Dear Mr Khoury

Section 269 application for certificate stating financial affairs of reporting unit are encompassed by financial affairs of associated State body for year ended 30 June 2017 (FR2017/218)

I refer to the application lodged pursuant to section 269 of the *Fair Work (Registered Organisations) Act 2009* (**RO Act**) in respect of the Waste Contractors & Recyclers Association of NSW (**WCRA**) for the financial year ended 30 June 2017. The application was lodged with the Registered Organisations Commission (**ROC**) on 12 December 2017. The financial report of the Waste Contractors and Recyclers Association of New South Wales (**the Association**) had previously been provided to the ROC on 27 November 2017.

I am satisfied that WCRA is a reporting unit and that its financial affairs for the financial year ended 30 June 2017 were encompassed by the Association, an associated State body registered under the *Industrial Relations Act 1996 (NSW)*. The attached certificate reflects this decision.

I make the following comment in relation to the Association's financial report which was provided to the ROC on 27 November 2017. The financial report states that it has been prepared in accordance with the RO Act instead of the *Industrial Relations Act 1996 (NSW)*. The Auditor's Statement also refers to the RO Act. Please ensure that in future years that financial report refers to the correct legislation that it was prepared in accordance with.

If you wish to discuss this matter, please contact Joanne Fenwick on (03) 9603 0731 or by email at joanne.fenwick@roc.gov.au.

Yours sincerely

Chris Enright

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WASTE CONTRACTORS AND RECYCLERS ASSOCIATION OF NSW Opinion

I have audited the financial report of Waste Contractors and Recyclers Association of NSW, which comprises the statement of financial position as at 30 June 2017, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended 30 June 2017, notes to the financial statements, including a summary of significant accounting policies; and the Committee of Management Statement.

In my opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of Waste Contractors and Recyclers Association of NSW as at 30 June 2016, and its financial performance and its cash flows for the year ended on that date in accordance with:

- a) the Australian Accounting Standards; and
- b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

I declare that management's use of the going concern basis in the preparation of the financial statements of the Association is appropriate.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the Reporting Unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The Committee of Management is responsible for the other information. The other information obtained at the date of this auditor's report is in the Operating Report accompanying the financial report.

My opinion on the financial report does not cover the other information and accordingly I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The Committee of Management of the Waste Contractors and Recyclers Association of NSW is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Committee of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management is responsible for assessing the Reporting Unit's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objective is to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk
 of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of Waste Contractors and Recyclers Association of NSW's
 internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management.

- Conclude on the appropriateness of the Committee of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Waste Contractors and Recyclers Association of NSW's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Reporting Unit to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the
 entities or business activities within Waste Contractors and Recyclers Association of NSW
 to express an opinion on the financial report. I am responsible for the direction, supervision
 and performance of the Association's audit. I remain solely responsible for my audit
 opinion.

I communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I declare that I am an approved auditor, a member of the Institute of Chartered Accountants and hold a current Public Practice Certificate.

Notes to the Financial Statements for the year ended 30 June 2017

Note 1: Summary of significant accounting policies

1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisations) Act 2009*. For the purpose of preparing the general purpose financial statements, Waste Contractors and Recyclers Association of NSW is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 New Australian Accounting Standards

Adoption of New Australian Accounting Standards

No accounting standard has been adopted earlier than the application date stated in the standard. The new accounting standards do no apply to the Association.

1.4 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

Revenue from subscriptions is accounted for on an accrual basis and is recorded as revenue in the year to which it relates.

Revenue from sponsorship fees is accounted for on an accrual basis and is recorded as revenue in the year to which it relates.

Receivables for goods and services, which have 30 day terms, are recognised at the nominal amounts due less any impairment allowance account. Collectability of debts is reviewed at end of the reporting period. Allowances are made when collectability of the debt is no longer probable.

Interest revenue is recognised on an accrual basis using the effective interest method.

Notes to the Financial Statements for the year ended 30 June 2017

1.5 Government grants

Government grants are not recognised until there is reasonable assurance that Waste Contractors and Recyclers Association of NSW will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which Waste Contractors and Recyclers Association of NSW recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that Waste Contractors and Recyclers Association of NSW should purchase, construct otherwise acquire non-current assets are recognised as deferred revenue in the statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to Waste Contractors and Recyclers Association of NSW with no future related costs are recognised in profit or loss in the period in which they become receivable.

1.6 Income Tax

The Association is exempt from income tax under Section 23(h) of the Income Tax Assessment Act and no provision has been made in the accounts for income tax. The Association still has obligation for Goods and Services Tax (GST).

1.7 Cash and Cash Equivalents

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the consolidated statement of financial position.

1.8 Property, Plant and Equipment

Building, improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all property, plant and equipment is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

Notes to the Financial Statements for the year ended 30 June 2017

Strata Building (50 years) Plant and equipment (3 to 6 years)

1.9 Impairment of Non-Financial Assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the entity was deprived of the asset, its value in use is taken to be its depreciated replacement cost.
