NOTES TO AND FORMING PART OF THE FINANCIAL ACCOUNTS

FOR THE FOUR MONTHS ENDED 31 OCTOBER 2010

1. ACCOUNTING METHODS

Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with the requirements of the Corporations Act 2001 Australian Accounting Standards

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non current assets. Cost is based on fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by the Union in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Statement of Compliance

The financial report complies with Australian Accounting Standards, which include Australian Equivalents to International Financial Reporting Standards ('AIFRS'). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards ('IFRS').

(a) Cash and cash equivalents

Cash on hand and in banks and short term deposits are stated at nominal value.

For the purpose of the Cash Flow Statement, cash includes cash on hand and in banks, money market investments readily convertible to cash within 2 working days, net of outstanding bank overdrafts.

(b) Receivables

Trade receivables are recognised and carried at original invoice amount less a provision for any uncollectible debts. An estimate of doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written off as incurred.

(c) Property, Plant and Equipment

Freehold land and buildings are measured on a fair value basis, being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction.

Plant and equipment is measured on a cost basis. The carrying amount is reviewed annually to ensure that it is not in excess of the recoverable amount for these assets.

Assets are depreciated on a straight line basis over their useful economic life.

NOTES TO AND FORMING PART OF THE FINANCIAL ACCOUNTS

FOR THE FOUR MONTHS ENDED 31 OCTOBER 2010

Depreciation	rates	are:
--------------	-------	------

	October 2010	June 2010
Leased vehicles	20-22.5%	20-22.5%
Property plant and equipment	10-33%	10-33%
Leasehold improvements	10-25%	10-25%

(d) Leases

Finance Leases, which transfer to the Union substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased property.

Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income.

(e) Payables

Liabilities for trade creditors and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Union.

(f) Interest bearing liabilities

Finance lease liability is determined in accordance with AASB 117 "Leases".

(g) Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Union and the income can be reliably measured. The following specific recognition criteria must also be met before income is recognised:

Member contributions

Control of the right to receive the membership contributions.

Interest

Control of the right to receive the interest payment.

NOTES TO AND FORMING PART OF THE FINANCIAL ACCOUNTS

FOR THE FOUR MONTHS ENDED 31 OCTOBER 2010

(h) Taxes

The provision for income tax is not necessary as "Trade Unions" are exempt from income tax under Section 23(f) of the Income Tax Assessment Act.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except:

- Where the GST incurred on a purchase of goods and services is not recoverable from
 the taxation authority, in which case the GST is recognised as part of the cost of
 acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Balance Sheet,

Cash flows are included in the Cash Flow Statement on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

(i) Employee benefits

Provision is made for employee benefits accumulated as a result of employees rendering services up to the reporting date. These benefits include wages and salaries, annual leave and long service leave.

Liabilities arising in respect of wages and salaries and annual leave expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled.

The provision for long service leave has not been calculated in accordance with AASB 119 "Employee Benefits". Liabilities are recognised in accordance with Union policy and are measured at the nominal rate at reporting date. AASB 119 "Employee Benefits" was not applied due to the small number of staff members and the consequent impracticality of applying the discounting method. The method applied is consistent with prior years.

Employee benefits expenses and revenues arising in respect of the following categories:

- Wages and salaries, non monetary benefits, annual leave, long service leave, sick leave and other benefits; and
- Other types of employee benefits

Are recognised against profits on a net basis in their respective categories.

(j) Comparatives

Where, necessary, comparatives have been reclassified and repositioned for consistency with the current year disclosures.

Independent auditor's report to the members of United Voice Tasmania Branch

We have audited the accompanying financial report of United Voice Tasmania Branch (the Association), which comprises the balance sheet as at 31 October 2010, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the four months ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the committee of management's statement.

Committee of Management's Responsibility for the Financial Report

The Association's committee of management is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and with the Fair Work (Registered Organisation) Act 2009, and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, management also states, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee of management, as well as evaluating the overall presentation of the financial report,

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit we have complied with the independence requirements of the Australian professional accounting bodies.
