing Standards. I have been advised that no recovery of wages activity has been undertaken in the current financial year. Accordingly I have not been instructed by the Committee of Management to include in the scope of the audit required under subsection 257(1) of the RO Act all recovery of wages activity by the reporting unit from which revenues had been derived for the financial year in respect of such activity.
